RESOLUTION

NO. 775-1

TITLE REZONING FROM RURAL RESIDENTIAL DISTRICT TO LOCAL BUSINESS DISTRICT A TRACT OF LAND LOCATED AT 6410 HIXSON PIKE, BEING ON THE EAST LINE OF HIXSON PIKE NORTH OF BIG RIDGE ROAD. THIS TRACT BEGINS SOME 600' NORTH OF BIG RIDGE ROAD AND EXTENDS NE, ALONG THE EAST LINE OF HIXSON PIKE, 578.7' TO THE POINT OF INTERESECTION WITH HIXSON PIKE, THENCE SW, ALONG THE WEST LINE OF OLD HIXSON PIKE, 584.7' TO A 20' ACCESS DRIVE, THENCE NW, ALONG SAID ACCESS DRIVE, 84.5' TO HIXSON PIKE, THE POINT OF BEGINNING. EXCLUDING THEREFROM A 20' ACCESS ROAD CONSISTING OF ONE HALF ACRE.

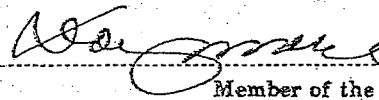

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, Curtis J. Hicks, petitioned The Chattanooga-Hamilton County Regional Planning Commission to rezone a tract of land located at 6410 Hixson Pike, being on the East line of Hixson Pike North of Big Ridge Road; and said Planning Commission after hearing recommended that said petition be denied; and

WHEREAS, Curtis J. Hicks requested that the County Council consider said petition and notice has been published in a newspaper in general circulation in Hamilton County that the County Council would hold a public hearing on July 9, 1975, concerning the passage of this Resolution as required by law, and such hearing having been held.

NOW, THEREFORE, BE IT RESOLVED, BY THE COUNTY COUNCIL OF HAMILTON COUNTY, TENNESSEE, IN SESSION ASSEMBLED: That the Zoning Resolution of Hamilton County be amended to rezone from Rural Residential District to Local Business District a tract of land located at 6410 Hixson Pike, being on the east line of Hixson Pike north of Big Ridge Road. This tract begins some 600' north of Big Ridge Road and extends NE, along the east line of Hixson Pike, 578.7' to the point of intersection with Old Hixson Pike, thence SW, along the west line of Old Hixson Pike, 584.7' to a 20' access drive, thence NW, along said access drive, 84.5' to Hixson Pike, the point of beginning. Excluding therefrom a 20' access road consisting of one half acre.

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

NO. 775-2

TITLE REZONING FROM AGRICULTURAL DISTRICT TO INDUSTRIAL DISTRICT A TRACT OF LAND LOCATED ON THE NORTH LINE OF EAST BRAINERD ROAD EAST OF OOLTEWAH-RINGGOLD ROAD. THIS TRACT BEGINS AT A POINT IN THE NORTH LINE OF EAST BRAINERD ROAD, SAID POINT BEING 700' WEST OF THE POINT THE EAST LINE OF SECTION 15 CROSSES EAST BRAINERD ROAD, AND EXTENDS NW ALONG THE NORTH LINE OF EAST BRAINERD ROAD, 210', THENCE NE 210', THENCE SE 210', THENCE SW 210', TO EAST BRAINERD ROAD, THE POINT OF BEGINNING, BEING PART OF THE NE QUARTER OF SECTION 15, TOWNSHIP 1, SOUTH, RANGE 2, WEST OF THE BASIS LINE, OCOEE DISTRICT.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:--

WHEREAS, Morris H. Swanson petitioned The Chattanooga-Hamilton County Regional Planning Commission to rezone a tract of land located on the north line of East Brainerd Road east of Ooltewah-Ringgold Road and said Planning Commission after hearing recommended that said petition be denied; and

WHEREAS, Morris H. Swanson requested that the County Council consider said petition and notice has been published in a newspaper in general circulation in Hamilton County that the County Council would hold a public hearing on July 9, 1975, concerning the passage of this Resolution as required by law, and such hearing having been held.

NOW, THEREFORE, BE IT RESOLVED, BY THE COUNTY COUNCIL OF HAMILTON COUNTY, TENNESSEE, IN SESSION ASSEMBLED: That the Zoning Resolution of Hamilton County be amended to rezone from Agricultural District to Industrial District a tract of land located on the north line of East Brainerd Road east of Ooltewah-Ringgold Road. This tract begins at a point in the north line of East Brainerd Road, said point being 700' west of the point the east line of Section 15 crosses East Brainerd Road, and extends NW along the north line of East Brainerd Road, 210', thence NE 210', thence SE 210', thence SW 210' to East Brainerd Road, the point of beginning, being part of the NE quarter of Section 15, Township 1 South, Range 2, west of the basis line, Ocoee District.

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

(Judge Moore stated that the Planning Commission has recommended that this petition be denied. In addition the Planning Commission has received a letter in the form of a petition from the Apison Lions Club opposing the rezoning.

Mr. Morris H. Swanson appeared. He stated that if the county denies his petition then the county will have to feed him and his family. He is only able to be up an hour or so at a time and could do work at his home. He is unable to get any other kind of job. Mr. Swanson said that the only ones who object are members of his own family. He doesn't see why the man down the road is allowed to have motorcycle hill climbs if they are going to deny him (Mr. Swanson) this petition. If it's going to be agricultural, he wants it all to be that way.

Mrs. Nina Riley and her husband appeared in opposition to the rezoning. Mrs. Riley stated that she is the owner of the property adjoining Mr. Swanson's property. Judge Moore asked why they objected to the rezoning. Mr. Riley stated that there were unsightly junk cars all along the road, that it was nice land and there was no reason to clutter it up so. He stated that the gentleman who owns the property across the street, Mr. W. L. Miller, had made Mr. Swanson move the cars that were on that property.

Mr. Swanson denied that this was true. He stated that Mr. Miller lives in Baltimore and that he (Mr. Swanson) had been overseer for Mr. Miller's property for a number of years and that he had told him he did not object.

Judge Moore told Mr. Swanson that his office had received a letter from Mr. Miller and he did object.

Mr. Swanson stated that everything is on his side of the road.

Councilman Fuller told Mr. Swanson that the last thing anyone on the Council wanted to do was to prevent him from making a gainful living, but the Planning Commission's recommendation stated that these junk cars are in sight of the road and if the Council allows this all over the county, the the Council is making a mistake.

Mr. Swanson stated that he had planted a hedgerow and by fall you would not be able to see anything from the road. The bank is high on that side of the road and it is not in sight of homes in either direction for at least a quarter of a mile or more. He stated that they do not even have city water out there, although he has asked for it. His telephone comes from Chickamauga. He doesn't see how he can make a living; he will have to go on welfare and ask for food stamps. He is turned down for jobs and cannot get insurance. He has statements from the doctor that he is unable to work but he is man enough to keep trying to make it on his own.

Councilman Fuller told Mr. Swanson that the Council appreciates that but the Council does have an obligation to look at what the Planning Commission recommends and vote for what is best for all the people.

RESOLUTION

WHEREAS, Morris H. Swanson, on April 15, 1975, petitioned the Chattanooga-Hamilton County Regional Planning Commission to recommend to the Judge and Members of the County Council the rezoning from Agricultural District to Industrial District a tract of land located on the north line of East Brainerd Road east of Ooltewah-Ringgold Road.

This tract begins at a point in the north line of East Brainerd Road, said point being 700 feet west of the point the east line of Section 15 crosses East Brainerd Road, and extends northwest along the north line of East Brainerd Road, 210 feet, thence northeast 210 feet, thence southeast 210 feet, thence southwest 210 feet to East Brainerd Road, the point of beginning, being part of the northeast quarter of Section 15, Township 1 South, Range 2, west of the basis line, Ocoee District.

AND WHEREAS, the Planning Commission held a public hearing on this petition on May 12, 1975,

AND WHEREAS, present in opposition was Mr. Bob Lawson, who represented the area residents by submitting a petition of opposition. He stated that the site would continue to be a junk yard if approved and that approval would open the area up to industrial development which would be incompatible with the character of the area.

NOW THEREFORE, BE IT RESOLVED that the Planning Commission, on May 12, 1975, recommended to the Judge and Members of the County Council that this petition be denied.

Respectfully submitted,

Thordis D. Harden

(Statement continued)

(Mr. Swanson stated that he has got to make a living and if the Council can't approve it for a junk yard, maybe they could get it approved so that he could have a job, maybe for car repair.

Councilman Ricketts asked to hear from the Planning Commission. Mr. Bennett asked if the Council would like to see the slides. Mr. Preston said it would have to be referred back to the Planning Commission to be rezoned for business.

Judge Moore stated that he had personally seen the property but asked if other Council members would like to see the slides. Councilman Long said he would like to see them. The slides were shown, indicating that the zoning in the area was all agricultural. Most of the area is vacant land; there are a few single family residences. Pictures showed a number of junk cars on both sides of East Brainerd Road.

Dear Sirs

I am writing to you in regards to my hearing before you on a zoning of one (1) acre of my property. As it was explained to me when I applied for a zoning I had to have it zoned Industrial for a garage and used parts business. I intended to get old cars take useable parts off them haul the rest to the junk yard. The planning commission recommended it be denied. I need this for a living for my family. I have papers from my doctor that I am unable to work at public works - and papers from the Social Security where I am not eligible for Social Security since my health has been bad since 1966. I don't have the required 5 years or 20 quarters of Ica paid in to draw this. And I have been refused Aid to Dependent Children

JULY TERM 1975

because I owned a car worth more than \$500.00 also refused food stamps. So I was trying to do something when I felt like it to support my family. I cannot work long at a time I have to go to bed about 2 or 3 times a day and have something soft cooked or milk every hour. If you can't approve it as industrial maybe you can refer it back to the planning Commission for a garage only. I have 2 teenage boys to help me with that. If not will you help me get help from some of the organization to pay my bills and buy my food. I have already paid over \$400.00 to the ^{Hiles} Drug Store this year for drugs the doctors say I will have to take the rest of my life. I have been in the hospitals seven (7) times since 1966. Since the doctors papers I received from the insurance company. Carley Manufacturing Co. called me to work for them, but their company doctor turn me down said their insurance wouldn't cover me. Have tried other places and it's the same answer. I am not very good at talking in public is the reason I

J U L Y T E R M 1 9 7 5

am writing this. I know you all will read it before the meeting. I have been to County Judge Don Morse's office 3 times but haven't been able to see him. We are in between 2 mountains with no one else in sight of us - all vacant land around us. We do not have city water. It comes within $\frac{1}{2}$ mile on the west and 1 mi on the East of us - but Eastside utilities want connect it. It an isolated area. Opisaw Community begins 1 mile East of us and Westview Community is 1.4 miles west of us - the line in the Parker's Gap area - only 2 houses in the Gap, ours and Earl Hudson's. If you can see in anyway it will be greatly appreciated.
Thank you very much
Marris H. Swanson

Woodard conveyed his beneficial interest in the trust (and therefore in the property to be, by this Deed, quitclaimed unto the Grantee herein named) created in Book S, Volume 8, page 511, in the Register's Office of Hamilton County, Tennessee, to Samuel R. Read and D. P. Montague; and,

WHEREAS, by Deed of record in Book A, Volume 15, page 208, in the Register's Office of Hamilton County, Tennessee, R. W. Barr, as the Surviving Trustee of the trust created in Book S, Volume 8, page 511, in the Register's Office of Hamilton County, Tennessee, terminated the said trust by conveying all the land remaining in the corpus of the trust (including the property to be, by this Deed, quitclaimed unto the Grantee herein named) unto Samuel R. Read and D. P. Montague, as a result of which conveyance Samuel R. Read and D. P. Montague became vested with title to said land therein described as Tenants in Common; and,

WHEREAS, by Deed of record in Book S, Volume 17, page 514, in the Register's Office of Hamilton County, Tennessee, Genevieve Allan Montague conveyed her undivided one-half (1/2) interest in a certain tract of land (including the property to be, by this Deed, quitclaimed unto the Grantee herein named) to Richard H. Kimball, Trustee; and,

WHEREAS, sometime prior to the death of Samuel R. Read and Richard H. Kimball, they did, individually and as Trustee, respectively, convey unto the Hamilton County, Tennessee Board of Education the property to be, by this Deed quitclaimed unto the Grantee herein named (as evidence of this fact, note Deed of record in Book 800, page 548, in the Register's Office of Hamilton County, Tennessee, wherein the Deed from Samuel R. Read and Richard H. Kimball, individually and as Trustee, respectively, to the Hamilton County, Tennessee Board of Education, is referred to); and,

WHEREAS, the property to be, by this Deed, quitclaimed unto the Grantee herein named, was subsequently annexed into the City of Chattanooga, Tennessee, a Municipal Corporation; and,

WHEREAS, the said Deed from Samuel R. Read and Richard H. Kimball, individually and as Trustee, respectively, was lost or misplaced before it was placed of record in the Register's Office of Hamilton County, Tennessee; and,

WHEREAS, the said Richard H. Kimball subsequently died, and American National Bank and Trust Company of Chattanooga was subsequently appointed as Successor Trustee to Richard H. Kimball, Trustee, and, as such Successor Trustee, succeeded to the trust imposed on Richard H. Kimball by the terms of the trust created in the aforementioned Deed of record in Book S, Volume 17, page 514, in the Register's Office of Hamilton County, Tennessee; and,

J U L Y T E R M 1 9 7 5

Judge Moore stated that this particular Resolution (775-1) was heard in error at the last Council meeting (July 9). It is being heard today since it was advertised in the newspaper for July 16.

Attorney L. D. Miller was present representing Mr. Curtis J. Hicks. Mr. Miller gave the Judge a sketch of the property involved. Mr. Miller stated that rezoning of the property in question had been referred to as "spot zoning." He said that actually much of the property there was already commercial. The property directly across Hixson Pike is zoned commercial. There is a fruit stand on the north end of the property in question. It is not presently in operation however. Next door there are heavy dump trucks and welding equipment. There is also a pig farm nearby. Mr. and Mrs. Hicks reside at 5543 Clear Creek Road. Their property was annexed recently by the city. They have operated a motorcycle repair shop in their garage for some time but will no longer be able to do this. So they purchased this property for \$4500 for the sole purpose of getting it rezoned for a motorcycle shop. The people who object to the rezoning say that it will be a nuisance, that children play in that area, and that it would be hazardous. The Hicks do not believe that it would be as hazardous as the traffic on Hixson Pike. The Hicks plan to build a repair shop that would be 50'x 20' wide. It would comply with the property line requirements and would be placed on the deep end of the property. There is a wooded area of about 200' running between the pig farm and the next residence. The property is really not useable for anything such as a dwelling house. There is a trailer northeast of this property. Mr. Miller and his clients do not feel there is any reason not to rezone this property commercially. Mr. Hicks has been doing this type of work for several years at his home and there have been no complaints in his neighborhood. Mr. Miller and the Hicks respectfully request that the County Council give this due consideration. The matter was apparently called up and acted upon last Wednesday in error.

Mr. Miller called Mr. Hicks to the front and questioned him. Questions revealed that Mr. Hicks was 40 years of age, works for Ernest Holmes Wrecking Company, has been there for 20 years. He has operated a side-line business at home repairing motorcycles for four years. He has been operating this business from a two-car garage on his property. This property has been annexed by the city and the city will not allow him to add on to the business and if the business burned he could not build it back. His business has grown until he is no longer able to operate in the garage which is about 20' x 24'. Mr. Hicks does not plan to operate a great big motorcycle outlet with a showroom. He will do nothing but repairs and at one end of the building will have a small section for parts and a few accessories. Mr. Hicks knew when he bought the property that it was zoned for residence but assumed it could be rezoned since there were other lots around it zoned commercially. Mr. Hicks intends to retire from Ernest Holmes sometime in the future and this was to be a business on his own. Mr. Hicks stated that he has not had any complaints in the residential area where he now lives. No one rides the motorcycles up and down the street from his shop. Mr. Hicks simply rides the motorcycles to test them out but there is no one "romping up and down the road like Hell's Angels."

Judge Moore asked Mr. Preston of the Planning Commission if that was true regarding expansion, that he cannot expand in a non-zoned area. Mr. Preston said he was under the impression that Mr. Hicks' request on Clear Creek Road was approved but that it was not, so he could not expand in a non-zoned area. Mr. Preston also stated that the Planning Commission had recommended against the commercial rezoning of the property on Hixson Pike which has already been rezoned but has not after several years been developed. The pig farm is agricultural. The Planning Commission has recommended that some of the property that had been rezoned commercial should be again rezoned for another use. Mr. Preston stated that those objecting to Mr. Hicks' petition felt that the area is already pretty hazardous and that old Hixson Pike would probably be used to test the motorcycles.

J U L Y T E R M 1 9 7 5

Also that Mr. Hicks would be working at the cycle shop after hours since he is employed at a regular job. It would be strip zoning instead of locating it at an intersection where commercial property is already located. The Planning Commission would prefer to see new commercial ventures located on the property already zoned for business instead of rezoning other property.

Attorney Miller asked Mr. Preston what this particular parcel of property could be used for. Mr. Preston said that it was only a remnant of property left after straightening out Hixson Pike. The owner was paid severance damage because the property left was practically unusable. However, Mr. Preston said a residence could be put on the property with access from old Hixson Pike.

Judge Moore asked Attorney Miller if he had anything else or if anyone had any questions to ask Mr. Hicks.

Attorney Miller introduced Mrs. Hicks, who, under questioning by the attorney, gave the following information. Mrs. Hicks is familiar with the property and knows most of the people who live in the immediate area. She stated that most of the property owners were older people and there were not that many small children in the area. The people who own the pig farm are older, as are the Marshalls, the Suttons and those who own the welding shop. She also stated that when Mr. Hicks retires he will operate the shop from 9 to 5. They have never had any complaints about operating the shop at their home. Mrs. Hicks helps with the business, keeping the books, etc.

Judge Moore asked if there was any one present in opposition to the rezoning. A delegation of about four people stood. Mrs. Jean Williams, 6416 Hixson Pike, spoke for the delegation. Mrs. Williams stated that she had four children. She said that she was sure the Shelbys would be delighted to know that they have a pig farm, that they think they "have a house with a lot of pigs." She said that the trucks that are parked at the Suttons are only there temporarily, that Mr. Sutton's brother had owned a rock crusher which the State purchased and after the trucks were parked there the gas tanks were punctured and therefore they could not be moved immediately. There is not a welding shop; Mr. Sutton owns a portable welding machine and he is out on the road on jobs with the machine most of the time. Mrs. Williams presented a petition signed by 100% of the property owners. She stated that the area is residential, that there are homes on both sides of Hixson Pike for some distance, and that there is also a church and a cemetery on adjoining property. They feel that this motorcycle shop would be hazardous to the children in the area and also shattering to the peace of mind of those going to the cemetery. They feel that part of Mr. Hicks' reason for wanting this property is the convenience of old Hixson Pike as a test ground. Many children ride bikes on that road. Mrs. Williams stated that when a motorcycle goes by conversation cannot be heard and if the motorcycle is started and brings more motorcycles into the area it would be unbearable. They also feel their property values would go down. Mrs. Williams stated that the Council would not be denying a family a means of livelihood since the motorcycle shop is already operating in the Hicks' home and he simply wants to move it to the Hixson Pike neighborhood. The residents of the area respectfully asked the County Council to support the Planning Commission's recommendation and deny the Hicks' petition.

Mr. Suel Rievley of 6414 Hixson Pike showed the Council pictures of homes and property in the area. He stated that the property across the street from the Hicks' property will not perk, that someone had wanted to build apartments there and this was denied.

J U L Y T E R M 1 9 7 5

Marvin Trew, representing Burks' United Methodist Church, read a letter addressed to Judge Moore and the County Council from the administrative board of the church requesting that the Council deny the rezoning. They feel that the noise would disrupt their worship services. The church operates a day care center for 4, 5, and 6 year olds during the school year and feel that the noise would interfere with the children's two-hour naps during the afternoons. The church has just built a new sanctuary on this property. The letter was signed by Jimmy Robins, secretary of the administrative board of the church. Mr. Trew also presented a petition signed by church members. Mr. Trew stated that another church is planning to build just beyond the cemetery on the same side of the street.

The Reverend Albert Liersch of the Hixson Seventh-Day Adventist Church at 6424 North Hixson Pike stated that they had just purchased the property Mr. Trew referred to. They paid \$13,300 for five acres and hope soon to build there. This church body also believes that if this shop is allowed to go into business the value of the property and all surrounding property would go down. Their church is looking forward to operating a parochial school on the property. The repair shop would be a nuisance and a danger to the children and to parents going to and from the school. The noise level would be unacceptable and services would be disrupted in both churches. Rev. Liersch stated that pictures could be deceiving, that if the Council members could drive out there they would see that whatever businesses are there are very unobtrusive. The golf course, the residences and the open land to the east present what is almost a pastoral scene. Rev. Liersch stated that the community respectfully requests that this petition be denied.

Attorney Miller stated that the Hicks respectfully request the rezoning to commercial zone. Attorney Miller stated that a lot of people have bad opinions about motorcycles and feel that anyone who rides one is no good; they often feel this way about people with long hair. Attorney Miller said that many good people ride motorcycles, that even some attorneys do. Judge Moore said even some judges do. Attorney Miller said that if people elect to build their homes close to a highway then they must expect noise from the highway.

ON MOTION of Judge Moore, seconded by Councilman Fuller, to rescind the action of the County Council in denying the petition of Curtis Hicks which was presented at the July 9th Council meeting in error. The foregoing Motion was unanimously Adopted by Acclamation.

ON MOTION of Councilman Mayfield, seconded by Councilman Ricketts, that the report of the County Court Clerk be accepted, treat same as read, approved, and filed and made a matter of record. The foregoing Motion was unanimously Adopted by Acclamation. Total present-5. Absent-0.

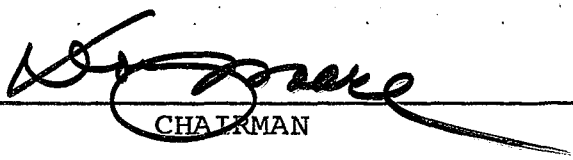

Judge Moore asked if there were delegations to appear before the Council on matters other than zoning.

Attorney Robert Crawford requested that the Council authorize County Attorney Turner to take action on behalf of Henry Smith in the Birchwood area to enforce zoning laws in the area. Mr. Smith has a mobile home and his sister has a permanent home on same property. A Mr. McGinnis is raising pigs on a vacant lot next door. This causes a health hazard by drawing flies and is "very odorous." Attorney Crawford and his client have contacted Mr. Clyde Jobe of the zoning commission and the zoning commission sent someone out to inspect the property. Subsequently Mr. McGinnis was written a letter giving him until June 30 to remove the pig. As of this date the pig has not been removed. Attorney Crawford requested that the County Council refer the matter to the County Attorney to abate this nuisance. County Attorney Turner said the matter would need to go to the Planning Commission to find out the regulations on zoning. County Manager Dalton Roberts stated that the fact that Mr. Jobe had written the aforementioned letter would indicate that this was in violation of zoning restrictions. Mr. Preston of the Planning Commission stated that urban residential zoning would not include raising pigs, that to put a pig pen on a vacant lot would not be in compliance with regulations.

ON MOTION of Judge Moore, seconded by Councilman Mayfield, to refer to the County Attorney this matter of violation of zoning regulations in Hamilton County. The foregoing Motion was unanimously Adopted by Acclamation. Total present-5. Absent-0.

TITLE CLOSURE OF A STREET LOCATED IN THE DAVIS MILL ESTATES SUBDIVISION, WEST OF DAVIS MILL ROAD. A 50' RIGHT-OF-WAY, BEGINNING AT THE NORTH LINE OF DAVIS MILL CIRCLE AND EXTENDING NW 280' TO TVA MONUMENT NO. 108-1, BEING BETWEEN LOT 18 AND THE UNNUMBERED PARCEL OF DAVIS MILL ESTATES.

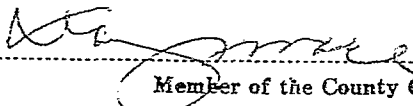

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, Alfred M. and Mary T. Miller petitioned The Chattanooga-Hamilton County Regional Planning Commission to close a street located in the Davis Mill Estates Subdivision, west of Davis Mill Road, and said Planning Commission after hearing recommended that this petition be approved, subject to the applicant providing a legal easement across subject property to the Eastside Utility District and the Electric Power Board; and

WHEREAS, Alfred M. and Mary T. Miller requested that the County Council consider said petition and notice has been published in a newspaper in general circulation in Hamilton County that the County Council would hold a public hearing on August 6, 1975, concerning the passage of this Resolution as required by law, and such hearing having been held.

NOW, THEREFORE, BE IT RESOLVED, BY THE COUNTY COUNCIL OF HAMILTON COUNTY, TENNESSEE, IN SESSION ASSEMBLED: That the Zoning Resolution of Hamilton County be amended to close a street located in the Davis Mill Estates Subdivision, west of Davis Mill Road. A 50' right-of-way, beginning at the North line of Davis Mill Circle and extending NW 280' to TVA Monument No. 108-1, being between Lot 18 and the unnumbered parcel of Davis Mill Estates, subject to the applicant providing a legal easement across subject property to the Eastside Utility District and the Electric Power Board.

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

RESOLUTION

NO. 875-2

TITLE A RESOLUTION TO AMEND THE HAMILTON COUNTY PERSONNEL POLICY MANUAL.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, the official Hamilton County Personnel Policy Manual heretofore adopted by the Hamilton County Council by Resolution Number 675-26, on June 18, 1975, needs clarification to better describe its applicability to wholly County supported offices which are headed by popularly elected County officials, and

WHEREAS, the rights, benefits and obligations of employees (such as vacations, sick leave, sick pay, hospital and medical insurance, retirement benefits, other leave benefits, comparable rates of pay for similar levels of job skills and performance, and other fringes and job benefits) should be uniform throughout County Government, but the employment and supervision procedures of the employees functioning within the offices and under the jurisdiction of popularly elected County officials are matters for which such elected officials are primarily responsible,

NOW, THEREFORE, BE IT RESOLVED BY THIS COUNTY COUNCIL, IN SESSION ASSEMBLED: That paragraph 1.1 of the Hamilton County Personnel Policy Manual is hereby deleted in its entirety and the following paragraph is hereby substituted in lieu thereof:

"1.1 Applicability of Policies - Hamilton County Government, together with all of its departments and all wholly County supported agencies and offices, which are hereafter referred to as the County, shall employ this personnel policy, excepting only the procedures relating to employing, supervising, disciplining, grievances, promoting and/or demoting, awarding of merit pay increases, suspending and terminating individual employees of the statutory and/or Constitutional elected County officials, although all or any part of such procedures shall be available in the event all or any part of such procedures are adopted by such officials in order to provide uniformity throughout all of County Government."

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

AUGUST TERM 1975

HAMILTON COUNTY GOVERNMENT PERSONNEL POLICY

1.0 General Provisions

1.1 Applicability of Policies - Hamilton County Government, together with all of its departments and all wholly County supported agencies and offices, which are hereafter referred to as the County, shall employ this personnel policy, excepting only the procedures relating to employing, supervising, disciplining, grievances, promoting and/or demoting, awarding of merit pay increases, suspending and terminating individual employees of the statutory and/or Constitutional elected County officials, although all or any part of such procedures shall be available in the event all or any part of such procedures are adopted by such officials in order to provide uniformity throughout all of County Government.

1.2 Affirmative Action and Discrimination - The County will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The County will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to, the following: Employment, upgrading, demotion, or transfer; recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training.

2.0 Positions

2.1 Classification Plan - A classification plan shall be prepared by the Director of Personnel (hereafter referred to as the Director) in cooperation with the Hamilton County Judge and the County Manager, which plan shall include all positions of employment offered by the County. A classification plan shall also be prepared by every department not included in the abovementioned plan, and by every wholly County supported agency or office, and such plans shall be filed with the Director by September 30, and shall be updated by such wholly supported agency or office by May 1 of each succeeding year.

2.2 Administration of Classification Plan

2.2.1 The Director is responsible for the maintenance of the County's classification plan. This responsibility shall include but not be limited to: periodic review and maintenance of up-to-date job specifications; and the preparation of job specifications on the basis of changes in duties or positions.

2.2.2 Job specifications shall be descriptive and explanatory and shall not be restrictive. The duties and qualifications shall be listed for each particular position.

ON MOTION of Councilman Fuller, seconded by Councilman Ricketts,

the foregoing Resolution was unanimously Adopted by Acclamation. Total present-5. Absent-0. * * * *

(Judge Moore stated that this amendment was necessary to clarify the question of the operation of the elected officials' offices, so that there will be no question that the County Council is not attempting to employ personnel, or supervise the operation of, or in any way operate the elected officials' offices. The personnel policy manual is to assure the rights of the County employees, to make the rights, benefits and obligations of the employees uniform throughout the County government.)

(Judge Moore stated that the County had been attempting to acquire property for parking purposes for some time and it was now imperative that these parking places be obtained because very shortly the completion of the new Justice Building will permit the demolition of the old jail. The property they have found is the closest in this area, 1 1/2 blocks from the Court House. The property is slightly more than an acre and will cost \$190,000. This is the best price that the County has been able to obtain on any property. It is of a size to park 170 automobiles and will enable the County to meet the requirements of furnishing parking spaces for government personnel.)

11. IDENTIFICATION OF PROBLEM: Describe nature, scope, and degree of the problem. This description explains your justification for submitting the grant application. Use meaningful facts and data to support need. (If additional space needed, attach additional sheets and number them 2a, 2b, etc.)
-

Modernization of thinking related to Juvenile Justice and court management remains and is continually a significant problem related to Juvenile Court activities. Years of experience can provide keen insight into specific problems; but to provide up-to-date services, the Juvenile Court must adopt more efficient processes and theories of operation. Only through participation in national workshops, forums, and schools can the Juvenile Court Administrator be cognizant of new approaches to juvenile work.

AUGUST TERM 1975

12. PROJECT OBJECTIVES: This is a statement of needs to solve the problem. Give a concise statement of each of the objectives of the proposed project which are precise statements of the kinds of improvements sought. (If additional space is needed, attach additional sheets and number them 3a, 3b, etc.)
-

The objective of this project is to increase awareness of the Juvenile Court Administrator in the current innovations in court administration. Specifically, this project will attempt to effect an increase in knowledge, improve skills, and instigate attitudinal change in the areas of court management, law, the behavioral sciences, and self-other awareness reflective of the most recent changes in these areas. Accomplishment of these objectives will eradicate several existing problem areas and increase capability of service in the Juvenile Justice system in Chattanooga and Hamilton County.

AUGUST TERM 1975

13. MEANS OF ACHIEVING THE OBJECTIVES: Describe the general method, procedure, or strategy for obtaining the objectives of the project and describe the operation of the project. (If additional space is needed, attach additional sheets and number them 4a, 4b, etc)
-

A one week seminar will be offered at the University of Nevada, Reno October 19-24. The Hamilton County Juvenile Court administrator will attend this seminar along with other juvenile court management personnel throughout the nation. Through participatory sessions, films, role-playing and management exercises these individuals will be subjected to the latest material on the following topics:

Middle-Management Personnel

Court Management and Community Services Interface
Legal Developments in the Juvenile Justice System
Update on the Juvenile Justice Standards Project
Federal Funding Sources

Where applicable, new information gained in this college will be applied to operation of the Hamilton County Juvenile Court. The Court's administrator will be better able to deal with the situations presently affecting Juvenile Court operations through increased communication with department heads.

AUGUST TERM 1975

14. PROJECT EVALUATION: Describe the procedure of measuring the degree to which each objective of the project will be achieved. (If additional space is needed, attach additional sheets and number them 5a, 5b, etc.)

Implementation coincides with evaluation of this project. Department heads will maintain contact with the court administrator throughout the following year to compare ideas and review any implementations brought about by participation in this educational experience. They will attempt to effect closer collaboration and constant communication on Court operation. The Juvenile Court administrator will be able to weigh the benefits of attending this college by judging the usefulness of the knowledge gained. Increased operational ability will be measured by the efficiency of operation.

15. PROJECTED PROGRESS: Project the progress you expect to make on this project. The space provided is divided into 90 day periods and you are to indicate what percentage of the project should be completed during each three month period and in the narrative you are to describe specific accomplishments you expect to complete during each period. (If the project will be completed in less than one year, so indicate when it will be completed.)

The NATIONAL COLLEGE of JUVENILE JUSTICE and The NATIONAL COUNCIL of JUVENILE COURT JUDGES

The National College of Juvenile Justice, the training division of the National Council of Juvenile Court Judges, was established under a grant from the Max C. Fleishmann Foundation. With additional funding from the Law Enforcement Assistance Administration of the U.S. Department of Justice, the National College has expanded its training prospectus in recent years. The College is the only institution of its kind devoted exclusively to understanding and resolving the problems of the juvenile and family courts in the United States through training. Its goal is to provide highly specialized training to personnel in the juvenile justice system.

Sponsoring the College is the National Council of Juvenile Court Judges, an organization of juvenile and family court judges, representing all fifty states and several territories. Formed in 1937, the National Council of Juvenile Court Judges moved its headquarters to the University of Nevada, Reno in 1969. As well as providing training through its educational division, the National Council serves as a membership organization to various representatives of the juvenile justice system. The Council also provides research and consultation services through its National Center for Juvenile Justice in Pittsburgh, Pennsylvania.

- C. PATENTS: If any discovery or invention arises or is developed in the course of or as a result of work performed in a grantee program, the grantee shall refer the discovery or invention to the TLEPA which will determine whether or not patent protection will be sought, how any rights therein, including patent rights, will be disposed of and administered, and the necessity of other action required to protect the public interest in work supported with Federal funds, all in accordance with the Presidential Memorandum of October 10, 1963, on Government Patent Policy.
- D. DISCRIMINATION PROHIBITED: No person shall, on the grounds of race, creed, color or national origin, be excluded from participation in, be refused the benefits of, or be otherwise subjected to discrimination under grants awarded pursuant to PL 90-351 as amended by PL 91-644 or under any project, program or activity supported by this grant. The grantee must comply with the provisions and requirements of Title VI of the Civil Rights Act of 1964 and regulations issued by the Department of Justice and the Law Enforcement Assistance Administration thereunder as a condition of award of federal funds and continued grant support. As required by Section 518(b) of PL 90-351, this grant condition shall not be interpreted to require the imposition in grant-supported projects of any percentage ratio, quota system, or other program to achieve racial balance or eliminate racial imbalance in a law enforcement agency.
- E. USE OF FUNDS: Any funds awarded are to be expended only for the purposes and activities covered by the applicant's approved application and budget.
- F. TERMINATION OF AID: This grant may be terminated in whole or in part by the Tennessee Law Enforcement Planning Commission at any time the Commission finds a substantial failure to comply with the provisions of PL 93-83, or regulations promulgated thereunder, including these grant conditions or plan, application or contract obligations, but only after notice and hearing pursuant to Commission regulations and all procedures set forth in §§ 510 and 511 of PL 93-83.
- G. INSPECTION AND AUDIT: The Tennessee Law Enforcement Planning Commission or any of its duly authorized representatives, shall have access for purpose of audit and examinations to any books, documents, papers, and records of the grantee, and to relevant books and records of subgrantees and contractors, which pertain to the project funded under this grant.
- H. MAINTENANCE OF RECORDS: All appropriate grant records and accounts will be maintained and made available for audit as prescribed by the Commission.
- I. USE OF OTHER FEDERAL FUNDS PROHIBITED: This project will not be financed in whole or in part by other federal funds.

AUGUST TERM 1975

-12-

- J. SUPPLANTING PROHIBITED: The federal funds herein awarded are not to supplant local funds, but are to be used to increase the amount of funds that would otherwise be available for this project.
- K. ALLOWABLE COSTS: The allowability of charges made to funds granted under Part C and Part E of Title I of the Act, as amended, shall be determined in accordance with the general principles of allowability and standards for selected cost items set forth in the Bureau of the Budget Circular No. A-87 entitled "Principles for Determining Cost Applicable to Grants and Contracts with State and Local Government" (May 9, 1968) and interpreted and amplified in the Tennessee Law Enforcement Planning Agency Financial Management Manual.
- L. WRITTEN APPROVAL OF CHANGES: Grantees must obtain prior written approval from Tennessee Law Enforcement Planning Agency for major project changes. These include (a) changes of substance in project activities, designs or research plans, set forth in the approved application, (b) changes in the project director or key professional personnel identified in the approved application, and (c) changes in the approved budget.
- M. FISCAL REGULATIONS: The fiscal administration of grants shall be subject to such further rules, regulations and policies, concerning accounting and records, payment of funds, cost allowability, submission of financial reports, etc., as may be prescribed by the Tennessee Law Enforcement Planning Commission, consistent with the purposes and authorizations of PL 90-351 as amended by PL 91-644, including those set forth in the Tennessee Law Enforcement Planning Agency Financial Management Manual.
- N. CRIMINAL PENALTIES: Whoever embezzles, willfully misapplies, steals or obtains by fraud any funds, assets, or property which are the subject of a grant or contract or other form of assistance pursuant to this title, whether received directly or indirectly from the Law Enforcement Assistance Administration, shall be fined not more than \$10,000 or imprisoned for not more than five years, or both. Whoever knowingly and willfully falsifies, conceals or covers up by trick, scheme, or device, any material fact in any application for assistance submitted pursuant to this title or in any records required to be maintained pursuant to this title shall be subject to prosecution under the provisions of Section 1001 of Title 18, United States Code. Any law enforcement program or project underwritten, in whole or in part, by any grant, or contract or other form of assistance pursuant to this title, whether received directly or indirectly from the Law Enforcement Assistance Administration shall be subject to the provisions of Section 371 of Title 18, United States Code.
- O. CLEAR AIR ACT VIOLATIONS: In accord with the provisions of the Clear Air Act, 42 U.S.C. 1857 et. seq., as amended by PL 91-604; and Executive Order 11602, subgrants or contracts will not be made to parties convicted of any offense under the Clear Air Act.

AUGUST TERM 1975

- P. RELOCATION PROVISIONS: The grantee shall assure that any program under which LEAA financial assistance must be used to pay all or part of the cost of any program or project which will result in displacement of any person shall provide that;
- (a) Fair and reasonable relocation payments and assistance shall be provided to or for displaced persons as are required in such regulations as are issued by the Attorney General of the United States.
 - (b) Relocation or assistance programs shall be provided for such persons in accordance with such regulations issued by the Attorney General of the United States.
 - (c) Within a reasonable period of time prior to displacement, decent, safe and satisfactory replacement must be available to the displaced person in accordance with such regulations as issued by the Attorney General of the United States.

The authority for this provision is found in the "Uniform Relocation Assistance and Real Property Acquisition Policy Act of 1970", PL 91-646; 84 Stat 1894.

- Q. ENVIRONMENTAL IMPACT: Any application for subgrants, subcontracts, etc., involving; (i) the construction, purchase, lease or alteration of facilities; (ii) the implementation of programs involving the use of herbicides and pesticides; (iii) other actions determined by the Regional Administrators to possibly have a significant effect on the quality of the environment, must include either a draft environmental statement as required by Section 102(s)(c) of the National Environmental Policy Act or a declaration that the proposed action will not have a significant impact on the environment. Before accepting a negative declaration, Tennessee Law Enforcement Planning Agency will refer the application to the Law Enforcement Assistance Administration Regional Administrator who shall review the subgrant application and verify that an environmental statement is not necessary.
- R. HISTORIC SITES: Before approving subgrant programs involving construction, renovation, purchasing or leasing of facilities the State Planning Agency shall consult with the State Liaison Officer for historic preservation to determine if the undertaking may have an effect on properties listed in the National Register of Historic Places. If the undertaking may have an adverse effect on the listed LEAA program properties the State Planning Agency must notify LEAA before proceeding with the Program.
- S. RECORDING AND DOCUMENTATION OF RECEIPTS AND EXPENDITURES: Accounting procedures must provide for an accurate and timely recording of receipt of funds by source, of expenditures made from such funds, and of unexpended balances. Controls must be established which are adequate to ensure that expenditures charged to grant activities are for allowable purposes and that documentation is readily available to verify that such charges are accurate.

- T. APPLICABILITY OF STATE AND LOCAL PRACTICES: Except where inconsistent with federal requirements, State procedures and practices will apply to funds disbursed by the TLEPA and local procedures and practices to funds disbursed by such units. Bureau of the Budget Circular No. A-87, "Principles for Determining Costs Applicable to Grants and Contracts with State and Local Government," must be complied with by grantees with respect to the treatment of specific items and their cost allowability.
- U. CONTROL OF FUNDS AND TITLE TO PROPERTY: The title and control of Part E funds and title to property may not be transferred to private agencies, profit-making or otherwise, even though these may be utilized in the implementation of Part E efforts including the purchase of services and Part E funds and property will not be diverted to other than correctional uses.
- V. CONSTRUCTION GRANTS: All construction grants will also include all additional conditions set forth in the Supplemental Construction Form which must be attached to this application.
21. SPECIAL GRANT CONDITIONS: Special Conditions may be added to this grant application at the discretion of the TLEPA. Notice of such Special Conditions will be given at the time the Grant Agreement is delivered to the grantee, and such Special Conditions and Grant Agreement become a binding contractual commitment and are made an inseparable part of the approved application.
22. ASSURANCE OF COMPLIANCE WITH CIVIL RIGHTS ACT OF 1964: The applicant hereby agrees that it will comply with Title VI of the Civil Rights Act of 1964 (P.L. 88-352) and all requirements imposed by or pursuant to that title, to the end that no person shall on the grounds of race, color, or national origin be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the applicant receives federal financial assistance from the department; and gives further assurance that it will promptly take any measures necessary to effectuate this commitment as more fully set forth in the standard grant conditions set forth above. This assurance shall obligate the applicant for the period during which federal financial assistance is extended to it by the department and is given in consideration of and for the purpose of obtaining the grant for which application is hereby made, and the United States shall have the right to seek judicial enforcement of this assurance.
23. ASSUMPTION OF COST: The applicant hereby agrees that should the project described herein prove to be valuable in reducing crime or improving the Criminal Justice System, the cost of such improvements will be assumed by the applicant after "a reasonable period of Federal Assistance."

NO. 875-5

TITLE A RESOLUTION TO AUTHORIZE THE COUNTY JUDGE TO EXECUTE AN AGREEMENT WITH THE DEPARTMENT OF TRANSPORTATION FOR THE ELIMINATION OF A RAILROAD-HIGHWAY CROSSING HAZARD AND TO PROVIDE AUTHORIZATION FOR THE REMITTANCE OF FUNDS IN PURSUANCE THEREOF.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

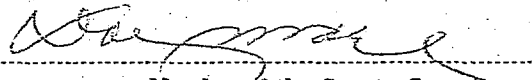

WHEREAS, Section 203 of Public Law 93-87, 93rd Congress, provides for the elimination of hazards of railway-highway crossings on the Federal Aid System, on the basis of ninety per cent (90%) Federal funding, with ten per cent (10%) local government contribution; and

WHEREAS, such a hazard presently exists at the Southern Railway-Thrasher Pike crossing, referred to as "Project No. RRP-4464(1) Hamilton County" by the Department of Transportation of the State of Tennessee; and

WHEREAS, aforesaid Department of Transportation has estimated the total construction cost for the elimination of said hazardous crossing at Thirty-Two Thousand Dollars (\$32,000.00), the Hamilton County share being Three Thousand Two Hundred Dollars (\$3,200.00).

NOW, THEREFORE, BE IT RESOLVED BY THIS COUNTY COUNCIL, IN SESSION ASSEMBLED: That the County Judge is hereby authorized to execute an agreement with the Department of Transportation of the State of Tennessee for the elimination of the abovementioned hazard and the County Judge is further authorized to pay the 10% local share thereof, presently anticipated as being Three Thousand Two Hundred Dollars (\$3,200.00), as required by said federal law.

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

DEPARTMENT OF TRANSPORTATION

PROJECT NO: RRP-4464(1) HAMILTON COUNTY
(33092-6303-94)

Southern Railroad Grade Crossing at S-4464 (Thrasher Pike)

THIS AGREEMENT is made and entered into by and between THE STATE OF TENNESSEE acting by and through its DEPARTMENT OF TRANSPORTATION, hereinafter referred to as the "Department" and Hamilton County hereinafter referred to as the "Local Agency".

W I T N E S S E T H:

WHEREAS, Section 203 of Public Law 93-87, 93rd Congress, provides for the elimination of hazards of railway-highway crossings on the Federal-aid System, on the basis of NINETY PER CENT (90%) Federal funding; and

WHEREAS, the Local Agency desires to participate in this program; and

WHEREAS, the Department is willing to administer this contract for the elimination of such hazard in cooperation with the Southern Railroad in reasonable conformity to the plans and specification; and

WHEREAS, the Department has estimated that the construction cost of said hazard elimination project will be approximately Thirty Two Thousand Dollars and ^{no}/100 (\$ 32,000.00).

NOW THEREFORE, in consideration of these premises and of the mutual covenants set forth, it is hereby agreed by and between the parties hereto as follows:

AUGUST TERM 1975

SECTION I

The Local Agency agrees to deposit with the Department an amount equal to TEN PER CENT (10%) of the estimated cost of this project.

In the event that the actual cost is more than the estimated cost, the Local Agency agrees to pay an additional TEN PER CENT (10%) of the amount by which the actual cost exceeds the estimated cost within SIXTY (60) DAYS of the completion of the project.

In the event that the actual cost is less than the estimated cost, the Department agrees to return TEN PER CENT (10%) of the excess to the Local Agency within SIXTY (60) DAYS of the completion of the project.

SECTION II

In the event of the failure of the Local Agency to fully comply with the aforementioned provisions, the Department shall be authorized to receive any funds which would otherwise be payable to the Local Agency for highway or street purposes from the State, until the Department shall have recovered the necessary amount to result in TEN PER CENT (10%) financial participation in the actual cost of the project.

SECTION III

The Department agrees to keep accurate accounting records of all expenditures made for this project, and said accounting records shall be available for review by the Local Agency upon request, for a period of THREE (3) YEARS.

A U G U S T T E R M 1 9 7 5

Judge Moore stated that this particular request is one that has given the entire Council some problems.

John Preston of the Planning Commission showed slides of the road and the subdivision area in question. The slides showed steep grades in several sections of the road and also showed where the gravel had washed away, asphalt curbing had washed away. Mr. Preston stated that the spillways are clogged with dirt and that the concrete drainage pipe at the entrance is already half-full of silt. The slides also showed as Mr. Preston pointed out that the drainage ditches are unprotected right at the side of the road. There were good sized rocks in the road in some places. Near the top of the grade there is a split road and the dirt here had completely washed away and in some places had covered the pavement. Mr. Preston stated that the developer of this subdivision had originally requested a variance to allow an 18% road grade (15% grade is the Planning Commission maximum). This was granted. As the road was built the grades were 22% in two places and 24.2% in one place. The Planning Commission denied the plat submitted to them and now await the decision of the County Council before approval of the plat.

Mitchell Bush, developer of the subdivision, appeared before the Council. He stated that they were requesting this variance so that work could progress on the homes they plan to build. They have invested considerable money which will be thrown away if this variance is not granted. They are planning to build homes that will bring income for the County, that will add beauty and bring in taxes. They plan to repair the curbs and the ditches. None of this can be done until the variance is granted. Mr. Bush stated that the road is not as bad as it seemed, that there is only one spot where the grade is 24% and a couple that are 22%. Mr. Bush stated that there were subdivisions in the County that have grades over 25%, one he knows of has a grade of over 30%, and he could give the Council the names of these if it would help them make a decision. Mr. Bush's company has over \$180,000 invested in this and they need some relief. They do intend to meet County specifications once they get the variance.

Judge Moore asked Mr. Bush why they requested the 18% variance to begin with and then did not adhere to this.

Mr. Bush stated that he had been out of town and did not know all the details, that Mr. Joe McDonald had been in charge. He added that the original survey had been done by Gatlin. The road had been inspected by Ralph White and during the process Mr. White quit. Then Mr. Agger Hillis, county road inspector, took over the inspections and had checked the road and did not stop the work so they assumed it was being built right. The road builder was Charlie Thomas, who had had an accident during the time, and a lot of circumstances had hurt them. They do plan to have all the ditches paved and the curbs repaired, and they expect the results of the geological report this week.

Mr. Hillis stated that Mr. McDonald was going to go ahead and build the road with the Gatlin survey but they needed Foley's survey. Mr. Hillis kept asking Mr. McDonald for the new plat but by the time they got it, the road was built. Mr. Hillis feels that the silt and "stuff" in the road will be taken care of after the banks are stabilized. Mr. Hillis stated that he had been inspecting subdivisions for the last six years and he knows of one that has a grade of 22% and that is the steepest grade the County has. That particular one is in Balmoral on Signal Mountain.

Mr. Bush stated that Beulah Street, built by Brown Brothers in Red Bank, was a 28% grade. Judge Moore stated that street is more than six years old. Mr. Bush said a road in Auburn Crest was built last year with a grade of more than 25%.

Mr. Hillis stated that the proper amount of asphalt is there on the road but it is not distributed right, that there would need to be 3/4" of asphalt put over the whole thing to get it right.

AUGUST TERM 1975

Judge Moore told Mr. Bush that the thing he could not understand was why, when they had a variance granted of 18%, they went ahead and built a steeper road, one that was 1/3 more than the variance granted.

Mr. Bush introduced Mr. McDonald, who had just arrived. Mr. McDonald stated that part of the trouble was that the hill was 60' higher than the original report had shown. Judge Moore asked him why he didn't come back to the Planning Commission then. Mr. McDonald said that they hoped to "kill" the other 60 feet and be able to adhere to the variance already granted but could not.

Judge Moore stated that granting this variance would put problems on property owners some place down the road.

Councilman Fuller asked if it had not also been indicated that even garbage service will be a problem because of the grade.

Judge Moore stated this was true, that garbage trucks and even the moving vans would be unable to make it up that grade, that the large moving vans would have to transport the household goods to the area and then transfer them to smaller trucks to go up the hill, and this would be assuming it was dry at the time. Judge Moore stated even the fire department might have a problem, that he didn't know if the 750 gallon tankers have the engine to pull them up that hill. Mr. McDonald stated that the asphalt trucks are negotiating the hill all right. Judge Moore stated that asphalt trucks are built differently, with different engines and gearing; a bulldozer can be built to climb a hill nothing else can climb. He said it's like comparing apples and oranges. Judge Moore stated that he had driven up there.

(Judge Moore stated that this was the lowest and best bid. He said there was another bid of less than \$3200 but this included the trade-in of the equipment presently in use in the Attorney General's office. This equipment is still extremely serviceable and is worth considerably more than the \$200 difference. Lanier (the company this bid is from) offered a trade-in of \$300 but the County plans to keep the equipment and use it in another officē.)

AUGUST TERM 1975

MIDDLE VALLEY CONGRATULATIONS:

SOME OF US SLIGHTLY OLDER SPORTS FANS -- AND THAT INCLUDES ALL OF US SITTING UP HERE -- OCCASIONALLY GET SO CAUGHT UP IN THAT NOSTALGIC LONGING FOR OUR OWN PAST THAT WE SOUND AS THOUGH WE BELIEVE, FOR INSTANCE, THAT CHAMPIONSHIP BASEBALL ENDED IN HAMILTON COUNTY WITH THE OLD LOOKOUTS. BUT THE YOUNG MEN OF THE MIDDLE VALLEY DIZZY DEAN BASEBALL TEAM PROVED LAST WEEK THAT THAT JUST ISN'T SO. THANKS TO THE COACHING OF CHARLIE ELLIOTT, THE LEFT ARM OF PITCHER RICKY LEWIS AND THE BATS OF GEORGE JOHNSON, RANDY STARKEY, AND BARRY BAZEMORE, MIDDLE VALLEY IS NOW THE 1975 DIZZY DEAN JUNIOR WORLD SERIES CHAMPION. ON BEHALF OF THE COUNCIL I WANT TO CONGRATULATE THESE YOUNG MEN WHO ARE CARRYING ON A GREAT TRADITION OF BASEBALL EXCELLENCE IN HAMILTON COUNTY. AND WE WANT TO ESPECIALLY CONGRATULATE RICKY LEWIS AND GEORGE JOHNSON WHO WERE AWARDED TROPHIES AS THE MOST VALUABLE PLAYERS IN THE SERIES.

TO FORMALIZE THESE CONGRATULATIONS WE ARE AWARDING CHARLIE ELLIOTT, AND THE OUTSTANDING YOUNG PLAYERS RICKY LEWIS AND GEORGE JOHNSON DISTINGUISHED CITIZENS OF HAMILTON COUNTY CERTIFICATES.

(Judge Moore read a statement of congratulations to the Middle Valley Dizzy Dean Baseball team, who won the 1975 Dizzy Dean Junior World Series championship. Charlie Elliott, coach, and Ricky Lewis and George Johnson, players, were awarded certificates as Distinguished Citizens of Hamilton County.)

RESOLUTION

NO. 875-24

TITLE A RESOLUTION TO AUTHORIZE THE COUNTY JUDGE TO CONTRACT WITH INSURANCE SPECIALISTS FOR THE PURPOSE OF CREATING BID SPECIFICATIONS FOR LIABILITY INSURANCE COVERAGE AND TO AUTHORIZE PAYMENT FOR SAID SERVICES.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, recent changes in the law of Tennessee will subject governmental entities to potential liability due to the expiration, January 1st, 1976, of the "governmental immunity" doctrine; and

WHEREAS, these changes thus require Hamilton County government to appropriately insure against any and all potential liability, thus requiring evaluation and creation of specifications by experts in this field; and

WHEREAS, Mr. Bill Dilbeck and Mr. Robert Sprouse have demonstrated expertise in this regard and have offered to assist Hamilton County in the preparation of insurance specifications.

NOW, THEREFORE, BE IT RESOLVED, BY THIS COUNTY COUNCIL, IN SESSION ASSEMBLED: That the County Judge is hereby authorized to enter into a personal services contract with either of the aforementioned persons, or any other similarly qualified person, for the purpose of creating insurance specifications for Hamilton County, said contract to be on behalf of this governing body and to be stipulated therein that services rendered shall not exceed twenty dollars (\$20.00) per hour nor exceed an aggregate sum of one thousand five hundred dollars (\$1,500.00), and the County Judge is further authorized to pay said amount so contracted for such services.

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

ON MOTION of Judge Moore, seconded by Councilman Mayfield, the foregoing Resolution was unanimously Adopted on a Roll Call vote, with the following members of the County Council being present and voting, "Aye": Councilman Fuller, Councilman Long, Councilman Mayfield, Councilman Ricketts and Judge Moore. Total present-5. Absent-0.

(Judge Moore stated that the Tort Liability Act will terminate covering governmental entities effective January 1, 1976. All governmental agencies will need to provide coverage in a specified amount. In order to know what coverage is needed and what can be obtained, the County needs someone well-versed in insurance to furnish bid specifications for that coverage. The City has already proceeded and has obtained an expert by the name of Bill Dilbeck. Tennessee County Services Association has another individual by the name of Robert Sprouse who has made similiar studies for governmental agencies in Nashville. There are several others who might be available. This resolution will enable Judge Moore to enter into a contract with the proper expert.)

RESOLUTION

NO. 875-25

TITLE ACCEPTING BID OF T.H. PAYNE CO. TO FURNISH, AS PER SPECIFICATIONS,
THE NEW JUSTICE BUILDING FOR \$58,741.53.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, IN RESPONSE TO PUBLIC ADVERTISEMENT BIDS WERE RECEIVED FOR FURNITURE FOR THE NEW JUSTICE BUILDING.

WHEREAS, THE BID OF T.H. PAYNE CO. FOR \$58,741.53 WAS CONSIDERED THE BEST BID RECEIVED AS PER QUALITY AND PRICE AS RECOMMENDED BY JACK TYLER AND ASSOCIATES, ARCHITECTS AND PLANNERS, INC.

NOW THEREFORE, BE IT RESOLVED BY THE COUNTY COUNCIL OF HAMILTON COUNTY, TENNESSEE IN SESSION ASSEMBLED: THAT THE PURCHASING AGENT IS HEREBY AUTHORIZED TO ACCEPT THE BID OF T.H. PAYNE CO.

SAME TO BE PAID OUT OF COUNTY GENERAL FUND.

BE IT FURTHER RESOLVED: THAT THIS RESOLUTION TAKE EFFECT FROM AND AFTER ITS PASSAGE, THE PUBLIC WELFARE REQUIRING IT.

(Judge Moore stated that the bidding brought a number of responses. They were all examined by the architect, Jack Tyler. Mr. Tyler had previously agreed to provide recommendations of furnishings for the Justice Building at no cost to the County. Ordinarily whatever service an architect renders is paid for based on the amount of the purchases or the construction costs. Because the furnishings were considered to be an integral part of the appearance of the new building, Mr. Tyler had volunteered the services of his staff for advice in determining both the needs and the type of equipment that was to be used to furnish this building. There were five different bids. Judge Moore read a letter from Mr. Tyler (see attached copy) who stated that the design and construction were contemporary and the furnishings should be in line with this, modern with walnut woods. The cost was not considered in his recommendations. Ivan Allen and T. H. Payne were the only two bidders considered; the quality of the other bidders did not meet the requirements. Ivan Allen's bid included only one (1) set of furnishings for the criminal court rooms where three (3) were needed. Line items were close in cost from each company. The jury chairs in Allen's bid were not as specified. T. H. Payne's bid met the specifications. The difference in the two bids was about \$1,236. \$58,741.53 by Payne's and \$57,505.45 by Allen's. The difference was in the jury chairs. Judge Moore felt that Mr. Tyler's recommendation should be a prime consideration.)

Re: Review of Bids Regarding
Furnishings
Hamilton County Justice Bldg.

Dear Judge Moore:

Following our review of the bids on furnishings as given us by Mr. Paul Richards, we have the following recommendations for your consideration:

1. As you know, the building is of contemporary design and is appointed in walnut woods and other high quality finishes. The needs for the design of the furnishings to complement the building were one of the first considerations and also the selection of the proper furnishings.
2. The design of jury, prosecution and defendants' chairs must be of a design for long life and minimum maintenance with walnut wood arm and leg construction. The design must be contemporary.
3. Cost of the furnishings was not considered by this office because the only two bids that were considered as acceptable furnishings were those of Ivan Allen and T. H. Payne Company, as the quality lines of the other bidders did not meet the standards set forth in the bid requirements. While reviewing the bids, it was discovered that the Ivan Allen bid only included one set of furnishings for the criminal courts instead of three. Therefore, when additional jury chairs, jury tables and prosecutor and defendant chairs were added, the cost of line items were very close together from both companies.

AUGUST TERM 1975

Page 2

The Honorable Don Moore

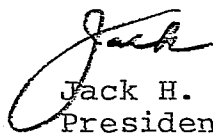

August 20, 1975

4. T. H. Payne Company bid the jury chairs as specified, and these chairs were each in excess of \$200.00. Ivan Allen bid a fully upholstered chair which was not as was specified and is, therefore, unacceptable.

In summation, it is the recommendation of this office that T. H. Payne Company fully meets the specifications and is furnishing equipment to properly complement the building design.

Sincerely,

JACK H. TYLER & ASSOCIATES,

ATTN: MR. RICHARDS

Dear Mr. Richards:

We are quoting to the best of our ability, the specifications you have submitted.

The delivery on these items ranged from immediate stock delivery to maximum of 9 weeks.

If we are successful with this bid, we will give line item delivery dates.

All numbers without manufacturer shown is Steelcase equipment. Our Steelcase bid as price shown is all or none.

As I have indicated, Steelcase has a stock ship program. Most of the equipment would fall into this category.

If immediate shipment is required, we would have to add 12% to attached Steelcase prices.

Sincerely,

IVAN ALLEN COMPANY

RESOLUTION

NO. 875-26

TITLE A RESOLUTION TO MEMORIALIZE JOHN ROBERT RODMAN, EDUCATOR, SPORTSMAN, AND CHURCHMAN; AND TO EXPRESS SYMPATHY TO HIS WIDOW AND FAMILY.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, Mary Rodman and her family have suffered a recent double loss, having lost a husband and father ten days ago, and Mary having lost her home to fire only four days ago; and

WHEREAS, we share in that greater loss, that of her husband John Robert Rodman; and

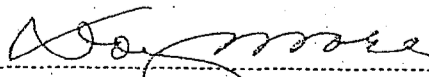

WHEREAS, John Rodman gave this community more than his just measure of talent and energy, giving his guidance and love to the youngsters of six different schools as a principal, perhaps most significantly those at East Ridge High School which he lead through the first nine years of its existence, and from which he was called to serve in the Hamilton County School System's central office, this year being asked to take on the responsibilities of an assistant superintendent; and

WHEREAS, though an accomplished athlete himself, having been invited to the 1932 Olympic trials, John Rodman was best known in recent years as a sports official, being qualified and registered in seven sports, but being most devoted to swimming and tennis; and

WHEREAS, his spirit moved those it touched, especially those who knew him as a Sunday School teacher and class president, but also those who knew him as an educator.

NOW, THEREFORE, BE IT RESOLVED, BY THE HAMILTON COUNTY COUNCIL That we take this means to memorialize John Robert Rodman and to express our sympathy to his widow and family.

BE IT FURTHER RESOLVED, that a copy of this Resolution be forwarded to the widow, Mrs. Mary Rodman, Standifer Gap Road, Chattanooga, Tennessee.

AUGUST TERM 1975

(Judge Moore read a statement expressing condolences to Mary Rodman and her family for their recent double loss, the death of Jack Rodman ten days ago and the loss of their home by fire four days ago.)

JACK RODMAN CONDOLENCES:

ON BEHALF OF THE COUNCIL I WANT TO EXPRESS OUR DEEP SYMPATHY TO MARY RODMAN AND HER FAMILY FOR THEIR RECENT DOUBLE LOSS. TEN DAYS AGO THE RODMAN FAMILY LOST A HUSBAND AND FATHER; AND ONLY FOUR DAYS AGO MARY LOST HER HOME BY FIRE. THE GREATER LOSS, AND THE ONE WE SHARE IN MOST, WAS OF HER HUSBAND JOHN ROBERT RODMAN.

JACK RODMAN GAVE THIS COMMUNITY MORE THAN HIS JUST MEASURE OF TALENT AND ENERGY AS AN EDUCATOR, SPORTSMAN, AND CHURCHMAN. JACK RODMAN GAVE HIS GUIDANCE AND LOVE TO THE YOUNGSTERS OF SIX DIFFERENT SCHOOLS AS A PRINCIPAL, PERHAPS MOST SIGNIFICANTLY TO THOSE AT EAST RIDGE HIGH SCHOOL. THAT SCHOOL HE LEAD THROUGH THE FIRST NINE YEARS OF ITS EXISTENCE. HE WAS THEN CALLED TO SERVE IN THE HAMILTON COUNTY SCHOOL SYSTEM'S CENTRAL OFFICE. AND THIS YEAR HE WAS ASKED TO TAKE ON THE RESPONSIBILITIES OF AN ASSISTANT SUPER-INTENDENT.

THOUGH AN ACCOMPLISHED ATHLETE HIMSELF, HAVING BEEN INVITED TO THE 1932 OLYMPIC SWIMMING TRIALS, JACK RODMAN WAS BEST KNOWN IN RECENT YEARS AS A SPORTS OFFICIAL. HE WAS QUALIFIED AND REGISTERED IN SEVEN SPORTS, BUT DEVOTED MOST OF HIS TIME TO SWIMMING AND TENNIS. HE ONCE JOKINGLY SAID THAT HE PREFERRED THOSE SPORTS BECAUSE THEY WERE THE ONLY ONES WHERE HE COULD OFFICIATE AND YET STAND STILL.

BUT JACK NEVER REALLY STOOD STILL IN HIS LIFE. EVEN SITTING DOWN HIS SPIRIT WAS IN MOTION, MOVING THOSE IT TOUCHED. THIS WAS MOST EVIDENT IN HIS CHURCH WHERE HE WAS A SUNDAY SCHOOL TEACHER AND SUNDAY SCHOOL CLASS PRESIDENT. BUT IT WAS REALLY TRUE IN ALL THAT HE DID. ONE OF HIS FORMER STUDENTS AT EAST RIDGE TOLD ME THAT HE WAS ONE OF THE MOST IMPORTANT PEOPLE IN HER LIFE, THOUGH HE MIGHT NOT HAVE KNOWN IT. "HE HELPED ME TO LEARN TO RESPECT MYSELF," SHE SAID, "TO LIKE MYSELF ENOUGH TO CARE FOR OTHER PEOPLE."

WE WILL MISS HIM.

AUGUST TERM 1975

Judge Moore asked if there were any delegations to appear before the Council. There were none.

ON MOTION of Councilman Fuller, seconded by Councilman Long, to adjourn. The foregoing Motion was unanimously Adopted by Acclamation.

(Judge Moore stated that the Planning Commission had recommended that this petition be denied.

Mr. Marron Biggs and Mr. Harold Bailey were present at the Council meeting. Mr. Biggs stated that he had sold out to Mr. Bailey and that Mr. Bailey did not realize that he should have been present at the zoning commission meeting. Mr. Biggs said that the store Mr. Bailey was planning to operate would be the only little county store in the area within a radius of 7 miles. The Planning Commission showed slides of the area in question; most of the surrounding property is either vacant or has single family residences.

Judge Moore stated that in view of the fact that the Planning Commission had recommended against rezoning and that the zoning of this particular tract would constitute spot zoning, he recommended that this petition be denied.)

(Judge Moore stated that the Planning Commission had recommended that this petition be denied. Mr. Hickerstaff had said that there is not an adequate water supply.

Mr. William Lewis was present before the Council. Mr. Lewis stated that he wanted to give the Councilmen a moment of history. Mr. Lewis bought this property several years ago to hold for an investment. Then when Hunnicutt reappraised it, Mr. Lewis was told it was a "bunch of lots" and the taxes were raised so Mr. Lewis felt he needed the income from the property and investigated developing it. At that time Mr. Schoolfield was in the building commission and told Mr. Lewis that he thought he could put trailers or single family homes on the property. So Mr. Lewis bought 10 permits. After he started the work he had some bad luck; his home burned and he suffered a loss of time and money and could not continue with the work for a while. Then the water situation came up and there is also some question concerning the legality of the permits because the County does not maintain the roads. After the County Council passed the ordinance permitting mobile homes on five acres or more of land, Mr. Lewis thought the property was ideal for this. Mr. Lewis said that the water company would provide water if it is paid for and if he is allowed to go ahead he will pay for it; he thought the people who live in the area and do not have adequate water would be pleased by this.

The Planning Commission showed slides of the area. One street -Oak Street- leading to the property is very bad and narrow, but Walnut Street is a good road. Mr. Lewis stated he had talked to the principal of the school in the area (Bachman) and the school is not overcrowded, they can handle a few more students. Mr. Lewis said if the Council thought he was trying to do too much, if they could grant approval of half or even a fourth of the property, this would help. He said that one gentleman had made an attack on him at the Planning Commission meeting and had said that Mr. Lewis had gotten over onto other property and knocked down trees, etc., but Mr. Lewis said this was not true. There is a ditch along the right of way which Mr. Lewis said he will cover when he knows what is going to happen.

Dalton Roberts, County Manager, said Walnut Street is a county road.

Mr. Lewis said he planned to make the area a nice trailer court, no junk and no overnight parking. He would require that the trailers be 12 x 60 and would probably ask for year leases.

Judge Moore asked if there was anyone present in opposition. About 10 people stood. The spokesman for the group, John C. McCrary, 2436 Corral Road, Signal Mountain, asked that the slides be shown again and pointed out that the water line would have to go along Oak Street which is only a 10' wide alley. The group had requested that the big open ditch be closed because it was dangerous. Mr. McCrary stated that he owns six acres along Walnut Street and that the right of way at the end of the street is very narrow. The group does not feel that it would be fair to them for the Council to approve it, they feel that the man has infringed on other people's property. He has pushed trees over on them. Mr. McCrary said that Mr. Lewis said he had not had the property surveyed. The group does not want mobile homes put in there.

Mr. Charles Watson of Fairmount Rd., Signal Mtn., stated that roads leading into the area are very narrow and that 60 or 70 more cars on these roads would be impossible to handle. They also feel that this will downgrade their property, that they will lose money having mobile homes in the area.

Mr. Lewis said that Mr. Watson is mistaken, that Walnut Street is "an average county road" very much like the one in front of Mr. Long's office, "no better, no worse.")

BE IT AGREED BY THE GOVERNING BODIES OF THE CITY OF CHATTANOOGA AND THE COUNTY OF HAMILTON IN THE STATE OF TENNESSEE:

Section One. That there is hereby established a Joint Chattanooga-Hamilton County Coliseum Committee, to be composed of nine (9) members, chosen and serving thereon as set out hereinbelow, said members to serve without compensation but to be indemnified by the abovementioned governing bodies for any liability that may attach to actions which they take in pursuance of service to and on behalf of this Committee, so long as said actions are not the result of willful negligence. Staff and office space for said Joint Committee may be provided from among the employees of the City of Chattanooga and Hamilton County by designation of the Mayor of Chattanooga and the County Judge.

Section Two. That the members of said Committee shall be chosen in the manner below and for the terms as shown:

- A. There shall be two (2) permanent, ex-officio members, one (1) of whom shall be the Mayor of the City of Chattanooga, and one (1) of whom shall be the Judge of Hamilton County, provided, however, that said Mayor and said Judge may, from time to time, designate a representative to serve, respectively, in their absence;
- B. The Mayor of the City of Chattanooga, and the Judge of Hamilton County, shall each respectively appoint, at-large, one (1) person to serve for an initial term of one (1) year, and one (1) person to serve for an initial term of (2) years.

S E P T E M B E R T E R M 1 9 7 5

- C. The Mayor and the Judge shall jointly-appoint, at-large, one (1) person to serve as a member of said Committee for a term of one (1) years, which jointly-appointed person shall act as Chairperson of said Committee.
- D. The Mayor and the Judge shall each, respectively, appoint one (1) member from either of the following limited classes to serve on said Committee:
- (1) a current member of the Hamilton County delegation to the Tennessee General Assembly;
 - (2) a current employee of the University of Tennessee at Chattanooga;

Provided, that the term of appointment of such limited-class members shall be one (1) year.

Provided, further, that appointees from such limited classes shall hold their positions upon said Committee only so long as they remain members of the abovementioned limited classes.

Section Three. That the members of the Chattanooga-Hamilton County Coliseum Committee, once duly appointed thereto, shall serve as members of said Committee at the pleasure of the respective appointing official, or until their respective terms of service expire, or until they resign from said Committee, or until they become incapacitated or die.

S E P T E M B E R T E R M 1 9 7 5

Provided, however, that except for the member which is jointly-appointed thereto by said Mayor and said Judge, all at-large terms shall be as indicated for their initial occupancy, thereafter being for two (2) years duration.

Provided further, that in the event of a vacancy, for any reason, upon said Committee, in any of the aforementioned positions in which members serve by reason of appointment, the person vested with appointment power over said occupants of position shall appoint a successor to complete the then-remaining unexpired term.

Section Four. That persons appointed to serve upon said Committee may be reappointed thereto, provided, however, that no person shall serve, excepting the permanent members, for a period of time in excess of four (4) consecutive years.

Section Five. That there is hereby further established an Executive Committee of this Joint Committee. The Chairperson, the Mayor of the City of Chattanooga, and the County Judge of Hamilton County shall compose and be the Executive Committee of the Chattanooga-Hamilton County Coliseum Committee, and said Executive Committee shall follow such rules and procedures as may, from time to time, be jointly-established by said permanent members of said Chattanooga-Hamilton County Coliseum Committee.

S E P T E M B E R T E R M 1 9 7 5

Section Six. That the Chattanooga-Hamilton County Coliseum Committee shall be an advisory body to the governing bodies of Chattanooga and Hamilton County that are properly concerned and charged with policy-making and policy-implementation, as well as development and construction relating to the proposed Chattanooga-Hamilton County Coliseum and/or Civic Center Complex.

Section Seven. That this Joint Committee of the City of Chattanooga and the County of Hamilton in the State of Tennessee shall take effect when each of the respective governing bodies of said City and said County adopt same by appropriate resolution in Sessions Assembled.

NO. 975-9

TITLE A RESOLUTION AUTHORIZING THE COUNTY JUDGE TO EXECUTE AND ATTEST AND TO SUBMIT ON BEHALF OF HAMILTON COUNTY AN APPLICATION, A COPY OF WHICH IS ATTACHED HERETO AND MADE A PART HEREOF BY REFERENCE, INCLUDING ALL UNDERSTANDINGS AND ASSURANCES CONTAINED THEREIN, TO THE DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT FOR COMMUNITY DEVELOPMENT DISCRETIONARY FUNDING, AND DESIGNATING THE COUNTY JUDGE AS THE COUNTY'S REPRESENTATIVE TO ACT IN CONNECTION WITH THE APPLICATION AND TO PROVIDE SUCH ADDITIONAL INFORMATION AS MAY BE REQUIRED FOR THE PURPOSES HEREIN DESCRIBED.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, the problem of Solid Waste collection and disposal is of concern to the County Council of Hamilton County, especially in the non-urban areas of the County; and

WHEREAS, vehicles which can load, compact and haul such waste are essential to the establishment and implementation of any system of collection and disposal, as well as appropriate containers for strategic placement being necessary for such operations, and appropriately located stations for the exchange of waste from collection vehicles to transfer vehicles also being required; and

WHEREAS, approximately two hundred and nineteen thousand dollars (\$219,000.00) in federal funds are currently available via the Department of Housing and Urban Development, under the Community Development Discretionary Funding program; and

WHEREAS, the abovementioned funds can be secured without local share funding, providing an appropriate application submission is approved by the abovenamed grantor department.

NOW, THEREFORE, BE IT RESOLVED, BY THIS COUNTY COUNCIL, IN SESSION ASSEMBLED: That the County Judge is hereby authorized to execute and attest and to submit on behalf of Hamilton County an application, a copy of which is attached hereto and made a part hereof by reference, including all understandings and assurances contained therein, to the Department of Housing and Urban Development for Community Development Discretionary Funding, and designating the County Judge as the County's representative to act in connection with the application and to provide such additional information as may be required for the purposes hereinabove described.

(Judge Moore stated that this particular Resolution would allow the County to make application for a \$219,000 grant to be used in connection with solid waste disposal. The grant would be 100% federally funded with no matching funds required from the County. Judge Moore stated that he understands the County has about a 50-50 chance of getting approval of its application for these funds.)

COMMUNITY DEVELOPMENT PLAN SUMMARY
(STATEMENT OF NEEDS)

INSTRUCTIONS: Within the space provided and in the format given below, summarize the applicant's community development needs, quantified where possible, and indicate the data source on which they are based; i.e. Census, Capital Improvement Program, Special Local Surveys or Plans, etc. The needs shall be numbered consecutively; i.e., A-1, A-2, A-3, A-4, etc. Attach additional pages as necessary. Specifically described those community development needs having a particular urgency which are referred to in Assurance 10.

A-1

There is a need to acquire land and to establish three solid waste transfer stations in Hamilton County with collector, compactor and transfer equipment.

There is a need for six cubic yard capacity containers to be placed at sites where there is indiscriminate dumping which constitutes an imminent threat to public health. In addition containers need to be placed at public schools, county parks, and other publicly owned locations to improve the collection process and to eliminate or reduce indiscriminate dumping. Three hundred thirty-two (332) complaints were received by the Health Department in 1974 relative to garbage and trash dumping. (Appendix A) There is a need to establish a system to monitor the effectiveness of the program pertaining to the usage of sites, volume of waste collected, reduction of indiscriminate dumping etc. A program to promote public awareness of solid waste deposit locations needs to be implemented.

D. DATA SOURCES AND METHODS

A. 1. Based on unpublished census report cross tabulating household by inadequate living conditions, income, size, and race. The total Hamilton County Balance households in 1970 requiring assistance (4,355) was decreased by 926 units of assisted housing provided in the Hamilton County Balance since 1970, including FHA 235,236,221 (d) 3 BMIR units and 7HDA units.

C. 1. A total of 5,575 additional households are expected to reside in Hamilton County in 1975, 2,935 of which will reside in the City of Chattanooga. Nineteen percent of the 5,575 additional households will acquire assistance or 1,059 households. However, of these 1,059 additional households requiring assistance, 821 are expected to reside within the City of Chattanooga, leaving 238 expected households in need of assistance in the Hamilton County Balance.

2. A total of 1447 elderly households are expected to reside in Hamilton County, 540 of which will reside in the City of Chattanooga. Of the 50% Hamilton County Balance, 15 percent are expected to need assistance or 78 elderly households.

Adding 455 handicapped households to the total 3,677 non-handicapped households requiring assistance, the housing needs of the handicapped represent 11 percent of the total need. It is proposed that 11 percent of the first year goal units afforded Hamilton County would be structurally designed and affordably priced to house these handicapped individuals and families. However, including these needs by the required elderly, non-elderly, large and block family breakdowns would have caused methodological complications.

The applicant hereby assures and certifies that he has complied with the regulations, policies, guidelines and requirements of OMB Circular No. A-95, and that he will comply with the regulations, policies, guidelines and requirements of Federal Management Circulars 74-4 and 74-7, as they relate to the application, acceptance and use of Federal funds for this federally-assisted program. Also, the applicant gives assurance and certifies with respect to the grant that:

1. It possesses legal authority to apply for the grant, and to execute the proposed program; that a resolution, motion or similar action has been duly adopted or passed as an official act of the applicant's governing body, authorizing the filing of the application, including all understandings and assurances contained therein, and directing and designating the applicant's chief executive officer as the authorized representative of the applicant to act in connection with the application and to provide such additional information as may be required.
2. It will comply with:
 - (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) and in accordance with Title VI of that Act, no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the Applicant receives Federal financial assistance and will immediately take any measures necessary to effectuate this agreement. If any real property or structure thereon is provided or improved with the aid of Federal financial assistance extended to the Applicant, this assurance shall obligate the Applicant, or in the case of any transfer of such property, any transferee, for the period during which the real property or structure is used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.
 - (b) Title VIII of the Civil Rights Act of 1968, (P.L. 90-284) as amended, and will administer all programs and activities relating to housing and community development in a manner to affirmatively further fair housing.
 - (c) Section 109 of the Housing and Community Development Act of 1974 and in conformance with all requirements imposed by or pursuant to the Regulations of the Department (24 CFR Part 570.601) issued pursuant to that Section; and in accordance with that Section, no person in the United States shall, on the ground of race, color, national origin or sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under, any program or activity funded in whole or in part with the community development funds.
 - (d) Executive Order 11063 on equal opportunity in housing.
 - (e) Section 3 of the Housing and Urban Development Act of 1968, as amended, requiring that to the greatest extent feasible opportunities for training and employment be given lower income residents of the project area and contracts for work in connection with the project be awarded to eligible business concerns which are located in, or owned in substantial part by, persons residing in the area of the project.
3. Prior to the submission of its application, the applicant has:
 - (a) Provided citizens with adequate information concerning the amount of funds available for proposed community development and housing activities, the range of activities that may be undertaken, and other important program requirements;
 - (b) Held at least two public hearings to obtain the views of citizens on community development and housing needs; and
 - (c) Provided citizens an adequate opportunity to participate in the development of the application and in the development of any revisions, changes, or amendments.
4. The applicant will:
 - (a) Provide fair and reasonable relocation payments and assistance in accordance with Sections 202, 203, and 204 of the Uniform Relocation Assistance and Real Property Acquisition Policies Act (P.L. 91-646) and applicable HUD regulations, to or for families, individuals, partnerships, corporations or associations displaced as a result of any acquisition of real property for an activity assisted under the program;

S E P T E M B E R T E R M 1 9 7 5

- (b) Provide relocation assistance programs offering the services described in Section 205 of P.L. 91-646 to such displaced families, individuals, partnerships, corporations or associations in the manner provided under applicable HUD regulations;
 - (c) Assure that, within a reasonable time prior to displacement, decent, safe, and sanitary replacement dwellings will be available to such displaced families and individuals in accordance with Section 205(c)(3) of P.L. 91-646;
 - (d) Inform affected persons of the benefits, policies, and procedures provided for under HUD regulations; and
 - (e) Carry out the relocation process in such a manner as to provide displaced persons with uniform and consistent services, and assure that replacement housing will be available in the same range of choices with respect to such housing to all displaced persons regardless of race, color, religion, or national origin.
5. The applicant will:
- (a) In acquiring real property in connection with the community development block grant program, be guided to the extent permitted under State law, by the real property acquisition policies set out under Section 301 of the Uniform Relocation Assistance and Real Property Acquisition Policies Act and the provisions of Section 302 thereof;
 - (b) Pay or reimburse property owners for necessary expenses as specified in Sections 303 and 304 of the Act; and
 - (c) Inform affected persons of the benefits, policies, and procedures provided for under HUD regulations.
6. It will give HUD and the Comptroller General through any authorized representative access to and the right to examine all records, books, papers, or documents related to the grant.
7. The applicant will comply with the provisions of the Hatch Act which limit the political activity of employees.
8. It will comply with the provisions of Executive Order 11296, relating to evaluation of flood hazards.
9. The applicant's certifying officer:
- (a) Consents to assume the status of a responsible Federal official under the National Environmental Policy Act of 1969 insofar as the provisions of such act apply pursuant to this Part; and
 - (b) Is authorized and consents on behalf of the applicant and himself to accept the jurisdiction of the Federal courts for the purpose of enforcement of his responsibilities as such an official.
10. The Community Development Program:
- (a) Gives maximum feasible priority to activities which will benefit low- or moderate-income families or aid in the prevention or elimination of slums or blight;
 - (b) Contains activities designed to meet other community development needs having a particular urgency which are specifically identified and described in the applicant's community development plan summary and community development program.
11. It will establish safeguards to prohibit employees from using positions for a purpose that is or gives the appearance of being motivated by a desire for private gain for themselves or others, particularly those with whom they have family, business, or other ties.
12. It will comply with all requirements imposed by HUD concerning special requirements of law, program requirements, and other administrative requirements approved in accordance with Federal Management Circular 74-7.

Legal Certification: As counsel for the applicant and an attorney-at-law admitted to practice in the State in which the applicant is located, I certify that the facts and representations contained in Assurance No. 1 above are true and in accordance with State and local law.

PROGRAM NARRATIVE

Solid waste management is becoming an increasingly complex and demanding task because of the volume generated by modern society. Concurrent with the problems associated with volume is a growing public concern with the environment. There is extensive indiscriminate dumping of solid waste in the more rural areas of Hamilton County which causes pollution of neighboring streams, pollution of the immediate vicinity and, pollution of the land area down stream.

It is proposed to place containers for deposit of solid waste at these sites in Northern Hamilton County to eliminate this problem. Solid waste containers will also be placed strategically at publicly owned facilities such as schools and parks throughout the county. Since rising gasoline prices would mean increased cost in taking solid waste to distant collection points it is important to have collection points conveniently located to avoid indiscriminate dumping.

Generally, the more remote rural areas are areas of concentration of low income families which further attests to the need to make it inexpensive for the residents to avail themselves of the opportunity to deposit solid waste at convenient, local points.

Hamilton County's main land fill is located in the Northeast section of the County which makes it necessary for trucks serving residents in the Northwestern part of the County to cross the Tennessee River making a 50 to 60 mile round trip to the County landfill. This process is expensive in terms of energy expended because of the high cost of gasoline and oil.

Currently, many county residents must pay a private collector for household collection, and his high cost of hauling to a distant landfill is passed on to residents. The cost incurred by municipalities is also more than it would be if transfer sites were developed.

Statement of Needs (this project)

There is a need to establish three solid waste transfer stations in the county with collector, compactor and transfer equipment.

Six cubic yard capacity containers need to be placed at sites where there is indiscriminate dumping which constitutes an imminent threat to public health. In addition these containers need to be placed at public schools, county parks and other publicly owned locations to improve the collection process and eliminate or reduce indiscriminate dumping. There were 332 complaints to the Health Department in 1974 relative to garbage and trash dumping. (Appendix A). This need is supported by the County and State Health Departments (Appendix E and F).

There is a need to develop a program to promote public awareness of solid waste deposit locations and the problems caused by indiscriminate dumping.

Long Term Objectives (this project)

The long term objectives of this project will be the elimination or reduction of indiscriminate dumping of solid waste and the resulting pollution from it. The project will be the starting point of a county wide solid waste management system and a basis for a future resource recovery system. Another long term objective will be the elimination of blight and the development of viable community.

Short Term Objectives (this project)

To acquire land, develop and operate three solid waste transfer

S E P T E M B E R T E R M 1 9 7 5

sites in Hamilton County.

To acquire and locate six cubic yard capacity solid waste containers at public schools, parks, indiscriminate dumping sites and selected rural areas. To acquire two rear loading packer trucks and one seventy-five cubic yard compactor for transporting solid waste to transfer stations and/or landfill.

To monitor the system and evaluate the effectiveness as it pertains to usage of sites, volume of waste collected, reduction of indiscriminate dumping complaints, etc.

To establish an information system which will assess user volume at the transfer stations. Records will be kept of daily loads transferred to the land fill.

To establish a records system which will determine volume of solid waste at each deposit location. These records will serve as an indicator of which locations need additional containers and/or more frequent collection service. Adjustments to service schedules will be made as required. To monitor dumping sites in order to determine effectiveness of the container placement program.

ENVIRONMENTAL IMPACT STATEMENT

It is proposed to build three solid waste transfer stations with collector, compactor and transfer equipment. Solid waste containers will be placed at convenient sites throughout the county for deposit of solid waste by individuals. These locations will be monitored as to volume of waste collected so that service levels for each location can be established.

The site for containers will have to have adequate space for one or more containers and a "pull off" area for the user vehicle while using the site.

The following components of this project, which the county plans to undertake, have been analyzed to determine if any significant adverse environmental impact would result from the project. It has been found that:

"None of the proposed objectives will have any significant adverse effect on the environment."

The impact of each component is assessed as follows:

I. Favorable Impact

The network of "green boxes" placed throughout the rural areas of the County will significantly lower the incidence of promiscuous roadside dumping and eliminate established and illegal dumping sites. This will have the obvious benefit of improving the quality of the land along the County's roadsides. It will also result in a number of other favorable ramifications. The health hazards of flies and rodents will be eliminated. There will be no noxious leachate to pollute ground and surface waters. A potential fire hazard, with its accompanying air pollution burden will be prevented. In addition, the odor problem arising from standing solid waste will be eliminated. Finally, erosion, which results from destroying ground cover, will not occur.

The transfer station system, in combination with the "green boxes" will have a positive impact on the environment of the area. These stations will allow economical, frequent collection of the "green boxes" and thus prevent the problems mentioned above. They also will reduce the energy consumption of the present system by eliminating the large number of long trips which must be made by small capacity collection vehicles. This will be accompanied by the lower amount of vehicular pollutants. The transfer stations will also provide the owners of dead animals with an alternative to the present, common practice of burning the animal or allowing it to decompose on the ground,

and creating a potential health hazard. A future benefit to the environment, which is made possible by the transfer stations, is the capability to recover and recycle the resources found in solid wastes.

II. Unfavorable Impact

Every precaution will be taken to assure proper operation of this project and proper maintenance of the related equipment. Should an exceptional circumstance arise, there is a possibility of temporary detrimental effects on the environment. Improperly handled solid waste may create problems of: odor, flies, rats, water pollution from leachate and scattered debris. The project staff will be made aware of the potential damage that might arise from too infrequent collection and disrepaired equipment and will be required to take all necessary action to prevent it.

The operation of transfer stations unavoidably is accompanied by noise. Equipment maintenance will help to reduce the noise. To minimize the nuisance factor to adjacent sites, the stations will be operated only during daylight hours.

The use of vehicles for transport and compaction will result in air pollution. As mentioned in the previous section, the amount of pollution will be less with the transfer stations than without them.

There will be some scattering of solid wastes during the course of operation. This spillage will be contained by fencing and controlled by continual cleanup. Trash brought in by individual residents will be controlled by the staff. Facilities for after-hours disposal by individuals will be provided to prevent dumping outside the transfer station compound.

S E P T E M B E R T E R M 1 9 7 5

III. Alternatives

A. Alternatives to "Green Boxes"

The current lack of solid waste disposal facilities is an unsatisfactory alternative to the proposed system. The effects on the environment were enumerated in Section 1. The current situation is also accompanied by the high costs of refuse cleanup and law enforcement in areas where legal alternatives do not exist.

A second alternative is a County-run door-to-door collection system. This alternative might better insure proper disposal of solid waste, however in the rural areas to be served, this system is not financially feasible. It would also require the greatest expenditure of valuable energy resources. A private door-to-door system has not developed in the rural areas because of the great distances between houses, the condition of some rural roads, and the mountainous geography of the area.

B. Alternatives to Transfer Stations

The only environmentally sound alternative to transfer stations is establishing new sanitary landfills in suitable areas throughout the County. This alternative would be extremely expensive. In addition, it would degrade the landfill site and the adjacent land significantly more than transfer stations. It would also meet with stronger citizens opposition. A landfill site also would not provide as good an opportunity as transfer stations for resource reclamation.

It is doubtful that new landfills could be utilized to capacity. If new ones were developed, the existing County landfill,

S E P T E M B E R T E R M 1 9 7 5

which is well-run, would be under-utilized also and would become financially endangered.

IV. Probable Controversy

The siting of any solid waste handling or disposal facility provokes some citizen opposition about possible land degradation or devaluation. The "green boxes" and transfer stations will be located in suitable sites that create a minimum controversy. The existing landfill site is well accepted by the neighboring land owners and little concern should materialize from the increased utilization foreseen in this project.

The environmental review of the above projects may be reviewed at room 201, County Courthouse, Office of the County Manager, between the hours of 8:00 a.m. to 4:30 p.m.

No further environmental review of the above projects is proposed to be conducted.

Subsequent to a review period of fifteen days during which comments may be made to the county concerning the environmental status of the projects, the county intends to request HUD to release funds for these projects.

Gentlemen:

Residents living in the remote, more isolated and mountainous areas of the county do not have commercial garbage collection service available because of the low density, terrain, narrow roads and soci-economical condition of these residents. Because of above factors, these individuals must rely on their own ingenuity to resolve their particular garbage disposal problem. Vacant lots, isolated areas and abandoned strip mines or chert pits are among the most common sites used.

Small commercial operations face the same problem and because of the distance to the approved county sanitary landfill they select remote areas for their disposal.

Although road side "flinging" has been reduced, promiscuous dumping still occurs in the mountainous north west and north eastern part of the county.

Demolition material and residue from land development such as trees, brush and construction materials cause a serious disposal problem also since open burning has been restricted.

In order to resolve this problem personnel from this department recommend that convenient disposal sites be made available. One method is the "Green Box" approach. Another method, but perhaps more expensive, is a 100% collection system. A transfer station located north and west of the river would be very helpful to both the residents as well as private collectors.

If we can be of further assistance, feel free to call.

Very truly yours,

Dear Dr. Loftis:

Residences of north Hamilton County are in need of a convenient, economical planned solid waste collection and disposal system. This rural area does not have sufficient population density to economically support private contract or municipal refuse collection door-to-door. Consequently, the rural roadside, vacant lots and forrest are scarred with numerous unsightly dumps.

Within the Southeast Region, Rhea, Bledsoe and Sequatchie Counties, adjacent to Hamilton County, have implemented a "greenbox" refuse collection system which is serving the rural citizens.

We endorse an approved greenbox collection system and transfer stations for Hamilton County. These would assist in eliminating spontaneous dumping and would provide the citizenry with an economical solid waste disposal system.

Sincerely,

Hamilton County, Tennessee proposes to apply for \$219,000 discretionary funds from the United States Department of Housing and Urban Development under Public Law 93-383 in order to construct and operate three solid waste transfer stations. Solid waste containers will be placed at publicly owned locations and other sites throughout the County.

This project has been analyzed in order to determine if any adverse environmental impact would result from the project.

It has been found that "The Proposed Project will have no significant adverse effect on the environment."

The environmental review of the above project and the project may be reviewed at room 201, County Courthouse, Office of the County Manager, between the hours of 8:00 a.m. to 4:30 p.m., Monday through Friday.

A RESOLUTION

NO. 975-10

TITLE A RESOLUTION TO AUTHORIZE THE COUNTY JUDGE TO EXPEND SUMS FOR THE PURPOSE OF REMOVING A DEFICIT-SHARE DUE FROM HAMILTON COUNTY FOR THE CHATTANOOGA-HAMILTON COUNTY BICENTENNIAL LIBRARY.

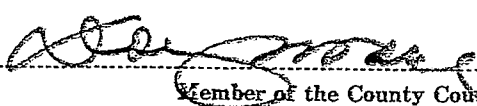

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, the total cost of the main library office and the two (2) branches of the Chattanooga-Hamilton County Bicentennial Library will cost a sum exceeding the original appropriations of the Chattanooga City Commission and the Hamilton County Council; and

WHEREAS, there presently exists an immediate deficit in excess of Eighty Thousand Dollars (\$80,000.00), which sum, in regards to the development of the aforesaid Library, is to be jointly provided by the City of Chattanooga and the County of Hamilton.

NOW, THEREFORE, BE IT RESOLVED BY THIS COUNTY COUNCIL, IN SESSION ASSEMBLED: That the County Judge is hereby authorized to expend Forty Thousand Dollars (\$40,000.00) from previously unexpended bond issues for the Chattanooga-Hamilton County Bicentennial Library, in addition to the original One Million Seven Hundred Fifty Thousand Dollars (\$1,750,000.00) previously authorized expenditure, this additional sum defraying a one-half share of a current library deficit and to be paid to the City of Chattanooga, which is presently acting as paying agent, or the Bicentennial Library Board, or to be part of the total purchase price for the County-designated branch location at Northgate.

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

NO. 975-16

TITLE A RESOLUTION TO ACCEPT THE BID OF AMERICAN NATIONAL BANK AND TRUST COMPANY FOR THE PURPOSE OF MICROFICHE RECORDING OF CERTAIN PUBLIC RECORDS.

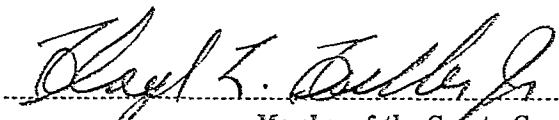

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, bids were received in response to a submission of specifications relating to microfiche microfilming of records within the Assessor's office and the Chattanooga-Hamilton County Health Department; and

WHEREAS, the American National Bank and Trust Company's bid of Three Thousand Six Hundred Ninety-Two Dollars and Fifty-Seven Cents (\$3,692.57) was the lowest and best bid received.

NOW, THEREFORE, BE IT RESOLVED, BY THIS COUNTY COUNCIL, IN SESSION ASSEMBLED: That the bid hereinabovementioned is accepted with the cost of same to be paid out of the County General Fund.

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

NO. 975-18

TITLE TO AMEND RESOLUTION NO. 875-25 PASSED ON AUGUST 20, 1975, SO AS TO AMEND THE DOLLAR FIGURE THEREIN FROM \$58,741.53 TO \$59,336.49.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, After Resolution No. 875-25 was passed on August 20, 1975, it appeared that there were errors appearing in the bidding; and

WHEREAS, the bids were re-examined by an independent purchasing agent and the figures computed by the County Auditor; and

WHEREAS, after due deliberation by the said parties it appeared that the bid of T. H. Payne Company should be accepted and the aforesaid resolution be amended by deleting the figure of \$58,741.53 appearing therein and the figure \$59,336.49 be substituted therefor.

NOW, THEREFORE, BE IT RESOLVED, BY THE COUNTY COUNCIL OF HAMILTON COUNTY, TENNESSEE, IN SESSION ASSEMBLED: That Resolution No. 875-25, aforesaid, be and hereby is amended so as to change the dollar amount therein to \$59,336.49.

The same to be paid out of the County General Fund.

S E P T E M B E R T E R M 1 9 7 5

Judge Moore stated that an independent purchasing agent Tom Irwin had been asked to examine the bids of T. H. Payne and Ivan Allen. Mr. Irwin was with Combustion and TVA for about 16 years and during his y years of service had probably bought as much if not more office furniture than anyone in town.

Mr. Irwin and Mr. Paul Richard, Purchasing Agent for the County, together not only reviewed the specifications but visited the two companies and examined samples on both bids and compared specifications. There was an error in the extension of amounts on the T. H. Payne alternate bid.

Mr. Irwin concurred with the architect that T. H. Payne's bid was the lowest and best bid. It was about 5% more than Ivan Allen's bid but he felt that the difference in quality justified the awarding of the bid to Payne's as opposed to Ivan Allen.

Judge Moore stated that he felt that no member of the County Council had bought enough furniture to be considered anything other than a rank amateur. Judge Moore is confident that Mr. Irwin made his recommendations totally impartially without regard to anything other than value to the citizens of Hamilton County. Judge Moore stated that it is because of citizenship participation of people like Mr. Irwin that city and county government are able to function intelligently. Judge Moore commended Mr. Irwin who took his time and put in two days with Mr. Richard examining these bids.

Mr. Goodman of Bryan Furniture was present with Mr. Moon, also of this company. Mr. Goodman stated that his company had also submitted a bid on the Justice Building furnishings but that somewhere along the way it must have gotten mislaid. Mr. Goodman stated that they did not receive the bid specifications until the day before bids were due in and they therefore could not bid according to specifications. He said however that even if they had had two weeks before they could not have submitted a bid according to specifications because of the way the specifications were written. Mr. Goodman said that they were calling for a total rebid with specifications written so that everyone could have a shot at it.

Mr. Moon stated that they did not have enough time to go into the bid and get specifications but that the judge mentioned "the lowest and best bid" and their bid was the lowest. Whether it was the best furniture remained to be seen but to use past experience as a guide almost every item they have bid has been bought by the County and used in the Health Department. "What you're saying that what is good enough for the Health Department is not good enough for the Justice Building. You want quality furniture; ours is the lowest bid." Mr. Moon stated that Mr. Irwin had not even gotten in touch with them, that he should at least look at their furniture. Mr. Moon said they feel that this matter needs to be looked into as far as the specifications are concerned--that they should not say simply "xyz tables" with no specifications. He stated that they were low and got no consideration whatsoever.

Mr. Goodman stated that since there were three companies involved, it would seem fair for the three of them to get together with Mr. Richard and draw up specifications to enable everyone there to know what is being bid. This would be the most equitable way for a fair bid. That is their complaint.

Judge Moore stated that there was a catalog available that accurately described the furnishings, that if you attempted to describe every item as Mr. Goodman suggested, you would never get through.

Mr. Moon said yes you would. He said that Judge Moore mentioned catalogs; however, if you called Alma and asked for a catalog or specifications they would tell you to contact T. H. Payne, their representative in Chattanooga.

S E P T E M B E R T E R M 1 9 7 5

Judge Moore told Mr. Moon that if they had read specifications in other things, they would see that this is always done. Specifications on automobiles are worded: 4-door Ford or equal. But in the last year 60-70% of the bids awarded have gone to Chevrolet even though the specifications read "Ford or equal." If you contacted the Ford people, they would refer you to their representative in Chattanooga. The catalogs were available in the architect's office; if Bryan Furniture had contacted the purchasing agent, they would have been told this. There is no requirement that the County mail out invitations to bid; this was done only as a courtesy, as a method to invite bids from people who did not know. It was advertised legally in the newspapers.

Mr. Moon stated that they accepted the responsibility for this but that the point they are trying to make is that if the County advertised for "Fords or equal" and received a lower bid from Chevrolet, the purchasing agent would look at the Chevrolets.

Judge Moore said that it is a little easier to compare automobiles. He told Mr. Moon that the reason Bryan was not included in the final consideration was because Bryan had publicly admitted that their bid did not meet the specifications.

Mr. Ken Henry of Ivan Allen stated that he had agreed to abide by the decision of an independent purchasing agent and he would do this. However, he did not think the County was spending the money wisely. Ivan Allen's bid was \$10,000 lower than Payne's principal bid and \$30,000 lower than Payne's alternate bid. Mr. Henry stated that Steelcase furniture is superior to Shaw Walker or United. He also said that on other buildings the specifications should be different.

Judge Moore told Mr. Henry that the next time the County is buying a large amount of furniture, Mr. Henry and Mr. Moon would be invited to provide the specifications. Judge Moore said that they have found it is really an imposition on the person preparing the specifications and he did not realize others were so willing to do this. More than once the person preparing the specifications does not get the awarding of the contract; this has happened on cars; it happened on the Manpower Building. A great deal of time is involved in drawing up the specifications, meetings with the architect, going over plans, etc.

Mr. Henry told Judge Moore that there should be a fund from public money to pay for these services, that Ivan Allen has a department to write specifications and they are paid 6% of the total bid if they do not get the bid and there is no charge if they do get the bid. Mr. Henry stated that he knew Arch (Howell) had spent a great deal of time on this.

Judge Moore pointed out to Mr. Henry that Payne's bid was only 5% higher than Ivan Allens or less than the 6% Ivan Allen would charge to write the specifications.

Judge Moore called for a vote on the motion made earlier.

(Judge Moore stated that this will enable the County to begin for the first time handling car washes for the County government and the Sheriff's department and should present a considerable savings. The company furnishing this machine handles the car wash for Metro-Davidson County with a contract of \$1.75 per car. It will be possible to wash County cars for about \$1.00 each using this purchased equipment; this will represent a considerable savings in money as well as time.)

August 26, 1975

Mr. P. K. Richard
Hamilton County Purchasing Department
1110 Dayton Blvd.
Chattanooga, Tennessee

Dear Mr. Richard:

We are pleased to submit this bid on an Automatic Car Wash System. The system we are proposing would be an automatic five brush rollover type washer as described on the enclosed literature.

The installed price of this system is \$15,580.00. This includes the entire washing system complete with 15 H.P. Hydraulic Power Unit, all motor starters and electrical disconnect. Your responsibility would be to provide the building, complete with adequate drains, a 3/4" city water line to the wash system, 3 C.F.M. of compressed air (a 3/4 H.P. air compressor is sufficient if existing air is not available), and the hook up of the electrical lines to the furnished electrical disconnect.

You have the option of having this system set up as described on the enclosed literature as a semi-automatic system where the driver would park his car and get out of it to push buttons to activate the various cycles-wash, start and wax- or we could activate a limit switch as it entered the unit and it would automatically cycle through the various functions.

This system is fully guaranteed for a period of 90 days. Additionally if only R & D cleaning compounds and waxes are used exclusively with this system we will provide labor for repairs on this system for an additional period of one year at no charge to you - you would have to pay only our cost for replacement parts.

Delivery can be made of this system within 4 to 6 weeks from the receipt of your purchase order. Installation normally

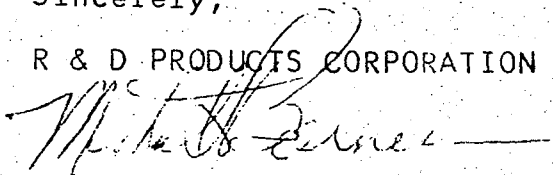

S E P T E M B E R T E R M 1 9 7 5

takes about 2 days. Should you have any further questions concerning this system or would like to see one in operation, please let us know.

Mr. Richard we appreciate this opportunity to bid on this system and we sincerely hope that we can be of service to you.

Sincerely,

Dear Mr. Richard:

Thank you for the opportunity to bid on the Drive-Thru Car Wash, bid to be opened September 2, 1975, at 9:30 A.M.

We are pleased to bid on the N-60 manufactured by Nordick Industries, of Milwaukee, Wisconsin. This is a top quality simple unit with specifications and description on accompanying literature.

The price of this unit shall be \$13,500.00 f.o.b. Milwaukee, Wisconsin; or \$15,000.00 f.o.b. Chattanooga completely installed and checked out, instructions given to your personnel and warranted for one year against defective materials and workmanship. Local parts and service are available. Delivery and installation can be started within two weeks.

We hope this meets with your approval and stand ready to serve you.

Dear Mr. Richards,

I certainly appreciate your considering Southern Steel Fabricators, Inc., who produce the famous "Magic Tunnel" line of automatic car wash equipment. We have produced this equipment since 1948 and have literally grown up with the industry since it began. We can positively take care of your car wash needs, and in a way that will well please your County Government.

We suggest a system that will be fully automatic, except that instead of a progressive conveyor, it will be "drive-through". The system will be the most durable on the American market today, all hydraulically-driven which is what you want in a car wash and all wet situation. Sturdy steel construction with simplicity of design.

We propose to furnish you, freight pre-paid, installed in your building, the following:

- one (1) Magic Tunnel 5 brush Unit, all hydraulic. Big 76" long, 54"o.d.
- "Monster" top brush, two (2) "Tuff-Mock" rocker panel brushes, and
- 2 big 50"o.d. propellar window brushes

S E P T E M B E R T E R M 1 9 7 5

- one (1) pair of "Ecom A-Round" brushes
in self contained Module Unit,
Pre-Loaded with 2 big brushes
5" o.d. x 28"
- one (1) Model 5000 Power-Pak for hydraulic
drive with 10 H.P. electrical
motor
- one (1) set TR-80 Above-Ground Tire Wash-
ers with 80" long x 8" o.d. nylon
brushes
- one (1) set tire concentrate solution pre-
applicators, 6 nozzles each side
- one (1) Final Rinse Arch (with built-in
water or not to be specified-no
extra charge)

for the price of \$18,250

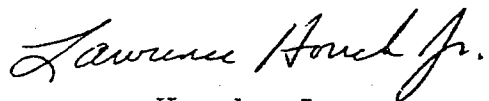

Purchaser to provide proper floor, drains, and 220 volt electrical service with metallic sheathed hose for hook-up to electrical motor on "power-pak". Myslef, its President, will supervise the installation and over-see the proper function of the operation at its opening. Delivery of equipment in approximately 30 days. Warranty period to be 90 Days from opening.

Regular price, Un-installed (F.O.B. Factory) is \$25,480, and we strive for a very sincere price when considered that freight is pre-paid and equipment installed for your price of \$18,250.

Pictures of the equipment are enclosed (see enclosures A and B).

Thanking you for honoring us with your favored business, I am

Very truly yours,

NO. 975-27

TITLE A RESOLUTION TO AUTHORIZE THE COUNTY JUDGE TO EXECUTE AN AGREEMENT, AND TO EXPEND FUNDS THEREUNDER FOR THE PURPOSE OF SECURING HIGHWAY SIGN MATERIALS PURSUANT TO THE FEDERAL HIGHWAY SAFETY ACT OF 1973.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, the Safer Roads Demonstration Program, Section 230 of the Federal Highway Safety Act of 1973 provides for, among other things, designated local agencies such as Hamilton County to receive materials for the construction of highway safety signs via the appropriate agencies of State government, and

WHEREAS, Hamilton County can receive materials sufficient to construct in excess of Three Hundred (300) needed signs pursuant to the provisions of the abovementioned Act by making an initial pay-in of Nineteen Thousand Seven-Hundred Four and Fifty-Eight One-Hundredths Dollars (\$19,704.58), this amount to be later refunded, less Two-Hundred Twenty Dollars (\$220.00), by the federal government, with all materials thereby received becoming the sole property of Hamilton County.

NOW, THEREFORE, BE IT RESOLVED, BY THIS COUNTY COUNCIL IN SESSION ASSEMBLED: That the County Judge is hereby authorized to execute a Force Account Agreement on behalf of Hamilton County, with the State of Tennessee, Department of Transportation, and is further authorized to expend the abovementioned pay-in amount for the purposes herein cited.

FORCE ACCOUNT AGREEMENT

BETWEEN

THE COUNTY OF HAMILTON

SOUTHEAST TENNESSEE DEVELOPMENT DISTRICT,

AND

THE STATE OF TENNESSEE, DEPARTMENT OF TRANSPORTATION

* * * * *

SECTION I: GENERAL RECITALS

THIS FORCE ACCOUNT AGREEMENT is made as of this the _____ day
of _____, 19____, by and between THE COUNTY OF HAMILTON
_____, hereinafter referred to as the "LOCAL AGENCY", the SOUTHEAST
TENNESSEE DEVELOPMENT DISTRICT, hereinafter referred to as the "DEVELOP-
MENT DISTRICT", and THE STATE OF TENNESSEE, DEPARTMENT OF TRANSPORTATION,
acting through its BUREAU OF HIGHWAYS, Nashville, Tennessee, 37219,
hereinafter referred to as the "STATE".

W I T N E S S E T H:

WHEREAS, the parties hereto have selected for improvement under the
Safer Roads Demonstration Program, Section 230 (hereinafter referred to as
the "230 PROGRAM") of the Federal Highway Safety Act of 1973 the projects
indicated on Attachment "A", which attachment is incorporated as an inte-
gral part hereof; and,

WHEREAS, the parties hereto consider it to be in the public interest
that as much of the work under the 230 PROGRAM as is practically feasible
should be handled by the particular level of government that is closest to
the installation of the improvements, provided said level of government is
qualified, staffed, and equipped to perform and otherwise handle the instal-
lation in an efficient and satisfactory manner; and,

S E P T E M B E R T E R M 1 9 7 5

WHEREAS, the STATE considers the LOCAL AGENCY to be so qualified, staffed, and equipped to perform its assignment to be assumed hereunder; and,

WHEREAS, the parties hereto propose to enter into this Force Account Agreement for the purpose of obligating the LOCAL AGENCY with the corrections of hazards, improvement of marking and signing, and the removal of obstacles for the projects indicated on Attachment "A" and in accord with the STATE'S prepared plans which are affixed hereto as a part hereof under the designation of Attachment "C", and to obligate the DEVELOPMENT DISTRICT with the submission to the STATE of updated project listings within the LOCAL AGENCY'S geographical jurisdiction as new projects are identified and to provide the STATE with an evaluational program to determine the impact of the 230 PROGRAM improvements in reducing the incidence and severity of accidents.

NOW, THEREFORE, it is agreed by and between the parties hereto as follows:

SECTION II: SERVICES TO BE PERFORMED BY PARTIES

A. SERVICES TO BE PROVIDED BY LOCAL AGENCY. The scope, extent, and concept of the LOCAL AGENCY'S work assignment under this 230 PROGRAM Force Account Agreement will involve the purchase of needed materials and the construction with its own forces of the proposed improvements enumerated on Attachment "A" and shown on Attachment "C" hereto for the purpose of implementing corrective measures for the identified overt and potential hazards and traffic obstacles and making improvements in highway marking and signing.

The LOCAL AGENCY'S work shall be in accord with the STATE'S Standard Specifications for Road and Bridge Construction (1968 edition), the Manual on Uniform Traffic Control Devices, and normally acceptable construction practices. In cases where the LOCAL AGENCY'S work

[] [] []

S E P T E M B E R T E R M 1 9 7 5

assignment necessitates coordination with private utility companies or railroads, said coordination with such concerns will be the responsibility of the LOCAL AGENCY.

It is understood by the parties hereto that no rights-of-way or easements may be acquired under the 230 PROGRAM; in the event the LOCAL AGENCY deems easements will be necessary in the effectuation of the proposed improvements, the LOCAL AGENCY shall acquire same at their discretion outside the scope of the 230 PROGRAM and this Force Account Agreement and shall bear all involvements and costs pursuant thereunto. In such event the LOCAL AGENCY shall abide by the policies promulgated within the Uniform Relocation Assistance and Land Acquisition Policies Act of 1970.

The LOCAL AGENCY agrees that it will not use the labor of convicts, jail prisoners, or workhouse prisoners in the construction of the proposed improvements under this Force Account Agreement from the time of the program approval through the final acceptance of the work by the STATE and Federal Highway Administration. The LOCAL AGENCY further agrees to preclude the use of such labor for maintenance or any other purpose at the project sites.

The services to be performed by the LOCAL AGENCY under this Force Account Agreement shall conform to the requirements of various applicable parts of Federal-aid Highway Program Manual and other memoranda and directives governing policies and procedures to be used in the 230 PROGRAM by a local government under a Force Account Agreement on the basis of actual costs of the work or negotiated unit prices, which costs or unit prices shall be inclusive of personnel for the period of time actively engaged in the work, and for materials, supplies, equipment, etc. and other direct project costs that are necessary for the completion of the project. A copy of each of these controlling memoranda has been provided by the STATE to the LOCAL AGENCY for its information and guidance during the performance of the work.

S E P T E M B E R T E R M 1 9 7 5

Inspection of the LOCAL AGENCY'S performed work shall be the coordinated effort of the LOCAL AGENCY, the STATE, and the Federal Highway Administration. The LOCAL AGENCY will provide all needed daily inspection and supervision over the job under the STATE'S final control of the work. Periodic inspections both as to sufficiency of supervision and quality of the work will be made by the STATE and the Federal Highway Administration at their discretion. The quality of work performed hereunder shall be assured at all times throughout construction. A STATE resident engineer or project manager will observe all operations and procedures and make appropriate inspection of the work for his records and reports; further, he shall be responsible for reviewing, checking, and approving all quantities for payment. Final inspection and acceptance of the completed work will be made by representatives of the LOCAL AGENCY, the STATE, and the Federal Highway Administration.

The LOCAL AGENCY agrees to submit to the STATE certifications for all materials required for installation under this Agreement, and testing required beyond these certifications will be performed by the STATE as denoted in Paragraph B below.

The LOCAL AGENCY agrees to assume perpetual maintenance responsibilities for all the proposed improvements covered under this Force Account Agreement except railroad-roadway grade crossings, which shall be maintained by the railroad companies.

Any dispute concerning a question of fact in connection with the work not disposed of by agreement between the LOCAL AGENCY and the STATE shall be referred to the Director, Bureau of Highways of the Department of Transportation of the State of Tennessee, or

his duly authorized representative, whose decision shall be final. The LOCAL AGENCY shall assume all risk in connection with the performance of this Agreement and shall be liable for and save harmless the STATE on account of any damages to persons or property resulting from the negligence of the LOCAL AGENCY in connection with the prosecution and completion of the work covered by this Agreement. The LOCAL AGENCY is assumed to be familiar with and at all times shall observe and comply with all Federal, State, and local laws, ordinances and regulations in any manner affecting the conduct of the work and all instructions and prohibitive orders issued by the STATE and Federal Government.

B. SERVICES TO BE PROVIDED BY STATE. The STATE has heretofore prepared the plans which are incorporated hereunder as Attachment "C" and agrees to provide testing services as it deems necessary to assure compatibility of supplied materials with specifications; to assume final control over the work to be performed by the LOCAL AGENCY; to coordinate the prosecution and completion of the work with the Federal Highway Administration; to perform inspection services as denoted in Paragraph A immediately above; to make payment to the LOCAL AGENCY as described in Section IV hereinafter, for satisfactorily completed work; and to coordinate with the DEVELOPMENT DISTRICT matters pertaining to its additional project selections and evaluational programs subsequent to the completion of the proposed improvements. The STATE agrees to retain for review for three (3) years after completion of its work all records pertaining to its costs pertaining to contract administration, inspection, and testing, which costs are to be reimbursed under Section IV below.

C. SERVICES TO BE PROVIDED BY DEVELOPMENT DISTRICT. The DEVELOPMENT DISTRICT has heretofore investigated, identified, and reported to the STATE the several safety projects within the LOCAL AGENCY'S geographical jurisdiction which are eligible for participation under the 230 PROGRAM. The DEVELOPMENT DISTRICT agrees under this Agreement to make subsequent reports to the STATE for the identification

S E P T E M B E R T E R M 1 9 7 5

of any additional projects and to provide the STATE with an evaluational program to determine the effects of the 230 PROGRAM improvements upon the reduction of accidents and their severity. The accomplishment of the DEVELOPMENT DISTRICT'S evaluation program may follow the format of a "before and after" report on an individual project basis or by the grouping of similar types of improvements.

- D. SCHEDULE. The LOCAL AGENCY agrees to begin material acquisition and/or work on its assignment within ten (10) days following the STATE'S issuance of a work order and to diligently prosecute its work so that the same will be completed and ready for final inspection within 150 working days following the effective date of this Agreement. These limitations are conditional upon timely delivery of materials and upon the STATE'S prompt undertaking of its duties as specified in Paragraph B above.
- E. ADDITIONAL WORK OR CHANGE OF WORK. In the event that either the STATE or the LOCAL AGENCY requests from the other a modification in the LOCAL AGENCY'S proposed scope of work to include additional work or a change of work after same has been approved by the STATE and the Federal Highway Administration, the LOCAL AGENCY agrees to comply with said requests after a supplemental agreement stipulating the alteration of the LOCAL AGENCY'S scope of work has been entered into and approved.
- F. ABANDONMENT OF AGREEMENT. In the event that the parties to this Agreement mutually decide to abandon all or any part of the Agreement subsequent to its effectuation, the LOCAL AGENCY shall be reimbursed for its work completed prior to said mutual understanding.

SECTION III. ADDITIONAL AGREEMENT PROVISIONS

- A. EQUAL EMPLOYMENT OPPORTUNITY. (E.O. 11246). During the performance of this Contract, the LOCAL AGENCY agrees as follows:
1. The LOCAL AGENCY will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The LOCAL AGENCY will take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to their race, color, religion, sex, or national origin. Such action shall include, but not necessarily be limited to the following: employment, up-grading, demotion or transfer; recruitment or recruitment advertising; layoffs or terminations; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The LOCAL AGENCY agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the STATE setting forth the provisions of this nondiscrimination clause.
 2. The LOCAL AGENCY will, in all solicitations or advertisement for employees placed by or on behalf of the LOCAL AGENCY, state that all qualified applicants will received consideration for employment without regard to race, color, religion, sex, or national origin.
 3. The LOCAL AGENCY will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding a notice to be provided by the STATE advising said labor union or workers' representative of the LOCAL AGENCY'S commitments under this Section III and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
 4. The LOCAL AGENCY will comply with all provisions of Executive Order 11246 of September 24, 1965 and of the rules, regulations, and relevant orders of the Secretary of Labor.
 5. The LOCAL AGENCY will furnish all information and reports required by Executive Order 11246 of September 24, 1965 and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to its books, records, and accounts by the Federal Highway Administration and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
 6. In the event of the LOCAL AGENCY'S noncompliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be cancelled, terminated or suspended in whole or in part, and the LOCAL AGENCY may be declared ineligible for further Federal Government contracts or Federally-assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965 or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
 7. The LOCAL AGENCY will include the provision of this Section III in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order 11246 of September 24, 1965 so

S E P T E M B E R T E R M 1 9 7 5

that such provisions will be binding upon each subcontractor or vendor. The LOCAL AGENCY will take such action with respect to any subcontract or purchase order as the STATE or the Federal Highway Administration may direct as a means of enforcing such provisions including sanctions for noncompliance: Provided, however, that in the event the LOCAL AGENCY becomes involved in or is threatened with litigation with a subcontractor or vendor as a result of such direction by the STATE or by the Federal Highway Administration, the LOCAL AGENCY may request the STATE to enter into such litigation to protect the interests of the STATE and request the United States to enter into such litigation to protect the interests of the United States; and the STATE further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in Federally-assisted construction work: Provided, that if the party so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality, or subdivision of such government which does not participate in work on or under the contract.

- B. NONSEGREGATED FACILITIES. By the execution of this Agreement the LOCAL AGENCY certifies that it does not maintain or provide for its employees any segregated facilities at any of its offices or job sites and that it does not permit its employees to perform their services at any location under its control where segregated facilities are maintained. The LOCAL AGENCY certifies further that it will not maintain or provide for its employees any segregated facilities at any of its offices or job sites and that it will not permit its employees to perform their services at any location under its control where segregated facilities are maintained.

It agrees that a breach of this certification is a violation of the Equal Opportunity Clause in this Contract. As used in this certification the term "segregated facilities" means any waiting rooms, work areas, restrooms and washrooms, restaurants and other eating areas, timeclocks, locker rooms and other storage or dressing areas, transportation, and housing facilities provided for employees which are segregated by explicit directive or are in fact segregated on the basis of race, creed, color, or national origin, because of habit, local custom or otherwise.

It agrees that (except where it has obtained identical certifications from proposed contractors, subcontractors, and material suppliers for specific time periods) it will obtain identical certifications from proposed subcontractors or material suppliers prior to the award of subcontracts or the consummation of material supply agreements exceeding \$10,000 which are not exempt from the provisions of the Equal Opportunity clause and that it will retain such certifications in its files.

- C. TITLE VI, CIVIL RIGHTS ACT OF 1964. During the performance of this contract, the LOCAL AGENCY, for itself, its assignees and successors in interest, agrees as follows:

1. Compliance with Regulations: The LOCAL AGENCY will comply with the Regulations of the United States Department of Transportation, formerly Commerce, relative to nondiscrimination in Federally-assisted programs of the Department of Transportation (Title 49, Code of Federal Regulations, Part 21, hereinafter referred to as the "Regulations"), which are herein incorporated by reference and made a part of this contract.
2. Nondiscrimination: The LOCAL AGENCY, with regard to the work performed by it after award and prior to completion of the contract work, will not discriminate on the grounds of race, color, religion,

S E P T E M B E R T E R M 1 9 7 5

sex or national origin in the selection and retention of sub-contractors, including procurements of materials and leases of equipment. The LOCAL AGENCY will not participate either directly or indirectly in the discrimination prohibited by Section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.

3. Solicitations for Subcontracts, Including Procurements of Materials and Equipment: In all solicitations either by competitive bidding or negotiation made by the LOCAL AGENCY for work to be performed under a subcontract, including procurements of materials or equipment, each potential subcontractor or supplier shall be notified by the LOCAL AGENCY of the LOCAL AGENCY'S obligations under this contract and the Regulations relative to nondiscrimination on the grounds of race, color, religion, sex, or national origin.
 4. Information and Reports: The LOCAL AGENCY will provide all information and reports required by the Regulations, or orders and instructions issued pursuant thereto, and will permit access to its books, records, accounts, other sources of information and its facilities as may be determined by the STATE or the Federal Highway Administration to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of the LOCAL AGENCY is in the exclusive possession of another who fails or refuses to furnish this information, the LOCAL AGENCY shall so certify to the STATE, or the Federal Highway Administration, as appropriate, and shall identify what efforts it has made to obtain the information.
 5. Sanctions for Noncompliance: In the event of the LOCAL AGENCY'S noncompliance with the nondiscrimination provisions of this contract, the STATE shall impose such contract sanctions as it or the Federal Highway Administration may determine to be appropriate, including, but not necessarily limited to:
 - a. withholding of payments to the LOCAL AGENCY under the contract until the LOCAL AGENCY complies, and/or
 - b. cancellation, termination or suspension of the contract, in whole or in part.
 6. Incorporation of Provisions: The LOCAL AGENCY will include the provisions of paragraphs 1 through 6 in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations, order, or instructions issued pursuant thereto. The LOCAL AGENCY will take such action with respect to any subcontract or procurement as the STATE or the Federal Highway Administration may direct as a means of enforcing such provisions including sanctions for non-compliance: Provided, however, that, in the event the LOCAL AGENCY becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the LOCAL AGENCY may request the STATE to enter into such litigation to protect the interests of the STATE, and in addition the LOCAL AGENCY may request the United States to enter into such litigation to protect the interests of the United States.
- D. WAGE DETERMINATION. The LOCAL AGENCY agrees that in the event any part of the on-site construction work, as defined by the Regulations of the Secretary of Labor (29CFR, Part 5), is to be accomplished by forces other than by laborers and mechanics directly employed by the LOCAL AGENCY (as the performance of any part of the on-site construction by a contractor or subcontractor) a standard wage shall be determined for the specific labor classifications which will be used in said on-site construction, said wage determination being applicable only to on-site work being performed by a contractor or by a subcontractor and not to work performed by personnel directly employed by the LOCAL AGENCY.

SECTION IV: PAYMENTS

Payment under this Agreement will be made to the LOCAL AGENCY for the performance of its assignment described in Paragraph A, Section II above and to the STATE to defray its incurred costs for contract administration, inspection, and testing duties assumed under Paragraph B, Section II above.

In accord with the provisions of Volume 6, Chapter 8, Section 2, Sub-Section 1, Paragraph 7b(1) of the Federal-aid Highway Program Manual, the parties hereto agree that defrayal of the LOCAL AGENCY'S costs for satisfactorily completed work under this Force Account Agreement shall be made on a unit-price basis. The STATE'S Design and Maintenance Divisions have jointly originated a preliminary cost estimate of Twenty-one Thousand Eight Hundred Ninety-three and $\frac{98}{100}$ (\$ 21,893.98) Dollars for the LOCAL AGENCY'S performance of the proposed work, which estimate is based on estimated quantities of work and unit prices for same; the STATE'S estimate is affixed hereto as Attachment "B" and made an integral part hereof. The parties hereto agree that said unit prices and estimated costs are fair and reasonable and shall be accepted as the basis for future invoices by the LOCAL AGENCY and for fund allocation by the funding parties hereto.

The STATE will be reimbursed under this Agreement to retrieve its incurred costs relative to contract administration, inspection, and testing services. The STATE has estimated these costs at Two Thousand Two Hundred and $\frac{00}{100}$ (\$ 2,200.00) Dollars. The parties hereto, deeming said estimate to be reasonable, agree to accept same for the purpose of allocating funds as described below.

The total estimated cost of this Agreement, being defined as the sum of estimated costs for the LOCAL AGENCY'S and STATE'S work assignments, is hereby established at \$24,093.98. It is understood that said amount is an estimate only and is subject to adjustment upon the mutual consent of the contracting parties hereto.

S E P T E M B E R T E R M 1 9 7 5

The parties hereto agree to use the aforementioned total estimate of cost of this Agreement as a basis of convenience for the computation of the initial financial obligations of the Federal Highway Administration and the LOCAL AGENCY relative to assuming responsibility for the requisite funds for this Agreement. It is agreed that all eligible costs under this Force Account Agreement shall be shared by the Federal Highway Administration and the LOCAL AGENCY on a 90%-10% sharing ratio. Based on said sharing ratio and the aforementioned total estimate, it is agreed the initial financial responsibility of funds shall be borne as follows:

<u>Agency</u>	<u>Sharing Ratio</u>	<u>Est. Funds For Loc. Ag.'s Work</u>	<u>Est. Funds For State's Work</u>	<u>Est. Total Funds</u>
Federal Government	90%	\$19,704.58	\$1,980.00	\$21,684.58
LOCAL AGENCY	<u>10%</u>	<u>\$2,189.40</u>	<u>\$ 220.00</u>	<u>\$2,409.40</u>
Totals	100%	\$21,893.98	\$2,200.00	\$24,093.98

Should the actual costs of the completed work deviate from the aforementioned total cost estimates, the required final funding responsibilities of the two funding agencies will be adjusted to establish a 90%-10% relationship.

The STATE'S normal policy is to require the deposit or allocation of funds from funding agencies before the instigation of work. Under this 230 PROGRAM Force Account Agreement, however, the STATE agrees to waive said requirement to facilitate the early initiation of the LOCAL AGENCY'S work assignment. The parties hereto agree that the STATE shall withhold from the LOCAL AGENCY'S first submitted invoice for completed work the sum of \$220.00 for the LOCAL AGENCY'S 10% participation in the estimated costs for the STATE'S work to be performed under this Agreement. Should the STATE'S actual costs exceed current estimates, the LOCAL AGENCY agrees to make a deposit with the STATE to bring its total participation up to 10% of the STATE'S actual costs once these actual costs are determined. On the other hand, should the STATE'S actual costs be less than the current estimate, the STATE agrees to return to the LOCAL AGENCY an amount needed to establish the actual required 10% participative share.

S E P T E M B E R T E R M 1 9 7 5

It is agreed that the LOCAL AGENCY shall submit to the STATE six copies of monthly invoices for 90% of the LOCAL AGENCY'S incurred costs for work completed during each month. The STATE agrees to make payment of the invoiced amounts in accordance with its normal fiscal procedures and within the terms of the preceding paragraph; and the LOCAL AGENCY agrees to accept the STATE'S remittances which, together with the LOCAL AGENCY'S responsibility of 10% of its incurred costs, shall be considered as payment in full for the LOCAL AGENCY'S work covered by the invoice.

IN WITNESS WHEREOF, the parties hereto, having reviewed and being in full accord with this Agreement and Attachments A, B, and C thereto, have executed this Force Account Agreement as of the date first above written, Section I.

604.03 - Classification and proportioning of concrete. At the end of the Structural Concrete Proportioning Table add the following:

When approved by the Engineer, the ratio of coarse and fine aggregate may be adjusted in order to assure better workability or to accommodate placement by pumping. However, in no case shall the fine aggregate exceed 44 percent of the total aggregate.

604.04 - Equipment. Add the following to this subsection.

Concrete for items of construction set out in Subsection 604.12 of this special provision may be mixed in a mobile volumetric continuous mixing plant.

The mobile mixing plant shall be designed to accurately batch aggregates and cement by volume based on weight. The mixing shall be by a continuous auger and/or paddles. The mobile unit shall be capable of producing a uniform concrete mix meeting all requirements of the specifications.

The mobile mixer shall be capable of carrying in separate compartments all the necessary ingredients needed for the concrete mix and shall be equipped with calibrated proportional devices for each material.

Each unit shall have attached thereto a metal plate on which is marked the discharge speed and weight calibrated constant of the machine.

Adequate standard volume measures, scales and weights shall be available for checking accuracy of proportioning mechanism.

The proportioning controls shall be so fixed that they may be set and locked for different materials and mixes.

A calibrated chart for the individual unit must be furnished when required by the Engineer.

The calibration and gate settings for the design to be used shall be performed according to the manufacturer's recommendations, by the producer or factory representative, in the presence of the Engineer or Inspector.

This mobile mixer shall be equipped with separate bins and gate openings for each type of material. The storage bin for cement shall be waterproof and the aggregate bins shall be covered with tarpaulins or by other approved methods.

A satisfactory method of setting the dosage for admixtures must be furnished and if admixtures other than air entraining agents are used, they shall be added in the manner and in the dosage recommended by the manufacturer.

When concrete is placed by pumping, the use of Aluminum conduit will not be permitted.

604.06 - Falsework - Delete Subsection 604.06 and Substitute the following in lieu thereof:

The falsework used to support the forms and concrete for concrete structures shall be supported on sills resting on rigid foundations composed of solid rock, piles driven until the bearing capacity of each pile is sufficient to support the load to which it will be subjected, or earth borne spread concrete footings as hereinafter provided.

Earth borne spread concrete footings will be permitted only when, in the opinion of the Engineer, the soil can adequately support the superimposed loads and the following conditions are met:

1. Spread footings will only be permitted on natural ground.
2. A sufficient amount of the top soil shall be removed to insure a firm, undisturbed foundation.
3. The site is graded and so maintained to prohibit ponding of water, or erosion of soil in the proximity of the spread footings.
4. The falsework system shall be designed as not to exceed the bearing capacity of the soil but in no case shall exceed 3,000 pounds per square foot.
5. The concrete spread footings shall be designed to carry the superimposed loads.
6. All spread concrete footings shall be constructed on a level plane.

The bearing value of piles shall be calculated according to the formulas given in Subsection 606.14.

The falsework shall be constructed so as to support the required loading without distortion of the forms.

604.08 - Reinforcement - Delete lines 4 through 7 on page 345 and substitute the following in lieu thereof:

All reinforcement shall be furnished in the full lengths shown on the plans, unless otherwise approved in writing by the Engineer. Temperature reinforcement may be spliced at no additional compensation, once per bar in the end sections of box and slab type culverts that are on a skew other than 90° and in box and slab type culverts that require no contraction joints due to their length. Temperature reinforcement in end sections of 90° skewed structures and in interior sections of

all box and slab type culverts will be furnished in the full length required, with no splices. Splices shall be made as follows, unless otherwise noted on the Plans:

604.12 - Handling, measuring, and batching materials. Add the following to the end of the first paragraph:

In the following items of construction, a mobile volumetric continuous mixing concrete plant meeting the requirements of Subsection 604.04 of this special provision may be substituted for method described in Subsection 501.09:

- Section 611 Manholes, catchbasins, inlets, pipe end walls
- Section 701 Cement concrete sidewalks, driveways, and median pavement
- Section 702 Cement concrete curb, gutter, and combined curb and gutter
- Section 703 Cement concrete ditch paving
- Section 705 Guard rail
- Section 707 Fences
- Section 709 Rip-rap and slope paving
- Section 711 Tables, chairs, benches, and fire places
- Section 712 Cable - chain link barrier
- Section 713 Highway signing
- Section 714 Roadway and structure lighting

604.13 - Limitations of Mixing. At the conclusion of this subsection add the following:

When bridge deck concrete is being placed during hot weather appropriate measures shall be taken to reduce the hazards of increased rate of cement hydration and high concrete temperatures.

The temperature of the concrete at point of discharge shall not exceed 90° F.

The Engineer may require any or all, but not limited to, the following precautions to reduce the temperature of the concrete:

Sprinkle coarse aggregate stockpiles in a manner so as to distribute the water evenly and to prevent a variation of moisture within the stockpile.

Use crushed or chipped ice as a portion of the mixing water, or use water cooled by refrigeration or other means. If ice is used it shall be put in on a pound for pound basis and completely melted before the concrete is discharged from the mixer. The contractor may employ other means which he may have at his disposal if approved by the Engineer.

In order to minimize the number and extent of precautions as indicated during the production and use of concrete during hot weather, the contractor may use approved chemical admixtures for set-retarding purposes. However, the use of such approved set-retarding admixtures shall not relieve the contractor of the necessity for other precautions deemed necessary to minimize variability of the physical characteristics of the green concrete such as those above listed.

Unless otherwise specified in the contract, additives or admixtures shall be used only with the authority of the Engineer and subject to the conditions set forth in such authority.

Unless specifically provided in the contract, the furnishing and use of approved additives or admixtures and the other precautions necessary to provide satisfactory concrete and concrete products shall be considered subsidiary to the furnishing and placement of the concrete and any and all additional costs related thereto and risks resulting therefrom shall be borne by the contractor.

604.14 - Mixing Concrete - Add the following to the end of the first paragraph:

For items of construction specified in 604.12 above, concrete mixing may be performed by mobile volumetric measuring and mixing equipment as described in Subsection 604.04 of this special provision.

604.17 - Placing Concrete - Add the following at the end of (a) General. These additional requirements shall apply when concrete is being placed on bridge decks.

When the ambient temperature is 80° F. or over and the air is arid or a hot wind is blowing, the Engineer may require the use of windbreaks, shading devices and other precautionary measures as follows:

Immediately before the concrete is placed the forms and reinforcing steel shall be cooled by spraying with water, but this operation shall leave no puddles or pockets of water. The contractor shall have sufficient skilled men and adequate equipment to place the concrete without delays and shall be ready for placement when the first batch arrives.

The equipment transporting the concrete shall be so scheduled that the placement can be carried out smoothly and without interruption and that no stacking up of equipment or lapse of time be encountered. Trucks shall be kept in shade when not being loaded or sprinkled so as to contribute to reducing the temperature of the concrete.

If excessive evaporation is experienced during the placing and finishing operations, a very light fog spray of water, covering with white polyethylene sheeting, or similar methods shall be employed to minimize evaporation or moisture from the concrete surface.

Every effort shall be made to keep the concrete at a reasonably constant slump, air content and temperature throughout the placement.

Final water curing shall begin as soon as possible after the concrete is placed.

604.17 - Placing Concrete - Add the following to the end of the Subsection to be part of the last paragraph:

These joints will be located parallel to the main reinforcing steel in the slab and not necessarily perpendicular to the axis of the box or slab type culverts.

604.22 - Finishing Concrete Surfaces. Delete the second and third paragraphs and add the following in lieu thereof:

All concrete surfaces shall be given a Class I finish. The following surfaces of all structures shall be given a Class 2 or Textured Coated Finish: roadway face and top of curbs, vertical outside face of curb overhang or sidewalks slab, bottom surface of slab overhang, bridge railings, barrier railings, all vertical surfaces of the superstructure of dual bridges exposed to view from either structure and all surfaces of retaining walls, wing walls, and end walls, which are visible from passing vehicles.

All surfaces of structures over a highway or another structure exposed to general view shall be given a Class 2 of Textured Coated Finish. Such surfaces, in addition to those set out above, will usually include all parapets, copings, columns, piers, bents, sides and ends of caps, the outside of all fascia beams, the ends of arch rings, outer surfaces of spandrel walls, the exposed surfaces of wing walls and the faces of abutments. If additional surfaces are to receive a Class 2 or Textured Coated Finish other than those already indicated, these surfaces will be shown on the plans.

A combination of the Class 2 and Textured Coated Finish will not be permitted. If a Textured Coated Finish is called for on the plans, a Class 2 finish cannot be used.

Add the following at the end of Subsection:

(d) Textured Coated Finish

Surface preparation prior to spray finish shall include a Class 1 Ordinary Surface Finish in accordance with Subsection 604.22(2). Surfaces to be coated shall be free from efflorescence, flaking, coating, rust, dirt, oil and other foreign substances. Coatings shall be applied only to surfaces that are free of surface moisture as determined by light and touch. Surfaces that are not to receive

a Coated Finish are to be shielded and masked. Cracks over 1/8" wide are to be veed out and filled as recommended by the Engineer.

The application of the Coated Finish shall be by spray only. The spray finish shall be applied at a rate of 45 ± 5 square feet per gallon with heavy duty spray equipment, such as 4:1 ratio pump or larger, capable of maintaining a constant pressure as necessary for proper application.

The traffic face of bridge rails, barrier rails and approach face of bridge substructure adjacent to traffic lanes shall be coated with quartz. The rate of application shall be one (1) lb. per 100 sq. ft.

The color of the finish shall be as near as practicable to the color of a rubbed concrete finish or as indicated on the plans. A color sample shall be submitted to the Bridge Engineer for approval.

Materials shall be manufactured to meet Federal Specification TT-C-00555 Type II. Copy of material specifications may be obtained from the Materials and Tests Division, 2200 Charlotte Avenue, Nashville, Tennessee 37203.

Sampling and Testing

Prior to approval and use of the material, the contractor shall submit to the Materials and Tests Engineer a notarized certificate by the formulator of this Material, stating that the material proposed for use, or material of identical formulation, has been tested and meets all of the requirements as set forth herein.

This notarized certification shall be accompanied by a certified test report from an approved laboratory on the material or on material of identical formulation as that which will be supplied. This test report shall have listed on it the test data of all test requirements set forth herein.

These certificates shall remain in effect until such time that either the formulation is changed or that the Materials and Tests Engineer, at his discretion, requires that the material be requalified for use, in which event the qualifying procedure shall be repeated.

The contractor shall submit to the Materials and Tests Engineer a one-quart sample of the material he proposed to have qualified for use.

After the material has been initially qualified and approved for use, the contractor shall submit for each project the material as used, a certified statement from the formulator stating that the material furnished is identical in all respects to that which was initially qualified.

This shall not constitute a waiver on the part of the Department of any requirements with respect to samples and sampling, and the right is retained to performed any or all of the tests specified.

SPECIAL PROVISION

REGARDING

SECTION 903. AGGREGATES

Subsection 903.01 - Fine Aggregate for Concrete.

Delete paragraphs (d) and (e) and substitute the following:

(d) The amount of deleterious substances shall not exceed the following limits:

	<u>Maximum Permissible Limits</u> <u>Percent by Weight</u>
1. Clay Lumps	0.5
2. Coal and lignite	0.5
3. Material Passing the No. 200 Sieve	3.0 *
4. Other deleterious substances (such as shale, alkali, mica, coated grains, soft and flaky particles)	3.0

* If the fine aggregate is manufactured from limestone or dolomite and if the material finer than the No. 200 sieve consists of the dust of fracture, essentially free from clay or shale, this limit may be increased to four percent.

(e) Fine aggregate shall be well graded from coarse to fine and when tested by means of laboratory sieves, shall conform to the following requirements:

<u>Sieve Size</u>	<u>Total Percent Passing</u> <u>by weight</u>
3/8 inch	100
No. 4	95-100
No. 16	50-90
No. 50	10-30
No. 100	0-10
No. 200	0-3

Subsection 903.03 - Coarse Aggregate for Concrete.

Delete the first paragraph and substitute the following:

Coarse aggregate for any type or class of portland cement concrete shall consist of crushed stone, crushed slag, or crushed or uncrushed gravel unless otherwise specified.

In the Revisions and Additions, dated May 1, 1968, and revised April 1, 1969, add the following at the end of the first paragraph.

In the case of crushed aggregate, if all the material finer than the 200 mesh sieve consists of the dust of fracture, essentially free of clay or shale, the percentage may be increased to 1.5.

Subsection 903.04 - Aggregate for Penetration Macadam Base.

Delete the first paragraph and substitute the following:

Aggregate for Penetration Macadam Base shall be crushed stone or crushed slag meeting the quality requirements of AASHO M-79 except the percentage of wear, Los Angeles test, shall not exceed fifty.

Subsection 903.05 - Aggregate for Mineral Aggregate Base and Surface Courses.

Delete the second sentence of the fourth paragraph under (a), numbered 3 and substitute the following:

The coarse aggregate portion (retained on the No. 4 sieve) shall have a percentage of wear of not more than thirty-five.

Delete the paragraph beginning at the bottom of Page 608 and substitute in lieu thereof:

If fine aggregate, coarse aggregate or binder, in addition to that present in the base material, is necessary in order to meet the gradation or density requirements or for satisfactory bonding of the material, it shall be uniformly blended with the base course material at the mixing plant by a mechanical feeder to maintain a uniform flow on the belt to the mixer. Blending of materials on the stockpiles or in the pits by bulldozer, clamshell, dragline or similar equipment will not be permitted.

Under grading C in the Grading Table, revise the requirements on the 3/8" sieve to 45-74 percent and add the following requirements on the No. 4 sieve, 30-55 percent by weight.

Subsection 903.06 - Aggregate for Plant Mix Base and Leveling Courses (Hot Mix).

Under (a) Coarse Aggregate, delete the second sentence in the first paragraph and substitute the following:

It shall conform to the quality requirements as AASHO M-63. Also delete the last sentence in the first paragraph.

Under (c) the Combined Grading, add the following sentence at the end of the first paragraph on page 612.

The compactive effort shall be 75 blows of the hammer on each end of the specimen.

Delete the gradation of the Grading "C" Mix (Leveling) in the Master Range of Gradations table (Page 612) and revise as follows:

<u>Sieve</u>	<u>Total Percent Passing by Weight</u>
	100
3/4"	65 - 95
3/8"	45 - 70
No. 4	25 - 50
No. 8	12 - 30
No. 30	0 - 8
No. 100	

Subsection 903.07 - Aggregate for Bituminous Coated Aggregate Base (Plant Mix).

Delete the first paragraph and substitute the following:

The mix aggregate for Bituminous Coated Aggregate Base shall be crushed stone or crushed slag meeting the quality requirements of AASHTO M-63. Crushed slag aggregate retained on the No. 4 mesh sieve shall not contain more than thirty percent by weight of glassy particles.

Delete the second paragraph.

Subsection 903.08 - Aggregate for Bituminous Road Mix Surface Course.

Add the following sentence at the end of the fourth paragraph.

If all material finer than the 200 mesh sieve consists of the dust of fracture, essentially free from clay or shale, the percentage may be increased to 1.5.

Subsection 903.10 - Aggregate for Bituminous Plant Mix Surface Course (Cold Mix).

In the last sentence of the first paragraph, delete the word "twenty" and substitute the word "thirty" in lieu thereof.

Add the following sentence at the end of the second paragraph.

If all material finer than the 200 mesh sieve consists of the dust of fracture, essentially free from clay or shale, the percentage may be increased by 1.5.

Subsection 903.11 - Aggregate for Asphaltic Concrete Surface Courses (Hot Mix).

Delete the first sentence in the second paragraph and substitute the following:

Prior to the approval of the job mix formula and at least ten working days prior to the beginning of this construction, a sample of each material to be used in the mix shall be submitted to the engineer for laboratory design and determination of the optimum asphalt content.

Under (a) Coarse Aggregate, delete the second paragraph and substitute the following:

The Sodium Sulfate Soundness loss shall not exceed twelve (12) percent.

Delete the first three paragraphs under (b) Fine Aggregates, including the revision of April 1, 1969, in the Revisions and Additions in Specifications

for Road and Bridge Construction pertaining to (b) Fine Aggregate.

Substitute the following:

- (b) The fine aggregate (passing the No. 4 sieve) shall consist of natural sand, or of sand prepared from stone, slag or combinations thereof. It shall consist of hard, tough grains free from injurious amounts of clay, loam, or other deleterious substances. The fine aggregate when subjected to five cycles of the Sodium Sulfate Soundness test shall have a weighted loss of not more than 15 percent.

In addition to the above, the following requirements shall also apply.

Natural sand shall be washed, except that an unwashed filler sand may be used in an amount not to exceed fifteen percent by weight of the total fine aggregate (-4 Material). If a filler sand is used, it shall be free of clay lumps and other deleterious substances. The natural sand shall be so graded that not more than five percent will be retained on the No. 4 sieve.

Fine aggregate consisting of natural sand, including filler sand or sand manufactured by crushing gravel, or any combination of these materials will be tested in accordance with AASHTO T-11 and the loss on the 200 mesh sieve shall not exceed four percent by weight.

Under (c) The Combined Grading, revise the gradations of Grading "D" and Grading "E" as follows:

<u>Grading "D"</u>			<u>Grading "E"</u>		
<u>Sieve</u>	<u>Total Percent Passing by Weight</u>		<u>Sieve</u>	<u>Total Percent Passing by Weight</u>	
1/2"	100		1/2"	100	
3/8"	85-100		3/8"	85-100	
No. 4	55-82		No. 4	55-82	
No. 8	38-62		No. 8	38-62	
No. 30	18-42		No. 30	18-42	
No. 100	3-12		No. 100	3-12	
No. 200	0-8		No. 200	0-8	

Under Grading "D" requirements delete the last three paragraphs and substitute the following:

In addition to the other requirements of these specifications, the composition of the mineral aggregate shall be such that when combined with the required amount of bitumen the resultant mixture will comply with the following design criteria as determined by the 75 blow Marshall Method of mix design.

Stability, Min.	1,000 Lbs.
Void Content	4 - 9 Percent
Flow	8 - 16

If these values cannot be obtained with the aggregate submitted for laboratory design or if in the opinion of the department the quality of the mix can be improved, the addition of limestone screenings* in an amount not to exceed twenty-five (25) percent by weight of the mineral aggregate and/or the addition of mineral filler, meeting the requirements of 903.17 in an amount not to exceed five percent of the mineral aggregate will be required. If the mixture still does not meet the design criteria, another source of aggregate will be necessary.

* The gradation of the limestone screenings for use in Grading "D" shall have at least 90 percent passing the No. 4 screen and not less than ten percent passing the 100 mesh sieve.

Under Grading "E" requirements (Page 617), delete the entire three paragraphs and substitute the following:

When Grading "E" is to be used as a surface for traffic lanes, the mineral aggregate shall be composed of not less than 50 percent nor more than 55 percent crushed limestone and not more than 50 percent nor less than 45 percent natural sand, slag sand, sand manufactured from gravel or any combination of these materials, except as herein specified.

The requested sand percentage on the job mix formula shall be in the range of 45 to 50 percent. However, if needed to meet or improve the specified design criteria, the limestone and sand percentage may be altered by the numerical value of ± 5 percent from the percentages shown by the contractor on the original job mix formula request. In the event the limestone and sand percentages are altered from those shown on the original job mix formula, the contractor shall request a new job mix formula using the aggregate percentages shown on the design.

When Grading "E" is used for surfacing of shoulders or other non-traffic lane construction, the mineral aggregate may be composed entirely or in part of limestone, but in no case shall the mineral aggregate for this construction consist of less than 50 percent limestone. When this mix is used for asphalt curb construction, it shall conform to the combined gradation specified under (c), except that the requirements for material passing the 200 mesh sieve shall be 5 to 10 percent.

In addition to other requirements, the composition of the mineral aggregate shall be such that when combined with the required amount of bitumen the resulting mixture will comply with the following design criteria as determined by the 75 blow Marshall Method of mix design.

Stability, Min.	1,000 Lbs.
Void Content	4 - 9 Percent
Flow	8 - 16

In the event that the above design criteria may be improved with the addition of mineral filler to the aggregate submitted to the laboratory for design, the addition of mineral filler meeting the requirements of Subsection 903.17 in an amount not to exceed 5 percent by weight of the mineral aggregate will be required. If mineral filler is added to a mixture, it will be considered as a part of the limestone percentage.

If the design criteria above cannot be obtained with the aggregate, submitted to the laboratory for design, another source of aggregate will be necessary.

Under Grading "F" delete the first sentence of the second paragraph and substitute the following:

In addition to the other requirements of these specifications, the composition of the mineral aggregate shall be such that when combined with the required amount of bitumen the resultant mixture shall have a minimum stability of 800 pounds when tested in accordance with the Hubbard-Field Method of mix design. This method of test shall conform to AASHO T-169, except for the following modifications:

- (1) The specimens shall be consolidated by applying a pressure of 5096 psi, which corresponds to a total load of 16,000 pounds for a specimen two inches in diameter. This pressure shall be maintained for five minutes and then released.
- (2) The test specimens, testing mold, and plunger shall be brought to the desired temperature of test by storing in a water bath for one hour with the temperature of the water maintained at $(140 \pm 2^{\circ} \text{ F.})$ or $(60 \pm 1^{\circ} \text{ C.})$ during the entire storage period.

Subsection 903.12 - Aggregate for Hot Bituminous Seal Coat (Split Application).

Add the following sentence at the end of the second paragraph.

If all material finer than the 200 mesh sieve consists of the dust of fracture, essentially free from clay or shale, the percentage may be increased to 1.5.

Subsection 903.17 - Mineral Filler.

Delete the entire Subsection and substitute the following:

Mineral filler shall meet the requirements of AASHO M-17.

Subsection 903.18 - Aggregate for Underdrains.

Delete the requirements under (a) of this Subsection and substitute the following:

Aggregate for underdrains shall be crushed stone, crushed slag, or washed gravel meeting the quality requirements of AASHO M-63, and the grading requirements for size 6, 7, or 8, Subsection 903.23.

SPECIAL PROVISION

REGARDING

SECTION 916 - HIGHWAY SIGNING MATERIAL

Subsection 916.06 - Reflective Sheeting

Delete the entire subsection and substitute the following in lieu thereof:

Reflective Sheeting:

Reflective sheeting is identified as that material which has the property of reflecting the incident light from a single source in a relatively narrow cone back toward the source. Two types of reflective sheeting may be used, they are:

Material Type 1 - Enclosed Lens Reflective Sheeting for all signs with BROWN, BLUE, and ORANGE background.

The reflective sheeting shall consist of spherical lens elements embedded within a transparent plastic having a smooth, flat outer surface. The sheeting shall be weather resistant and have a protected pre-coated adhesive backing protected by a removable liner.

A. Photometric

- Background - The reflective sheeting shall have the following minimum brightness values at .2° and .5° and 1.5° divergence expressed as average candle-power per foot-candle per square foot of material. Measurements shall be conducted in accordance with standard testing procedures for reflex reflectors of Federal Specification L-S-300A, "Sheeting and Tape, Reflective; Nonexposed Lens Adhesive Backing," para. 4.4.7.

Div. Ang. Inc. Ang.	BROWN			BLUE			ORANGE		
	.2°	.5°	1.5°	.2°	.5°	1.5°	.2°	.5°	1.5°
-4°	1.0	0.35	0.1	4.0	2.0	0.6	25.0	13.5	1.5
40°	0.2	0.1	0.01	0.9	0.4	0.08	1.0	0.8	0.1

- Rainfall Performance - The brightness of the reflective sheeting, totally wet by rain, shall not be less than 90% of the above values. Wet performance measurements shall be conducted in conformance with Standard RAINFALL TEST specified in Federal Specification L-S-300A, "Sheeting and Tape, Reflective, Nonexposed Lens Adhesive Backing.

B. Color

Color of the reflective sheeting shall match, when compared in natural daytime light, the Standard Color Tolerance Charts. Noticeable deviation

from the shades that would affect the required performance shall be cause for rejection of any sheeting or completed sign fabricated in accordance with the manufacturer's requirements at any time before final acceptance of the contract. The color tolerance charts are available from the Federal Highway Administration, Washington, D.C.

C. Adhesive

1. The reflective sheeting shall include a precoated pressure sensitive adhesive or a tack-free heat activated adhesive, either of which may be applied without necessity of additional adhesive coats on the reflective sheeting or application surface.
2. The protective liner attached to the adhesive shall be capable of being removed by peeling without soaking in water or other solvents and shall be capable of being easily removed after accelerated storage for four hours at 160° F. under weight of 2.5 pounds per square inch.
3. The adhesive coated sheeting, when applied at 72° F. and conditioned for 24 hours at this temperature, shall form a durable bond to clean, smooth, corrosion and weather resistant substrates when exposed to temperatures of -30° to 160° F. Sheeting applied to 6" x 6" cleaned and etched panels of 0.040 inch, 6061-T6 aluminum, conditioned for 24 hours at 72° F. and 50% R.H. and further conditioned for 18 hours at -10° F. shall show no separation from the substrate when subjected to a 10 inch pound impact of a 2 inch steel ball (1.19 pounds,) dropped from a height of 8-1/2 inches through a 2-1/8 inch tube. The test panel shall be centered and supported by its edges over a 4 inch by 4 inch open area and the impact point shall be in the center of the open area.

The sheeting shall have a minimum peeling strength of 5 lb/inch width when tested as outlined in ASTM D903-49 (1972).

D. Film

1. General - The reflective sheeting shall have sufficient strength and flexibility so that it can be handled, processed, and applied according to the recommendations of the sheeting manufacturer without appreciable stretching, tearing, or other damage. It shall permit application over and conformance to moderate, shallow embossing characteristics of certain sign borders and symbols. Following liner removal, the reflective sheeting shall not shrink more than 1/32" in 10 minutes nor more than 1/8" in 24 hours in any dimension per 9" square at 72° F. and 50% R.H.

The sheeting with liner removed, conditioned for 24 hours at 72° F. and 50% R.H. shall be sufficiently flexible to show no cracking when slowly bent, in one seconds' time, around a 1/8" mandrel with adhesive side contacting the mandrel. NOTE: For ease of testing, spread talcum powder on adhesive to prevent sticking to mandrel.

2. Surface - The sheeting surface shall be smooth and flat, facilitate cleaning and wet performance, and exhibit 85° glossmeter rating of not less than 40 (ASTM-D-523-67). The sheeting shall be readily processed and compatible with recommended transparent and opaque process colors and show no loss of color coat with normal handling, cutting and application.

The sheeting shall permit cutting and color processing at temperatures of 60-100° F. and relative humidities of 20-80%. The sheeting shall be heat resistant and permit force curing without staining of unapplied sheeting at temperatures up to 150° F. and up to 200° F. on applied sheeting. The sheeting surface shall be solvent resistant such that it may be cleaned with gasoline, VM & P Naptha, mineral spirits, turpentine, methanol and xylol.

3. Lens Elements - The reflective sheeting shall possess stable and durable spherical lens elements which, following extraction, shall show no deterioration following submersion in a 5N solution of sulphuric acid (H₂SO₄) for 30 minutes at 72° F.

E. Durability

1. The reflective material exposed for 24 months in Florida at 45° south facing, shall not support fungus growth and accumulate dirt to the extent that the reflective brightness before cleaning is less than 75% of the reflective brightness after cleaning, when measured at 0.2 divergence and -4° incidence. The supplier shall furnish written evidence or samples showing conformance to this requirement.
2. The sheeting surface may be readily refurbished by cleaning and clear over-coating in accordance with the manufacturer's recommendations.

F. General Characteristics

The reflective sheeting as supplied shall be of good appearance, free from ragged edges, cracks, and extraneous materials, and shall be furnished in both rolls and sheets. When the reflective sheeting is furnished in continuous rolls, the number of splices shall not be more than four splices in any 50 yard length. Splices shall be butted or overlapped and shall be suitable for continuous application as supplied.

Material Type II - Encapsulated Lens Reflective Sheeting for all signs with a SILVER-WHITE, YELLOW, RED, GREEN, AND ORANGE background.

The reflective sheeting shall consist of spherical lens elements adhered to a synthetic resin and encapsulated by a flexible transparent, weatherproof plastic having a smooth outer surface. The sheeting shall have a precoated adhesive backing protected by a removable liner.

A. Photometric

The reflective sheeting shall have the following minimum brightness values at .2°, .5° and 1.5° divergence expressed as average candle-power per foot-candle per square foot of material. Measurements shall be conducted in accordance with standard photometric testing procedures for reflex-reflectors, paragraph 4.4.7 of Federal Specification L-S-300A. "Sheeting and Tape, Reflective; Non-exposed Lens Adhesive Backing."

Div. Ang. Inc. Ang.	Silver-White			Yellow			Red

40°	14.0	6.8	0.2	33.0	14.0	0.5

Rainfall performance measurements shall be conducted in accordance with standard rainfall test specified in Federal Specification L-S-300A and the brightness of the reflective sheeting totally wet by rain, shall not be less than 90% of the above values.

B. Color

The color of the reflectorized sheeting shall match, when compared in natural daytime light, the Standard Color Tolerance Charts. Noticeable deviation from the shades that would affect the required performance shall be cause for rejection of any sheeting or completed sign fabricated in accordance with the manufacturer's requirements at any time before final acceptance of the contract. The color tolerance charts are available from the Federal Highway Administration, Washington, D.C.

C. Adhesive

1. The reflective sheeting shall include a pre-coated pressure sensitive adhesive or a tack free heat activated adhesive either of which shall be applied exactly as specified by the sheeting manufacturer to recommended, properly prepared flat surfaces without necessity of additional adhesive coats on the reflective sheeting or application surface.
2. The protective liner attached to the adhesive shall be removed by peeling without soaking in water or other solvents and shall be easily removed after accelerated storage for 4 hours at 160° F. under weight of 2.5 pounds per square inch.
3. The adhesive coated sheeting, when applied at 72° F. and conditioned for 24 hours at this temperature, shall form a durable bond to clean, smooth, corrosion and weather resistant substrates when exposed to temperatures of -30° to 160° F. Sheeting applied to 6" x 6" cleaned and etched panels of 0.040 inch, 6051-T6 aluminum, conditioned for 24 hours at 72° F. and 50% R. H. and further conditioned for 18 hours at -10° F. shall show no separation from the substrate when subjected to a 10 inch pound impact of a 2 inch steel ball (1.19 pounds) dropped from a height of 8-1/2 inches through a 2-1/8 inch tube. The test panel shall be centered and supported by its edges over a 4 inch by 4 inch open area and the impact point shall be in the center of the open area.

The sheeting shall have a minimum peeling strength of 5 lb/inch width when tested as outlined in ASTM D903-49 (1972).

D. Film

1. General - The reflective sheeting shall have sufficient strength and flexibility so that it can be handled, processed, and applied according to the recommendations

of the sheeting manufacturer without appreciable damage. Following liner removal, the reflective sheeting shall not shrink more than 1/32" in 10 minutes nor more than 1/8" in 24 hours in any dimension per 9" square at 72° F. and 50% R. H.

The sheeting with liner removed, conditioned for 24 hours at 72° F. and 50% R.H. shall be sufficiently flexible to show no cracking when slowly bent in one seconds' time around 1/8" mandrel with adhesive side contacting mandrel. NOTE: For ease of testing, spread talcum powder on adhesive to prevent sticking to mandrel.

2. Surface

The sheeting surface shall be smooth and facilitate cleaning and wet performance, and exhibit 85° glossmeter rating of not less than 50 (ASTM D 523-67). The surface of the sheeting with the heat activated adhesive shall be readily processed in accordance with recommendations of the sheeting manufacturer, compatible with recommended transparent and opaque process colors and show no loss of the color coat with normal handling, cutting, and application.

The sheeting shall permit cutting and color processing at temperatures of 60° -100° F. and relative humidities of 20-80%. The sheeting surface shall permit cleaning by wiping with a clean soft rag dampened in V M & P Naptha or mineral spirits.

3. Lens Elements

The reflective sheeting shall possess stable and durable spherical lens elements which, following extraction, shall show no deterioration following submersion in a 5N solution of sulphuric acid (H_2SO_4) for 30 minutes at 72° F.

E. Durability

The reflective sheeting exposed for 24 months in Florida at 45° south facing, shall not support fungus growth and accumulate dirt to the extent that the reflective brightness before cleaning is less than 75% of the reflective brightness after cleaning, when measured at 0.2 divergence and -4° incidence. The supplier shall furnish written evidence or samples showing conformance to this requirement.

General Characteristics

The reflective sheeting as supplied shall be free from ragged edges, cracks, and extraneous materials, and shall be furnished in both rolls and sheets. When the reflective sheeting is furnished in continuous rolls the number of splices shall not be more than 4 splices in any 50 yard length. Splices shall be suitable for continuous application as supplied.

On signs fabricated from Encapsulated Lens reflective sheeting, some wrinkling, streaking, and mottling shall be permitted, on visual quality inspection, if not apparent under normal viewing conditions for the intended use. The sheeting manufacturer shall assure that these conditions are not progressive and will not adversely affect performance.

Delete the portion of this subsection beginning at Type "A" Class 1 (Demountable) and extending to Type "B" and substitute in lieu thereof:

Type "A" Class 1 (Demountable)

The silver-white letters, numerals, symbols, borders and route markers shall be of a pre-coated pressure sensitive or a tack free heat activated adhesive reflective sheeting permanently adhered to the aluminum backing. The reflective sheeting shall meet the requirements of subsection 916.06 (Materials Type II, see Sheet 3 of this Special Provision).

The reflective sheeting shall be mechanically applied to the properly prepared aluminum with the equipment and in a manner prescribed by the sheeting manufacturer.

Letters, numerals, symbols, borders and route markers shall be 0.032 inch thick aluminum sheet of 3003 H14 Alloy. Aluminum shall be properly degreased and etched or treated with a light, tight, amorphous chromate type coating.

Each letter, numeral, symbol and route marker shall be supplied with mounting holes and shall be secured to the sign surface with corrosion resistant screws, bolts, or rivets.

Type "A" Class 2 Cut-Out (Direct Applied Reflective Sheeting Copy)

The silver-white cut-out letters, numerals, symbols, borders and route markers shall be of a pre-coated pressure sensitive or a tack free heat activated adhesive reflective sheeting and shall meet the requirements of subsection 916.06 (Materials Type II, see Sheet 3 of this Special Provision).

READY MIXED CONCRETE FOR SPECIAL

AND INCIDENTAL CONSTRUCTION

April 1, 1970

Rev. March 22, 1971

Rev. June 1, 1971

Sheet 1 of 2

This Special Provision shall apply to the following Sections of the Standard Specifications for Road and Bridge Construction, dated January 1, 1968.

- 611. Manholes, Catchbasins, Inlets, and Pipe End Walls
- 701. Cement Concrete Sidewalks, Driveways and Median Pavement
- 702. Cement Concrete Curb, Gutter, and Combined Curb and Gutter
- 703. Cement Concrete Ditch Paving

- 711. Tables, Chairs, Benches, and Fireplaces
- 712. Cable-Chain Link Barrier
- 713. Highway Signing
- 714. Roadway and Structure Lighting

For the above items of construction, concrete shall be discharged from the mixer within 1-1/2 hours after the introduction of all water, provided the air temperature or the concrete temperature does not exceed 70°F. When the air temperature or concrete temperature exceeds 70°F., the elapsed time between the addition of water to the mix and discharge shall not exceed 1 hour. The 1 hour time limit for temperatures exceeding 70°F. may be extended to 1-1/2 hours, provided an approved retarding admixture is used.

The admixture shall be a water-reducing and retarding agent meeting the requirements of Subsection 918.09(a), Type D.

The retarding admixture shall be used in accordance with provisions of Subsection 501.02 and Subsection 501.09

When concrete placed in the above items of construction does not exceed 25 cubic yards per day, it may be accepted on the basis of field testing for air, slump, and occasional strength tests with only random plant inspections as deemed necessary by the engineer for control.

NO. 975-28

TITLE A RESOLUTION TO AUTHORIZE THE COUNTY JUDGE TO ADVERTISE FOR BIDS RELATING TO THE SALE OF CERTAIN SURPLUS SCHOOL PROPERTY, AND TO RECEIVE BIDS AND CONDUCT BIDDING PROCESSES AS STIPULATED HEREIN, AND TO RETURN THE HIGHEST BID THEREFOR TO THE COUNTY COUNCIL FOR ACCEPTANCE IF THE HIGHEST BID MEETS THE MINIMAL REQUIREMENTS SET FORTH.

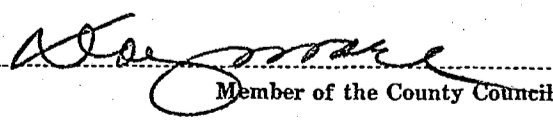

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, The Hamilton County Board of Education has declared as surplus certain property of approximately 20 acres in size, situated at or adjacent to the roads of Shallowford and Jenkins, thereby vesting dispositional power over this property in the County Council of Hamilton County; and

WHEREAS, this aforementioned property is presently vacant and without improvements thereon and of no planned usage or development by either the Hamilton County Board of Education or the governing body of Hamilton County, thus being a nonproductive asset of this County so long as it remains surplus.

NOW, THEREFORE, BE IT RESOLVED BY THIS COUNTY COUNCIL, IN SESSION ASSEMBLED, that the County Judge is hereby authorized to advertise for, and receive bids, wither orally, or written, or sealed, relating to the sale of the abovementioned property, and is further authorized to receive said bids in an open-bidding process at the Conference Room of the Office of the County Judge in the Hamilton County Court House, said bid receipts and bidding process to be conducted by the County Judge or an agent he may designate for this purpose, said County Judge being further authorized to return the highest bid so received to this Council for acceptance, provided, however, that no bid shall be considered if such bid for said property shall be under Forty-Five Thousand Dollars (\$45,000.00).

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

(Judge Moore stated that this particular property is surplus school property near the intersection of Jenkins Road and Shallowford Road in East Brainerd. There has been quite a bit of interest shown in this particular tract and it was decided that the most effective way of obtaining the highest dollar was to sell the property by competitive bidding, sort of an auction in which bidders may compete rather than by submitting sealed bids.)

NO. 975-29

TITLE : AUTHORIZING COUNTY JUDGE DON MOORE TO SIGN JOINT QUITCLAIM DEED, ALONG WITH THE CITY OF CHATTANOOGA, ^{PA} A JOINTLY-OWNED LOT IN THE LINCOLN PARK ADDITION, PREVIOUSLY ACQUIRED BY THE COUNTY AND CITY FOR NONPAYMENT OF TAXES, IN FAVOR OF CHATTANOOGA HOUSING AUTHORITY UPON PAYMENT OF ALL BACK TAXES DUE IN THE TOTAL AMOUNT OF \$1,776.31.

~~Be it Resolved by the County Council of Hamilton County, Tennessee, in Session Assembled:~~

WHEREAS, Hamilton County and the City of Chattanooga during the year 1968 acquired title ^{in and} to Lot Twenty-Four (24), Block One (1), Lincoln Park Addition, as shown by plat of record in Plat Book 6, Page 4, in the Register's Office of Hamilton County, Tennessee, for nonpayment of taxes; and

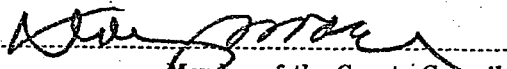

WHEREAS, subsequent to acquiring title through tax sale, the then owner, Robert Porter, commenced paying his taxes each year which were accepted by Hamilton County; and

WHEREAS, the Chattanooga Housing Authority wants to use this particular lot along with its other development in Lincoln Park and is buying the interest of Robert Porter and needs to buy the interest of Hamilton County and the City of Chattanooga in order to acquire complete title thereto; and

WHEREAS, said property is not needed by the City of Chattanooga nor Hamilton County;

NOW, THEREFORE, BE IT RESOLVED BY THE HAMILTON COUNTY COUNCIL IN SESSION DULY ASSEMBLED That County Judge Don Moore be and hereby is authorized to execute Quitclaim Deed jointly with the City of Chattanooga, Tennessee, unto the aforesaid described property for and in consideration of Chattanooga Housing Authority paying to Hamilton County the sum of \$1,454.71 being the County's interest in back taxes; together with the sum of \$321.60 to the City of Chattanooga, Tennessee, being its share of back taxes, all in the total amount of \$1,776.31.

NOW, THEREFORE, BE IT RESOLVED That this resolution take effect from and after its passage the public welfare requiring it.

TITLE A RESOLUTION TO APPOINT CHARLES M. GARVICH, JR. OF 6074 EAST BRAINERD ROAD TO SERVE A THREE (3) YEAR TERM ON THE HAMILTON COUNTY BEER BOARD.

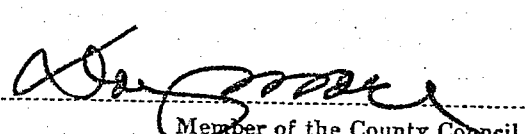

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, the position on the Hamilton County Beer Board previously held by Tom Prestwood has expired according to the terms and is in need of new designation as to the person serving thereon and the term thereof, and Jim Penley (who was named in Resolution No. 975-11) to fill said vacancy has been unable to accept said appointment due to his required attendance in his respective business.

NOW, THEREFORE, BE IT RESOLVED, BY THIS COUNTY COUNCIL, IN SESSION ASSEMBLED: That we hereby appoint Charles M. Garvich, Jr. of 6074 East Brainerd Road to serve on the Hamilton County Beer Board for a term of three (3) years, said appointment to fill the vacancy due to the term expiration of the position previously held by Tom Prestwood.

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

A RESOLUTION

NO. 975-31

TITLE A RESOLUTION TO CHANGE THE PLACE AND TIME OF THE NEXT REGULAR COUNTY COUNCIL MEETING.

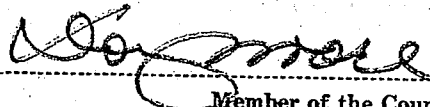

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, The Hamilton County Education Association, by and through its President James Booth, has requested a change of location for the next Council meeting (being October 1, 1975) to permit the attendance of 800-1000 Hamilton County schoolteachers in support of their request for an additional \$530,000 for an additional pay increase for county classroom schoolteachers; and

WHEREAS, Dr. Dale Carter, County School Superintendent, has likewise formally made a similar request, although the budget and the tax rates were adopted in June, 1975, for the 1976 fiscal year beginning July 1, 1975, as required by law;

NOW, THEREFORE, BE IT RESOLVED, that the regular October 1, 1975, County Council meeting shall be held at 4:30 P. M. at the Tivoli Theater, which can accommodate up to 1800 persons, rather than the County Council Room, which can accommodate only about 80 persons.

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

Judge Moore asked if there were delegations to appear before the Council.

Mr. James Booth, president of the Hamilton County Teachers' Association, requested an altered time of meeting for the next County Council meeting. The teachers requested that the Council meet in an adjourned session on September 30 so that the meeting in the evening would not interfere with church. Mr. Booth said if it was necessary to meet on Oct. 1, they would ask that the meeting be held in late afternoon. Mr. Booth emphasized, however, that regardless of when the meeting is held, the Hamilton County teachers will be present in full force.

Judge Moore told Mr. Booth and other teachers present at the Council meeting that the Council had discussed some method of meeting the request of the Teachers' Association. The concensus was that the Council would like to meet with the teachers at a convenient time. Judge Moore stated that this would be considered a "special occasion" and not something the Council would anticipate doing on a regular basis. The regular meeting time of the Council is executive session at 9 a.m. and open meeting at 10 a.m. on the first and third Wednesdays. The Council in an effort to meet with the teachers had decided to hold the next meeting at 4:00 p.m. on October 1. This should satisfy the requirement to hold the meeting on Wednesday but should also meet the requirements of the teachers and allow them to attend the first October meeting. It will be held at 4 p.m. at Memorial Auditorium.

Mr. Booth asked if it would be possible, since a number of schools are still in session at 4 p.m., to have the meeting begin at 4:30 or 5.

Judge Moore stated that the meeting would be at 4:30 instead of 4:00.

Dalton Roberts, County Manager, said that there was a show at the auditorium that night and he wondered if the auditorium would be available at that time. Judge Moore said he was not sure, but they will check on this and if the auditorium is not available, a public announcement will be made regarding the location of the meeting. It might be possible to hold the meeting at the Tivoli or some other large place. Since the County Council room only seats 75 or 80 people, it would not be suitable.

Councilman Fuller asked if a place might be chosen where the parking would not be such a problem as it will be around the auditorium at 4:30 in the afternoon.

Mrs. McEwen of the Hamilton Schools Central Office staff stated that the auditorium at Red Bank High School accommodated the teachers when they met last week.

County Attorney Jim Turner said that the auditorium at City High School would probably be large enough as well.

Mr. Booth said that on behalf of the teachers he would like to express appreciation to the Council for arranging this meeting. The teachers feel that this meeting will provide time for give and take.

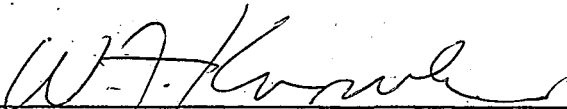

Councilman Fuller asked if this next meeting would be in lieu of the regular 10 a.m. Attorney Turner asked if all the regular business would be conducted at that same meeting.

Judge Moore stated that all Council business would be conducted at the 4:30 meeting and that a Resolution should be drawn changing the meeting from the regular 10 a.m. to 4:30 at a large auditorium.

A RESOLUTION

NO. 1075-1

TITLE A RESOLUTION TO ADOPT A SCHEDULE OF FEES FOR SERVICE RENDERED BY THE CHATTANOOGA-HAMILTON COUNTY HEALTH DEPARTMENT AND TO PROVIDE FOR CHANGE THEREAFTER.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

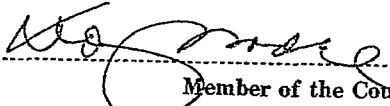

WHEREAS, by Resolution passed June 26, 1974, the County Council of Hamilton County adopted a schedule of fees for services rendered by the Chattanooga-Hamilton County Health Department, said schedule being set forth within a booklet known as "Fees for Service", same being published by the aforementioned Health Department and being made effective as of July 1, 1974; and

WHEREAS, due to economic conditions and other cost-related factors, said Health Department has found it necessary to revise the schedules contained within said booklet, and may, from time to time, find it necessary to make further revision therein.

NOW, THEREFORE, BE IT RESOLVED, BY THIS COUNTY COUNCIL, IN SESSION ASSEMBLED: That in order to give effect to the current schedules of fees required for the provision of Health Department services, and to provide for change thereafter, the fees for services as shown in the attached "Fees for Services" booklet, which booklet is hereby incorporated by reference into this Resolution and given effect as shown therein, are hereby adopted; and

BE IT FURTHER RESOLVED, that any and all revisions of said booklet which shall hereafter be required shall be given full effect upon the approval of the County Judge, the date of said County Judge's approval being the effective date of said later revisions.

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

A RESOLUTION

NO. 1075-2

TITLE A RESOLUTION TO AUTHORIZE THE COUNTY JUDGE TO ENTER INTO AN AGREEMENT WITH THE STATE OF TENNESSEE, DEPARTMENT OF MENTAL HEALTH, AND TO PAY CERTAIN AMOUNTS THEREUNDER FOR THE RECEIPT OF CERTAIN CONSULTATION SERVICES.

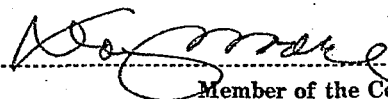

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, pursuant to the authorization of Tennessee Code Annotated, Section 33-101, et sequitur, the State of Tennessee, by and through its Department of Mental Health, is authorized to contract with County governments for, inter alia, the purpose of providing psychiatric consultation services to the agencies under said County entities, and

WHEREAS, Hamilton County may use such abovementioned services for the further development of the agencies thereof, in their rendering of benefits to the citizens of said County, the cost for such service provision being shared by and between the contracting parties, to wit: Three Thousand Dollars (\$3,000.00) paid by Hamilton County and Three Thousand Dollars (\$3,000.00) paid by the State of Tennessee.

NOW, THEREFORE, BE IT RESOLVED, BY THIS COUNTY COUNCIL, IN SESSION ASSEMBLED: That the County Judge is hereby authorized to enter into an agreement with the State of Tennessee, Department of Mental Health, and to pay, pursuant to such agreement, Three Thousand Dollars (\$3,000.00) for the purposes hereinabove set forth.

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

AGREEMENT

BETWEEN

STATE OF TENNESSEE, DEPARTMENT OF MENTAL HEALTH

AND

HAMILTON COUNTY TENNESSEE GOVERNMENT

THIS AGREEMENT, made and entered into this first day of October, 19 75, by and between the Tennessee Department of Mental Health, party of the first part, and Hamilton County Government, Tennessee, party of the second part named herein.

WITNESSETH:

That for the mutual considerations and benefits accruing to each of the parties hereto, and for the other good and valuable consideration of three thousand and no/100's ----- (\$ 3,000.00-----), the parties hereto enter into this agreement according to the terms and provisions set out herein:

WHEREAS, said party of the second part agrees:

- I. To carry adequate public liability and other forms of insurance, to pay all taxes incident hereunto, and otherwise protect and hold harmless the party of the first part from any and all liability not specifically provided for in this agreement.
- II. In accordance with Title VI of the Civil Rights Act of 1964, as amended, that no person on the grounds of race, color, religion, sex, or national origin, will be excluded from participation in, or be denied benefits of, or be otherwise subjected to discrimination in the operation of

the facility except insofar as limitations may be imposed by the capacity of the facility and by the availability of funds and professional personnel.

- III. That all notices, information pamphlets, press releases, research reports, signs and similar public notices prepared and released by the party of the second part shall include the statement, "This project is funded (in part) under an agreement with the Tennessee Department of Mental Health."
- IV. That strict standards of confidentiality of records will be maintained in accordance with the Tennessee Code Annotated Statutes concerning confidentiality.
- V. That this agreement shall not be binding upon the party of the first part until the same is approved by the Tennessee Department of Mental Health and the Tennessee Department of Finance and Administration.
- VI. That the party of the first part may withhold payments under this agreement if the terms and provisions of this agreement are violated.
- VII. To obey all Federal and State licensing requirements.
- VIII. To obey all rules and regulations of the institution while on State property.
- IX. To sign appropriate records as requested, which will serve as evidence of performance under this agreement.
- X. That this contract may be modified only by the written consent of both parties thereto, except that the party of the first part shall not, under any circumstances, be responsible for any expenditures beyond the amount of funds available to the party of the second part for purposes of this contract.
- XI. To provide case coordination and planning on referrals to community mental health centers.
- XII. To conduct and/or arrange the provision of emergency psychological evaluations and consultation services as needed by the Judge of the Hamilton County Juvenile Court.

OCTOBER TERM 1975

XIII. To incur expenditures in accordance with the following limitations:

- a. No more than two thousand dollars (\$2,000.00) may be obligated within any calendar quarter, excepting unencumbered balances from previous quarters, and;
- b. No more than one thousand, six hundred and no/100's dollars (\$1,600) in obligations to any one firm or individual may be incurred in any calendar quarter, excepting unencumbered balances from previous quarters.

XIV. To provide matching funds for services rendered pursuant to this agreement in the amount of three thousand and no/100's (\$3,000).

WHEREAS, the party of the first part is authorized in Tennessee Code Annotated Section 33-101:

"The Department of Mental Health as created by § 4-321, through its commissioner, is empowered to enter into, with the approval of the governor, contractual agreements with institutions and individuals in furtherance of its function of treatment, personnel training, research, and education." and

"The Department of Mental Health, through its commissioner and with the approval of the governor, shall have the power to enter into contractual agreements with other states, or political subdivisions thereof, or corporations chartered in such other states, for the purpose of providing preventive and treatment services for the mentally ill by establishing or supporting various mental health facilities in cooperation with such political or corporate bodies." and

"The Department of Mental Health, through its commissioner, and with the approval of the governor, is authorized in Tennessee Code Annotated, Section 33-102, to make grants to any county or city or non-profit corporation or any combination thereof, and to enter into cooperative programs for the construction, maintenance or operation of mental health clinics for the furnishing of in-patient or out-patient care and treatment for the mentally ill or mentally retarded." and

WHEREAS, said party of the first part, through its Commissioner and with approval of the Governor agrees:

- I. To provide a maximum amount of funds of three thousand and no/100's -----
(\$3,000.00-----) for the services rendered under this agreement.

II. To make quarterly OCTOBER TERM 1975 payments under this agreement upon

receipt of a properly submitted statement or invoice.

III. To provide technical assistance and program consultation services through the Children and Youth Services Section of the Psychiatric Services Division of the Tennessee Department of Mental Health and Mental Retardation

IV. To provide semi-annual evaluation visits for purposes of determining performance under this agreement.

THEREFORE:

It is mutually agreed that this agreement is made for the period beginning October 1, 1975, and shall terminate on June 30, 1976, unless terminated earlier. Such earlier termination may be accomplished by either party, by the giving of thirty (30) days written notice of such intention to the other party.

NO. 1075-3

TITLE A RESOLUTION TO AUTHORIZE THE COUNTY JUDGE TO EXECUTE A RESOLUTION AND TO AUTHORIZE THE COUNTY JUDGE TO PAY AMOUNTS AS REQUIRED FOR THE COMPLETION OF AN ACTUARIAL STUDY AT THE CHATTANOOGA-HAMILTON COUNTY HEALTH DEPARTMENT IN ORDER TO ASCERTAIN THE COSTS OF PARTICIPATION IN THE TENNESSEE CONSOLIDATED RETIREMENT SYSTEM BY EMPLOYEES AT SAID HEALTH DEPARTMENT.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

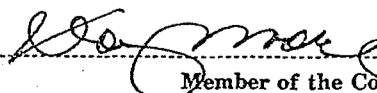

WHEREAS, by Resolution 775-11, this County Council appropriated, from the funds of the Chattanooga-Hamilton County Health Department, such amounts as would be required to pay for the services of an actuary in determining the cost to said Health Department, with respect to the employees of said Department participating in the Tennessee Consolidated Retirement System; and

WHEREAS, due to requirements as to the form of 775-11 by the Board of Trustees of the Tennessee Consolidated Retirement System, regarding the authorization given by Hamilton County for said Board to cause such an actuarial study to be made, it has become necessary for a new resolution to be approved, styled in the form and with the verbage such as set out in the attached "Resolution to Authorize and Appropriate Funds for an Actuarial Study", said attached Resolution being hereby incorporated by reference and given effect according to the terms therein.

NOW, THEREFORE, BE IT RESOLVED, BY THIS COUNTY COUNCIL IN SESSION ASSEMBLED: That in order to cause an Actuarial Study to be made for the purposes mentioned herein, the County Judge is hereby authorized to execute the Resolution attached and incorporated herein, said Resolution being hereby approved, and

BE IT FURTHER RESOLVED, that the County Judge is hereby authorized to pay for and on behalf of Hamilton County, such sums as may be required for the completion of this study, such costs, when paid by said Judge, to be appropriated from the funds of said Health Department pursuant to the authority of Resolution 775-11.

Judge Moore said that the City of Chattanooga has referred to the Planning Commission the possible use of Engel Stadium and has asked for an extensive study concerning its future. Since the University of Tennessee at Chattanooga has been unable to commence construction of additional facilities at Engel Stadium, the contract UTC had will expire. It was signed on October 14, 1970, and expired in five years. Chancellor Drinnon and Dr. Boling have stated that it will not be possible to use educational money for this purpose, and they cannot come up with funding from another source.

ON MOTION of Judge Moore, seconded by Councilman Mayfield, to request that the Planning Commission make a study of the future of Engel Stadium and report back to the Council. The foregoing Motion was unanimously Adopted by Acclamation. Total present-4. Absent-1.

Judge Moore issued an invitation to the Council and to the public to attending the opening Thursday morning, October 2, at 10 a.m. of the Skill Center in White Oak. The new center will be for training citizens who do not reside within the city limits in the fields of mechanics, typing, clerical work, etc.

Judge Moore asked if there were any delegations to appear before the Council other than the teachers. There were none.

Judge Moore stated that there was a large number of teachers present, that the lower floor seats about 1000 and since some were sitting in the balcony, he would estimate attendance of between 1000 and 1100. Judge Moore asked if Dr. Carter wanted to commence.

O C T O B E R T E R M 1 9 7 5

The Hamilton County Council P.T.A. in regular session Wednesday, October 1st, 10:00 a.m. voted without a decending voice to support the teachers request for a 7% raise for the school year 1975-76 and to pass a resolution to that effect.

We urge the County Council and the Hamilton County School Board to make every effort to achieve this goal.

This information is to be gotten to the County Council meeting this afternoon and to the Hamilton County Board of Education.

22 schools were represented at this meeting.

PRESENTATION OF THE HCEA TO THE HAMILTON COUNTY COUNCIL
October 1, 1975

Honorable Judge Moore and distinguished members of the Hamilton County Council, as President of the Hamilton County Education Association, I would like to express the appreciation of our association for this opportunity to bring the pressing problems of professional educators in Hamilton County before you. I certainly cannot emphasize strongly enough that teachers are facing pressing problems and that I have witnessed over recent months the most serious deterioration of teacher morale than I can ever remember in Hamilton County. Therefore, I hope that we are placing the proper importance upon this meeting.

Now let me be specific. Our most urgent problem at this time is salary. The cost of living in Hamilton County has risen approximately 9% (8.61) between August 1974 and August 1975. Most experts agree that the inflationary pace will accelerate within the next few months. However, teachers in Hamilton County received only a 3.73% increase in salary. This means that teachers will suffer almost a 5% reduction in buying power just this year. Not only have Hamilton County teachers suffered a buying power loss of the past year, but losses have been occurring for several years. The typical Hamilton County teacher with a master's degree and maximum experience has \$455 less buying power this year than he had during the 1971-72 school year and only \$17 more buying power than he had during the 1969-70 school year. The final analysis of such a situation is simply this: Teachers in Hamilton County are suffering a deplorable living standard deterioration that simply must not be allowed to continue. This buying power loss is enough to destroy the morale of teachers.

However, there are a number of other factors which lead teachers to believe that a proper value is not placed on their profession in this county. For example, Hamilton County residents have the third highest incomes in the state of Tennessee according to the U. S. Department of Commerce figures. Yet, teachers in this county have never approached such a high salary rank in comparison to other teachers across the state. This year a teacher with a bachelor's degree and zero years of experience ranks not better than 12th statewide. A teacher with a bachelor's degree and maximum experience ranks 8th and a teacher with a master's degree and maximum experience ranks 10th. It is interesting to note that the master's degree-maximum teacher ranked 8th last year. Obviously, we are losing ground even in comparison to our peers statewide.

There are other facts which are disturbing to teachers and make it difficult for them to understand their salary position. According to information from the state Board of Equalization, Hamilton County has the fourth highest amount of taxable property wealth per student in average daily attendance in this state. This means that when a dollar property tax rate is levied in Hamilton, it brings in more more than in 91 other Tennessee counties and it also means that salary increases for teachers in Hamilton County require less effort as far as tax increases are concerned than in 91 other Tennessee counties. However, in every salary category there are at least two counties that have less taxable property wealth than Hamilton County and pay their teachers more than Hamilton. Obviously, these counties value their teachers much more highly than does our home county.

Frankly, gentlemen, it is difficult for our members to understand why this Council is so reluctant to appropriate the funds necessary for adequate teacher salary increases. Hamilton County certainly do not pay the highest taxes in this state or in the nation. In fact, the 1975-76 property tax rate, \$3.25, ranks 37th among 95 counties. This means that 36 counties have higher rates than our county. On a national basis, taxes paid by the average family in Tennessee rank 46 out of 50 states. Therefore, Hamilton County citizens pay some of the lowest taxes in the entire nation.

Despite the low tax posture of the county, the general fund category of our budget has traditionally carried a large fund balance. As of July 30, 1974, the balance available for appropriation was \$2,158,372. This figure represented an increase from \$1,513,681 as of July 1, 1973. The audit for 1974-75 was not available to us, but we have every reason to believe that this fund has continued to increase. Now we are not necessarily suggesting that fund balance money be used for teacher salary increases, nor are we ruling out that possibility; however, the presence of this money further substantiates the financial well-being of the county and makes it even more difficult to understand the miserly posture of this county of teacher salaries.

Gentlemen, perhaps you are not aware that the average county teacher in 1975 is not being paid even the salary that the United States Dept. of Labor indicated was the intermediate level in 1974. The \$12,996 the Bureau of Labor Statistics determined was at the intermediate level last year for our sister city of Nashville is more than \$2,00 higher than the average teacher receives this year in Hamilton County.

The teachers of your children are highly professional and they are dedicated. Dedication and professionalism, however, do not buy groceries, pay doctor bills or provide any of the essentials which teachers must have simply to survive.

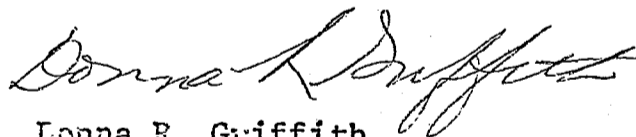

It's time now for you to act in a positive, forthright manner to alleviate this situation. Our Board of Education has demonstrated to you for the second time this year that they are concerned about both teachers and students. The presence of so large a majority of county educators once again points up the fact of their concern.

Despite the statistics which you have, action is needed and needed now. We do not believe the county is in so great a financial crisis that it cannot adequately fund education. There is nothing unreasonable in the School Board's request that we receive the 7% increase the other county employees have already received.

You now have the opportunity to rectify the situation. We support the Board's request and urge you to do so.

The League of Women Voters of Chattanooga wishes to again express its support of quality education for the children of Hamilton County. Our dedicated teachers are extremely important in providing effective and relevant education for our children. Our teachers should not be the ones to suffer during inflationary times. They spend long hours in preparing sequential and meaningful education programs, as well as expend much energy during the school hours. Our teachers need and deserve a higher raise than less than 4%. They are just as important as the county officials who have received 10% or more.

We urge the County Council to reconsider the pay raises for county teachers. If a property tax increase is needed for implementation, then so be it. We as parents and taxpayers are willing and ready to pay our children's teachers adequately.

Dr. Carter expressed the appreciation of the Hamilton County Board of Education and of the teachers and other staff members to the County Council for the scheduling of this meeting to allow the participation of this group. Dr. Carter stated that on September 11 the Board of Education had requested funds from the County Council to allow a 7% increase in the salaries of the teachers of Hamilton County. The Board requested this in order to bring the salary increase for teachers in line with other County employees. The teachers had been granted a 3.73% by the Board of Education. The Board was unable to give the teachers a larger increase because the budget amount requested by them from the County had been cut by 1.7 million and this left the schools with a big whole to start with. Dr. Carter stated that he was at this meeting at the request of the Board to ask the County Council for additional funds to grant these salary increases. The Hamilton County Council of PTA met in regular session at 10 a.m. this day and voted without a dissenting vote to support the teachers' request for a 7% raise for the school year 1975-76 and to pass a resolution to that effect. Dr. Carter read the attached Resolution. (Following this reading there was applause from the assembled teachers.)

Dr. Carter stated that he was very interested in the information which was presented at the doors in relation to the presentation by the County Council.

Mr. James Booth, president of the Hamilton County Education Association, read a statement by the League of Women Voters (see attached). He then read a presentation of the HCEA to the Council (see attached). At the conclusion of this statement the assembled teachers gave Mr. Booth a standing ovation with prolonged applause.

Judge Moore thanked Mr. Booth. He stated that the County is extremely limited in what the County government can do. He said that the teachers and others have managed to flood the County office with telephone calls, letters, and other correspondence. But there is only so much the County government can do, what the law says the County government can do. The fact that the law is silent on a matter means that the County cannot do it. Basically in County government the way money is obtained is by property tax. Hamilton County's standing in salary rank is not really 10th in 95 counties; it is actually 10th in 140 school systems in Tennessee. Hamilton County is up at the top. (Sounds of protest from the audience.) Judge Moore stated that "we have the statistics; you have emotions."

Voice from the audience: "Tell us about your raise!" Another voice: "And your emotions!"

At this point Mr. Booth stood and asked that the teachers restrain themselves. He said that they want to do a professional job.

Judge Moore said that he would answer that question about his raise. The Legislature made the decision prior to the time Judge Moore sought the office of County Judge. His salary cannot be increased by any action the County Council might take during his term of office.

Judge Moore explained the allocation of the County tax dollar, using charts, stating that each person was given a handout upon entering explaining these figures. Education receives 64% of the tax dollar; general government gets 23%; roads 3%; and other debt service almost 10%. That is where the money goes. Out of every \$3.25 per hundred, the school tax rate is \$1.65. The \$3.25 represents only about 25% of actual property values within Hamilton County. Within the city limits the county rate is \$2.96, 75% of total assessed value. Hamilton County does in fact do its part. The only way this can basically be changed is to increase the tax levy. As it has been stated before the County government must divide education funds with the city on the basis of the Average Daily Attendance.

In the County 52.51% of the \$3.25 goes directly to education. 9.22% goes to debt service to pay for schools. Dr. Carter had been fussing about Chattanooga taking over the County schools without compensating the County school system for them. The ADA now is about 28,000 in the city and 21,000 in the county. In five years the County will probably again have more than 50% of the population. The County had about 52 or 53% last year. This year as a result of the annexation the County has about 42 or 43%. The reductions in the County's Share have been most felt by the classroom teachers because this is the area where the greatest number of employees of the Department of Education exist. There is nothing the County Judge or the County Council can do about the City annexing those fairly densely populated areas. And there is nothing Dr. Carter or the school board can do about allocating students in attendance on the amount of money the County can receive from ADA. Of the total \$3.25 schools get \$1.65. The school debt service gets another 44¢. Out of the total \$3.25, \$2.09 goes directly to education. Education is the largest single part of County financing. To give you some idea of why local government is having trouble, in 1966 the State provided 52% of the local school budget. Down through 1972 the figure stated around 50 to 52%. Since 72 the percentage has fallen and is now 37.22% of the total budget. If the State had continued to fund as it was doing in 1972, there would this year be over 3½ million dollars for schools and their operation in Hamilton County. The problem is not that Hamilton County has done less. Hamilton County, as can be seen from the figures, is now doing a tremendous multiple of the State effort. Hamilton County contributes \$23 million while the State contributes \$8½ million. The money must be divided in accordance with the State law. The laws under which the County functions require that the County Council enact the budget prior to July 1. In addition the law requires that the taxes be due and payable October 1 of that year. The law requires for a single tax levy and that has been made. The Legislature will meet in January. Speaker of the House McWherter has advised Judge Moore that he will endeavor as Speaker to obtain additional financing from the Legislature for an increase in educational funds. An effort should be made by all (Judge Moore added he had started his part) to encourage not only Mr. McWherter but others in the Legislature to adopt a practical and progressive policy. When Judge Moore was in the Legislature, this problem was met, and he is not asking the Legislature to do any more. Local government is constantly restricted by federal laws. The County thinks it is doing an adequate job of funding education on the County level. If the annexation had not taken place the County would have had enough money. County employees did not receive a straight 7% raise; they received 5% increase and an additional 2% for working longer hours. The work day was increased 30 minutes, or an additional 2½ hours a week. (Derisive laughter from the audience at this statement.)

Councilman Fuller stated, "I have been told that it would not be political expedient to say anything. Some say we should look at the figures and decide where to place the blame. I say that we need solutions, not blame. Those who have followed my career, know that Judge Moore and I have had varying opinions but I respect Judge Moore and hope Judge Moore respects me." Mr. Fuller said that he would back up to no one in his support of education. "If we can look at the possibilities available to us, there has to be some way to get the additional 2% that the school teachers did not get and other employees did. Mind you, I say that the director of accounts and budgets just fell out of his chair. There has to be a way. When the budget was adopted, I really did not know the teachers' increase would not be there. I did not vote for the passage of the budget for a number of reasons. Along with your desire for additional salary goes a commensurate responsibility to do a better job. A lot of the phone calls I have received have not been pro-education. The HCEA, ETEA, and NEA need to be aware of going down the road the AMA went and wind up with a poor public image. I will do everything I can to improve your situation."

O C T O B E R T E R M 1 9 7 5

Dr. Carter stated that the State Department of Education has proposed a new funding formula. Even though in some counties the state is assuming 80-90% of the burden and local government only 10%, in Hamilton County is more like 40-60 and will be worse next year. The new formula will be based upon the ability of the county to pay. This will mean a reduction of money to come to Hamilton County. Hamilton County is now third in property assessment income. When the new formula is defined, Hamilton County will probably have a reduction in state participation. The solution rests upon the people in Hamilton County. The solution does lay the burden back to the people of Hamilton County and does say to this Council that it must give serious consideration to a tax increase, a significant tax increase to fund the needs. We must look not only to the State but to local sources.

Mr. Booth stated that on page one of Judge Moore's chart that the money for schools and for debt service were together. This means that the teachers pay for debt service with lower salaries. The teachers cannot be expected to pay for the buildings. "We are here to talk about teachers' salaries. It is not a great amount, an increase up to a 7% raise when you consider the total County budget." Mr. Booth stated that Hamilton County ranks 15th in per pupil expenditure. Some of the figures on the charts show that Hamilton County is not doing a significant job. Mr. Booth cited from an article Norman Bradley had written for the Times that on a \$32,000 home a 10¢ tax increase would mean taxes of only \$8.00 (more?) a year. "What parent would not say his child is worth 67¢ a month?"

Judge Moore said that this was just playing the numbers game and this will not really resolve the problem. "You are requesting more money for classroom teachers. The Hamilton County Council has no jurisdiction over how much money is paid school teachers. That is a decision that belongs to the Board of Education, not a decision made by the Hamilton County Council. We fund a budget and how the money is spent is determined by the school board." Judge Moore stated that the Council will meet with the school board in an effort to see what if any money can be reallocated. Because of the ADA to get \$530,000 to bring the salaries up will necessitate appropriating over 1 and ¼ million dollars because of the ADA split. "When I tell you there is nothing the County Council per se can do, I regretfully mean that there is not anything the Council can do. I would like to sit up here and tell you, "Well, doggonnit, we will just find the money. That would please me but I can't tell you that."

Bob Sanford, teacher from Red Bank Junior High School, asked what progress has been made in negotiation with the city on the annexed schools, that he understood we were still paying for 17 schools the city now has.

Judge Moore said he did not think there were 17 schools, that there were 7 in this last annexation.

Dr. Carter said there were 7 in this last annexation but in all past annexations there have been at least 17 if not more.

Judge Moore stated that this particular transfer was negotiated before Dr. Carter became superintendent and before Judge Moore became County Judge. But regardless of the number the County does intend to negotiate for compensation but does not know how long it will take. The County hopes soon to be able to present to the Mayor a dollar value of the school buildings and equipment.

Dr. Carter stated that he had been in contact with Mayor Rose who had assured Dr. Carter of his full intent to accomplish this. County school staff is now accumulating data that will be needed. Soon all the information that will be needed will be provided to the Council. Dr. Carter said he is not sure how negotiations on these annexed buildings will affect the teachers' salary increase.

O C T O B E R T E R M 1 9 7 5

Mac Franklin, principal of East Ridge High School, asked what is the current amount of surplus from the Trustee's office, and if there is any possibility that the surplus could be used for this purpose.

Judge Moore stated that the unexpended funds have already been appropriated and will be expended. In order to meet the expenditures of all County government (there are 89 agencies involved) it was necessary to take some unallocated funds and revenue money and put it in the budget. It is not possible to fund operations with single source money; the only way is from continuing sources. "What we have done means a built-in tax increase in July of 76." Each time Judge Moore talked to Mr. Booth he had told him that although he was extremely sympathetic there was no solution other than to meet with the school board and consider reallocating funds. 44¢ out of the \$3.25 has been going to pay for not only the County schools ("frankly, our worst schools--the schools that are left are the poorest of the entire County school system") but also some of the schools the city annexed. The County does hope to get some of that money back.

Dr. Carter stated that the school board will be happy to meet with Judge Moore. There is money in one area--that allocated to capital outlay. But can they continue to operate if this money is used? The schools will appreciate what commitments can be made from the County Council to assist. The Board of Education has looked diligently for the money, but unfortunately they were underbudgeted and underfunded to do what they needed to do. "It is simply a matter of carrying on, and deciding how we will hurt most, facilities or salaries."

Bob Frederick, member of the County School Board, said the Judge had stated it is almost impossible to change the tax rate at this late date. "Do you mean it is impossible or nigh on to impossible? There is a difference."

Judge Moore said it is practically impossible. The tax bills are already in the mail, they were mailed today.

Mr. Booth asked Judge Moore to quote the law stating this.

Judge Moore said he supposed it would be Section 17.

Mr. Jim Turner, County Attorney, stated that Section 17 says you cannot alter the budget once it has been made and adopted. It is a state statute that says when you shall assess property taxes. The Private Acts provide for the adoption of a budget no later than July 1. And you cannot alter or change that budget in any way except in the last two months of the year. You cannot change the tax rate.

Mr. Booth said, "Until the last two months."

Mr. Turner said, "Not the tax rate."

Mr. Booth said, "Are you going to tell us that as of June 30, 1976 this County is broke?"

Judge Moore stated that as of June 30, 1976, the County has allocated all of the funds. All revenues that are anticipated for 1976 have been allocated.

Mr. Booth asked if pursuant to this act that funds can be shifted in the last two months, if funds are available could they be used for the teachers' salary increases.

O C T O B E R T E R M 1 9 7 5

Judge Moore stated yes, but they would have to be divided. "We are building in a deficit. Say a teacher making \$8500 a year is getting a \$150 raise now. To increase the raise to \$200 would require \$50 and that additional \$50 has to come from next year's revenue. That means we are building in a deficit."

Mr. Booth asked that they get back to the beginning point. "We request that this County Council make some significant statement regarding allocating funds for the increase the teachers need. There must be some way. No matter how you cut it the county employees received a 7% raise, the teachers only 3.73%. There is a significant difference between these figures."

Craig Fletcher, Daisy Elementary School, stated that he was under the impression that the County would match the state funds, that the State would give the teachers \$400 and the County would match this. He wanted to know where the difference was between the \$150 the County actually gave and the \$400 they were going to give.

Judge Moore said he did not know anything about the \$400.

Dr. Carter stated that Mr. Fletcher had the County confused with the Board of Education. The Board did pass a motion that they would match up to \$400 from the State, for a maximum raise of \$800. As it came out the State gave \$150 and all the Board would have needed to have done was to match that. Actually with a 3.73% raise the State gave 1.5 and the Board gave 2.23. These negotiations did not involve the County Council.

Judge Moore stated the County Council has nothing to do with teachers' salaries, they are set by the school board.

Dr. Carter stated the question was that if the Board was going to give \$400 if the State did, why not give it anyway? The answer is that the Board was anticipating several things. They were anticipating greater enrollment. They were anticipating \$2.4 million more than they got from the Council, and they were anticipating owning a few more schools than they now have. To give the money now from capital outlay will require a severe reduction in renovation and maintenance.

Councilman Fuller asked how much money is there?

Dr. Carter stated that there is \$1½ million in capital outlay. One half million is for Daisy Elementary, and one half million for equipment. The remaining one half million is for renovation, site improvements, and some of the maintenance items. Of the \$1½ million, \$1 million is pretty well fixed.

Judge Moore asked if there was anything else.

Mr. Booth said he did hope Judge Moore did not think he was finished. Mr. Booth stated that Hamilton County is the 3rd wealthiest county with the 3rd highest per capita income, but was ranked 37 in tax rate. The teachers need assistance now, not next year. Their buying power has been reduced. "Are you going to sit here before 1100 teachers and say there is nothing you can do to help us?"

Judge Moore told Mr. Booth as he had told him about 15 times before, there is nothing the County Council can do.

Mr. Booth said, "I'm an awful slow learner." He asked Mr. Turner if the law is silent does it mean the County Council cannot act.

Mr. Turner stated that a statute states you shall do so and so by such and such date. Without a direct statute, you cannot do it.

O C T O B E R T E R M 1 9 7 5

Mr. Booth asked that Mr. Turner ask the attorney general's opinion on this.

Mr. Turner stated that if the attorney general would honor it for him, he would do it.

Mr. Booth asked if the County Council would be willing to meet with the Board of Education and work out some method of granting an increase.

Judge Moore stated that he was not speaking of a joint meeting of the entire Council and Board but if the others want to meet with them they will be welcome. They will meet with the school board. Judge Moore said, "I intend to. You will find I do what I say I will do."

Mr. Franklin stated that the newspaper had quoted Judge Moore as saying that some county employees received a higher increase because they were highly qualified people and the same positions in the city were paid higher salaries so the County people had to have the raise. "How do you view the teachers of Hamilton County?" (Applause from teachers).

Judge Moore stated that he viewed the teachers as any other professional group. He stated the instance Mr. Franklin cited involved 3 people and 3 people only. It was a process that commenced about four years ago. "I cannot tell you that we can do the same thing for everyone that we have done for 3 people. There just is not enough money. You are talking about 1100. There is a considerable difference in dollars. \$530,000 is not a significant sum, according to Mr. Booth. Ladies and gentlemen, that is a bunch!" Judge Moore stated it would take 1½ million to produce this and that is an increase of 15¢ on every piece of property in Hamilton County, and is almost a 10% increase in the school budget. Judge Moore pointed out that he had told Mr. Booth that he wanted to give the teachers a complete hearing but that this was still a Council meeting, and they were not hearing anything new. "Mr. Booth cannot offer a solution; I cannot.

Mr. Booth stated that he would like to request a motion by the Council to seek the Attorney General's opinion on the budgetary law and to agree that the Council call a joint meeting of this Council, the Board of Education and the Hamilton County Legislative body to see what can be worked out. "We are not trying to be unreasonable. There is a real solution and this is a possible step toward that solution."

Judge Moore asked Mr. Turner if he would get the Attorney General's opinion.

Mr. Turner said, "I told them I would."

Judge Moore stated that as far as a joint meeting is concerned he saw no particular advantage to discussing again that which was discussed for about an hour. If there is anything new to be offered, he would be glad to listen. Judge Moore said he knew of no solution.

ON MOTION of Councilman Fuller, seconded by Councilman Mayfield, that the Hamilton County Council meet with the County school board and the Hamilton County Education Association to attempt to solve the problem of granting increases for the teachers. The foregoing Motion was unanimously Adopted by Acclamation. Total present-4. Absent-1.

Mr. Booth thanked Judge Moore for this and for the time the Council gave to them. He asked that the teachers be sure to pick up two hand-outs that would be given to them at the doors.

1975-76 SALARY FIGURES FOR TENNESSEE TEACHERS: AN ANALYSIS

---A Background Report

Prepared for THE HAMILTON COUNTY COUNCIL

by the office of public information

1975-76 SALARY FIGURES FOR TENNESSEE TEACHERS: AN ANALYSIS

OVERVIEW

There are 146 school systems in Tennessee. Hamilton County consistently ranks in the top ten for all salary levels, unlike other systems that shift positions radically in the different levels. These systems, apparently, "underpay" proportionally at one level to bring up another. Knoxville, for instance, ranks 38th for BA minimum, 9th for BA maximum, 39th for MA minimum, and 15th for MA maximum.

ON RAISES

The contention that Hamilton County is unique in its allegedly "minimal" raise in Tennessee is not supported by the Tennessee Education Association's own most current figures. Since city systems have revenue sources available to them that are not available to county systems, the following breakdown is confined to the logically proper class: county school systems.

TOTAL COUNTY ANALYSIS (min. level)

The highest raise was \$500. It was offered by only Scott County and Washington County. The raise brought the basic salary in Scott County to \$8100, 25th in the State; the raise brought the basic salary in Washington County to \$7700, 59th in the State.

The Hamilton County raise was \$150. That raise put this County in the 10th position in the State. Chart I on the next page will show Hamilton County's relative position among the top fifteen school systems, based on the BA minimum salary.

THE TOP FIFTEEN: BA MIN (with school levy rates)*

<u>System</u>	<u>Salary</u>	<u>Total/ School(county)</u>	<u>City school levy</u>
1. Oak Ridge	8975	4.64/3.76 (Anderson)	2.60
2. Alcoa	8700	2.30/1.29 (Blount)	1.20
3. Hamblen County	8535	2.58/1.31**	
4. Memphis	8480	4.00/1.79 (Shelby)	1.09
5. Kingsport	8455	3.96/2.46 (Sullivan)	2.50
6. Manchester	8450	2.58/1.33 (Coffee)	***
7. Chatta-nooga	8432	2.96/1.65 (Hamilton)	.55
8. Shelby County	8430	4.00/1.79	
9. Bristol	8350	3.96/2.46 (Sullivan)	@1.85 (53% of gen. fund)
10. Hamilton County	8350	3.25/1.65	
Maryville	8350	2.30/1.29 (Blount)	1.36
13. Davidson-Nashville	8300	6.00/2.02	
14. Dayton	8275	3.20/2.13 (Rhea)	.01****
15. Jackson	8268	1.88/.65 (Madison)	.87

*Neither Knoxville nor Knox County appears in this list. Knox County, with a school levy of 1.64 and 3.89 total levy, ranks 19th, paying 8200. Knoxville, with an additional levy of .62, ranks 38th, paying 7950.

**Hamblen County has a population of about 42,000 and a school enrollment of about 4600. According to the Tennessee Pocket Data Book 1975 its total ADA expenditure for the last known school year was \$567, about \$130 below Hamilton County's total ADA expenditure. This suggests that a disproportionate percentage of its total school expenditure goes to teacher salaries.

*** According to the City Recorder's office, Manchester has two additional revenue sources: 40% of its portion of the County sales tax (\$90,000 last year), and a per capita subsidy for each Federal employee dependent in the system. While the recorder did not have exact available figures, the office did say that this source generated most of the city's revenue for schools, as it did in Tullahoma.

**** Mr Carrol Tallent, former superintendent and current finance officer for Dayton, explains Dayton's advantageous position as "good management." The system has only 31 teachers and had a \$150,000 surplus from last year. The teachers asked for a \$150 raise. The superintendent insisted they take \$350, largely from the surplus.

13. Knox Co.	403.03
14. Shelby Co.	400.40
15. Hamilton Co.	389.12

This listing should illustrate some of the complications that arise in a consideration of school funding.

1. The fact that some systems show up on this list that do not appear on the top fifteen list for salaries should indicate that salary is only one way of measuring a county's commitment to education, and should remind us that salaries are only one part of the total education budget, a part that may not always be of first importance to a particular system (for instance, Greeneville

ranks 5th in total local expenditure, but only 35th in basic salary).

2. Hamilton County apparently tries to proportionally balance allphases ofits budget since its total expenditure ranking, 15th out of 146, is quite close to its basic salary ranking.

3. This listing dramatically points out the advantage that city school systems, with their "double taxation," have over county systems. Chattanooga is able to expend about \$165 per pupil more than Hamilton County. Alcoa can spend about \$460 per pupil more than its surrounding county, Blount; Kingsport about \$250 more than its county, Sullivan; Oak Ridge about \$220 more than its county, Anderson; Franklin about \$200 more than its county, Williamson; etcetera, etcetera, etcetera.

THE LARGER ISSUE OF FUNDING INEQUITY

This last list also illuminates the larger problem of educational inequity inherent in a funding system based on local property taxation. That issue was the subject of a 1972 State of Tennessee publication, Financing Education: Taxpayers' Dilemma. Salient portions of that publication are excerpted here without comment: they speak for themselves.

Primary dependence in many areas of public education upon the real property tax and the localization of the tax's expenditure have combined to make the public schools "educators" for the educated rich and "keepers" for the uneducated poor....The inability of children from poor districts to compete with their peers from richer districts becomes evident as they reach maturity and are in many cases unable to achieve economic or social positions.... Equality of training for later life in the form of public education allows, by its very nature, for differences in

achievement; effort and native ability account in a large part for the relative success of the individual.... Equality of educational opportunity is not meant to denote sameness in educational systems or the exact same expenditure per pupil across the state. It is a recognized fact that the cost of educating a child varies among the districts as the result of many circumstances such as the size of the system, etc..../Nevertheless, here is the basic problem:/ in order for a district with a low assessed valuation to obtain a level of expenditure equal to that of a district with an assessed valuation three times higher, they must tax themselves three times harder. The result of the disparities in the wealth of the districts is that the quality of a child's education becomes a function of the wealth of the district, his parents and neighbors. Richer districts are capable of providing support to their educational program at a level far above that of the poorer districts, often at only a fraction of the property tax rate.... The alternative is not equal per pupil expenditure, but "fiscal neutrality." This "fiscal neutrality" would require that the state employ a method of financing public education which makes the quality of education independent of the wealth of the district.

In short, the answer to funding problems in public education is not to urge a greater and greater fiscal burden on an already over burdened local government, but to devise and to adopt a state-wide plan for true state-level funding of education.

and Chairman of the
County Council

O C T O B E R T E R M 1 9 7 5

Judge Moore stated that the single lot mobile home districts in Hamilton County is a new zoning that does away with the trailer park type of structuring that Hamilton County had previously had. This particular zoning was created to allow mobile homes on regular subdivision tracts with regulations so there would be some type of regulations about where they would be placed. There is considerably more restrictive zoning than we have had before. As of now it is possible to place them any place, just get a building permit and one can be put in. The Council created this new zoning regulation to regulate where mobile homes would be placed.

Judge Moore stated that the Planning Commission had recommended that this petition be approved and asked if there was anyone present in opposition.

Attorney Leon Davis, who was representing those opposed to the rezoning asked if the hearing on this resolution could be postponed for about 15 minutes in order for them to get a petition notarized.

(Judge Moore decided that this business would be heard following the rest of the rezoning petitions.)

*** Mr. Keese stated that there were about 6 acres of land and it was his plan to sell acre plots for trailers so there would be only about six plots at the most. Mr. Keese said he had not understood that those opposed were getting up a petition, that he could get a petition too signed by quite a few people, that there was strong sentiment in his favor in the area.

Mr. Davis presented a petition signed by more than 20% of the adjoining land owners who are in opposition to the change in zoning. A delegation of approximately 20 people opposing the rezoning was present at the meeting.

Mr. Davis introduced Mr. Porter Yarbrough, who is one of the builders developing the adjoining land, a subdivision called Sequoyah Forest. Mr. Davis said that the subdivision contains 64 lots and about one half of these lots have homes already built on them.

Mr. Yarbrough stated that he felt the new mobile home ordinance was good, that it was a good thing to regulate the mobile homes areas. He felt that the purpose of the ordinance was to regulate them so as to keep them from being placed adjacent to single family homes. Mr. Yarbrough stated that the homes they are building are \$25,000-\$35,000 homes. He stated that one of the reasons people buy homes in subdivisions is to protect themselves regarding what will surround their homes. "Placing one mobile home or 100 mobile homes next to single family homes in subdivisions is unfair. Mobile homes should be placed in an area undeveloped which will let them set the precedent for the area," Mr. Yarbrough stated. Mr. Yarbrough stated in their subdivision there were 64 lots with about 30 homes already built and when completed the development would run over \$2 million. Mr. Yarbrough felt that it would be hard to get speculative builders and hard to sell the houses with trailers next door.

Mr. Yarbrough stated that Dr. Sam Gill, who was present at the meeting, and Dr. Jack Camp, who was out of town, both owned homes in the subdivision. Dr. Gill stated that he is one of the developers. Dr. Gill stated that they had let the meeting at the Planning Commission slip by them, that he was not notified of the meeting because the letter of notification had been sent to the man who had formerly been his partner in the development and they had parted under not too friendly relationships (the man had gotten into financial distress) so the man did not let Dr. Gill know about the notification. Dr. Gill stated that he already had about \$90,000 tied up in the development and he felt that putting trailers next door would "throw a wrench in the cog" in trying to sell the lots. Dr. Gill stated that he had "nothing against Mr. Keese trying to make a buck." He feels that a man should be able to use his property as he wishes, but he felt the ordinance was designed to protect those who were there first.

O C T O B E R T E R M 1 9 7 5

Dr. Gill said, "I was there first; I bought the property from Mr. Keese." He said that he and Dr. Camp own property all around and feel that they have a voice in the use of the property. Slides were shown of a few of the homes in the subdivision.

Mr. Nichol stated that his property is across the road from that owned by Mr. Keese. He has quite an investment in his home and has been there for about five years. Mr. Nichol stated that he felt trailers would be a detrimental aspect.

Judge Moore asked Mr. Davis if he knew Mr. Keese could put a trailer on the property.

Mr. Davis said he did know this, but under the zoning Mr. Keese is asking for he could put four trailers per acre, so there would be the possibility of more than six trailers. Mr. Davis felt trailers should go into an area first, that putting trailers next to the subdivision would destroy property values and make the property of less value to the County as well.

Mr. Kenny Parker stated he was a fairly new resident of the area and that his 7-year old daughter waits for the school bus within 200 feet of Mr. Keese's property. Mr. Parker stated that if he had known three months ago that this was "in the offing" he would have built elsewhere.

Mr. Keese stated that he did not believe as many as 20 homes had been built in the subdivision, probably about 17, and that the doctor had had the property for five years. Mr. Keese also feels that the value of the houses is overstated, that if he knows anything about houses there are a lot of "235 houses." There are a number of trailers in the area already. Mr. Keese will not run a trailer park, he will sell acre lots. (Of course, the new owners could sell again and do something else, Mr. Keese added.)

Judge Moore reminded Mr. Keese that if the property is rezoned he would have to submit a request to the Planning Commission for subdivision approval.

NO. 1075-15

TITLE REZONING FROM AGRICULTURAL DISTRICT TO SINGLE LOTS MOBILE HOME DISTRICT A TRACT OF LAND LOCATED ON AN UNNAMED ROAD SOUTH OF HARRISON BAY ROAD. THIS TRACT BEGINS AT A POINT IN THE WEST LINE OF SECTION 10, TOWNSHIP 4, RANGE 3, WEST OF THE BASIS LINE, OCOEE DISTRICT, SAID POINT BEING 1340' SOUTH OF THE NW CORNER AND EXTENDS SE 2145', THENCE SW 1300' THENCE NW 2145' TO THE WEST LINE OF SECTION 10, THENCE NE, ALONG THE WEST LINE OF SECTION 10, 1300' TO THE POINT OF BEGINNING, BEING A PART OF THE NW QUARTER OF SAID SECTION.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, Allie O. McDaniel petitioned The Chattanooga-Hamilton County Regional Planning Commission to rezone a tract of land located on an unnamed road South of Harrison Bay Road and said Planning Commission after hearing recommended that said petition be denied; and

WHEREAS, Allie O. McDaniel requested that the County Council consider said petition and notice has been published in a newspaper in general circulation in Hamilton County that the County Council would hold a public hearing on October 15, 1975, concerning the passage of this Resolution as required by law, and such hearing having been held.

NOW, THEREFORE, BE IT RESOLVED, BY THE COUNTY COUNCIL OF HAMILTON COUNTY, TENNESSEE, IN SESSION ASSEMBLED: That the Zoning Resolution of Hamilton County be amended to rezone from Agricultural District to Single Lots Mobile Home District a tract of land located on an unnamed road South of Harrison Bay Road. (The Planning Commission had recommended that this petition be denied.

Judge Moore asked if Mr. McDaniel was present. Mr. McDaniel stated that he did not plan to put a lot of trailers on very small lots, that it would mainly be used while people are putting up homes. Judge Moore asked if there was access to the property. Mr. McDaniel said he would have to have a road built for about .6 of a mile.

Attorney J. Thomas Mann represented the owners of adjoining property who have extensive plans for the area. Mr. Mann stated that the property owned by his clients was high ground whereas Mr. McDaniel's land was low ground. Allowing trailers to be placed on his land would be detrimental to the plans of Mr. Mann's clients.

Mr. McDaniel stated that "the whole thing is hills and valleys; mine is like his."

Judge Moore stated that in order to be approved the property must front on a public road and that the Planning Commission had recommended that the petition be denied.)

of Probable Construction Cost, shall assist the Owner in obtaining bids or negotiated proposals, and in awarding and preparing construction contracts.

CONSTRUCTION PHASE—ADMINISTRATION OF THE CONSTRUCTION CONTRACT

1.1.10 The Construction Phase will commence with the award of the Construction Contract and will terminate when the final Certificate for Payment is issued to the Owner.

1.1.11 The Architect shall provide Administration of the Construction Contract as set forth in AIA Document A201, General Conditions of the Contract for Construction, and the extent of his duties and responsibilities and the limitations of his authority as assigned thereunder shall not be modified without his written consent.

1.1.12 The Architect, as the representative of the Owner during the Construction Phase, shall advise and consult with the Owner and all of the Owner's instructions to the Contractor shall be issued through the Architect. The Architect shall have authority to act on behalf of the Owner to the extent provided in the General Conditions unless otherwise modified in writing.

1.1.13 The Architect shall at all times have access to the Work wherever it is in preparation or progress.

1.1.14 The Architect shall make periodic visits to the site to familiarize himself generally with the progress and quality of the Work and to determine in general if the Work is proceeding in accordance with the Contract Documents. On the basis of his on-site observations as an architect, he shall endeavor to guard the Owner against defects and deficiencies in the Work of the Contractor. The Architect shall not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the Work. The Architect shall not be responsible for construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Work, and he shall not be responsible for the Contractor's failure to carry out the Work in accordance with the Contract Documents.

1.1.15 Based on such observations at the site and on the Contractor's Applications for Payment, the Architect shall determine the amount owing to the Contractor and shall issue Certificates for Payment in such amounts. The issuance of a Certificate for Payment shall constitute a representation by the Architect to the Owner, based on the Architect's observations at the site as provided in Subparagraph 1.1.14 and the data comprising the Application for Payment, that the Work has progressed to the point indicated; that to the best of the Architect's knowledge, information and belief, the quality of the Work is in accordance with the Contract Documents (subject to an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, to the results of any subsequent tests required by the Contract

Documents, to minor deviations from the Contract Documents correctable prior to completion, and to any specific qualifications stated in the Certificate for Payment); and that the Contractor is entitled to payment in the amount certified. By issuing a Certificate for Payment, the Architect shall not be deemed to represent that he has made any examination to ascertain how and for what purpose the Contractor has used the moneys paid on account of the Contract Sum.

1.1.16 The Architect shall be, in the first instance, the interpreter of the requirements of the Contract Documents and the impartial judge of the performance thereunder by both the Owner and Contractor. The Architect shall make decisions on all claims of the Owner or Contractor relating to the execution and progress of the Work and on all other matters or questions related thereto. The Architect's decisions in matters relating to artistic effect shall be final if consistent with the intent of the Contract Documents.

1.1.17 The Architect shall have authority to reject Work which does not conform to the Contract Documents. Whenever, in his reasonable opinion, he considers it necessary or advisable to insure the proper implementation of the intent of the Contract Documents, he will have authority to require special inspection or testing of any Work in accordance with the provisions of the Contract Documents whether or not such Work be then fabricated, installed or completed.

1.1.18 The Architect shall review and approve shop drawings, samples, and other submissions of the Contractor only for conformance with the design concept of the Project and for compliance with the information given in the Contract Documents.

1.1.19 The Architect shall prepare Change Orders.

1.1.20 The Architect shall conduct inspections to determine the Dates of Substantial Completion and final completion, shall receive and review written guarantees and related documents assembled by the Contractor, and shall issue a final Certificate for Payment.

1.1.21 The Architect shall not be responsible for the acts or omissions of the Contractor, or any Subcontractors, or any of the Contractor's or Subcontractors' agents or employees, or any other persons performing any of the Work.

1.2 PROJECT REPRESENTATION BEYOND BASIC SERVICES

1.2.1 If more extensive representation at the site than is described under Subparagraphs 1.1.10 through 1.1.21 inclusive is required, and if the Owner and Architect agree, the Architect shall provide one or more Full-Time Project Representatives to assist the Architect.

1.2.2 Such Full-Time Project Representatives shall be selected, employed and directed by the Architect, and the Architect shall be compensated therefor as mutually agreed between the Owner and the Architect as set forth in an exhibit appended to this Agreement.

1.2.3 The duties, responsibilities and limitations of authority of such Full-Time Project Representatives shall be set forth in an exhibit appended to this Agreement.

1.2.4 Through the on-site observations by Full-Time Project Representatives of the Work in progress, the Architect shall endeavor to provide further protection for the Owner against defects in the Work, but the furnishing of such project representation shall not make the Architect responsible for construction means, methods, techniques, sequences or procedures, or for safety precautions and programs, or for the Contractor's failure to perform the Work in accordance with the Contract Documents.

1.3 ADDITIONAL SERVICES

The following Services shall be provided when authorized in writing by the Owner, and they shall be paid for by the Owner as hereinbefore provided:

1.3.1 Providing analyses of the Owner's needs, and programming the requirements of the Project.

1.3.2 Providing financial feasibility or other special studies.

1.3.3 Providing planning surveys, site evaluations, environmental studies or comparative studies of prospective sites.

1.3.4 Providing design services relative to future facilities, systems and equipment which are not intended to be constructed as part of the Project.

1.3.5 Providing services to investigate existing conditions or facilities or to make measured drawings thereof, or to verify the accuracy of drawings or other information furnished by the Owner.

1.3.6 Preparing documents for alternate bids or out-of-sequence services requested by the Owner.

1.3.7 Providing Detailed Estimates of Construction Cost or detailed quantity surveys or inventories of material, equipment and labor.

1.3.8 Providing interior design and other services required for or in connection with the selection of furniture and furnishings.

1.3.9 Providing services for planning tenant or rental spaces.

1.3.10 Making revisions in Drawings, Specifications or other documents when such revisions are inconsistent with written approvals or instructions previously given and are due to causes beyond the control of the Architect.

1.3.11 Preparing supporting data and other services in connection with Change Orders if the change in the Basic Compensation resulting from the adjusted Contract Sum is not commensurate with the services required of the Architect.

1.3.12 Making investigations involving detailed appraisals and valuations of existing facilities, and surveys or inventories required in connection with construction performed by the Owner.

1.3.13 Providing consultation concerning replacement of any Work damaged by fire or other cause during construction, and furnishing professional services of the Architect.

O C T O B E R T E R M 1 9 7 5

set forth in Paragraph 1.1 as may be required in connection with the replacement of such Work.

1.3.14 Providing professional services made necessary by the default of the Contractor or by major defects in the Work of the Contractor in the performance of the Construction Contract.

1.3.15 Preparing a set of reproducible record prints of drawings showing significant changes in the Work made during the construction process, based on marked-up prints, drawings and other data furnished by the Contractor to the Architect.

1.3.16 Providing extensive assistance in the utilization of any equipment or system such as initial start-up or testing, adjusting and balancing, preparation of operation and maintenance manuals, training personnel for operation and maintenance, and consultation during operation.

1.3.17 Providing services after issuance to the Owner of the final Certificate for Payment.

1.3.18 Preparing to serve or serving as an expert witness in connection with any public hearing, arbitration proceeding or legal proceeding.

1.3.19 Providing services of professional consultants for other than the normal structural, mechanical and electrical engineering services for the Project.

1.3.20 Providing any other services not otherwise included in this Agreement or not customarily furnished in accordance with generally accepted architectural practice.

ARTICLE 2

THE OWNER'S RESPONSIBILITIES

2.1 The Owner shall provide full information, including a complete program, regarding his requirements for the Project.

2.2 The Owner shall designate, when necessary, a representative authorized to act in his behalf with respect to the Project. The Owner shall examine documents submitted by the Architect and shall render decisions pertaining thereto promptly, to avoid unreasonable delay in the progress of the Architect's services.

2.3 The Owner shall furnish a certified land survey of the site giving, as applicable, grades and lines of streets, alleys, pavements and adjoining property; rights-of-way, restrictions, easements, encroachments, zoning, deed restrictions, boundaries and contours of the site; locations, dimensions and complete data pertaining to existing buildings, other improvements and trees; and full information concerning available service and utility lines both public and private, above and below grade, including inverts and depths.

2.4 The Owner shall furnish the services of a soils engineer or other consultant when such services are deemed necessary by the Architect, including reports, test borings, test pits, soil bearing values, percolation tests, air and water pollution tests, ground corrosion and resistivity tests and other necessary operations for determining subsoil, air and water conditions, with appropriate professional recommendations.

2.5 The Owner shall furnish structural, mechanical, chemical and other laboratory tests, inspections and reports as required by law or the Contract Documents.

2.6 The Owner shall furnish such legal, accounting, and insurance counseling services as may be necessary for the Project, and such auditing services as he may require to ascertain how or for what purposes the Contractor has used the moneys paid to him under the Construction Contract.

2.7 The services, information, surveys and reports required by Paragraphs 2.3 through 2.6 inclusive shall be furnished at the Owner's expense, and the Architect shall be entitled to rely upon the accuracy and completeness thereof.

2.8 If the Owner becomes aware of any fault or defect in the Project or non-conformance with the Contract Documents, he shall give prompt written notice thereof to the Architect.

2.9 The Owner shall furnish information required of him as expeditiously as necessary for the orderly progress of the Work.

ARTICLE 3

CONSTRUCTION COST

3.1 If the Construction Cost is to be used as the basis for determining the Architect's Compensation for Basic Services, it shall be the total cost or estimated cost to the Owner of all Work designed or specified by the Architect. The Construction Cost shall be determined as follows, with precedence in the order listed:

3.1.1 For completed construction, the cost of all such Work, including costs of managing construction;

3.1.2 For Work not constructed, (1) the lowest bona fide bid received from a qualified bidder for any or all of such Work, or (2) if the Work is not bid, the bona fide negotiated proposal submitted for any or all of such Work; or

3.1.3 For Work for which no such bid or proposal is received, (1) the latest Detailed Estimate of Construction Cost if one is available, or (2) the latest Statement of Probable Construction Cost.

3.2 Construction Cost does not include the compensation of the Architect and his consultants, the cost of the land, rights-of-way, or other costs which are the responsibility of the Owner as provided in Paragraphs 2.3 through 2.6 inclusive.

3.3 The cost of labor, materials and equipment furnished by the Owner for the Project shall be included in the Construction Cost at current market rates including a reasonable allowance for overhead and profit.

3.4 Statements of Probable Construction Cost and Detailed Cost Estimates prepared by the Architect represent his best judgment as a design professional familiar with the construction industry. It is recognized, however, that neither the Architect nor the Owner has any control over the cost of labor, materials or equipment, over the contractors' methods of determining bid prices, or over competitive bidding or market conditions. Accordingly, the

Architect cannot and does not guarantee that bids will not vary from any Statement of Probable Construction Cost or other cost estimate prepared by him.

3.5 When a fixed limit of Construction Cost is established as a condition of this Agreement, it shall be in writing signed by the parties and shall include a bidding contingency of ten percent unless another amount is agreed upon in writing. When such a fixed limit is established, the Architect shall be permitted to determine what materials, equipment, component systems and types of construction are to be included in the Contract Documents, and to make reasonable adjustments in the scope of the Project to bring it within the fixed limit. The architect may also include in the Contract Documents alternate bids to adjust the Construction Cost to the fixed limit.

3.5.1 If the Bidding or Negotiating Phase has not commenced within six months after the Architect submits the Construction Documents to the Owner, any fixed limit of Construction Cost established as a condition of this Agreement shall be adjusted to reflect any change in the general level of prices which may have occurred in the construction industry for the area in which the Project is located. The adjustment shall reflect changes between the date of submission of the Construction Documents to the Owner and the date on which proposals are sought.

3.5.2 When a fixed limit of Construction Cost, including the Bidding contingency (adjusted as provided in Subparagraph 3.5.1, if applicable), is established as a condition of this Agreement and is exceeded by the lowest bona fide bid or negotiated proposal, the Detailed Estimate of Construction Cost or the Statement of Probable Construction cost, the Owner shall (1) give written approval of an increase in such fixed limit, (2) authorize rebidding the Project within a reasonable time, or (3) cooperate in revising the Project scope and quality as required to reduce the Probable Construction Cost. In the case of (3) the Architect, without additional charge, shall modify the Drawings and Specifications as necessary to bring the Construction Cost within the fixed limit. The providing of such service shall be the limit of the Architect's responsibility in this regard, and having done so, the Architect shall be entitled to compensation in accordance with this Agreement.

ARTICLE 4

DIRECT PERSONNEL EXPENSE

Direct Personnel Expense is defined as the salaries of professional, technical and clerical employees engaged on the Project by the Architect, and the cost of their mandatory and customary benefits such as statutory employee benefits, insurance, sick leave, holidays, vacations, pensions and similar benefits.

ARTICLE 5

REIMBURSABLE EXPENSES

5.1 Reimbursable Expenses are in addition to the Compensation for Basic and Additional Services and include actual expenditures made by the Architect, his employ-

ees, or his professional consultants in the interest of the Project for the expenses listed in the following Subparagraphs:

5.1.1 Expense of transportation and living when traveling in connection with the Project; long distance calls and telegrams; and fees paid for securing approval of authorities having jurisdiction over the Project.

5.1.2 Expense of reproductions, postage and handling of Drawings and Specifications excluding duplicate sets at the completion of each Phase for the Owner's review and approval.

5.1.3 If authorized in advance by the Owner, expense of overtime work requiring higher than regular rates and expense of renderings or models for the Owner's use.

5.1.4 Expense of computer time for professional services when included in Paragraph II.

5.1.5 Expense of computer time when used in connection with Additional Services.

ARTICLE 6

PAYMENTS TO THE ARCHITECT

6.1 Payments on account of the Architect's Basic Services shall be made as follows:

6.1.1 An initial payment as set forth in Paragraph II is the minimum payment under this Agreement.

6.1.2 Subsequent payments for Basic Services shall be made monthly in proportion to services performed so that the compensation at the completion of each Phase, except when the compensation is on the basis of a Multiple of Direct Personnel Expense, shall equal the following percentages of the total Basic Compensation:

Schematic Design Phase	15%
Design Development Phase	35%
Construction Documents Phase ...	75%
Bidding or Negotiation Phase	80%
Construction Phase	100%

6.1.3 If the Contract Time initially established in the Construction Contract is exceeded by more than thirty days through no fault of the Architect, compensation for Basic Services performed by Principals, employees and professional consultants required to complete the Administration of the Construction Contract beyond the thirtieth day shall be computed as set forth in Paragraph II for Additional Services.

6.2 Payments for Additional Services of the Architect as defined in Paragraph 1.3, and for Reimbursable Expenses as defined in Article 5, shall be made monthly upon presentation of the Architect's statement of services rendered.

6.3 No deductions shall be made from the Architect's compensation on account of penalty, liquidated damages, or other sums withheld from payments to contractors.

6.4 If the Project is suspended for more than three months or abandoned in whole or in part, the Architect

shall be paid his compensation for services performed prior to receipt of written notice from the Owner of such suspension or abandonment, together with Reimbursable Expenses then due and all termination expenses as defined in Paragraph 8.3 resulting from such suspension or abandonment. If the Project is resumed after being suspended for more than three months, the Architect's compensation shall be subject to renegotiation.

6.5 Payments due the Architect under this Agreement shall bear interest at the legal rate commencing sixty days after the date of billing.

ARTICLE 7

ARCHITECT'S ACCOUNTING RECORDS

Records of Reimbursable Expenses and expenses pertaining to Additional Services on the Project and for services performed on the basis of a Multiple of Direct Personnel Expense shall be kept on a generally recognized accounting basis and shall be available to the Owner or his authorized representative at mutually convenient times.

ARTICLE 8

TERMINATION OF AGREEMENT

8.1 This Agreement may be terminated by either party upon seven days' written notice should the other party fail substantially to perform in accordance with its terms through no fault of the party initiating the termination.

8.2 In the event of termination due to the fault of parties other than the Architect, the Architect shall be paid his compensation for services performed to termination date, including Reimbursable Expenses then due and all termination expenses.

8.3 Termination Expenses are defined as Reimbursable Expenses directly attributable to termination, plus an amount computed as a percentage of the total compensation earned to the time of termination, as follows:

- 20 percent if termination occurs during the Schematic Design Phase; or
- 10 percent if termination occurs during the Design Development Phase; or
- 5 percent if termination occurs during any subsequent phase.

ARTICLE 9

OWNERSHIP OF DOCUMENTS

Drawings and Specifications as instruments of service are and shall remain the property of the Architect whether the Project for which they are made is executed or not. They are not to be used by the Owner on other projects or extensions to this Project except by agreement in writing and with appropriate compensation to the Architect.

ARTICLE 10

SUCCESSORS AND ASSIGNS

The Owner and the Architect each binds himself, his partners, successors, assigns and legal representatives to

the other party to this Agreement and to the partners, successors, assigns and legal representatives of such other party with respect to all covenants of this Agreement. Neither the Owner nor the Architect shall assign, sublet or transfer his interest in this Agreement without the written consent of the other.

ARTICLE 11

ARBITRATION

11.1 All claims, disputes and other matters in question between the parties to this Agreement, arising out of, or relating to this Agreement or the breach thereof, shall be decided by arbitration in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association then obtaining unless the parties mutually agree otherwise. No arbitration, arising out of, or relating to this Agreement, shall include, by consolidation, joinder or in any other manner, any additional party not a party to this Agreement except by written consent containing a specific reference to this Agreement and signed by all the parties hereto. Any consent to arbitration involving an additional party or parties shall not constitute consent to arbitration of any dispute not described therein or with any party not named or described therein. This Agreement to arbitrate and any agreement to arbitrate with an additional party or parties duly consented to by the parties hereto shall be specifically enforceable under the prevailing arbitration law.

11.2 Notice of the demand for arbitration shall be filed in writing with the other party to this Agreement and with the American Arbitration Association. The demand shall be made within a reasonable time after the claim, dispute or other matter in question has arisen. In no event shall the demand for arbitration be made after the date when institution of legal or equitable proceedings based on such claim, dispute or other matter in question would be barred by the applicable statute of limitations.

11.3 The award rendered by the arbitrators shall be final, and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof.

ARTICLE 12

EXTENT OF AGREEMENT

This Agreement represents the entire and integrated agreement between the Owner and the Architect and supersedes all prior negotiations, representations or agreements, either written or oral. This Agreement may be amended only by written instrument signed by both Owner and Architect.

ARTICLE 13

GOVERNING LAW

Unless otherwise specified, this Agreement shall be governed by the law of the principal place of business of the Architect.

A RESOLUTION

NO. 1075-24

TITLE A RESOLUTION TO ESTABLISH THE COUNTY COUNCIL SELECT COMMITTEE ON EDUCATIONAL QUALITY FOR THE PURPOSES AND OBJECTIVES SET FORTH HEREIN.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, it is the express intent of this County Council, as the legislative body of Hamilton County, to insure that the citizens of this County receive, in a qualitative manner, public services commensurate with available resources; and

WHEREAS, the public education of our children is among the most important services so rendered by and through our public professional employees, therefore being a matter which requires the greatest scrutiny and the most conscientious concern by all the citizens of this County.

NOW, THEREFORE, BE IT RESOLVED BY THIS COUNTY COUNCIL, IN SESSION ASSEMBLED: That in order to insure the qualitative delivery of public services as mentioned hereinabove, and to properly evaluate the current status of said services, there is hereby established the County Council Select Committee on Educational Quality; and

BE IT FURTHER RESOLVED, that said Committee on Educational Quality shall be composed of seven (7) prominent and independent citizens of Hamilton County, which persons shall be designated and appointed to said Committee at the next regularly-scheduled meeting of this Council, the aforesaid Committee Members to serve thereon until June 30, 1976, or until the accomplishment of the tasks hereinbelow charged to this body, if accomplished prior to such date, or until such time as it shall not be possible for a member to serve thereon, whereupon a successor appointee shall be designated; and

BE IT FURTHER RESOLVED, that said Committee members, upon passage of this Resolution shall, by mutual agreement as to time and place, assemble as soon as is both convenient and practical, and, when assembled, shall select a chairperson and vice-chairperson, who, once chosen, shall be charged with providing said committee with guidance and shall also, from time to time, make reports of committee findings and progress to this Council by and through the chairperson; and

BE IT FURTHER RESOLVED, that said Committee shall adopt such rules and procedures as it may, in its discretion, deem most appropriate to accomplishing the objective of providing quality education to our Hamilton County children within the economic capabilities of the taxpayers of Hamilton County.

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

(Judge Moore stated that this Resolution would establish a committee consisting of 7 citizens to be designated at the next regular meeting to report back to the Council prior to June 30, 1976. The 7 would not be from educational or governmental positions and would be able to give the Council a citizen's view of the educational quality in Hamilton County and would help in making deliberations of "where we are going."

Councilman Fuller stated that he thought the Council should be very careful of forming a committee of seven people who are not from educational or governmental positions, that he was not sure this was the input the Council needs. Councilman Fuller said that he was "afraid this committee would drive a wedge between education and government."

Judge Moore stated that he would expect that the committee would hear from both education and government in a hearing, that he really doesn't know how to bring the two groups any closer.

Councilman Fuller suggested that they could sit down and talk, the education and legislative bodies, and try to do what this resolution sets out to do.

Mr. James Booth, president of the HCEA, stated that he felt if the Council does go ahead and approve the formation of this committee that a criteria for deciding who will serve on the committee should be established. Mr. Booth stated that he thought the committee should not consist of people within the city, that they should be residents of the communities served by the county schools, parents of children in the county schools. He felt they should establish this criteria prior to establishing the committee. Mr. Booth does not feel the progress of education makes much difference to people without children in the schools.

Judge Moore stated that he thought whether people had children in the schools or not education does make a difference because these people pay taxes and they live in communities with graduates of these schools.

Mr. Booth felt that having representatives from education on the committee would enable them to see the situation in the schools, they would have a direct concern over what is happening.

Judge Moore stated that is what PTA and PTO organizations are for.

Mr. Booth asked if the committee members would be PTA members?

Judge Moore told Mr. Booth "I think you are trying to stack the deck." Judge Moore stated that he would like to know what the general public thinks.

Mr. Booth stated if people are not directly affected, then you "are stacking it the other way."

Judge Moore said he hoped not.

Councilman Fuller stated that he was not giving a blanket endorsement that everything in education is triple-A. He simply feels that they can better achieve the results they are hoping for by letting education and legislative people sit down and talk rather than by appointing this committee.

ON MOTION of Judge Moore, seconded by Councilman Long, the foregoing Resolution was Adopted on a Roll Call vote, with the following members of the County Council being present and voting as follows: Councilman Fuller, "Nay"; Councilman Long, "Aye"; Councilman Mayfield, "Aye"; Councilman Ricketts, "Aye" and Judge Moore, "Aye". A RESOLUTION

NO. 1075-25

TITLE A RESOLUTION TO MEMORIALIZE CREED FLETCHER BATES, EDUCATOR, PATRIOT, HISTORIAN.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, Creed Fletcher Bates, educator, patriot, and historian, died October 10, 1975 at the age of 81 years; and

WHEREAS, he was a distinguished educator who served as principal of Chattanooga High School for 37 years, from 1927 until his retirement in 1964, where he maintained the highest standards of excellence for both students and faculty, and where he instituted such programs for quality education as the first Tennessee high school course in Russian, a Bible course for credit, the first fifth year course in mathematics, the first high school course in child care in the South; and

WHEREAS, he never lost his enthusiasm for learning, taking a master's degree from Columbia University, doing advanced study at Stanford, the University of Wisconsin, and the Sorbonne in Paris, and continuing his scholarship throughout his whole life, thereby conveying this love of learning to all those who knew him; and

WHEREAS, he served Hamilton County with distinction as the Hamilton County Historian; and

WHEREAS, he served his country with honor as a soldier, being called to both World Wars, attaining the rank of Army lieutenant-colonel in World War II, and remaining active after the wars in the American Legion, World War I veterans affairs, and Armed Forces celebrations; and

WHEREAS, he was a vigorous and effective civic leader, working through the Civitan Club for the T. C. Thompson's Children's Hospital, supporting the YMCA and the Bonny Oaks School; and

WHEREAS, he was beloved and honored by his fellow citizens, receiving the Civitan Club's prestigious T. C. Thompson Award for longtime community service and the Chattanooga Bar Association's Liberty Bell Award for his civic contributions being honored in special ceremonies by the Rotary Club on his 80th birthday, being made an honorary member of the Annetta Trimble Chapter of the National Honor Society at City High, the first NHS chapter in this area, and having a freshman scholarship fund established in his name at the University of Tennessee at Chattanooga for a City High graduate.

NOW, THEREFORE, BE IT RESOLVED, BY THE HAMILTON COUNTY COUNCIL, that we take this means to pay tribute to the memory of Creed Fletcher Bates, educator, patriot, and historian.

BE IT FURTHER RESOLVED, that copies of this Resolution be sent to his sister Miss Betty Bates, 102 Stivers Avenue, Chattanooga, and to his sister Mrs. Frederick H. Fox of New Orleans and Wilson Road, Signal Mountain.

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

Mr. Booth stated that at the October 1 Council meeting he had requested that Mr. Turner ask for the state Attorney General's opinion.

Mr. Turner stated that he did send a letter to the Attorney General but had received no answer as yet. He is not sure if he will get a reply because it is very unusual for the Attorney General to give an opinion on a local level matter. Mr. Booth asked that Mr. Turner let them know when an answer is received.

Mr. Booth reminded Judge Moore that the Council had voted to meet with the Board of Education, and he requested that a date be set for the meeting.

Judge Moore said that the reason for the requested meeting was to do what the Board of Education did--to approve a salary increase for the teachers.

Mr. Booth said that only a 5% raise was approved and the teachers had asked for 7% so he felt the meeting should still be held.

Judge Moore said that he was not aware of any further need for the meeting since the Board did take action, but asked what the pleasure of the Council was.

Mr. Turner stated that the Council cannot change the budget unless the Attorney General rules differently.

Mr. Booth said that they understood the resolution had been passed and the Board of Education approved a meeting.

Judge Moore told Mr. Booth that the teachers have gotten relief, even though it was not what they had requested, and that there was no way the Council could do anything else. "The Council does not have the power to give the relief you ask," Judge Moore added.

Councilman Long asked when the Board of Education would meet next and suggested they meet with them.

Mr. Booth stated that the next meeting is to be a week from Thursday (October 23) at 6:00 p.m. at the Department of Education building on Oak Street, room 104.

Councilman Fuller said he felt that "it cannot hurt to sit down and reason; at least we could get some things out in the open."

ON MOTION of Councilman Fuller, seconded by Councilman Long, that the County Council meet with the Board of Education on Thursday, October 23, 1975, at 6:00 P.M. in room 104 of the Department of Education. The foregoing Motion was unanimously Adopted by Acclamation.

Mr. George McCoy, Chairman of the legislative committee for retired teachers, told the Council that they were planning to ask for a change in the private pension act. Mr. McCoy asked if there needed to be an actuary study made prior to the request for a change. At the present time those retired receive money over a ten-year period, 120 equal payments with 4% interest compounded annually. The retired teachers are planning to ask that this be increased for life for those who live past the age of 75. Mr. McCoy asked Judge Moore if the Council would be willing to help them in the Legislature session next January and if an actuary study is needed for this request or if the figures of Mr. Tom Dye of the local pension board would suffice.

Judge Moore told Mr. McCoy that the law requires that an actuary study be made every five years, that an actuary must be employed by the pension board and paid for by pension funds.

Mr. McCoy said that the last study was made in 1972.

Councilman Fuller asked if he knows the cost of the study.

Mr. McCoy did not.

Judge Moore stated that the Council puts in \$125,000 a year into the fund. He thought an actuary study would "run a couple of thousand dollars" but would be necessary before any law could be put into effect.

* * * *

Mr. John W. Elliott and Mr. Dennis Chauncey appeared to lodge a complaint against the City of Chattanooga. Mr. Elliott presented petitions signed by those objecting to paying taxes in the form of buying city stickers and safety lane stickers when they are not residents of the city. Mr. Elliott read a statement requesting the assistance of the County Council. (see attached statement).

Judge Moore told Mr. Elliott that they would be glad to accept the petitions but this matter has twice come before the Supreme Court and twice been ruled against. Judge Moore stated that this came about when the City of Chattanooga went under home rule, that prior to that time the legislature could change some of these applications but now it would take a general law passed having to do with city stickers.

Mr. Elliott stated that if every city took this position "you might have to pay a lot more." He feels that the State of Tennessee should look into this and that if "you people would help us and put your weight behind it" something could be done. They feel if it is to be enforced it should be state-wide.

County Attorney Turner stated that the law reads if you use the streets of Chattanooga for 30 days, you must buy a city sticker.

Mr. Elliott stated that some residents of Chattanooga do not have them.

Mr. Chauncey stated that the City police are giving tickets at DuPont when people from other counties do not have the stickers.

Judge Moore stated that the Legislature passed an act saying you cannot levy a tax on those who reside outside the county in which the tax is levied.

Mr. Elliott stated that people are going to go to another county to buy license tags.

O C T O B E R T E R M 1 9 7 5

Judge Moore and Mr. Knowles stated that this is against the law (TCA 59-401). Judge Moore stated if you're caught then you have violated two laws, including improper registration.

Mr. Elliott said they looked up the law and since it states that you must buy tags in your home county or the county in which you operate, it would be up to the State to prove this.

ON MOTION of Councilman Mayfield, to declare Kelly Ferry Road or Nichols Road as a 5th class county Road.

Judge Moore stated that he and County Manager Dalton Roberts had tried to drive this road and could not, that it is simply rough graded out as though a bulldozer had gone in and pushed the brush aside. The road does not serve anybody but the Samples property and he felt the County would be taking on a road which is not a road as County expense.

Councilman Long asked if the road was on the tax maps?

Judge Moore stated it was not.

County Engineer Proctor stated that the road does not meet the 5th class standards of county roads.

Councilman Long asked what would be involved in getting the road to meet these standards. Judge Moore said "Building a road," and said he didn't know why we should build a road to serve one person. Judge Moore said he told Mr. Samples if he would bring the road up to 5th class standards then it could be accepted.

The Motion failed for lack of a second.

ON MOTION of Judge Moore, seconded by Councilman Mayfield, to approve pro rata tax distribution in the case of the Chattanooga Housing Authority and Sol Edlestein - No. 19667. The foregoing Motion was unanimously Adopted on a Roll Call vote, with the following members of the County Council being present and voting, "Aye": Councilman Fuller, Councilman Long, Councilman Mayfield, Councilman Ricketts and Judge Moore. Total present-5. Absent-0.

We wish to lodge a complaint against the City of Chattanooga in that they are trying to force residents of Hamilton County to buy City and Safety Lane stickers. This was instituted several years ago as a one year temporary tax. It has now become permanent and the City claims it is a privilege. The State of Tenn is the authority to regulate and tax the motor vehicles and the City is taking the State's authority in this matter. What the City is doing is putting a double tax on City residents and trying to tax County residents in an area where they receive no benefits from these funds or have any chance to vote for the people who handle these funds. In the words of our fore-fathers, "Taxation without Representation." If the City holds the authority to impose this tax and this is what it is no matter what it is called, why don't they enforce it on all residents of the city, out of state and out of County licensed vehicles and the large trucks. They know they don't have the authority and would get organized resistance from the large trucks operators and they have already been struck down on enforcing out of state and out of County licensed vehicles. We appeal to the County Council to join us in this effort to rid ourselves and our neighbors of this unfair and unjust tax.

ON MOTION of Judge Moore, seconded by Councilman Mayfield, to adjourn.

Mr. Alan Derthick and Mr. Thomas Mann of the Library Board were present with a rendering of the preliminary design of the new library branch building to be constructed at North Gate. The design has been approved. Mr. Derthick pointed out that the building has been designed so that it can be used at other locations for future branches. There is a central control desk from which the whole building can be observed. A meeting room seating 65 people is designed so that it is possible with a gate to close off the rest of the building so that this room can be used for meetings when the library is closed.

Judge Moore asked if this same design would be used for the branch at East Gate.

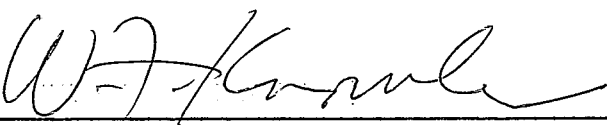

Mr. Derthick said conceivably it would, that one piece of property being considered for the East Gate Branch is smaller and this design would fit that site.

Councilman Fuller asked if the building is all on one level; Mr. Derthick said it is.

Mr. Mann stated that there is a savings on architectural fees by using the same design for several branches.

ON MOTION of Councilman Long, seconded by Councilman Fuller, to Adjourn. The foregoing Motion was unanimously Adopted by Acclamation. Total present-5. Absent-0.

Judge Moore stated that the Planning Commission had recommended that this petition be denied.

Gary Geiger was represented by his brother Joe Geiger. Joe Geiger stated that the property had been surveyed and a deed study done to prove the property rights. Joe Geiger stated that his brother Gary had already spent more than \$12,000 to improve the water problem on the property. The water had at one time run across the Geiger property onto the Frazier property but Gary Geiger had had a pond and ditches dug and put lines in underground to drain off the water. Mr. Joe Geiger stated that his mother does operate a beauty shop in a trailer on the property but they understood this was legal and she has only a small 2 x 2 sign. Mr. Geiger stated that one of the neighbors who is objecting to the rezoning - Mr. Hagen - has junk cars on his property and that the Hagen septic tank drains into Gary Geiger's pond.

Gus Hatfield, attorney, was present representing Mr. McKee and McKee Bakery, who are opposing the rezoning. Mr. Hatfield stated that the property in question floods very easily during any rain and quite badly when the rain is hard. There are three trailers on the property now and Mr. Hatfield understands that water has been in the trailers.

Mr. Geiger said this is not true.

Mr. Hatfield stated that this rezoning would also cause a traffic hazard, that the road is narrow, and the exit from the property is between two rises and traffic coming out onto the narrow road would create a traffic hazard. Also the property size is inadequate for the purposes that would require the rezoning.

Mr. John Goodbrand, who lives in the Springfield subdivision, owns property within 300' of the site in question, and he had two letters from property owners in opposition. Also a letter from Paul Lench was presented in opposition. Mr. Goodbrand stated that the water has been very high around the trailers. He also stated that there had been "all kinds of rumors as to what kind of business was to be put there, but there was already a CB radio shop and a swap shop and the trailers."

Mr. Barney Hagen, who owns a house by the Geigers, stated that he was not appearing with animosity or with ill feelings, that Mr. Geiger has the right to ask for rezoning like anybody else, that he was glad we live in a country like that. Mr. Hagen stated that he did have several old cars on his property that his boys had intended to use parts from but now his boys were no longer at home.

Judge Moore asked Mr. Hagen if he intended to move the cars.

Mr. Hagen stated that he did hope to get someone to haul them away but that he was in opposition to the rezoning.

Mr. Ken Keesley stated that he lived between the bakery and Mr. Geiger's property. Mr. Keesley stated that it was nice out there when the property was agricultural but now "you can't step out your door without CB's blasting" and that he is in opposition to the rezoning.

Mrs. Keesley stated that she had heard "if Mr. Geiger does not like you you had better watch out" and she doesn't feel they need people like that close to them.

Mr. Preston Jones, representing Mr. John R. Phillips, stated that Mr. Phillips owns two lots in the Springfield subdivision, and that it is a highly restricted subdivision and he is in opposition.

Mrs. Bill Giles, who lives across the street, stated that she was in opposition to the rezoning.

N O V E M B E R T E R M 1 9 7 5

Mr. Harold Buttman, who rents a house from Mr. Geiger, spoke in Mr. Geiger's defense. Mr. Buttman stated that Mr. Geiger certainly would not harm anyone, that he helps people. Mr. Buttman said that Mr. Geiger had been trying to improve the water situation, that he put in the pond, and had spent quite a bit of money, but no one appreciated it. He stated that he had no problems about "the CB's blasting" and he lives right next door.

A man who lived on the other side of Mr. Geiger stated that Mr. Geiger had put in tiles too small and had filled in a drainage ditch between the lots.

Mr. Turner, County Attorney, stated that this matter had been referred to the attorney's office and wondered if the Council wanted to give Mr. Geiger a certain time to remove the things from the property.

Judge Moore stated that the Council would give Mr. Geiger a 30-day period to remove them, and at the end of that time the County Attorney would bring legal proceedings against him if everything was not removed.

Mr. Geiger's brother asked what things would be involved, did they mean the trailers where they live and the business and everything?

Judge Moore told Mr. Geiger to consult with the County Attorney about this.

Re: Appeal of rezoning application for Gieger property.

Gentlemen:

We own property which adjoins the Gieger property, and are most distressed at the possibility of the property being rezoned to permit the installation of mobile homes or commercial development. Due to the fact that I received notice of your meeting on the evening of Nov. 4, 1975, I was unable to circulate a petition through the neighborhood. However, past conversation between the neighbors in Springview has been very negative toward further commercial development in the immediate area around the sub-division. Your consideration of our opposition in this matter would be appreciated.

NO. 1175-1

TITLE REZONING FROM AGRICULTURAL DISTRICT TO LOCAL BUSINESS DISTRICT A TRACT OF LAND LOCATED IN THE 4900 BLOCK OF APISON PIKE, BEING ON THE SOUTH LINE OF APISON PIKE ADJOINING COLLEGEDALE CITY LIMITS. THIS TRACT BEGINS AT A POINT IN THE SOUTH LINE OF APISON PIKE, SAID POINT BEING 127' WEST OF THE COLLEGEDALE CITY LIMITS LINE, FRONTS 170' ON THE SOUTH LINE OF APISON PIKE AND EXTENDS SW 515', THENCE SE 220' TO THE COLLEGEDALE CITY LIMITS LINE, THENCE NE, ALONG SAID LINE 450', THENCE NW 125', THENCE NE 200' TO APISON PIKE, THE POINT OF BEGINNING, BEING A PART OF LOT 6, A. F. FIELDS DIVISION.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, Gary N. and Nancy L. Geiger petitioned The Chattanooga-Hamilton County Regional Planning Commission to rezone a tract of land located in the 4900 Block of Apison Pike, being on the South line of Apison Pike adjoining Collegedale City Limits, and said Planning Commission after hearing recommended that said petition be denied; and

WHEREAS, Gary N. and Nancy L. Geiger requested that the County Council consider said petition and notice has been published in a newspaper in general circulation in Hamilton County that the County Council would hold a public hearing on November 5, 1975, concerning the passage of this Resolution as required by law, and such hearing having been held.

NOW, THEREFORE, BE IT RESOLVED, BY THE COUNTY COUNCIL OF HAMILTON COUNTY, TENNESSEE, IN SESSION ASSEMBLED: That the request of Gary N. and Nancy L. Geiger to rezone from Agricultural District to Local Business District a tract of land located in the 4900 Block of Apison Pike, being on the South line of Apison Pike adjoining Collegedale City Limits, said tract begins at a point in the South line of Apison Pike, said point being 127' West of the Collegedale City Limits Line, fronts 170' on the South line of Apison Pike and extends SW 515', thence SE 220' to the Collegedale City Limits Line, thence NE, along said Line 450', thence NW 125', thence NE 200' to Apison Pike, the point of beginning, being a part of Lot 6, A. RESOLUTION

WHEREAS, Gary N. and Nancy L. Geiger, on August 11, 1975, petitioned the Chattanooga-Hamilton County Regional Planning Commission to recommend to the Judge and Members of the County Council the rezoning from Agricultural District to Local Business District a tract of land located in the 4900 block of Apison Pike, being on the south line of Apison Pike adjoining Collegedale City Limits.

This tract begins at a point in the south line of Apison Pike, said point being 127 feet west of the Collegedale City Limits Line, fronts 170 feet on the south line of Apison Pike and extends southwest 515 feet, thence southeast 220 feet to the Collegedale City Limits Line, thence northeast, along said line, 450 feet, thence northwest 125 feet, thence northeast 200 feet to Apison Pike, the point of beginning, being a part of lot 6, A. F. Fields Division.

AND WHEREAS, the Planning Commission held a public hearing on this petition on September 8, 1975,

AND WHEREAS, present in opposition was Ken Keesley, who stated that the applicant has had everything from garages and farm markets to beauty shops on the property. A neighbor has had trouble renting a house because of the noise and traffic. He showed pictures of a swimming pool that had changed the natural drainage of the property. Mr. H. E. Graham stated that this was a residential area and that there have been many uses on the property. He said that the road was hazardous as there was a blind spot on the road. He said that there are nice homes in the area and that the cereal factory is the only business in the area.

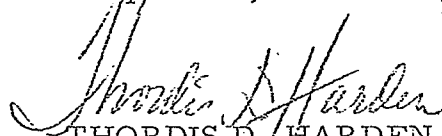

N O V E M B E R T E R M 1 9 7 5

1975-127

Bill Giles was present in opposition and stated that he owns 8 lots across Apison Pike from this property. He hopes to build on the back four lots and the type of development that is proposed would depreciate his lots. An unidentified lady stated that she had contacted the Building Commissioner's office about the applicant not having a permit and was told that they had been out to see him on three different occasions. Barney Hagan was present in opposition and stated that he owns a house west of the property and is expecting to move in within a few days when he retires. He stated that Geiger had done some bulldozer work and had taken a fence down without saying anything to anyone.

NOW THEREFORE, BE IT RESOLVED that the Planning Commission, on September 8, 1975, recommended to the Judge and Members of the County Council that this petition be denied.

Respectfully submitted,

APPLICATION NO. 1975-127 JURISDICTION: Hamilton County

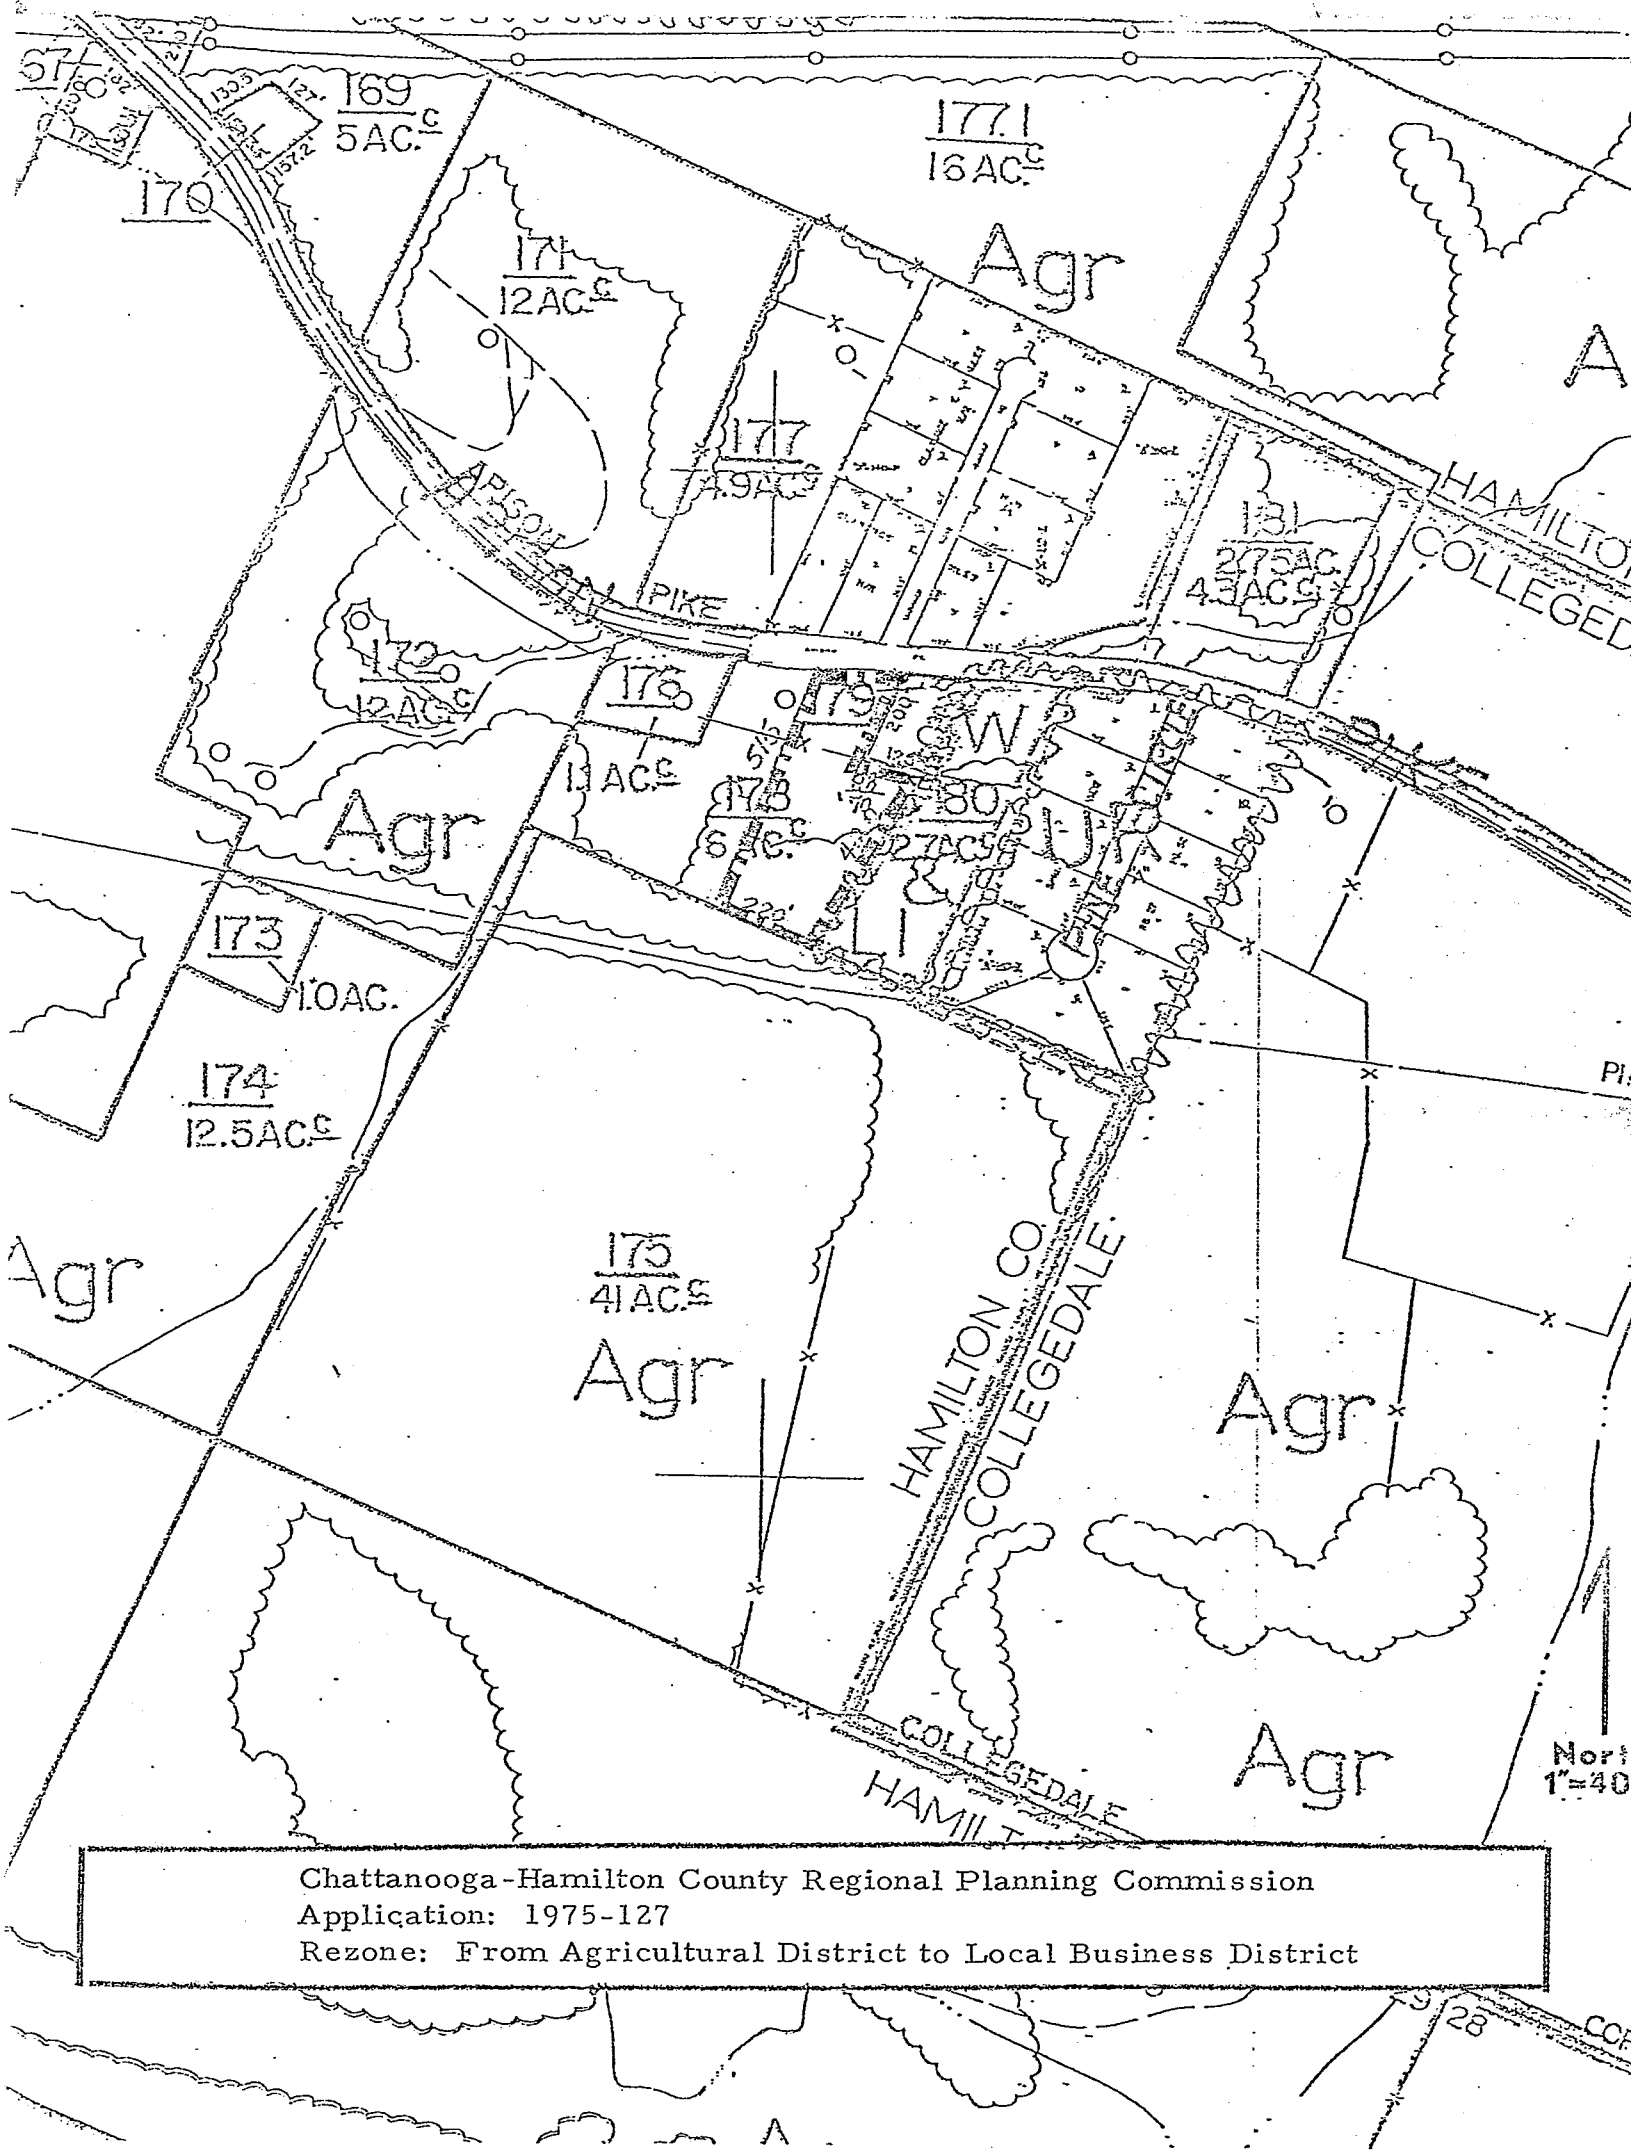

APPLICANT: Gary N. & Nancy L. Geiger

DATE OF PLANNING COMMISSION MEETING: September 8, 1975

INSPECTION BY: BMB RECOMMENDATION BY: Staff

LOCATION: South line of Apison Pike

1. PRESENT ZONING: Agricultural District
REQUEST FOR: Local Business District
2. PROPOSED DEVELOPMENT: Swimming pool and ice cream parlor
3. SIZE OF TRACT: 3 acres
4. ACCESS TO TRACT: Good
5. SITE CHARACTERISTICS: Auto repair garage on site
6. SURROUNDING DEVELOPMENT: Industrial, commercial, residential
7. EXTENSION OF EXISTING ZONE: Abuts Wholesale & Light Industrial Zone
8. IN ACCORDANCE WITH LAND USE PLAN: No, the Land Use Plan calls for residential development of the area.
9. STAFF RECOMMENDATION: Deny
PLANNING COMMISSION RECOMMENDATION: Reject
10. REASONS FOR RECOMMENDATION:
 - A. The Land Use Plan calls for residential development of the area.
 - B. Although there is some commercial and light industrial development in the area, the predominant character is residential. It should be noted that the commercial development adjacent to or on the site (fruit stand, radio shop, and auto repair) appears to be in violation of the zoning ordinance in that they are operating within a non-commercial district. It should also be noted that the adjacent Wholesale & Light Industry District is developed with a non-objectionable use (manufacture cereal) which would probably not deter residential development of the area whereas certain commercial uses could.
 - C. Approval would open the area up to further commercial striping of Apison Pike which would not be in keeping with the policy of clustering commercial development at major intersections such as Apison Pike and Ooltewah-Ringgold Road.

Judge Moore stated that the Planning Commission had recommended that this petition be denied.

Attorney Buck Dietzen was present representing Mr. Varner, who was also in attendance.

Mr. Dietzen stated that Mr. and Mrs. Varner had been residents of this area all their lives. Their property is near Shady Grove boat dock and they own about four acres. They desire to build a building to sell bait and tackle and picnic supplies. They also raise vegetables and fruits and would sell these to the public and fishermen. There is a store about 200 or 300 yards away but there is no opposition to this. Mr. Dietzen presented a petition signed by all of the neighbors, including the owners of the grocery store, who approve this rezoning. Mr. Dietzen stated that the Varners are well-liked by all the people in the community, that they are not wealthy, that they are trying to be good citizens--they vote and take an interest in government. Mr. Dietzen stated that a lot of people do not even realize that there is a zoning commission. When Mr. Varner came to get a building permit he was told he had to go before the Zoning Commission, which he did. He put up the \$125 and then was turned down. The property in question is 150' x 150', about 1/2 acre. Mr. Dietzen assured the Council that the Varners will not want a beer permit, they just want a place to sell their vegetables and fishing tackle and a few groceries.

WHEREAS, Orlin Edwards, on August 15, 1975, petitioned the Chattanooga-Hamilton County Regional Planning Commission to recommend to the Judge and Members of the County Council the rezoning from Agricultural District to R-1 Residential District a tract of land located south of Bill Reed Road and west of Pine Ridge Road, being an extension of Yorktown Woods Subdivision.

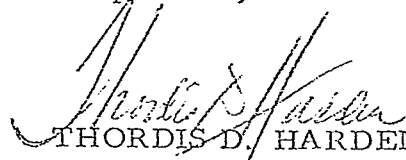

This tract begins at the northeast corner of lot 231, Yorktown Woods, Unit 5, and extends northwest, along the north line of said unit, some 1000 feet, thence northwest 375.98 feet, thence southeast 939.69 feet, thence northeast 160 feet, thence southeast 370 feet, thence southwest 448.21 feet to the northeast corner of lot 231, the point of beginning, being a part of the east one-half of Section 31, Township 4, Range 2, west of the basis line, Ocoee District.

AND WHEREAS, the Planning Commission held a public hearing on this petition on September 8, 1975,

AND WHEREAS, no one appeared before the Planning Commission in opposition to this request.

NOW THEREFORE, BE IT RESOLVED that the Planning Commission, on September 8, 1975, recommended to the Judge and Members of the County Council that this petition be approved.

Respectfully submitted,

THORDIS D. HARDEN
Secretary

Dear Mr. Richard:

Telex is pleased to respond to your invitation to bid on IBM 3803/3420 compatible computer equipment. The Telex 6803/6420 Tape Subsystem is completely software and hardware compatible. These devices are installed on IBM mainframes worldwide. Tennessee users include Life & Casualty Insurance Company, Genesco, Inc., State of Tennessee, and Aladdin Inds

You will notice from our bid the tape transports are IBM 3420-5 equivalents. The transfer rate is 200 KB at 1600 BPI and 100 KB at 800 BPI. Telex is able to offer the faster units at no additional cost.

Telex appreciates the opportunity once again to bid on Hamilton County's requirements.

Most sincerely,

A RESOLUTION

NO. 1175-12

TITLE A RESOLUTION TO ADOPT T.C.A. SECTION 38-1113(a), EXCLUSIVELY, FOR THE PURPOSE OF PROVIDING IN-SERVICE TRAINING TO POLICE OFFICERS AND TO AUTHORIZE THE COUNTY JUDGE TO CERTIFY SUCH ADOPTION TO APPROPRIATE STATE AGENCIES.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, the in-service training of Hamilton County Sheriff's Department police officers not only is beneficial to the safety and security of the public but is also beneficial to such officers as are able to upgrade their abilities; and

WHEREAS, Tennessee Code Annotated, Title 38, Chapter 11, provides for, inter alia, the in-service training of police officers and for the compensation of officers meeting the requirements thereunder, such compensation being in the form of income supplements paid by the Tennessee Law Enforcement Planning Commission according to the schedule as set out within T.C.A. Section 38-1113(a), a copy of which is attached hereto and incorporated herein by reference; and

WHEREAS, T.C.A. Section 38-1102 provides permissive adoptive authority to local governments desirous of adopting the requirements as set forth within the abovementioned Chapter.

NOW, THEREFORE, BE IT RESOLVED, BY THIS COUNTY COUNCIL, IN SESSION ASSEMBLED: That T.C.A. Section 38-1113(a), exclusively, is hereby adopted and the County Judge is authorized to certify such adoption to appropriate State agencies for the purposes hereinabove mentioned.

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

ON MOTION of Councilman Mayfield, seconded by Councilman Ricketts that the reports of the Sheriff's office and the County Court Clerk's office be accepted, treat same as read, approved, and filed and made a matter of record. The foregoing Motion was unanimously Adopted by Acclamation. Total present-5. Absent-0.

Mr. Barry Heaps of Moses Road asked what the County intended to do about the damage done to his property. Mr. Heaps stated that the County Engineer had torn up the front of his property and had taken more than the right of way and had never done anything about putting it back the way it was. Mr. Heaps stated that the County dug a large open ditch, tore up his driveway, cutting off access to it, and defaced his property. He said it was on his property, not the county right of way, and the size of the ditch was totally unreasonable.

Judge Moore told Mr. Heaps that when he had talked to him before Judge Moore tried to explain about right of way, that it is very difficult to define when there is not a recorded right of way. Judge Moore told Mr. Heaps that if the County has encroached on his property and damages can be determined it will be made right. However, the County Engineer is not going to go out and survey the property; it would be up to Mr. Heaps to show this.

Judge Moore told Mr. Heaps that he would have the Highway Department look into the matter.

County Manager Dalton Roberts told Judge Moore that this is probably a situation where the County does not have a defined right of way, that it would be "ditch-top to ditch-top."

Judge Moore stated that that was what he had tried to explain to Mr. Heaps, that the swale is 200 feet across, but there would be a limit to the County's right of way.

Mr. Heaps stated that Judge Moore had told him he would hear from them earlier and he assumed that Judge Moore had not gotten an answer from the Highway Department about it.

Judge Moore said that was true, and he apologized to Mr. Heaps for not getting an answer.

Mr. John Rankin stated that he was present to monitor the meeting for the Board of Realtors in order to insure their cooperation with the County Council.

Mr. Kenneth E. Crisp, Route 5, Box 302C, Ooltewah, stated that they had been trying to get a road in and he had a petition approving it.

Judge Moore told Mr. Crisp this was not the procedure to follow.

Mr. Crisp said that he had appeared before the Council earlier and Frank Newell and some of the others on the Council at that time told him he had to get a right of way deed and a petition signed by the property

owners, which they had now done. The road is off of Pine Ridge Road, presently unnamed.

Judge Moore told him he should submit this to the Highway Department.

A RESOLUTION

NO. 1175-15

TITLE A RESOLUTION TO ELECT COUNCILMAN COYEL V. RICKETTS VICE-CHAIRMAN OF THE COUNTY COUNCIL.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, pursuant to Section 3 of the County Council Act, provision is made for the election of a Vice-Chairman of the County Council; and

WHEREAS, past practice has been to make such election of the said Vice-Chairman according to the individual total votes received by respective Council Members in said quadrennial election, with the recipient of the highest total of votes serving first as Vice-Chairman, and that person followed thereafter, by the person with the next highest tabulation, and so on, in descending order; and

WHEREAS, Councilman Jack Mayfield, whose term is to terminate upon the election of his successor, has served well and faithfully as Vice-Chairman of the County Council since the 1974 quadrennial election; and

WHEREAS, Councilman Coyel Ricketts, according to past practice, is the Council member to be designated as the succeeding Vice-Chairman.

NOW, THEREFORE, BE IT RESOLVED BY THIS COUNTY COUNCIL, IN SESSION ASSEMBLED: That pursuant to the authority mentioned hereinabove, and according to past practice of this governing body of Hamilton County, Councilman Coyel Ricketts is hereby elected to serve as Vice-Chairman of the County Council until his successor is elected to so serve the County Council.

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

Re: Leasing Engel Stadium

Gentlemen:

This letter represents the intent of Hamilton County Tennessee, to lease to your corporation Engel Stadium as a multi-use facility per our discussions and negotiations on November 14, 1975. Due to the time requirements which you stated to both the County Council and to the group with whom the negotiations were conducted, the basic commitment between Chattanooga, Hamilton County and your corporation are herein set out and shall be fully formalized in a contract document to be drafted at a later date.

The basic conditions and understandings arrived at were that the governments of the City of Chattanooga, Tennessee, and Hamilton County, Tennessee, would lease to a corporation formed by you and other investors, the facility known as Engel Stadium and the surrounding property consisting of a total of approximately twelve (12) acres, initially invest \$75,000.00 in the renovation of said facility and, further, that your corporation would secure an AA Baseball Team to utilize said Engel Stadium as its home facility. Further, it was agreed that said facility could be used for other activities not related to baseball, but before such facilities may be used for non-baseball and/or entertainment activities, the Commissioner of Public Utilities, Grounds and Buildings of the City of Chattanooga (or such designee as he may from time to time provide) and the County Judge of Hamilton County (or such designee as he may from time to time provide) shall jointly approve the application on an individual use basis for any activity or use other than such professional baseball use or use by the University of Tennessee at Chattanooga hereinafter provided. It was further agreed that both the City of Chattanooga, Hamilton County, and your corporation would cooperate in scheduling activities within the Chattanooga-Hamilton County area so that the maximum utilization of all facilities can be achieved.

N O V E M B E R T E R M 1 9 7 5

Mr. Woodrow W. Reid
Mr. J. Mark Reid
November 19, 1975
Page 2

It was further agreed that the University of Tennessee at Chattanooga could have rent-free use of Engel Field during the daylight hours when said facility is not otherwise in use for the AA Baseball Team located there. Every effort will be made by your corporation to work with the University of Tennessee at Chattanooga so that a schedule can be worked out that is practical for the utilization of the facility, keeping in mind that the AA Baseball Team would have first priority.

It was further agreed that the rental for said Engel Field facility shall be a percentage of the gross receipts from all activities at said facility, these percentages being as follows: 1% of the first \$100,000.00 of gross receipts, 2% of the next \$50,000.00 of gross receipts, 3% of the next \$50,000.00 of gross receipts, and 3½% of all gross receipts in excess of \$200,000.00.

The term of said lease shall be for five (5) years with an option to renew upon the part of all parties for an additional five (5) years. It was understood and agreed by the parties that any formal agreement drafted and signed by the parties shall be subject to renegotiation at the request of the lessee upon a showing of a genuine financial hardship on the part of the lessee. Further, it was agreed that if the governmental entities leasing said facility to said corporation for any reason must cancel said lease prior to its normal termination or expiration because of or in the event of a governmental need to reclaim said property to be used for some governmental function, then the governmental entities shall establish a means of reimbursing the lessee for that portion of its investment that has not been amortized through the lease term. This provision for reimbursement is to be applicable only in the event that the government entities must reclaim said facility; it shall not be applicable if the lessee terminates the lease prior to its normal termination.

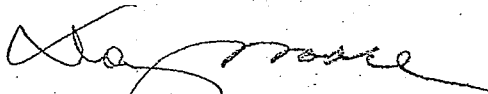

It is further agreed at the end of the initial five (5) year and additional five (5) year renewal, the lessee shall turn the facility back over to the City and County governments free and clear of any encumbrance and will expect no remuneration for any improvements made to said facility. Further, it was agreed that the lessee corporation will maintain adequate liability insurance coverage for said facility, naming both the City of Chattanooga and Hamilton County as additional named insured, and insure that all who sub-lease same shall provide proper and adequate liability, and such additional and other insurance coverage as the Commissioner of Public Utilities, Grounds and Buildings of the City of Chattanooga and the County Judge of Hamilton County may from time to time require.

This letter is a basic letter of intent from Hamilton County to your corporation and does not embody all the terms and conditions of said agreement which will be in the form of a formal contract document between the County and your corporation. This letter is intended as a formal commitment so that you will have a bargaining position to obtain an AA Baseball Team to occupy said facility for the 1976 baseball season.

Yours very truly,

DON MOORE
County Judge

Judge Moore stated that under a CETA program over a year ago Hamilton County contracted with the City of Chattanooga on a sub-grant basis to operate a \$30,000 project. Now the "Feds" have come in and said that it will be necessary to provide an audit by a CPA of this \$30,000 sub-grant. The County had assumed that the audit done by the City of Chattanooga would suffice but the "Feds" say now it will not and they want a separate audit and have prescribed certain conditions. The County now has Harry Carpenter, CPA, doing the County audit on federal programs, and Judge Moore stated that it is felt that he would be able to do this audit at less expense than anyone else. Judge Moore is fearful that this audit may cost as much as \$1,000 since trying to trace \$30,000 through 5½ million dollars could be quite a process. Judge Moore stated this will not happen in the future--there will be no future sub-grants to anyone. But even though the County does not anticipate going through these auditing procedures again, since it is known the government will require tracing of funds, proper precautions will be taken to assure that an audit trail exists.

Judge Moore asked if there were any delegations to appear before the Council. There were none.

ON MOTION of Councilman Mayfield, seconded by Councilman Ricketts, that the Oct. report of the County Court Clerk's Office be accepted, treat same as read, approved, and filed and made a matter of record. The foregoing Motion was unanimously Adopted by Acclamation. Total present-5. Absent-0.

TITLE REZONING FROM AGRICULTURAL DISTRICT TO INDUSTRIAL DISTRICT A TRACT OF LAND LOCATED BETWEEN LOVELL ROAD AND RELOCATED LOVELL ROAD SOUTH OF SEQUOYAH ACCESS ROAD. THIS TRACT FRONTS 70' ON THE EAST LINE OF LOVELL ROAD AND EXTENDS NE 404', THENCE SE 108', THENCE SW 225' TO THE RIGHT-OF-WAY OF RELOCATED LOVELL ROAD, THENCE SW, ALONG SAID RIGHT-OF-WAY 190' TO LOVELL ROAD, THE POINT OF BEGINNING.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, Olen J. Whittenburg petitioned The Chattanooga-Hamilton County Regional Planning Commission to rezone a tract of land located between Lovell Road and Relocated Lovell Road and said Planning Commission after hearing recommended that said petition be denied; and

WHEREAS, Olen J. Whittenburg requested that the County Council consider said petition and notice has been published in a newspaper in general circulation in Hamilton County that the County Council would hold a public hearing on December 3, 1975, concerning the passage of this Resolution as required by law, and such hearing having been held.

NOW, THEREFORE, BE IT RESOLVED, BY THE COUNTY COUNCIL OF HAMILTON COUNTY, TENNESSEE, IN SESSION ASSEMBLED: That the request of Olen J. Whittenburg to rezone from Agricultural District to Industrial District a tract of land located between Lovell Road and Relocated Lovell Road South of Sequoyah Access Road, said tract fronting 70' on the East line of Lovell Road and extending NE 404', thence SE 108', thence SW 225' to the right-of-way of Relocated Lovell Road, thence SW, along said right-of-way 190' to Lovell Road, the point of beginning, be denied.

Councilman Mayfield was absent. Total present-4. Absent-1.

(Judge Moore stated that the Planning Commission had recommended that this petition be denied and asked if Mr. Whittenburg was present. He was not. Judge Moore stated that Mr. Whittenburg had wanted to put a junk yard on this property and the Planning Commission felt that this was not the proper place for a junk yard.

County Attorney Jim Turner stated that the Council had instructed the owner of this property to remove the junk on his property and this had been 90% complied with. It was decided that the matter of compliance by Mr. Whittenburg would be left to the discretion of Mr. Turner and Building Inspector Jobe.)

[Chapter 28

Whenever any person lawfully possessed of a chauffeur's or operator's license theretofore issued to him by the Tennessee department of safety, or under the driver licensing laws of any other state or territory or the District of Columbia, is issued a citation or arrested and charged with a violation of any municipal ordinance or state statute regulating traffic, except those ordinances and statutes, the violation of which call for the mandatory revocation of an operator's or chauffeur's license for any period of time, in a municipality having a city court or a county having a general sessions

court, the municipality may by ordinance and the county may by resolution of its Quarterly County Court or other legislative body, allow such person to have the option of depositing his chauffeur's or operator's license with the officer or court demanding bail in lieu of any other security required for his appearance in any court of the municipality or county in answer to such charge before the court.

Whenever any person hereof deposits his chauffeur's or operator's license as provided, either the officer or the court demanding bail as hereinabove described, shall issue said person a receipt for said license

upon a form approved or provided by the department of safety, and thereafter said person shall be permitted to operate a motor vehicle upon the public highways of this state during the pendency of the case in which the license was deposited.

The clerk or judge of a court accepting the license shall thereafter forward to the department of safety, the license of a driver deposited in lieu of bail if the driver fails to appear in answer to the charge filed against him and which license shall not be released by the department of safety until the charge for which such license was so deposited has been disposed of by the court in which pending. *and'd by addition (75)*

In the case of a non-resident driver whose license is thus received by the department of safety, the department shall forthwith notify the proper motor vehicle administrative authority of the state in which such non-resident driver is licensed that the license of such driver is being held by the department pending disposition of the charge against such driver.

PUBLIC ACTS, 1975

Chapter 28]

The licensee shall have his license in his immediate possession at all times when driving a motor vehicle and shall display it upon demand of any officer or agent of the department or any police officer of the state, county or municipality, except that where the licensee has previously deposited his license with the officer or court demanding bail, and has received a receipt from the officer or the court, the same to serve as a substitute for the license until the specified date for court appearance of licensee or the license is otherwise returned to the licensee by the officer or court accepting the same for deposit.

The provisions of this section are in addition to the provisions of §§ 6-651 through 6-657 inclusive and may be implemented as alternative procedure to the provisions of §§ 6-651 through 6-657 inclusive and any other sections of this Code in conflict herewith by passage of an ordinance by the governing body of said municipality. [Acts 1971, ch. 267, § 1; 1974 (Adj. S.), ch. 437, § 1.]

(Judge Moore stated that this is a regulation which will enable the Sessions Courts here in Hamilton County to require the alternative of either posting of bond or the filing of driver's license for many traffic violations. The information given by the Sessions Judges is that as many as 10 or 12 fail to appear each day. If a driver's license was taken they would have to appear to pick it up. This should eliminate the problem of "no show." It is complicated to issue no show warrants and to serve them.)

Judge Moore asked if there were any other delegations.

Mr. Barry Heaps of Moses Road stated that he had been assured that Mr. Hillis, Eng. Dept., would be present. Judge Moore told Mr. Heaps that he was not assured of this.. Mr. Heaps appeared before the Council at a previous meeting to protest the County's leaving a very large drainage ditch in front of his property. Mr. Heaps felt the County was taking a larger right of way than it is entitled to.

Councilman Long asked Mr. Heaps if he had pictures of this ditch and his property. Mr. Heaps said that he did and he understood from Mrs. Styles that a projector would be in the Council room for his use. Judge Moore told Mr. Heaps that he could furnish his own projector if he liked. It was determined that the projector set up in the Council room would not show the type of pictures Mr. Heaps had with him. (An overhead projector would be need and the County does not have one.) Mr. Heaps showed Council members the pictures of his property.

County Attorney Turner told Mr. Heaps that the County Engineer Ray Proctor was present and would be glad to answer his questions.

Mr. Heaps said that he had never found out exactly how the right of way is determined.

Judge Moore said that he had told Mr. Heaps several times that it was "ditch top to ditch top" and that it was the determination of the Highway Department and the County Engineer that the ditch on Moses Road is a reasonable application of the County measure.

Mr. Heaps stated that when Mr. Hillis came out Mr. Heaps got out his own ruler and showed Mr. Hillis just how big the ditch was.

Judge Moore told Mr. Heaps that he could take whatever action he chose, that it is on County right of way.

Mr. Heaps said he did not see how the County could prove this, that Title Guaranty and Trust said that the County right of way would end at the road edge.

Judge Moore told Mr. Heaps that he must show that the County acted improperly.

Mr. Heaps said that there have been various cases in the city and in Red Bank that had been ruled on before and the city and county had been proved to be wrong. Mr. Heaps said it is obvious just looking at the pictures and at the ditch that it is too large. He stated that water runs down the center of the road but this is caused by a driveway further down the road and that there was no water problem in front of his property before this ditch was dug.

County Engineer Proctor told Mr. Heaps that County right of way was from top of the ditch to top of the ditch. Mr. Heaps asked what is "top of the ditch?" Mr. Proctor said that it was the back of the ditch. He told Mr. Heaps that there had been a ditch in front of his house but that he (Mr. Heaps) had filled it up. Mr. Heaps said he did not. Mr. Proctor stated that witnesses had seen him do this and this had caused water to run into the yard across the street.

Mr. Turner told Mr. Heaps that what the County had been told was in direct conflict with what Mr. Heaps said. "The Council can do nothing; we have been advised that we are within our rights." Mr. Turner advised Mr. Heaps to get a lawyer and show that he had been damaged.

Judge Moore told Mr. Heaps that what he had been trying to make clear to Mr. Heaps was that his proper remedy was not to come before the Council and conduct a lawsuit. "We do not have adversary proceedings, you are in the wrong place. You need to go to Circuit Court or to Chancery Court," Judge Moore told Mr. Heaps. Mr. Heaps said that he did intend to take drastic action.

ON MOTION of Councilman Long, seconded by Councilman Ricketts, to Adjourn. The foregoing Motion was unanimously Adopted by Acclamation. Total present-4. Absent-1.

A RESOLUTION

NO. 1275-5

TITLE A RESOLUTION TO AUTHORIZE THE COUNTY JUDGE TO APPROVE A GRANT APPLICATION AND TO PAY CERTAIN AMOUNTS THEREUNDER FOR THE PURPOSE OF INCREASING COMMUNICATION SYSTEM EFFECTIVENESS IN HAMILTON COUNTY.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

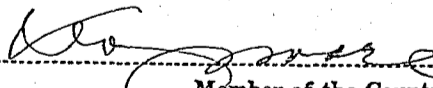

WHEREAS, an effective communications system is to the benefit of local law enforcement agencies and the citizens served thereby; and

WHEREAS, pursuant to the "Crime Control Act of 1973", 42 U.S.C. 3701, funds in the amount of Nine Thousand Eighteen Dollars (\$9,018.00) are available via the Tennessee Law Enforcement Planning Agency for programs such as that described in the grant application which is attached hereto and incorporated herein by reference; and

WHEREAS, the above amount can be received for a local contribution of Two Thousand Two Hundred Fifty-Four Dollars (\$2,254.00); less an amount of Four Hundred Fifty-One Dollars (\$451.00) for State participation in said grant.

NOW, THEREFORE, BE IT RESOLVED, BY THIS COUNTY COUNCIL, IN SESSION ASSEMBLED: That the County Judge is authorized to approve the attached grant application and to pay the necessary contribution thereunder, which sum is hereby appropriated therefor.

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

Member of the County Council

Action taken Accepted

D E C E M B E R T E R M 1 9 7 5

ON MOTION of Judge Moore, seconded by Councilman Ricketts, the foregoing Resolution was unanimously Adopted on a Roll Call vote with the following members of the County Council being present and voting, "Aye": Councilman Fuller, Councilman Long, Councilman Mayfield, Councilman Ricketts and Judge Moore. Total present-5. Absent-0.

(Judge Moore stated that this is the first of three resolutions which are necessary to authorize the County Judge to make application to the Tennessee Law Enforcement Planning Agency for certain grants. The County has no assurance that they will receive these grants but this is the first step in attempting to do so. This particular grant application is for tape recording equipment to be used in the Sheriff's communication system. This will enable the Sheriff's office to monitor all communications which occur on the 8 frequencies. After the move to the New Justice Building, there will be 5 bands or channels which these 8 frequencies will operate on. This complete new system will be much more effective.)

STATE OF TENNESSEE

6. Project Summary: Summarize, in the space provided, the most important parts of the project, including goals, impact, scope, and evaluation.

A county wide communications center has been installed. Continuous recording and play back equipment is needed to provide for the documenting of radio and telephone conversations for a period of one year. The tapes could be used as evidence in trials, and as a measure of police effectiveness in cutting down complaint response time and increased apprehension of criminals during the perpetration of crimes.

Two remote control accessory instruments are needed- one for the Sheriff's Office and one for the Detectives' Office which enables the essential functions of a suitably-equipped base station to be remotely controlled over a voice-grade telephone line. This would provide convenient contact with the communications system for the Sheriff's and the Detectives without the delay of going through the dispatcher via telephone.

11. IDENTIFICATION OF PROBLEM: Describe nature, scope, and degree of the problem. This description explains your justification for submitting the grant application. Use meaningful facts and data to support need. (If additional space needed, attach additional sheets and number them 2a, 2b, etc.)
-

A county wide communications center has been installed, and the need exists for completing the communication system to meet the Communication Master Plan guidelines. A years supply of recording tapes is required to provide continuous recording and playback equipment to be used for the documenting of radio and telephone conversations, especially during emergencies and periods of peak activity.

The Sheriff's Office and the Detectives Office need to have easy access to the communications system without having to go through the dispatcher via telephone.

12. PROJECT OBJECTIVES: This is a statement of needs to solve the problem. Give a concise statement of each of the objectives of the proposed project which are precise statements of the kinds of improvements sought. (If additional space is needed, attach additional sheets and number them 3a, 3b, etc.)
-

13. MEANS OF ACHIEVING THE OBJECTIVES: Describe the general method, procedure, or strategy for obtaining the objectives of the project and describe the operation of the project. (If additional space is needed, attach additional sheets and number them 4a, 4b, etc)
-

Recording equipment would be installed and operated in the dispatch center 24 hours a day. This equipment should allow continuous recording of all incoming complaint calls, transmissions and receivals including telephone calls.

Remote control accessory instruments are needed for the Sheriff's Office and Detectives Office to have easy access to the communications system.

14. PROJECT EVALUATION: Describe the procedure of measuring the degree to which each objective of the project will be achieved. (If additional space is needed, attach additional sheets and number them 5a, 5b, etc.)

A complete tape file will be maintained for a period of one year. The measure of the effectiveness of the project may be judged from the use made of these tapes as evidence in trials, improvement in response time to complaints, increased apprehension of persons involved in criminal acts, etc.

15. PROJECTED PROGRESS: Project the progress you expect to make on this project. The space provided is divided into 90 day periods and you are to indicate what percentage of the project should be completed during each three month period and in the narrative you are to describe specific accomplishments you expect to complete during each period. (If the project will be completed in less than one year, so indicate when it will be completed.)

20. STANDARD GRANT CONDITIONS: This item sets forth the conditions for the extension of grant assistance to any applicant and, when an award is made and grant funds are accepted thereunder, will become a binding contractual commitment of the grantee. The applicant should satisfy itself that it has read, understands, and is willing to comply with these grant conditions and the rules and regulations incorporated therein concerning administration of grants established by the Law Enforcement Assistance Administration and the Tennessee Law Enforcement Planning Agency.

A. REPORTS: Each grantee shall submit such reports as the Tennessee Law Enforcement Planning Agency shall reasonably request.

B. COPYRIGHTS: Where grantee programs produce original books, manuals, films, or other copyrightable material, the grantee may copyright such, but the Tennessee Law Enforcement Planning Agency reserves a royalty-free non-exclusive and irrevocable license to reproduce, publish, translate or otherwise use, and to authorize others to publish and use such materials.

- C. PATENTS: If any discovery or invention arises or is developed in the course of or as a result of work performed in a grantee program, the grantee shall refer the discovery or invention to the TLEPA which will determine whether or not patent protection will be sought, how any rights therein, including patent rights, will be disposed of and administered, and the necessity of other action required to protect the public interest in work supported with Federal funds, all in accordance with the Presidential Memorandum of October 10, 1963, on Government Patent Policy.
- D. DISCRIMINATION PROHIBITED: No person shall, on the grounds of race, creed, color or national origin, be excluded from participation in, be refused the benefits of, or be otherwise subjected to discrimination under grants awarded pursuant to PL 93-83 or under any project, program or activity supported by this grant. The grantee must comply with the provisions and requirements of Title VI of the Civil Rights Act of 1964 and regulations issued by the Department of Justice and the Law Enforcement Assistance Administration thereunder as a condition of award of federal funds and continued grant support. As required by Section 518)b) of PL 93-83, this grant condition shall not be interpreted to require the imposition in grant-supported projects of any percentage ratio, quota system, or other program to achieve racial balance or eliminate racial imbalance in a law enforcement agency.
- E. USE OF FUNDS: Any funds awarded are to be expended only for the purposes and activities covered by the applicant's approved application and budget.
- F. TERMINATION OF AID: This grant may be terminated in whole or in part by the Tennessee Law Enforcement Planning Commission at any time the Commission finds a substantial failure to comply with the provisions of PL 93-83, or regulations promulgated thereunder, including these grant conditions or plan, application or contract obligations, but only after notice and hearing pursuant to Commission regulations and all procedures set forth in §§ 510 and 511 of PL 93-83.
- G. INSPECTION AND AUDIT: The Tennessee Law Enforcement Planning Commission or any of its duly authorized representatives, shall have access for purpose of audit and examinations to any books, documents, papers, and records of the grantee, and to relevant books and records of subgrantees and contractors, which pertain to the project funded under this grant.
- H. MAINTENANCE OF RECORDS: All appropriate grant records and accounts will be maintained and made available for audit as prescribed by the Commission.
- I. USE OF OTHER FEDERAL FUNDS PROHIBITED: This project will not be financed in whole or in part by other federal funds.

DECEMBER TERM 1975

-12-

- J. SUPLANTING PROHIBITED: The federal funds herein awarded are not to supplant local funds, but are to be used to increase the amount of funds that would otherwise be available for this project.
- K. ALLOWABLE COSTS: The allowability of charges made to funds granted under Part C and Part E of Title I of the Act, as amended, shall be determined in accordance with the general principles of allowability and standards for selected cost items set forth in the Bureau of the Budget Circular No. A-87 entitled "Principles for Determining Cost Applicable to Grants and Contracts with State and Local Government" (May 9, 1968) and interpreted and amplified in the Tennessee Law Enforcement Planning Agency Financial Management Manual.
- L. WRITTEN APPROVAL OF CHANGES: Grantees must obtain prior written approval from Tennessee Law Enforcement Planning Agency for major project changes. These include (a) changes of substance in project activities, designs or research plans, set forth in the approved application, (b) changes in the project director or key professional personnel identified in the approved application, and (c) changes in the approved budget.
- M. FISCAL REGULATIONS: The fiscal administration of grants shall be subject to such further rules, regulations and policies, concerning accounting and records, payment of funds, cost allowability, submission of financial reports, etc., as may be prescribed by the Tennessee Law Enforcement Planning Commission, consistent with the purposes and authorizations of PL 93-83 including those set forth in the Tennessee Law Enforcement Planning Agency Financial Management Manual.
- N. CRIMINAL PENALTIES: Whoever embezzles, willfully misapplies, steals or obtains by fraud any funds, assets, or property which are the subject of a grant or contract or other form of assistance pursuant to this title, whether received directly or indirectly from the Law Enforcement Assistance Administration, shall be fined not more than \$10,000 or imprisoned for not more than five years, or both. Whoever knowingly and willfully falsifies, conceals or covers up by trick, scheme, or device, any material fact in any application for assistance submitted pursuant to this title or in any records required to be maintained pursuant to this title shall be subject to prosecution under the provisions of Section 1001 of Title 18, United States Code. Any law enforcement program or project underwritten, in whole or in part, by any grant, or contract or other form of assistance pursuant to this title, whether received directly or indirectly from the Law Enforcement Assistance Administration shall be subject to the provisions of Section 371 of Title 18, United States Code.
- O. CLEAR AIR ACT VIOLATIONS: In accord with the provisions of the Clear Air Act, 42 U.S.C. 1857 et. seg., as amended by PL 91-604; and Executive Order 11602, subgrants or contracts will not be made to parties convicted of any offense under the Clear Air Act.

- P. RELOCATION PROVISIONS: The grantee shall assure that any program under which LEAA financial assistance must be used to pay all or part of the cost of any program or project which will result in displacement of any person shall provide that;
- (a) Fair and reasonable relocation payments and assistance shall be provided to or for displaced persons as are required in such regulations as are issued by the Attorney General of the United States.
 - (b) Relocation or assistance programs shall be provided for such persons in accordance with such regulations issued by the Attorney General of the United States.
 - (c) Within a reasonable period of time prior to displacement, decent, safe and satisfactory replacement must be available to the displaced person in accordance with such regulations as issued by the Attorney General of the United States.

The authority for this provision is found in the "Uniform Relocation Assistance and Real Property Acquisition Policy Act of 1970", PL 91-646; 84 Stat 1894.

- Q. ENVIRONMENTAL IMPACT: Any application for subgrants, subcontracts, etc., involving; (i) the construction, purchase, lease or alteration of facilities; (ii) the implementation of programs involving the use of herbicides and pesticides; (iii) other actions determined by the Regional Administrators to possibly have a significant effect on the quality of the environment, must include either a draft environmental statement as required by Section 102(s)(c) of the National Environmental Policy Act or a declaration that the proposed action will not have a significant impact on the environment. Before accepting a negative declaration, Tennessee Law Enforcement Planning Agency will refer the application to the Law Enforcement Assistance Administration Regional Administrator who shall review the subgrant application and verify that an environmental statement is not necessary.
- R. HISTORIC SITES: Before approving subgrant programs involving construction, renovation, purchasing or leasing of facilities the State Planning Agency shall consult with the State Liaison Officer for historic preservation to determine if the undertaking may have an effect on properties listed in the National Register of Historic Places. If the undertaking may have an adverse effect on the listed program properties the State Planning Agency must notify LEAA before proceeding with the Program.
- S. RECORDING AND DOCUMENTATION OF RECEIPTS AND EXPENDITURES: Accounting procedures must provide for an accurate and timely recording of receipt of funds by source, of expenditures made from such funds, and of unexpended balances. Controls must be established which are adequate to ensure that expenditures charged to grant activities are for allowable purposes and that documentation is readily available to verify that such charges are accurate.

- T. APPLICABILITY OF STATE AND LOCAL PRACTICES: Except where inconsistent with federal requirements, State procedures and practices will apply to funds disbursed by the TLEPA and local procedures and practices to funds disbursed by such units. Bureau of the Budget Circular No. A-87, "Principles for Determining Costs Applicable to Grants and Contracts with State and Local Government," must be complied with by grantees with respect to the treatment of specific items and their cost allowability.
- U. CONTROL OF FUNDS AND TITLE TO PROPERTY: The title and control of Part E funds and title to property may not be transferred to private agencies, profit-making or otherwise, even though these may be utilized in the implementation of Part E efforts including the purchase of services and Part E funds and property will not be diverted to other than correctional uses.
- V. CONSTRUCTION GRANTS: All construction grants will also include all additional conditions set forth in the Supplemental Construction Form which must be attached to this application.
21. SPECIAL GRANT CONDITIONS: Special Conditions may be added to this grant application at the discretion of the TLEPA. Notice of such Special Conditions will be given at the time the Grant Agreement is delivered to the grantee, and such Special Conditions and Grant Agreement become a binding contractual commitment and are made an inseparable part of the approved application.
22. ASSURANCE OF COMPLIANCE WITH CIVIL RIGHTS ACT OF 1964: The applicant hereby agrees that it will comply with Title VI of the Civil Rights Act of 1964 (P.L. 88-352) and all requirements imposed by or pursuant to that title, to the end that no person shall on the grounds of race, color, or national origin be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the applicant receives federal financial assistance from the department; and gives further assurance that it will promptly take any measures necessary to effectuate this commitment as more fully set forth in the standard grant conditions set forth above. This assurance shall obligate the applicant for the period during which federal financial assistance is extended to it by the department and is given in consideration of and for the purpose of obtaining the grant for which application is hereby made, and the United States shall have the right to seek judicial enforcement of this assurance.
23. ASSUMPTION OF COST: The applicant hereby agrees that should the project described herein prove to be valuable in reducing crime or improving the Criminal Justice System, the cost of such improvements will be assumed by the applicant after "a reasonable period of Federal Assistance."

A RESOLUTION

NO. 1275-6

TITLE A RESOLUTION TO AUTHORIZE THE COUNTY JUDGE TO APPROVE A GRANT APPLICATION AND TO PAY CERTAIN AMOUNTS THEREUNDER FOR THE PURPOSE OF ACQUIRING A VAN-TYPE VEHICLE TO BE USED FOR LAW-ENFORCEMENT-RELATED PURPOSES.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, secure and efficient transportation is required for the movement of state prisoners from the county jail to the state prison, and for the movement of Grand Jurors between a local hotel and the County Courthouse and for other purposes; and

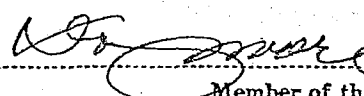

WHEREAS, in order to effect such security and efficiency a van-type vehicle should be acquired; and

WHEREAS, pursuant to the "Crime Control Act of 1973", 42 U.S.C. 3701, funds in the amount of Eight Thousand Dollars (\$8,000.00) are available through the Tennessee Law Enforcement Planning Agency for the acquisition of such a vehicle to be used for the purposes such as mentioned above; and

WHEREAS, a grant application, attached hereto and incorporated herein by reference, can be submitted for the above amounts, also consisting of a local contribution of Two Thousand Dollars (\$2,000.00) less an amount of Four Hundred Dollars (\$400.00) for State participation in said grant.

NOW, THEREFORE, BE IT RESOLVED BY THIS COUNTY COUNCIL, IN SESSION ASSEMBLED, that the County Judge is authorized to approve the attached grant application and to pay the necessary contribution thereunder, which sum is hereby appropriated therefor.

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

ON MOTION of Judge Moore, seconded by Councilman Long, the foregoing Resolution was unanimously Adopted on a Roll Call vote, with the following members of the County Council being present and voting, "Aye": Councilman Fuller, Councilman Long, Councilman Mayfield, Councilman Ricketts, and Judge Moore. Total present-5. Absent-0.

(Judge Moore stated that this was the second of the three resolutions concerning LEPA grants. Judge Moore stated that at times the Grand Jury must investigate property and report back on it. It takes four regular vehicles to transport them and because there are no extra vehicles available four people must be pulled off their duties in order that their vehicles be used. This problem also exists when juries for trials must be transported to and from motels for overnight stays. It is necessary to find a vehicle designed to transport from 9 to 12 jurors plus the driver and the court officer.)

To provide for transportation needs with minimum police manpower and maximum security for the following:

1. Transportation of state prisoners from the county jail to the state prison.
2. Transportation of the Grand Jury between a hotel and the court house.

Three patrol cars would normally be required to take the Grand Jury to a hotel. The exposure to potential security problems are three times as great and the manpower requirements are also three-fold.

A significant cost improvement and security improvement could be effected by the use of a van.

20. STANDARD GRANT CONDITIONS: This item sets forth the conditions for the extension of grant assistance to any applicant and, when an award is made and grant funds are accepted thereunder, will become a binding contractual commitment of the grantee. The applicant should satisfy itself that it has read, understands, and is willing to comply with these grant conditions and the rules and regulations incorporated therein concerning administration of grants established by the Law Enforcement Assistance Administration and the Tennessee Law Enforcement Planning Agency.

A. REPORTS: Each grantee shall submit such reports as the Tennessee Law Enforcement Planning Agency shall reasonably request.

B. COPYRIGHTS: Where grantee programs produce original books, manuals, films, or other copyrightable material, the grantee may copyright such, but the Tennessee Law Enforcement Planning Agency reserves a royalty-free non-exclusive and irrevocable license to reproduce, publish, translate or otherwise use, and to authorize others to publish and use such materials.

-11-

- C. PATENTS: If any discovery or invention arises or is developed in the course of or as a result of work performed in a grantee program, the grantee shall refer the discovery or invention to the TLEPA which will determine whether or not patent protection will be sought, how any rights therein, including patent rights, will be disposed of and administered, and the necessity of other action required to protect the public interest in work supported with Federal funds, all in accordance with the Presidential Memorandum of October 10, 1963, on Government Patent Policy.
- D. DISCRIMINATION PROHIBITED: No person shall, on the grounds of race, creed, color or national origin, be excluded from participation in, be refused the benefits of, or be otherwise subjected to discrimination under grants awarded pursuant to PL 93-83 or under any project, program or activity supported by this grant. The grantee must comply with the provisions and requirements of Title VI of the Civil Rights Act of 1964 and regulations issued by the Department of Justice and the Law Enforcement Assistance Administration thereunder as a condition of award of federal funds and continued grant support. As required by Section 518)b) of PL 93-83, this grant condition shall not be interpreted to require the imposition in grant-supported projects of any percentage ratio, quota system, or other program to achieve racial balance or eliminate racial imbalance in a law enforcement agency.
- E. USE OF FUNDS: Any funds awarded are to be expended only for the purposes and activities covered by the applicant's approved application and budget.
- F. TERMINATION OF AID: This grant may be terminated in whole or in part by the Tennessee Law Enforcement Planning Commission at any time the Commission finds a substantial failure to comply with the provisions of PL 93-83, or regulations promulgated thereunder, including these grant conditions or plan, application or contract obligations, but only after notice and hearing pursuant to Commission regulations and all procedures set forth in §§ 510 and 511 of PL 93-83.
- G. INSPECTION AND AUDIT: The Tennessee Law Enforcement Planning Commission or any of its duly authorized representatives, shall have access for purpose of audit and examinations to any books, documents, papers, and records of the grantee, and to relevant books and records of subgrantees and contractors, which pertain to the project funded under this grant.
- H. MAINTENANCE OF RECORDS: All appropriate grant records and accounts will be maintained and made available for audit as prescribed by the Commission.
- I. USE OF OTHER FEDERAL FUNDS PROHIBITED: This project will not be financed in whole or in part by other federal funds.

-12-

- J. SUPPLANTING PROHIBITED: The federal funds herein awarded are not to supplant local funds, but are to be used to increase the amount of funds that would otherwise be available for this project.
- K. ALLOWABLE COSTS: The allowability of charges made to funds granted under Part C and Part E of Title I of the Act, as amended, shall be determined in accordance with the general principles of allowability and standards for selected cost items set forth in the Bureau of the Budget Circular No. A-87 entitled "Principles for Determining Cost Applicable to Grants and Contracts with State and Local Government" (May 9, 1968) and interpreted and amplified in the Tennessee Law Enforcement Planning Agency Financial Management Manual.
- L. WRITTEN APPROVAL OF CHANGES: Grantees must obtain prior written approval from Tennessee Law Enforcement Planning Agency for major project changes. These include (a) changes of substance in project activities, designs or research plans, set forth in the approved application, (b) changes in the project director or key professional personnel identified in the approved application, and (c) changes in the approved budget.
- M. FISCAL REGULATIONS: The fiscal administration of grants shall be subject to such further rules, regulations and policies, concerning accounting and records, payment of funds, cost allowability, submission of financial reports, etc., as may be prescribed by the Tennessee Law Enforcement Planning Commission, consistent with the purposes and authorizations of PL 93-83 including those set forth in the Tennessee Law Enforcement Planning Agency Financial Management Manual.
- N. CRIMINAL PENALTIES: Whoever embezzles, willfully misapplies, steals or obtains by fraud any funds, assets, or property which are the subject of a grant or contract or other form of assistance pursuant to this title, whether received directly or indirectly from the Law Enforcement Assistance Administration, shall be fined not more than \$10,000 or imprisoned for not more than five years, or both. Whoever knowingly and willfully falsifies, conceals or covers up by trick, scheme, or device, any material fact in any application for assistance submitted pursuant to this title or in any records required to be maintained pursuant to this title shall be subject to prosecution under the provisions of Section 1001 of Title 18, United States Code. Any law enforcement program or project underwritten, in whole or in part, by any grant, or contract or other form of assistance pursuant to this title, whether received directly or indirectly from the Law Enforcement Assistance Administration shall be subject to the provisions of Section 371 of Title 18, United States Code.
- O. CLEAR AIR ACT VIOLATIONS: In accord with the provisions of the Clear Air Act, 42 U.S.C. 1857 et. seg., as amended by PL 91-604; and Executive Order 11602, subgrants or contracts will not be made to parties convicted of any offense under the Clear Air Act.

P. RELOCATION PROVISIONS: The grantee shall assure that any program under which LEAA financial assistance must be used to pay all or part of the cost of any program or project which will result in displacement of any person shall provide that;

- (a) Fair and reasonable relocation payments and assistance shall be provided to or for displaced persons as are required in such regulations as are issued by the Attorney General of the United States.
- (b) Relocation or assistance programs shall be provided for such persons in accordance with such regulations issued by the Attorney General of the United States.
- (c) Within a reasonable period of time prior to displacement, decent, safe and satisfactory replacement must be available to the displaced person in accordance with such regulations as issued by the Attorney General of the United States.

The authority for this provision is found in the "Uniform Relocation Assistance and Real Property Acquisition Policy Act of 1970", PL 91-646; 84 Stat 1894.

Q. ENVIRONMENTAL IMPACT: Any application for subgrants, subcontracts, etc., involving; (i) the construction, purchase, lease or alteration of facilities; (ii) the implementation of programs involving the use of herbicides and pesticides; (iii) other actions determined by the Regional Administrators to possibly have a significant effect on the quality of the environment, must include either a draft environmental statement as required by Section 102(s)(c) of the National Environmental Policy Act or a declaration that the proposed action will not have a significant impact on the environment. Before accepting a negative declaration, Tennessee Law Enforcement Planning Agency will refer the application to the Law Enforcement Assistance Administration Regional Administrator who shall review the subgrant application and verify that an environmental statement is not necessary.

R. HISTORIC SITES: Before approving subgrant programs involving construction, renovation, purchasing or leasing of facilities the State Planning Agency shall consult with the State Liaison Officer for historic preservation to determine if the undertaking may have an effect on properties listed in the National Register of Historic Places. If the undertaking may have an adverse effect on the listed program properties the State Planning Agency must notify LEAA before proceeding with the Program.

S. RECORDING AND DOCUMENTATION OF RECEIPTS AND EXPENDITURES: Accounting procedures must provide for an accurate and timely recording of receipt of funds by source, of expenditures made from such funds, and of unexpended balances. Controls must be established which are adequate to ensure that expenditures charged to grant activities are for allowable purposes and that documentation is readily available to verify that such charges are accurate.

- T. APPLICABILITY OF STATE AND LOCAL PRACTICES: Except where inconsistent with federal requirements, State procedures and practices will apply to funds disbursed by the TLEPA and local procedures and practices to funds disbursed by such units. Bureau of the Budget Circular No. A-87, "Principles for Determining Costs Applicable to Grants and Contracts with State and Local Government," must be complied with by grantees with respect to the treatment of specific items and their cost allowability.
- U. CONTROL OF FUNDS AND TITLE TO PROPERTY: The title and control of Part E funds and title to property may not be transferred to private agencies, profit-making or otherwise, even though these may be utilized in the implementation of Part E efforts including the purchase of services and Part E funds and property will not be diverted to other than correctional uses.
- V. CONSTRUCTION GRANTS: All construction grants will also include all additional conditions set forth in the Supplemental Construction Form which must be attached to this application.
21. SPECIAL GRANT CONDITIONS: Special Conditions may be added to this grant application at the discretion of the TLEPA. Notice of such Special Conditions will be given at the time the Grant Agreement is delivered to the grantee, and such Special Conditions and Grant Agreement become a binding contractual commitment and are made an inseparable part of the approved application.
22. ASSURANCE OF COMPLIANCE WITH CIVIL RIGHTS ACT OF 1964: The applicant hereby agrees that it will comply with Title VI of the Civil Rights Act of 1964 (P.L. 88-352) and all requirements imposed by or pursuant to that title, to the end that no person shall on the grounds of race, color, or national origin be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the applicant receives federal financial assistance from the department; and gives further assurance that it will promptly take any measures necessary to effectuate this commitment as more fully set forth in the standard grant conditions set forth above. This assurance shall obligate the applicant for the period during which federal financial assistance is extended to it by the department and is given in consideration of and for the purpose of obtaining the grant for which application is hereby made, and the United States shall have the right to seek judicial enforcement of this assurance.
23. ASSUMPTION OF COST: The applicant hereby agrees that should the project described herein prove to be valuable in reducing crime or improving the Criminal Justice System, the cost of such improvements will be assumed by the applicant after "a reasonable period of Federal Assistance."

20. STANDARD GRANT CONDITIONS: This item sets forth the conditions for the extension of grant assistance to any applicant and, when an award is made and grant funds are accepted thereunder, will become a binding contractual commitment of the grantee. The applicant should satisfy itself that it has read, understands, and is willing to comply with these grant conditions and the rules and regulations incorporated therein concerning administration of grants established by the Law Enforcement Assistance Administration and the Tennessee Law Enforcement Planning Agency.

A. REPORTS: Each grantee shall submit such reports as the Tennessee Law Enforcement Planning Agency shall reasonably request.

B. COPYRIGHTS: Where grantee programs produce original books, manuals, films, or other copyrightable material, the grantee may copyright such, but the Tennessee Law Enforcement Planning Agency reserves a royalty-free non-exclusive and irrevocable license to reproduce, publish, translate or otherwise use, and to authorize others to publish and use such materials.

- C. PATENTS: If any discovery or invention arises or is developed in the course of or as a result of work performed in a grantee program, the grantee shall refer the discovery or invention to the TLEPA which will determine whether or not patent protection will be sought, how any rights therein, including patent rights, will be disposed of and administered, and the necessity of other action required to protect the public interest in work supported with Federal funds, all in accordance with the Presidential Memorandum of October 10, 1963, on Government Patent Policy.
- D. DISCRIMINATION PROHIBITED: No person shall, on the grounds of race, creed, color or national origin, be excluded from participation in, be refused the benefits of, or be otherwise subjected to discrimination under grants awarded pursuant to PL 93-83 or under any project, program or activity supported by this grant. The grantee must comply with the provisions and requirements of Title VI of the Civil Rights Act of 1964 and regulations issued by the Department of Justice and the Law Enforcement Assistance Administration thereunder as a condition of award of federal funds and continued grant support. As required by Section 518)b) of PL 93-83, this grant condition shall not be interpreted to require the imposition in grant-supported projects of any percentage ratio, quota system, or other program to achieve racial balance or eliminate racial imbalance in a law enforcement agency.
- E. USE OF FUNDS: Any funds awarded are to be expended only for the purposes and activities covered by the applicant's approved application and budget.
- F. TERMINATION OF AID: This grant may be terminated in whole or in part by the Tennessee Law Enforcement Planning Commission at any time the Commission finds a substantial failure to comply with the provisions of PL 93-83, or regulations promulgated thereunder, including these grant conditions or plan, application or contract obligations, but only after notice and hearing pursuant to Commission regulations and all procedures set forth in §§ 510 and 511 of PL 93-83.
- G. INSPECTION AND AUDIT: The Tennessee Law Enforcement Planning Commission or any of its duly authorized representatives, shall have access for purpose of audit and examinations to any books, documents, papers, and records of the grantee, and to relevant books and records of subgrantees and contractors, which pertain to the project funded under this grant.
- H. MAINTENANCE OF RECORDS: All appropriate grant records and accounts will be maintained and made available for audit as prescribed by the Commission.

A RESOLUTION

NO. 1275-13

TITLE A RESOLUTION ACCEPTING THE BID OF KILLEBREW, LYMAN AND WOODWORTH, INC., FOR CERTAIN BROAD TYPES AND KINDS OF LIABILITY INSURANCE.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, in response to public advertisement, bids were received for certain broad types and kinds of liability insurance in accordance and conformity with the bid specifications, a copy of which is attached and made a part thereof, and

WHEREAS, according to the bid specifications as submitted, along with the bid form stipulations therein, the bid of Killebrew, Lyman and Woodworth, Inc., all of which being herein relied upon, is the lowest and best bid, being as follows:

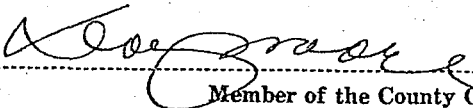

Auto	\$ 83,474.00
General Liability	26,186.00
Nursing and Health and Professional	<u>53,531.00</u>
Combined Total	\$163,191.00

and

WHEREAS, the above bid reflects annual premiums, also being submitted for a period of three (3) years at the same per annum amount, effective January 1st, 1976.

NOW, THEREFORE, BE IT RESOLVED, BY THIS COUNTY COUNCIL, IN SESSION ASSEMBLED, That the County Council hereby accepts the bid of Killebrew, Lyman and Woodworth, Inc., (a copy of which bid form is attached hereto and made a part hereof) for the types and kinds of the therein contained limits and coverage of said liability insurance, but not less coverage or more restrictive provisions than are contained within the attached bid specifications, at the above per annum amounts for a period of three (3) years, same to be paid out of the County General Fund.

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

ON MOTION of Judge Moore, seconded by Councilman Ricketts, the foregoing Resolution was unanimously Adopted on a Roll Call vote, with the following members of the County Council being present and voting "Aye": Councilman Fuller, Councilman Long, Councilman Mayfield, Councilman Ricketts and Judge Moore.

(Judge Moore stated that as decided by the courts a number of months ago beginning January 1 government agencies will lose their governmental immunity and it will be necessary to provide liability insurance to cover injuries in these places. Bill Dilbeck, who had done this same service for the city, was asked to provide a study and make recommendations on specifications, etc., in order to get liability insurance for all agencies in Hamilton County except Erlanger Hospital. (There are problems on liability insurance for Erlanger because of surgery.) Judge Moore stated that the bids came in and were under what he thought they would be. They were quite pleased with the results. Killebrew, Lyman and Woodworth, Inc., submitted the lowest bid which is auto - \$83,474, general liability - \$26,186, and nursing, health and professional - \$53,531 for a total of \$163,191. The premiums will be the same over a three year period. This will become effective January 1, 1976, to coincide with the removal of governmental immunity. This is by far the lowest and best bid.)

HAMILTON COUNTY

Underwriting Stipulations

All bidders are urged to study these stipulations carefully.

1. Hamilton County will be referred to herein as the County.
2. The Insuring Company will be referred to as Company.
3. All coverage forms and endorsements must be Insurance Services Offices (ISO) or broader.
4. Comprehensive General and Automobile liability will be written in the same company if both purchased. Therefore, bids for each must be with the same company.
5. Hospital, Professional Liability and Premises Liability for Health Department, Nursing Home and Bonny Oaks Clinic may be bid separately. However, the Professional and Premises must be in the same Company. Medical Doctors may be quoted through Joint Underwriters Association.
6. County reserves the right to purchase Automobile only, General Liability only, or Professional Liability only, or for separate limits.
7. If both General Liability and Automobile Liability are written, the low bidder will be determined by the lowest combined premium for the automobile plan chosen and the General Liability plan chosen. Premiums will be combined for the same company. As stated in 4 above, both will be written in the same company. Although Hospital and Professional Liability are bid separately, consideration will be given to purchasing both through same agency to aid in servicing.
8. It being the County's intent to declare all exposures under the forms of insurance for which bids are sought, a determined effort has been made to do so. However, due to the complex nature, the possibility of overlooking some does exist. Company agrees to endorse policy to include coverage for any undeclared exposure under the vehicles, premises, and operations, products and completed operations and contractual coverages. Premium for undeclared exposure discovered at audit or otherwise will be charged at rates applying to like exposures on policies.
9. Company agrees to waive Governmental immunity as defense on any claim that would otherwise be covered under the policy.
10. Policy must contain 60 day cancellation clause.

3

D E C E M B E R T E R M 1 9 7 5

S 2

11. If requested, company agrees to cancel pro rata and rewrite all coverages for one year at current rates to make policy inception and expiration dates conform to the County's fiscal year.
12. The County reserves the right to reject any or all bids and to award the contract to other than the low bidder.
13. All Bids must be accompanied by company's latest financial statement.
14. Company is urged to study the 1973 Tennessee Governmental Tort Liability Act, Chapter 33, Sections 23-3301 through 23-3331.
15. Bids are requested for three years; however, the County reserves the right to seek new bids, or to negotiate premiums, or non-renew at the end of each policy year.
16. It is not the intent of the County to include General Liability or Professional Liability for Erlanger Hospital in this coverage, and policy may be so endorsed.
17. Note Personal Injury coverage is made a part of Hospital and Professional, not a separate bid as in General Liability.

Re: Liability Insurance Bids

Dear Mike:

Three bids were received. Under the current conservative underwriting conditions, this is about as expected. Other similar governmental units have received about the same number.

The bid by Stanley Lachman Company is higher for the Auto portion alone than the others are for all lines combined. We are therefore not including this bid in the comparison, as it would be wasted effort.

Analysis was made on Bid 1 and Bid 2, and on basis of Limits of Liability. Based on Limits is a more accurate comparison. (Analysis 1 and Analysis 2.)

Both comparisons clearly show the Killebrew, Lyman and Woodworth, Inc bids to be lower. (Hereafter referred to as KIW.)

Based on higher limits comparison, KIW is lower by 73,377. On the lower limits, they are low by 47,973.

Based on Bid 1, they are lower by 43,935. On Bid 2, by 47,973.

With annual liability premiums of less than 200,000, I would not recommend considering a self-insurance program; especially since we have no loss experience under the new Tort Liability Act.

Assuming insurance will be purchased, the remaining question is which program to purchase.

The Governmental Tort Liability Act limits the Government's liability to 50/300,000 Bodily Injury and 10,000 Property Damage. However, higher judgements can be rendered against county employees. Thus, purchasing higher limits as shown on Analysis 1 would principally benefit the employees.

Higher limits annual premium is	163,191
Lower limits annual premium is	<u>153,553</u>
Additional cost for higher limits	9,638

Higher limits would more likely benefit bus drivers and medical professional employees. In view of the small additional premium, I would recommend purchase of limits as shown in Analysis 1.

D E C E M B E R T E R M 1 9 7 5

Mike Mahn
Page 2
December 8, 1975

As a second choice, coverages and limits as shown in Analysis 2.

Coverage should be effective by 1-1-76, and existing liability policies should be cancelled effective 1-1-76.

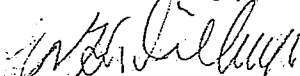

At the bottom of analysis sheets, we show additional premium to include the professional employees (Doctors, Dentists, Nurses, etc.) for individual acts not connected with county employment. If this additional coverage is not purchased, these employees should be advised to obtain coverage for professional services not in scope of employment by county.

The KI&W bid is sponsored by Tennessee County Services Assoc. The companies are large, well financed, and have good service facilities.

If further clarification is needed, please let me know.

As this concludes our contract, we enclose statement for payment. Actual hours spent were sixty-one; however, the maximum under the contract was \$1,000. Therefore, our statement is for that amount.

Yours truly,

W. H. Dilbeck

Re: Public Officials Errors and Omissions

Dear Mike:

Midland Insurance Company is the only company now writing the above coverage. All other companies have stopped accepting new risks in counties or cities over 150,000 population.

Midland offers the following quotation:

- Limit 1,000,000 Per Occurrence
- 1,000,000 Annual Aggregate All Claims
- Deductible 10,000 Per Occurrence
- Premium \$12,507.00 Annual
- 34,112.00 Three Year Prepaid

Midland Insurance Company has assets of \$64,533,000 as of December 31, 1974. Their financial picture appears sound.

Should you be interested, I would recommend the three year prepaid. Otherwise, the market may get tighter, and they would not offer renewal after one year. This quote is through the TIGIP, so you can designate the local agent who would service the policy. Should we become the county risk managers, we will have it issued less 10% commission, and the county's cost would be \$11,256.30 annual and \$30,700.80 three year prepaid.

Attached is Specimen Policy, which is the standard contract for this coverage.

Regards,

Bill Dilbeck

Errors & Omissions Quotation

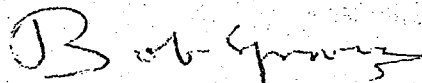

Dear Bill:

Confirming our conversation, we are able to offer the following proposal with the Midland Insurance Company for Public Officials Errors & Omissions insurance; \$1,000,000 per occurrence, \$1,000,000 aggregate, \$10,000 deductible, annual premium \$12,507, three year prepaid premium \$34,112.

This is the best proposal we have at the moment and possibly we can negotiate the retention downward.

I am enclosing a specimen policy from Midland Insurance Company for your review.

Sincerely,

Robert B. Sprouse

PUBLIC OFFICIAL LIABILITY POLICY

In CONSIDERATION of the payment of the premium and subject to all of the terms, conditions and limitations of this policy, the Company agrees:

Insuring Clause:

- I.
 - (a) With the Insureds that if, during the policy period, any claim or claims are first made against the Insureds, individually or collectively, for a Wrongful Act, the Company will pay on behalf of, in accordance with the terms of this policy, the Insureds, or any of them, their Executors, Administrators or Assigns for all loss which the said Insureds, or any of them, shall become legally obligated to pay as damages,
 - (b) With the Public Entity that if, during the policy period, any claim or claims are first made against the insureds, individually or collectively for a Wrongful Act the Company will pay on behalf of, in accordance with the terms of this policy, the Public Entity for all loss for which the Public Entity may be required or permitted by law to indemnify such Insureds,
 - (c) With the Public Entity that if, during the policy period, any claim or claims are first made against it as a result of any Wrongful Act, the Company will pay on behalf of, in accordance with the terms of this policy, all loss which the Public Entity shall become legally obligated to pay as damages,

And, as respects I (a), (b), and (c), the Company shall have the right and duty to defend any suit against the Insured seeking damages on account of such Wrongful Act, even if any of the allegations of the suit are groundless, false or fraudulent, and may make such investigation and settlement of any claim or suit as it deems expedient, but the Company shall not be obligated to pay any claim or to defend any suit after the limits of the Company's liability have been exhausted by payment of claims, judgements, and/or settlements.

Extensions

- II.
 - (a) This policy shall cover loss arising from any claim first made during the policy period against the estates, heirs, legal representatives or assigns of deceased persons, who were Insured at the time of the Wrongful Act upon which such claims are based.
 - (b) If the Company shall cancel or refuse to renew this policy, the Insureds shall have the right, upon payment of an additional premium of 25% of the three year premium hereunder, to an extension of the coverage granted by this policy in respect of a claim or claims which may be first made against the Insureds during the period of twelve calendar months after the date of such cancellation or non-renewal but only in respect of any Wrongful Act committed before the date of such cancellation or non-renewal. Such twelve month period is hereinafter referred to as "extended discovery period". This right of extension shall terminate unless written notice is given to the Company within thirty (30) days after the effective date of cancellation or non-renewal.

Definitions

III.

- (a) "Public Entity" shall mean the City, Town, Village, Governmental Body, or Administrative Department or Agency named and defined in Item A of the Declarations as legally constituted at the inception of the policy.
- (b) "Insured" shall mean the Public Entity named in Item A of the Declarations and those persons who were, now or shall be duly elected or appointed officials or members or full time employees of the governing body of such Entity, and shall include members and full-time employees of such commissions, boards or other units operating by and under the jurisdiction of such governing body and within an apportionment of the total operating budget indicated in the proposal form. "Full-time employee" shall not mean any person hired by the Public Entity working less than 20 hours per week. Full-time employee shall not include any person working on a retainer or contractual agreement.
- "Insured" shall not include any of the following boards, commissions, authorities, units, or administrative departments or agencies unless specifically endorsed hereon:
1. School; 2, airport; 3. hospital; 4. municipally owned gas or electric utility.
- (c) "Wrongful Act" shall mean any actual or alleged error or misstatement or act of omission or neglect or breach of duty including misfeasance, malfeasance, and non-feasance by the Insureds in the discharge of their duties with the Public Entity, individually or collectively, or any matter claimed against them solely by reason of their being or having been Insureds.
- (d) "Loss" shall mean any amount which the Insureds are legally obligated to pay, including, but not limited to, any amounts which the Public Entity may be required or permitted to pay as indemnity to an Insured, for a claim or claims made against an Insured for a Wrongful Act and shall include but not be limited to damages, judgements, settlements, and costs, cost of investigation and defense of legal actions (excluding salaries of officers or employees of the Public Entity, or any other governmental body) claims or proceedings and appeals therefrom, premiums on bonds to release attachments or similar bonds but without any obligation to apply for or furnish any such bonds, provided always, however, such subject of loss shall not include fines and penalties imposed by law and any amounts due or payable under the terms of any contractual obligation.
- (e) "Policy Year" shall mean the period of one year commencing the effective date and hour of this policy or any anniversary thereof, or if the time between the effective date or any anniversary and the termination of the policy is less than one year, such lesser period.

Exclusions

IV.

- (a) The Company shall not be liable to make any payment in connection with any claim made against the Insureds:
- (1) based upon or attributable to their gaining in fact any personal profit or advantage to which they were not legally entitled including remuneration paid in violation of law as determined by the Courts:

- (2) brought about or contributed to by fraud or dishonesty of an Insured; however, notwithstanding the foregoing, the insureds shall be protected under the terms of this policy as to any claims upon which suit may be brought against them by reason of any alleged fraud or dishonesty on the part of any Insureds, unless a judgement or other final adjudication thereof adverse to such Insureds shall establish that acts of active or deliberate dishonesty of fraud committed by such Insureds was material to the cause of action so adjudicated;
- (3) which is insured by another valid policy or policies, or which shall be deemed uninsurable under the law pursuant to which this policy shall be construed;
- (4) for any damages arising from bodily injury, sickness, mental anguish, disease or death of any person, or for damage to or destruction of any tangible property including loss of use thereof;
- (5) for false arrest, libel, slander, defamation of character, invasion of privacy, wrongful eviction, assault or battery;
- (6) based upon or attributable to the rendering or failure to render any opinion, treatment, consultation or service if such opinion, treatment, consultation or service was rendered or failed to have been rendered while such Insureds were engaged in any activity for which they received compensation from any source other than the Public Entity named in Item A of the Declarations or were gratuitously engaged other than by specific direction of the Public Entity named in Item A of the Declarations;
- (7) arising out of the discharge, dispersal, release or escape of smoke, vapors, soot, fumes, acids, alkalis, toxic chemicals, liquids, or gases, waste materials or irritants, contaminants, or pollutants into or upon land, the atmosphere, or any watercourse or body of water; but this exclusion does not apply if such discharge, dispersal, release or escape is sudden and accidental;
- (8) for which the Insureds are entitled to indemnity and/or payment by reason of having given notice of any circumstances which might give rise to a claim under any policy or policies the term of which has expired prior to the inception date of this policy.
- (9) for any claims arising out of the Insured's acting in a fiduciary capacity, or as trustee, or any similar capacity.
- (10) for any claim against any attorney, architect, or accountant, while acting within the scope of his professional duties.
- (11) for any damages arising from inverse condemnation, adverse possession or dedication by adverse use.

D E C E M B E R T E R M 1 9 7 5

Limits of Liability

V.

- (a) The Company will be liable to pay each and every loss hereunder which shall include all costs, charges and expenses in excess of the deductible shown in Item D of the Declarations and up to the limits of liability as shown under Item C of the Declarations. The deductible set out in Item D of the Declarations shall remain uninsured. The Company may pay all of any part of the deductible amount of effect settlement of any claim or suit, or to defend such claim or suit, and upon notification of the action taken, the Insured shall promptly reimburse the Company for such amount of the deductible amount as has been paid by the Company.
- (b) Losses based on or arising out of the same act or interrelated acts of one or more of the Insureds shall be considered a single loss and only one deductible shall be deducted from such single loss.
- (c) Subject to the foregoing, in no event shall the Company's total limit of liability in any one policy year exceed the maximum annual aggregate stated in Item C of the Declarations. However, maximum liability in the last policy year shall not be increased for any discovery period.

Notice of Claim

VI.

- (a) If during the policy period or the extended discovery period, the Public Entity or any Insureds shall receive written or oral notice from any party that it is the intention of such party to hold the Insureds responsible for a Wrongful Act, they shall give written notice to the Company of the receipt of such written notice or oral notice, as soon as practicable, but in no event exceeding one year, then any claim which may subsequently be made against the Insureds arising out of such Wrongful Act shall, for the purpose of this policy be treated as a claim made during the policy year in which such notice was given, or if given during the extended discovery period, as a claim made during the last policy year.
- (b) The Public Entity or any Insureds, or the named designee shall, as a condition precedent to their rights under this policy, give the Company notice in writing as soon as practicable of any claim made and shall give the Company such information and cooperation as it may reasonably require.
- (c) For the purpose of the above clauses notice to the designee named under Item F of the Declarations shall constitute notice to the Public Entity or to any Insureds.

- (d) In the event of any claim occurring hereunder, notice to the Company shall be given to the person or firm (s) shown under Item G of the Declarations. Notice shall be deemed to be received, if sent by prepaid mail properly addressed.

General Conditions

VII.

(a) Warranty and Severability Clause

It is warranted that the particulars and statements contained in the written proposal, copy of which is attached hereto, and the Declarations are the basis of this policy and are to be considered as incorporated in and constituting part of the policy. As respects the particulars and statements contained in the written proposal and the Exclusions set forth herein, this policy shall be construed as a separate agreement with each Insured. Nothing in this paragraph shall be construed to increase the Company's maximum liability as set forth in Section V of this policy.

(b) Cancellation Clause

This policy may be cancelled by the Insureds at any time by written notice or by surrender of this policy. This policy may also be cancelled by or on behalf of the Company by delivery to the Insureds or by mailing to the Insureds by registered, certified or other first class mail, at the Insureds address shown in this policy, written notice stating when, not less than thirty (30) days thereafter, the cancellation shall become effective. The mailing of such notice as aforesaid shall be sufficient proof of notice and this policy shall terminate at the date and hour specified in such notice.

If this policy shall be cancelled by the Insureds the Company shall retain the customary short rate proportion of the premium.

If this policy shall be cancelled by or on behalf of the Company, the Company shall retain the pro-rata proportion of the premium hereon. Payment or tender of any unearned premium by the Company shall not be a condition precedent to the effectiveness of cancellation but such payment shall be made as soon as practicable. If the period of limitation relating to the giving of notice is prohibited or made void by any law controlling the construction thereof, such period shall be deemed to be amended so as to be equal to the minimum period of limitation by such law.

D E C E M B E R T E R - M 1 9 7 5

(c) Subrogation Clause

In the event of any payment under this policy, the Company shall be subrogated to the extent of such payment to all rights of recovery therefore, and the Insureds shall execute all papers required and shall do everything that may be necessary to secure and preserve such rights including the execution of such documents necessary to enable the Company effectively to bring suit in the name of the Insureds.

(d) Public Entity Authorization Clause

By acceptance of this policy, the Public Entity named in Item A of the Declarations agrees to act on behalf of all Insured's with respect to the giving and receiving of notice of claim or cancellation, the payment of premiums and the receiving of any return premiums, that may become due under this policy and the Insureds agree that the Public Entity shall act on their behalf.

(e) Conformity Clause

Terms of this policy which are in conflict with the statutes of those states wherein certain provisions and coverages included under this policy are not permitted are hereby amended to cover only these provisions and coverages as apply and conform to such statutes.

(f) Action Against Company

No action shall lie against the Company, unless as a condition precedent thereto, the Insureds shall have fully complied with all terms of this policy. In the event of the bankruptcy or insolvency of the Insureds, the Company shall not be relieved of the payment of such indemnity hereunder as would have been payable but for such bankruptcy or insolvency.

(g) Changes

Notice to any agent or knowledge possessed by any agent or by any other person shall not effect a waiver or a change in any part of this policy or estop the Company from asserting any right under the terms of this policy; nor shall the terms of this policy be waived or changed, except by endorsement issued to form part of this policy.

(h) Assignment

Assignment of interest under this policy shall not bind the Company until its consent is endorsed hereon.

IN WITNESS WHEREOF, the company has caused this policy to be executed and attested, but this policy shall not be valid unless countersigned by a duly Authorized Representative of the Company.

A RESOLUTION

NO. 1275-14

TITLE A RESOLUTION AUTHORIZING THE COUNTY JUDGE TO CONTRACT FOR PUBLIC OFFICIALS ERRORS AND OMISSIONS INSURANCE.

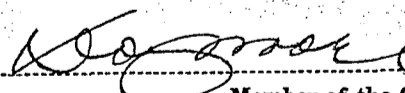

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, "Public Officials Errors and Omissions" insurance is required in order to protect members of official governmental bodies, including but not limited to County Council, serving Hamilton County from potential liability resulting from their official actions; and

WHEREAS, the Midland Insurance Company is the only known provider of such coverage and has submitted a quotation for such coverage.

NOW, THEREFORE, BE IT RESOLVED BY THIS COUNTY COUNCIL, IN SESSION ASSEMBLED: That the County Judge is authorized to contract with the Midland Insurance Company and/or one of its duly appointed local agents to provide "Public Officials Errors and Omissions" insurance for the members of official governmental bodies serving Hamilton County (except that such coverage shall not include any of the following boards, commissions, authorities, units, or administrative departments or agencies: schools; airports; hospitals; or municipally owned gas or electric utilities) according to the quotation submitted, a copy of which is attached hereto and incorporated herein by reference, same being for a term of three (3) years at a premium of Thirty-Four Thousand, One Hundred Twelve Dollars (\$34,112.00), this amount to be paid out of the County General Fund upon execution of aforesaid contract.

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

Member of the County Council

Action taken Adopted

D E C E M B E R T E R M 1 9 7 5

ON MOTION of Judge Moore, seconded by Councilman Ricketts, the foregoing Resolution was unanimously Adopted on a Roll Call vote with the following members of the County Council being present and voting, "Aye": Councilman Fuller, Councilman Long, Councilman Mayfield, Councilman Ricketts and Judge Moore. Total present-5. Absent-0.

* * *

(Judge Moore stated that this would cover all county agencies with the exception of 4 areas: schools, hospitals, gas and electrical utilities, and airports. The County has no airports or utilities, so the only thing not covered will be schools and hospitals. The insurance will cover board members or employees for any acts of malfeasance, misfeasance, or nonfeasance. Judge Moore stated that this is an only source item, most companies won't write over \$150,000. There is a considerable savings - the premium is \$34,000 for three years, will pay up to \$1 million.)

TITLE A RESOLUTION TO ELECT TO HAVE THE EMPLOYEES OF THE CHATTANOOGA-HAMILTON COUNTY HEALTH DEPARTMENT BECOME ELIGIBLE TO PARTICIPATE IN THE TENNESSEE CONSOLIDATED RETIREMENT SYSTEM.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, by Resolution 1075-3, this Council caused an actuarial study to be made for the Chattanooga-Hamilton County Health Department regarding participation of employees at said Department in the Tennessee Consolidated Retirement System; and

WHEREAS, said study was completed November 21, 1975, determining the cost of enrolling 136 employees in the Tennessee Consolidated Retirement Service as of January 1st, 1975; and

WHEREAS, the resultant rates were calculated considering no prior service, said rates shown by the study to be:

Normal	3.24%
Accrued Liability	<u>.38</u>
Total	3.62%

this percentage being of the actual payroll of covered employees, the initial lump sum accrued liability being Seventy-Two Thousand Seventy-Eight Dollars (\$72,078.00), (which sum is to be paid to the State at the rate of .38% per year, or at such other rate as may be hereinafter required); and

WHEREAS, the political subdivision is liable for its pro rata share of administrative costs incurred by this system, Tennessee Code Annotated Section 8-3934 (4) stipulating that such administrative cost is to be based on the payroll of covered employees and presently amounts to \$2.28 per person per quarter; and

WHEREAS, the above cost amount is billed on a quarterly basis, coming due within sixty (60) days; and

WHEREAS, the Treasury Department of the State of Tennessee, Office of the Consolidated Retirement System requires a Resolution to be enacted by this governing body within 30 days of notification to the County by the State of the results of the aforesaid actuarial study, which 30 day period expires on December 31, 1975, in order for participation in said System to commence.

NOW, THEREFORE, BE IT RESOLVED, BY THIS COUNTY COUNCIL, IN SESSION ASSEMBLED: That the County Council of Hamilton County, State of Tennessee, elects to have the employees of the Chattanooga-Hamilton County Health Department of said Hamilton County become eligible to participate in the Tennessee Consolidated Retirement System as provided for by T.C.A. 8-3934, as now or hereafter in effect, which election, together with conditions of same and with such service

credits to the effective date of participation as shall hereafter be certified to the Tennessee Consolidated Retirement System Board of Trustees, and

BE IT FURTHER RESOLVED, that the County Council of Hamilton County, State of Tennessee, elects not to assume employer and employee liability for any years of prior service for said employees and will not be liable for the employer liability on any years of prior service purchased by the said employees, the effective date being January 1st, 1976, and the beginning Employer Contribution Rate being .38% of the total current liability of Seventy-Two Thousand Seventy-Eight Dollars (\$72,078.00).

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

ON MOTION of Judge Moore, seconded by Councilman Mayfield, the foregoing Resolution was unanimously Adopted on a Roll Call vote, with the following members of the County Council being present and voting, "Aye": Councilman Fuller, Councilman Long, Councilman Mayfield, Councilman Ricketts and Judge Moore. Total present-5. Absent-0.

(Judge Moore stated that a few years ago the employees of the Health Department were moved to the State payroll to enable them to participate in the State retirement system. This particular move has ended up costing the County a great deal in control and they were caught in the problems of hiring with the reduced budget in the State. Therefore, the Health Department has ended up with about 25 or 30 vacancies which could not be filled. The County is paying all of the salaries and all of the fringe benefits and paying the State 5.35% of the payroll in the retirement system. Under this new procedure the County will hire these employees back and will only pay 3.65% for the same benefits. For once the County is getting a break.)

DECEMBER TERM 1975
A RESOLUTION

TITLE AUTHORIZING CHANGE OF NAME

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, politics is similar to show business in the employment of catchy slogans, phrases, and the building of images for political candidates, and

WHEREAS, certain successful politicians have been blessed with names that ring with a beautiful phonetic sound and reek with authority, such as Franklin Delano Roosevelt, Dwight David Eisenhower, P. Rudy Olgiati, and Frank Goad Clement, and

WHEREAS, many successful people in show business have changed their names (e.g. Edmund Muskie and Tiny Tim) so that their names will reflect the image they wish to project, and

WHEREAS, a certain member of the Hamilton County Council has expressed concern that his name does not induce certain highly desired excitement among the electorate due to a lack of phonetic luster, and

WHEREAS, "Floyd" is not really the kind of name that brings people to their feet, and

WHEREAS, "Lee" is not much better, unless preceded by "Robert E." or "General", and,

WHEREAS, "Flop" is even less exciting, connoting in some minds a basset hound, a rumpled old hat, or a Broadway show that bombed, and

WHEREAS, Floyd Lee "Flop" Fuller, Jr.'s friends on the Council wish to launch him on a spectacular new career with a name and title befitting his personality and political style,

BE IT THEREFORE RESOLVED THAT The Hamilton County Council confers the title of "Prince" upon Councilman Fuller and requests that he be henceforth generally and broadly referred to as Prince Fuller;

BE IT FURTHER RESOLVED THAT this resolution take effect immediately, his public image requiring it.

ON MOTION of Councilman Mayfield, seconded by Councilman Ricketts, the foregoing Resolution was Adopted on a Roll Call vote with the following members of the County Council being present and voting as follows: Councilman Fuller, "Passed"; Councilman Long, "Aye"; Councilman Mayfield, "Aye"; Judge Moore, "Aye". Total "Aye" votes-4. Passed-1.

(Councilman Fuller asked for a Roll Call vote.)

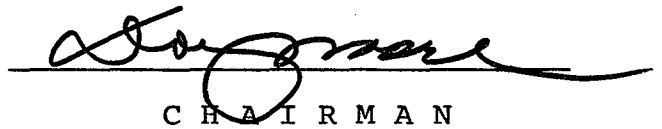

(After Judge Moore read the resolution in full, Councilman Fuller stated that he didn't think they would do this to him--in the spirit of Christmas, etc. Councilman Fuller stated that he wanted to take this opportunity to wish Judge Moore and his cohorts on the Council a very merry and happy Christmas.

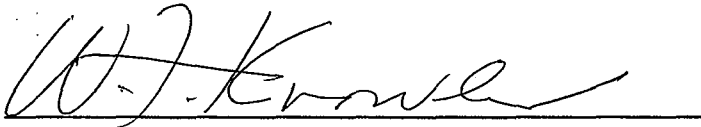

Judge Moore stated that "Flop" is the clown of the council and that they had all come to know him in the last 16 or 17 months, and he hated to say this but "Flop" had suggested that the Council do this.

Councilman Fuller said that this had all started when someone said that Don wanted to be King and Councilman Fuller said he wouldn't mind Don being King if he (Fuller) could be one of the Princes and he thought that Bob Long wanted to be a "Knight".)
