The septic tank dimensions should be such that the length from inlet to outlet is at least twice but not more than three times the width. The liquid depth should not exceed five (5) feet. On any lot or premise accessible to the sewer no other method of sewage disposal shall be employed.

Section 4. That wherever water-carried sewage facilities are installed and their use is permitted by the health officer, and an accessible sewer does not exist, the wastes from such facilities shall be discharged into an approved septic tank system.

- a. No septic tank or other water-carried sewage disposal system except a public sewer shall be installed without the approval

of the health officer or his duly appointed representative. The design, layout and construction of such systems shall be in accordance with specifications approved by the health officer and the installation shall be under the general supervision of the Department of Health.

Section 7. That any person, firm, or corporation proposing to construct a septic tank system, privy, or other sewage disposal facility, requiring the approval of the health officer under this regulation, shall before the initiation of construction obtain the approval of the health officer for the design and location of the system and secure a permit from the health officer for such system.

Section 11. That no sewage or excreta shall be discharged or deposited into any lake or watercourse except under conditions specified by the health officer and specifically authorized by the Tennessee Stream Pollution Control Board.

Section 12. That no sewage, effluent from a septic tank, sewage treatment plant, or discharges from any plumbing facility shall empty into any well, either abandoned or constructed for this purpose, cistern, sinkhole, crevice, ditch, or other opening either natural or artificial in any formation which may permit the pollution of ground water.

Section 13. That it shall be the duty of the health officer to make an inspection of the methods of disposal of sewage and human excreta as often as is considered necessary to insure full compliance with the terms of this regulation. Written notification of any violation of this regulation shall be given by the health officer to the person or persons responsible under this regulation for the correction of the condition, and correction shall be made within the time specified in the notification. REGULATIONS AND STANDARD PROCEDURES FOR MAKING SOIL PERCOLATION
TESTS IN HAMILTON COUNTY, TENNESSEE

1. **General.** All developers of land in Hamilton County on which it is intended to erect structures and to provide soil absorption systems for the disposal of sewage and waste water from such structures shall conduct water percolation tests of the soil before any land preparation or construction is undertaken. Structures are defined as residences, commercial and business establishments, shopping centers, schools, apartment buildings, motels, trailer courts, coin operated laundries, coin operated automobile wash racks or any other type activity where wastewater is generated.
2. **Purpose of Making Percolation Tests.** Percolation tests are carried out over a two day period and are made to determine the ability of a particular soil to absorb liquids over prolonged periods extending into years. Data obtained from the tests enable the engineer to determine the absorption area required for a soil absorption system to serve a particular structure being erected on the land.
3. **Authority.** Section 53-2011, Tennessee Code Annotated stipulates that:

"The owner of a proposed sub-division shall be required.

 - (a) To submit plans including a map of the surrounding area and detailed plans of the area to be subdivided, showing proposed lot sizes, area to be used for sewage disposal, location of percolation test holes identified by numbers, location of water supply lines, water wells and other data needed to determine the suitability of the area for development using individual septic tanks and underground disposal of sewage.
 - (b) To submit tabulated results of soil percolation tests made by a licensed engineer, a licensed architect, or a qualified surveyor, recognized by the local Health Officer as being proficient in the field of surveying in accordance with current methods approved by the Department.
 - (c) To furnish such additional data as required by the Health Officer as a basis for determining suitability of individual lots.
4. **Suitability of the Soil.**
 - (a) **General.** Explorations are necessary to determine subsurface formations in a given area. In some cases, an examination of road cuts, stream embankments, or building excavations will give useful information. Wells and well-driller's logs can also be used to obtain information on ground water and subsurface conditions. In some areas, subsoil strata vary widely in short distances, and borings must be made at the site of the proposed system. If the subsoil appears suitable, percolation tests shall be made at points and elevations selected as typical of the area in which the disposal field will be located.
 - (b) **Ground Water and Impervious Strata.** If information on ground water and subsurface conditions cannot be obtained as outlined in paragraph 4a, then soil borings shall be made. Unless the following conditions are satisfied, the site may be disapproved for a subsurface sewage and waste water disposal system.
 - (1) The maximum elevation of the ground water table shall be at least 4 feet below the surface.
 - (2) Rock formations or other impervious strata as determined from borings, shall be at a depth greater than 4 feet below the bottom of the absorption trench.

5. Procedures for Making Soil Percolation Tests.

(a) Number of test holes required.

- (1) Subdivisions. One per acre, or if soil conditions indicate, a greater number shall be required to show clearly the absorptive ability of the soil throughout the tract. Each test hole shall be identified by a stake and assigned a key number which shall also be shown at the same location on a topographic map of the tract.
- (2) Individual Lots. One percolation test shall be made and additional ones may be requested at the discretion of the Health Officer to determine soil conditions over the site.
- (3) Business and Commercial Establishments. The number of test holes shall be established by the Health Officer.

(b) Preparation of Test Holes - Proceed as Follows:

- (1) Dig or bore holes with horizontal dimensions of from 4 to 12 inches and vertical sides to the depth of the proposed absorption trench.
- (2) Roughen or scratch the bottom and sides of the holes to provide a natural surface. Remove all loose material from the holes. Place about 2 inches of coarse sand or gravel on the bottom of the holes to prevent scouring.

(c) Saturation and Swelling of the Soil.

- (1) General. It is important to distinguish between saturation and swelling. Saturation means that the void spaces between soil particles are full of water. This can be accomplished in a short period of time. Swelling is caused by the intrusion of water into the individual soil particle. This is a slow process, especially in a clay-type soil, and is the reason for requiring a prolonged soaking period.
- (2) Preliminary wetting of the Soil. Carefully fill each test hole with clear water to a minimum depth of 12 inches over the gravel and keep refilling, as necessary, to insure that water remains in the hole for four hours. At the end of the four hour period, fill the hole with water to the 12 inch level.

(d) Percolation Tests. Except in sandy soils, tests shall be made 24 hours after water is first added to the holes. This is to insure that the soil is given ample opportunity to swell and approach the condition it will be in during the wettest season of the year. Proceed as follows:

- 3 -

- (1) If no water remains in the hole after the overnight swelling period, add clear water to bring the depth of water in the hole to approximately six inches over the gravel. From a fixed reference point, measure the drop in water level at approximately 60 minute intervals for four hours, refilling six inches over the gravel as necessary. The drop which occurs during the final 60 minute period is used to calculate the percolation rate.
- (2) If water remains in the test hole after the overnight swelling period, adjust the depth to approximately 6 inches over the gravel. From a fixed reference point, measure the drop in water level over a 60 minute period. This drop is used to calculate the percolation rate.
- (3) If the first 6 inches of water seeps away in less than 30 minutes after the 24 hour swelling period, the time interval between measurements should be taken as 10 minutes, and the test run for 1 hour. The drop which occurs during the final 10 minutes is used to calculate the percolation rate.

Dear Judge Frost:

The activities of this office for the month of June, 1965 surpassed any preceding month since my appointment as City-County Veterans Service Officer on May 1, 1951. This is accounted for by the ever mounting problems facing veterans and their dependents today, a fact cited in more detail in the last report, dated June 28, 1965.

The House Committee on Veterans Affairs, Congressman Olin Teague, Chairman, will soon consider the possibility of an increase in disability compensation benefits. Among the bills to be considered, one (H.R. 171) is discriminatory inasmuch as it proposes to increase benefits on a selective basis. In a letter to our Congressional representative, I have protested support of the aforementioned bill, urging that he instead support H. R. 3225, which purports a general increase in compensation. The response has been agreeable.

During June, 415 persons visited this office for assistance and counselling, 92 V.A. forms (and other governmental forms) were completed, 94 letters were written and 87 letters and acknowledgment cards were received.

A condensed report of out-of-office trips, deemed necessary, is attached hereto.

Respectfully yours,

W. Earl Bland

Dear Judge Frost:

The activities of this office for the month of July, 1965 were routine. Many claims for benefits were filed for veterans, widows, minor children and orphans. The various benefits applied for included: hospitalization, insurance, death pension, and death compensation, pension and compensation for veterans, war orphan's education and/or training, G.I. Home Loans, etc.

The number of veterans residing in Chattanooga and Hamilton County during the fiscal year 1964 was 31,357 and the average family was composed of 4 persons. This means that of the total population of Hamilton County (237,905), 125,428 citizens are potentially affected by veteran's benefits and services. Finally, veterans and their dependants residing in Chattanooga and Hamilton County during the period of time mentioned received cash benefits totalling \$18,494,837. This information was officially released by the Veterans Administration recently.

During July, 385 persons visited this office for assistance and counselling, 79 V.A. Forms (and other governmental forms) were completed, 74 letters (with various claims and supporting documents) were forwarded and 83 letters and acknowledgment cards were received.

A brief resume of out-of-office trips, considered necessary, is hereto attached.

JUVENILE COURT COMMISSION MINUTES

The regular meeting of the Juvenile Court Commission was held on the 6th day of July, 1965, in the Juvenile Court Center, with the following members present; Mr. Evans, chairman; Dr. Zuckerman; Mr. Thompson; Mr. Mann; Mrs. McDade; Mrs. Currey; Mrs. McCallie; Rev. Walker; Mr. Watkins.

Minutes of previous meeting approved as published.

Mr. Evans brought up the matter of Dr. Young's Health Department, objections to a newspaper article appearing in the Chattanooga Times on June 28, 1965. Dr. Young objected to an implication of criticism of his department contained in a direct quotation of Mr. Whittemore of the U.C. faculty. The article was placed in the paper by U.C. to determine the correlation, if any, between poor vision and poor school adjustment and delinquency. Known delinquents in detention are being used to conduct the research on. Mr. Evans to arrange a meeting between the Community Resources Committee of the Commission and Dr. Young.

Mr. Evans reported on his meeting with the Citizens Tax Payers Association on the subject of Youth Councils and Juvenile Juries. It was agreed to rest any further discussion until a report could be obtained from the National Council on Crime and Delinquency.

Mrs. Currey reported the receipt of \$250.00 for the boy's work program as a result of an article by Marion Peck.

Adjourned following prayer by Rev. Walker.

Respectfully submitted,

Leo B. Britt
Secretary

PROPOSED MINUTES OF THE JUVENILE COURT COMMISSION
August 3, 1965

The regular meeting of the Juvenile Court Commission was held on the 3rd day of August, 1965 in the Juvenile Court Center with the following members present: Mr. Evans, Mrs. Currey, Mrs. Ochs, Mrs. McDade, Mrs. McCallie, Mr. Thompson and Dr. Zuckerman.

Dr. Dzik and Professor Whittemore had asked to appear before the Commission to report on their findings and the study they have been conducting. Professor Whittemore made a fine detailed statement with recommendations, a copy of which is attached hereto. The Commission discussed in some detail with Professor Whittemore the suggestions he had made and were agreed that his recommendations were timely and sensible. Particular discussion was had as to the need for the establishment of communications between the various agencies dealing with the general problem of juvenile delinquency. It was recognized that this ties in with the overall program which the Commission has been discussing with respect to a review of the entire needs of the Court and a logical approach to obtaining adequate funds and personnel necessary to do the work that needs to be done. It was agreed that this must be a matter for continuing discussion.

Professor Whittemore emphasized that the kind of statistical programming and study proposed would not necessarily guarantee useful results but that it was the best possible means for finding out whether or not our experience in the past would produce any guidelines for the future. Professor Whittemore pointed out that he will be in Atlanta on a research scholarship for the next two years but that since he is a lay minister for the Congregational Church at Soddy he will not be severing his ties completely and would be available for work or consultation. He also pointed out that his wife is a trained social worker and experienced in this field.

Dr. Dzik then reviewed the statistical studies he had made and reported that it was his conclusion that "near vision" test is a most important test and is being overlooked in testing in schools as well as at the Juvenile Court. He recommends that the Health Department make "near vision" tests. He said he felt that the Juvenile Court cases he had studied were demonstrative cases of poor vision as a factor contributing to delinquency in a substantial measure. He made three definite recommendations: (1) That we continue testing at the Juvenile Court and that our testing include psychological testing as well as physical testing. He proposed the use of University students on a volunteer program basis for some of the psychological testing and urged that the physical testing include not only sight but hearing and other physical manifestations as well. He suggested that the Court should obtain its own testing instruments and trained personnel to make the tests. It was his opinion that we should use the follow-up system as suggested by the follow-up form which he included as part of his report, copy of which is attached. He felt that records should be kept and that parents and the family doctor should be kept properly informed and that the records should be permanent. (2) That a team be selected to research an experimental pilot class made up of potential delinquents. These are the children who are lagging behind in school work for various

reasons including eight. (9) That a special class for the parents of the pupils in the experimental pilot class be formed for the purpose of improving their understanding of their own responsibility as parents. The Chairman thanked Professor Whittamore and Dr. Dalk for their fine contributions and their excellent suggestions. Mrs. Currey said that she considered this a turning point in our thinking and expressed the hope that we would carry on with this line of thought.

The Chairman stated that Mr. Mann had suggested that the minutes of the last meeting should reflect the fact that the Commission discussed the need for thorough review of the needs of the Juvenile Court with the idea in mind of preparing ourselves to better obtain adequate funds and personnel deemed necessary to conduct the business of the Court. Upon motion duly made and seconded, it was unanimously agreed that these changes should be made in the previous minutes.

Mrs. Currey reported that Marion Peck was leaving the city and that she had already commenced establishment of communication lines with the newspaper in order that Marion Peck's replacement would be well aware of our problems. It was the unanimous opinion and request of the Commission that Mrs. Currey should write a letter to Marion Peck in the form of a letter to the editor to thank her for all the fine work she has done on our behalf.

Leo Britt furnished each member of the Commission a copy of the statistics prepared with relation to treatment for physical ailments at the Center since 1959. These statistics will be furnished to Dr. Young as part of our overall study of our needs where the Health Department is concerned.

There being no further business, the meeting was adjourned.

On May 26, 1965, in a joint meeting between the County Council and the City Commission, we submitted a proposal for a 1¢ sales tax with the provision that all monies go for education and be divided according to the average daily attendance. We agreed if this were done the County would assume full support of the jointly supported institutions, and would pay one-half the support of the Public Library. Also, we would make up the deficiencies to the various agencies due to the City cut-back this year.

The Mayor and Commissioners, while making no formal statement, more or less let it be known that they would not accept the proposal. And, on August 30, 1965, at a meeting with the Public Affairs Committee, and other interested in the Health and Welfare Agencies, in the Board of Directors Room at the Chamber of Commerce, Mayor Kelley suggested or proposed orally that we submit a 1¢ sales tax and let the proceeds be divided according to the statute, and that the City of Chattanooga would continue support of the joint agencies. We agreed to study this proposal and after discussing with the County Council we turned this proposal down and so notified the Public Affairs Committee.

On September 27, 1965, Mayor Kelley submitted a written proposal for a 1¢ sales tax - the proceeds of which to be divided between the City and County thus giving this additional money to the County, and the County was supposed to assume full support of all the institutions and agencies. This proposal was promptly rejected by letter dated September 28, 1965.

On September 27, 1965, the Public Affairs Committee of the Chamber of Commerce, submitted a compromise proposal to the official Board of the Chamber and this proposal was unanimously approved.

-2-

This proposal suggests the County Council call a referendum on a 1¢ sales tax, and that 50% go for schools, and that the remainder be divided according to statute. But that the municipalities other than the City of Chattanooga, pay one-half of their proceeds for the support of the health and welfare agencies, and that the City of Chattanooga contract to match the appropriation of the County Council on all county wide governmental services which are listed. Further, the proposal is that the County Council not reduce the school levy more than 20¢, and that a property tax decrease of 10¢ be given to the property owners. Under this proposal the funds received this fiscal year would be allotted to the schools and to the agencies and institutions wherein the City cut the appropriation this year.

The County Council has studied this proposal and we feel it has some merit. As a matter of fact, it accomplishes money wise approximately what our first proposal would have done. We do not believe this latest proposal is as good as our proposal on May 26th for the simple reason it leaves the various institutions and agencies still supported jointly, and they must look to both governmental agencies for assistance. It would appear to fix responsibility once and for all with one governmental agency with sufficient funds to meet the responsibility would be better.

However, if we cannot get an agreement with the City on our proposal, we feel this matter is so terribly important to all our people that some solution to the present situation is most desirable. Hence, we commend the Public Affairs Committee of the Chamber for their time and effort, and we appreciate the unanimous support of this proposal by the Board of Directors of the Chamber of Commerce. We believe, as they do, that the sales tax is a county-wide tax and the proceeds therefrom should be used on those services which are provided county-wide.

-3-

Therefore, while we do not think the proposal is the best solution to the differences between the two governments, we do want to go on record as accepting the proposal as submitted in effort to see that the various agencies are sufficiently supported, and the City and County School Boards are furnished with additional revenue in order to give proper education to our children.

We shall be pleased to meet with the Mayor and City Commissioners, as well as with other officials of the other municipalities, and as soon as a contract is drawn to the satisfaction of all, we will call for the sales tax referendum.

Honorable Chester Frost
County Judge
Hamilton County Court House
Chattanooga, Tennessee

Dear Judge Frost:

The activities of this office for the month of August, 1965 were quite regular. A large number of claims were filed for veterans and their dependents, especially in the area of disability pension, compensation and hospitalization.

A Viet Nam G.I. Bill of Rights will soon be passed by Congress, adding some 5,000,000 veterans to the wartime rolls. These former peacetime servicemen will represent those with military service from the end of the Korean Conflict (January 31, 1955). The ranks of the new group of veterans will rapidly swell as the result of our further involvement in the Viet Nam war.

In August, 418 persons visited this office for aid and counselling, 81 V.A. Forms (and other government agency forms) were completed, 73 letters (with claims and/or documents) were transmitted and 77 letters and acknowledgement cards were received.

A condensed report covering out-of-office trips, deemed necessary, is attached hereto.

Respectfully yours,

W. Earl Bland

JUVENILE COURT COMMISSION MINUTES

The regular meeting of the Juvenile Court Commission was held on November 9, 1965, at the Juvenile Court Center with the following members present: Mr. Evans, chairman; Mr. Reingold; Mrs. McCallie; Mrs. McDade; Mrs. Currey; Mr. Mann; Dr. Zuckerman.

Minutes of previous meeting approved as published.

Mr. Evans reported on health services now being made available to the Court through the Health Department and being paid for by Federal Funds under the Poverty Program. A public health nurse and an intern from Children's Hospital visit the Detention Unit and Chambliss Home each Monday and Thursday. Beginning on November 16, 1965, Dr. Cheatham, psychiatrist, will spend one hour a week in group therapy sessions with the staff and children in the Detention Unit. This is a pilot project to determine how effective it may be in alleviating tensions in the Unit.

It was agreed to continue the liability insurance coverage on the property another year. This is to protect the Commission in the event of an accident. It was also suggested the private act be studied to determine if the wording could not be changed to eliminate responsibility.

NCCD report turned over to Mr. Evans for duplication and distribution to the members.

There being no further business, the meeting adjourned.

Respectfully submitted,

Leo B. Britt
Secretary

Honorable Chester L. Frost
County Judge
Hamilton County Court House
Chattanooga, Tennessee

Dear Judge Frost:

The activities of this office for the months of September, October, November, and December, 1965 were regular for the most part. However, there has been a tremendous increase in the work load, prompted by several factors: the mounting problems of World War II veterans, the ever-present problems of World War I veterans and the new G. I. insurance law. The insurance law permits veterans of World War II and the Korean Conflict to reapply for National Service Life Insurance they allowed to lapse. Of course, claims for widows are also handled through this office.

The Viet Nam G. I. Bill of Rights, mentioned in the report dated October 4, 1965, is now law. We, therefore, already have added over 5,000,000 more wartime veterans to the rolls.

During the mentioned months 1426 persons visited this office for aid and counselling, 518 V. A. Forms (and other allied forms) were completed, 327 letters (with claims and/or documents) were transmitted and 302 letters and acknowledgment cards were received.

A condensed report covering out-of-office trips is attached.

Respectfully yours,

W. Earl Bland

Dear Judge Frost,

The regular meeting of the Juvenile Court Commission will be held Tuesday, February 1, 1966, at 11:00 A. M., in the Juvenile Court Center.

JUVENILE COURT COMMISSION MINUTES

The regular meeting of the Juvenile Court Commission was held on January 4, 1966, in the Juvenile Court Center with the following members present: Mr. Evans, Chairman; Mrs. Ochs; Dr. Zuckerman; Rev. Walker; Prof. Geraghty; Mr. Reingold; Mrs. McDade; Mrs. Currey; Mr. Mann; Mrs. McCallie. Judge Barker attended the meeting.

Invocation by Reverend Walker.

Minutes approved as published.

Mr. Mann, Personnel Committee, reported on a committee meeting held at the Interstate. Mrs. Kilgrow has resigned effective January 31, 1966, to accept a position with Associated Day Care Centers. The much higher pay offered was given us the reason for leaving. The Chief Probation Officer directed to write several Schools of Social Work to determine if a qualified person is available to replace her. Mr. Mann to write comparable Juvenile Courts for salary schedules.

Mr. Evans reported on NCCD representative being in town for fund drive. He suggested some local agency be secured to sponsor their drive until it could be included in United Fund. He suggested holding a seminar on delinquency open to all interested people of the local community. Special invitation to local law enforcement people. Also suggested this be held by early February, if possible, as a luncheon meeting with speakers limited to a brief period of time and using facts already available.

Mr. Evans to undertake planning such a meeting at once. Former members of the commission to be asked to assist. A called meeting of the commission set for Thursday, January 13th, at 11:00 A.M. in the Board Room of Interstate.

Mrs. Currey to pursue the matter of Rickey Dunn further. A resolution is to be drawn by Mrs. Currey and Dr. Zuckerman for Mrs. Kilgrow.

Meeting adjourned.

Respectfully submitted,

Leo B. Britt
Secretary

Gentlemen:

In connection with the installation of a water main in Amnicola Highway to serve the new State Technical School we are pleased to advise that bids have been received on materials and labor to install. Based on the lowest bids received, it is estimated the cost of installing 9,700 feet of pipe, including materials, will approximate \$72,283.

The above figure provides for installing the line in the sidewalk area of the bridge over South Chickamauga Creek. We have checked the possibility of hanging the line under the bridge, as suggested by the State Highway Department, and found this to be not feasible. We have also checked the possibility of crossing the creek in question by installing the line under the creek bed. To do this would be quite expensive and would add \$9,904. to the above estimate.

We are faced with one serious problem, and that is the delivery date of 600 feet of steel pipe required for the bridge crossing. The manufacturer has advised us it will take from 8 to 10 weeks for delivery. Under the circumstances your early decision on this matter will be appreciated.

We understand this is to be a joint venture between Hamilton County and the City of Chattanooga. Upon receipt of official approval from your office, we will proceed to prepare the contract accordingly. In this connection we are enclosing herewith a copy of the agreement form in question for your review. Regarding the deposit, we agreed not to bill for the cost of installation until after the work has been completed.

We await your reply.

Yours very truly,

AGREEMENT

THIS AGREEMENT entered into this _____ day of

_____, 19_____, by and between

hereinafter called the "WATER COMPANY", and

hereinafter called the "DEPOSITOR".

WHEREAS, the DEPOSITOR desires extension of the water mains of the WATER COMPANY, as hereinafter described;

NOW, THEREFORE, this agreement WITNESSETH:

FIRST: The WATER COMPANY contracts and agrees to lay the water main(s) as shown in red on diagram hereto attached and made a part of hereof, described and located as follows:

SECOND: It is expressly understood and agreed that if WATER COMPANY shall be delayed or prevented from installing the water main(s) (and other facilities, if any), hereinabove described because of its failure to secure pipe or other construction materials, or for any other causes beyond its control, such failure or delay in performance shall be excused; provided, however, if such failure or delay in performance shall extend for a period of more than one (1) year from date hereof, DEPOSITOR shall have the right to cancel and terminate this agreement on thirty (30) days' written notice to the WATER COMPANY, and thereafter both parties shall be relieved of all duties and obligations arising hereunder. But this right to cancel and terminate by DEPOSITOR shall not be invoked if WATER COMPANY has received the construction material and DEPOSITOR has made the deposit as hereinafter required, in which event WATER COMPANY shall have the obligation to prosecute the work diligently to its completion.

THIRD: The DEPOSITOR hereby agrees to deposit with the WATER COMPANY, upon written notice from the WATER COMPANY that it is prepared and able to go forward with the work provided for in paragraph FIRST hereof, an amount in cash equal to the then estimated cost of said pipe line. Upon such written notice, a supplemental memorandum shall be signed by both parties, showing the then estimated cost of the extension, and the amount of deposit received from DEPOSITOR, which supplemental memorandum shall be attached to and become a part of this agreement. Upon completion of the installation of the pipe line herein provided for, the WATER COMPANY will furnish the DEPOSITOR a statement showing the actual cost of the installation. In the event the actual cost of the installation is less than the estimated cost, thereupon the WATER COMPANY will return to the DEPOSITOR, without interest, the difference between the estimated cost and the actual cost, and in the event the actual cost of the installation exceeds the estimated cost, thereupon the DEPOSITOR will make a further deposit with the WATER COMPANY of the difference between the actual cost and the estimated cost; the intent being that the DEPOSITOR shall deposit with the WATER COMPANY the actual installed cost of the pipe line laid in accordance with this agreement.

FOURTH: The WATER COMPANY contracts and agrees that it will keep accurate record of receipts from all consumers whose service pipes are directly attached to the pipe line laid hereunder, and render to DEPOSITOR at the end of each year a statement of such receipts for that year, and shall then pay to DEPOSITOR 40 per cent of the total of such receipts, less cash refunds, provided however, the total of such annual payments shall not exceed the amount actually deposited as adjusted upon completion of work in accordance with the provisions of paragraph Third above, without interest, which shall be in full satisfaction of the total amount deposited by DEPOSITOR hereunder, provided however, that this contract shall cease and determine ten (10) years from date of the deposit and no payments shall be made to DEPOSITOR by WATER COMPANY hereunder on account of receipts thereafter from consumers whose service pipes may be attached to the pipe line laid hereunder. In cases where DEPOSITOR, for convenience given in the singular, represents depositors of two or more individuals, firms, companies or corporations, the 40 per cent of receipts shall be distributed among such depositors in the proportion that the deposit of each bears to the total deposit.

FIFTH: In the event all or any part of the pipe line installed hereunder is subsequently replaced, the WATER COMPANY shall continue payments to DEPOSITOR as hereinabove provided, of the receipts from those consumers whose service lines were attached to said pipe line.

SIXTH: Subject to the provisions, conditions and limitations of its Rules and Regulations which are hereby made a part hereof, the WATER COMPANY agrees to furnish and DEPOSITOR hereby accepts, through service pipes connected to the pipe line laid hereunder when said pipe line is connected to the existing water main of the WATER COMPANY as herein provided, such water service as may be available therefrom in complete fulfillment of the obligations of the WATER COMPANY hereunder, said service pipes to be connected after all requirements of said Rules and Regulations have been complied with.

SEVENTH: The ownership of the pipe line laid hereunder shall be at all times in the WATER COMPANY, its successors and assigns.

EIGHTH: This agreement shall be valid and binding on the WATER COMPANY only when executed by its President or Vice-President.

NINTH: This agreement shall be binding upon the heirs, executors, administrators, successors and assigns of the respective parties.

TENTH: Any notice given hereunder shall be deemed sufficient if in writing and sent by registered mail to WATER COMPANY at

_____, and to DEPOSITOR at
(address of WATER COMPANY)

Executed in triplicate by the parties hereto on the date first above written.

WHEREAS, The General Assembly for the State of Tennessee for 1963, has, by Chapter 329 of its Public Acts, provided for the enactment by cities and/or counties of a tax upon the same privileges subject to State taxation under Chapter 30 of Title 67, Tennessee Code Annotated, such tax not to exceed one-third of the rate of the State tax upon such privileges; and

WHEREAS, The County of Hamilton has, by appropriate action of its governing body, adopted a tax upon such privileges at the rate of one-third of the State rate, which action has been approved by the people of Hamilton County in a referendum held for that purpose, the results of which have been duly certified; and

WHEREAS, The Hamilton County resolution of adoption of said Tax provides for collection thereof by the Department of Revenue of the State of Tennessee, provided such collection has been determined to be feasible by said Department; and

WHEREAS, The Department of Revenue of the State of Tennessee has satisfied itself that it is feasible for said Department to undertake collection and administration of said Tax, subject to certain regulations and conditions set forth in rules and regulations promulgated by said Department, and subject further to the stipulation and conditions set forth in a Contract entered into by and between the State of Tennessee, the County of Hamilton, and the five interested municipalities located within the boundaries of Hamilton County; and

WHEREAS, Under the terms and conditions of the aforementioned Contract the State of Tennessee is obligated to and will pay to the Trustee of Hamilton County the proceeds derived from said collection, less reasonable collection fee to be retained by the State to defray the cost of collection; and

WHEREAS, Under the Contract with the State of Tennessee, it is desirable that the County of Hamilton and the five municipalities arrange contractually for distribution as paid them of the net proceeds of the Tax, and to furnish a copy thereof to the Commissioner of Revenue of the State of Tennessee.

NOW, THEREFORE, For and in the consideration of the mutual promises of the parties each to the other, and the further consideration as hereinafter set forth, it is mutually agreed as follows:

1. Fifty per cent (50%) of the net proceeds up to and including the sum of Four Million Five Hundred Thousand Dollars (\$4,500,000.00) derived from the Local Sales Tax and paid to Hamilton County Trustee by the State of Tennessee shall be distributed for school purposes as provided in T. C. A. 67-3052, sub-paragraph (1).

2. The remaining fifty per cent (50%) of the said net proceeds up to and including the sum of Four Million Five Hundred Thousand Dollars (\$4,500,000.00) shall be paid to Hamilton County Trustee and distributed in accordance with the following formula:

	<u>Percentage</u>	<u>Maximum Sums</u>
(a) To Hamilton County for Education debt service and General Purpose Health & Welfare	77.7778%	\$1,750,000.00
(b) To smaller cities:

	100.0000%	<u>\$2,250,000.00</u>

The Hamilton County Council agrees that it shall disburse from the General Fund to the various cities whatever fee or commission said Trustee may charge and collect by law so that said cities shall receive the present and/or future amount (s) contemplated by this contract without reduction because of said fee (s).

3. It is recognized by all of the parties to this Contract that time will be required to determine the geographical location of each taxpayer in Hamilton County, Tennessee, registered with the Department and engaged in the business of selling or leasing tangible personal property, and that, while the basis for distribution of the remaining amount in excess of Four Million Five Hundred Thousand Dollars (\$4,500,000.00) of the net proceeds received by Hamilton County Trustee from the tax shall as nearly as possible be the geographical location where the tax is collected, certain arbitrary percentages of distribution may be accepted by the parties to this Contract, subject to subsequent adjustment when more accurate information pertaining to the exact geographical location of each taxpayer is ascertained; and further, that in certain instances it will be impossible for the Department of Revenue to determine the proper situs for distributional purposes.

It is further understood and agreed between all the parties that any increase in sales tax revenue over Four Million Five Hundred Thousand Dollars (\$4,500,000.00) is to be divided in accordance with the Tennessee Code Annotated authorizing the collection of the sales tax, except that the City of Chattanooga and the County of Hamilton will share equally in non-educational funds.

4. It is further understood and agreed between the parties that Chapter 30 of Title 67, Tennessee Code Annotated, Chapter 329 of the Public Acts of 1963, the Hamilton County resolution, and adopted referendum of the citizens of Hamilton County; and that a certain Contract entered into by and between the State of Tennessee Department of Revenue and Hamilton County, is superior to this Contract, and that all of the conditions of the aforementioned acts, resolutions, referendum and contract are incorporated herein and made a part of this Agreement by reference, and that any terms and conditions contained in this Contract in conflict with the preceding shall be considered null and void.

5. It is agreed that all funds received by the smaller cities are unrestricted as to use and may be expended in any manner directed by that particular local government.

6. It is further agreed by the parties that there will be no reduction in the Hamilton County educational levy on real estate without the consent of the governing body of any city operating a school system, and that the present Hamilton County School transportation levy will be eliminated beginning the fiscal year, 1966 - 67.

7. Hamilton County agrees to assume the full support for the following agencies presently supported by the City of Chattanooga and Hamilton County jointly, except as herein provided:

1. Baroness Erlanger Hospital
(including Children's Hospital)
2. Chattanooga - Hamilton County Health Department
3. Guidance Clinic
4. Speech and Hearing Center

5. Pine Breeze
6. Children's Home
7. Veteran's Service Officer
8. Tourist And Conventions Bureau
9. Civil Defense
10. Interstate Fair

It being remembered that as a part of this agreement Hamilton County and the City of Chattanooga will jointly make the appropriations for the Metropolitan Planning Commission and the Scenic Cities Beautiful Commission. This part of the agreement assures the Town of East Ridge, the City of Red Bank-White Oak, the Town of Signal Mountain, and the Town of Lookout Mountain that they will not be required to make appropriations to these two agencies in order to participate in the regular services rendered by each of them.

8. Hamilton County agrees, beginning the fiscal year 1966-67, to pay jointly with the City of Chattanooga one-half of the operating expenses of the Chattanooga Public Library, said payments to be made monthly to the City Treasurer by the County.

9. Receipts for the balance of the 1965-66 fiscal year, or to July 1, 1966, shall be distributed as follows:

(a) Fifty per cent (50%) of the net proceeds shall be divided between the two educational systems in the County under the Average Daily Attendance ratio for Capital outlay purposes;

(b) The other fifty per cent (50%) thereof shall be paid to Hamilton County General Fund for its use in supplementing the budgets of the said Health & Welfare Agencies named above in Section 7.

10. It is agreed by all parties to this Contract that there will be a fiscal study or financial evaluation made in depth as to the source of all revenue and services provided as it relates to the various governmental agencies to this Contract. The basic objective of this study will be to develop factual data which will permit the various governmental entities to arrive at an equitable responsibility.

It is further agreed that Hamilton County and the City of Chattanooga will share equally in the cost of said study, and will jointly select the Consultant(s) thereof. In the event Hamilton County and the City of Chattanooga fail to agree on Consultant(s) to make said study, a five member Board shall be created by the City and County. Two members of said Board shall be selected by the County Council, and two members shall be selected by the City Commission, and these four shall select the fifth member. It is further agreed, if it becomes necessary to select said Board, that the City and County agree to employ the Consultant(s) recommended by said Board.

It is agreed that this study will be completed by March 1, 1968, so that the various governmental entities may study and consider said report in order that necessary action may be taken prior to June 30, 1968.

It being remembered that before any change or alteration in the agreed formula or division of the funds from the local sales tax as set out herein can be made, it will require a majority vote of each governmental Commission or Council if their respective interests are directly affected in the change or alteration.

11. The City of Ridgeside, an incorporated municipality within the limits of Hamilton County, Tennessee, does not at this time have any businesses located within its boundaries, and is not entitled to participate herein. However, it is recognized and agreed by all parties hereto that in the event the City of Ridgeside should at any time acquire an interest herein by reason of business growth, it will then be entitled to and be paid its pro rata share of said funds.

IN WITNESS WHEREOF, The parties have, through their duly and lawfully authorized representative, executed this Agreement on this the ____ day of _____, 1966.

 and

WHEREAS, the Hamilton County resolution of adoption of the
 said tax provides for collection thereof by the Department of
 Revenue of the State of Tennessee, provided such collection has
 been determined to be feasible by said Department; and

WHEREAS, the Department of Revenue is presently satisfied
 that it is feasible for said Department to undertake collection
 and administration of said tax within the limitations and condi-
 tions set forth in rules and regulations promulgated heretofore
 by said Department, subject to stipulations hereinafter set forth;

NOW THEREFORE, BE IT RESOLVED, BY THE COUNTY COUNCIL OF HAMILTON COUNTY, TENNESSEE, IN SESSION ASSEMBLED: That Hamilton County, through its County Judge, Chester L. Frost, is authorized to enter into an agreement with Donald R. King, Commissioner of Revenue of the State of Tennessee, and all incorporated municipalities within the County of Hamilton, and does hereby stipulate, contract and agree as follows:

1. The Department of Revenue of the State of Tennessee will collect the tax imposed by Hamilton County herein referred to with respect to all transactions occurring in Hamilton County to which the State sales or use tax, as the case may be, is applicable and contemporaneously collected by the said Department.

2. The Department of Revenue will submit to each taxpayer of Hamilton County, Tennessee, which is registered with the Department and engaged in the business of selling or leasing tangible personal property a questionnaire designed to enable the Department to determine the geographical location of said taxpayers. This information with respect to the location of each such taxpayer will then be furnished to Hamilton County for its acceptance and confirmation. Hamilton County will indicate its acceptance of this information as a basis to establish the situs for tax collection on its behalf by certification of satisfaction to the Department of Revenue. Such certified information shall as soon as practicable be incorporated into the records maintained by the Department of Revenue, and shall provide the basis for enabling the Department to establish the situs from which its tax collections on behalf of the County of Hamilton are made. Upon the basis for such information, the Department shall compile a monthly report and furnish same to Hamilton County for the use of said County in making such distribution of the proceeds of the tax within the County as may be dictated by appropriate law or

contract. The Department will also furnish a copy of said report to each incorporated municipality within the County of Hamilton.

3. It is understood and agreed by all parties signatory hereto that, pending the determination of the location of each taxpayer in Hamilton County, engaged in the business of selling or leasing tangible personal property, or furnishing any services taxable under Chapter 30 of Title 67, T.C.A., Hamilton County and each of the incorporated municipalities within the borders of that County will arrange contractually or otherwise for distribution as between them of the proceeds of the tax herein referred to. A copy of any contractual agreement to that end will be furnished to the Commissioner of Revenue. It is understood and agreed however by all concerned that the Department of Revenue is to be held harmless, and that there shall be no recourse against said Department or any agent thereof as to any division or distribution of the proceeds of said tax effectuated locally as between governmental entities within Hamilton County.

4. In the event of annexation of new territory, by any municipality within Hamilton County, or the incorporation of a new municipality within Hamilton County, from and after the effective date of this agreement, a certification of taxpayers engaged in the business of selling or leasing tangible personal property, or furnishing any of the things or services subject to taxation under Chapter 30 of Title 67, T.C.A., within the boundaries of the effected territory, shall be furnished to the Department of Revenue. Until such certification is furnished, the Department shall for the purpose of the reports provided for in paragraph 2 hereof, conclusively deem the situs of taxable transactions to be the location of the taxpayer's place of business as reflected in the records maintained by the Department for purposes of the State sales and use tax, and there shall be no recourse therefor against

the Department or any agent thereof. With respect to new taxpayers or new places of business within Hamilton County, that is, those commencing to do business subject to sales or use tax from and after the effective date hereof, the Department shall, for the purpose of the reports provided for in paragraph 2 hereof, conclusively deem the situs of taxable transactions to be the location of the taxpayer's place of business as reflected in the records maintained by the Department for purposes of the State sales and use tax. Provided, that the Department shall upon request furnish to any party hereto, annually, listings of new businesses and locations as shown by said records.

5. The Department of Revenue shall make to the Trustee of Hamilton County each month a disbursement equal to the total collections, less appropriate adjustment for refunds, and agreed compensation for collection and administration of the tax imposed by Hamilton County. Such disbursement shall be made during the month next succeeding the month in which collection of said tax is made by the Department. The disbursement thus made monthly to the County Trustee shall be the sole disbursement made by the Department. The Department shall be accountable for any error made by it or its agents in the disbursement so made to the County Trustee. There shall however be absolutely no recourse upon said Department for any errors occasioned by misapprehension as to the location of a taxpayer's place of business or the situs of the exercise of any taxable privilege, or growing out of any alleged or actual improper distribution or division of the proceeds of the said tax effectuated locally between the various governmental entities located within Hamilton County.

6. All rules and regulations governing the administration and collection of the local option sales and use tax, as presently

existing and as same may be amended by the Commissioner of Revenue from time to time, are incorporated into this agreement by reference, and all parties signatory hereto agree to be bound thereby.

7. It is agreed that the Department of Revenue shall retain from each disbursement made as herein provided an amount equal to three (3%) per cent of the gross collections as compensation for collecting and administering the local tax referred to herein. The costs incurred by the Department in so doing shall be reviewed six (6) months after the effective date hereof and thereafter at such intervals as are deemed advisable by the Commissioner of Revenue, and based upon such review so made the rate of charge may be either increased or decreased so as to provide the required amount to reimburse the Department of Revenue for its cost incurred in the administration and collection of the tax. Any adjustment however, whenever made, shall be effective as to succeeding periods only. The Department agrees however to apply the same rate of charge to each county or municipality within the State of Tennessee as may by appropriate action adopt a local option sales or use tax which the Department undertakes to administer.

8. It is understood and agreed by the Department of Revenue and the County of Hamilton that either of them may cancel this agreement by giving to the other, and to each incorporated municipality within Hamilton County, a six (6) month's notice. It is further understood and agreed however that the Department of Revenue shall have the right to cancel this agreement immediately upon any breach by the County of Hamilton of any provision hereof or of any provision contained in the statute, or ordinance of adoption, rules and regulations pertaining thereto or the terms of this agreement. In the event of such cancellation on the part of the Department, its obligations shall extend only to make collection of the local tax for the remainder of the current month

and make to the county a proper distribution with respect to such collection.

9. It is understood that this agreement shall be binding upon the Department of Revenue only upon the concurrence in same by each incorporated municipality within the County of Hamilton, as evidenced by the signatures of their highest executive officers upon the original hereof.

10. In all cases where the Department of Revenue is unable to categorize a sale or use tax collection as between geographical areas within Hamilton County, Tennessee, such collections shall be included upon the report contemplated in paragraph 2 hereof, as per terms of the agreement between Hamilton County, Tennessee, and the incorporated municipalities therein which will be furnished to the Department of Revenue. In the event no agreement is furnished, such collections will be included upon said report in a classification denominated "collections of indeterminate situs."

BE IT FURTHER RESOLVED, That this Resolution take effect from and after its passage, the public welfare requiring it.

Honorable Chester L. Frost

Dear Judge Frost,

The regular meeting of the Juvenile Court Commission will be held Tuesday, May 3, 1966, at 11:00 A. M., in the Juvenile Court Center.

Sincerely,

Leo B. Britt
Leo B. Britt
Secretary

JUVENILE COURT COMMISSION MINUTES

The regular meeting of the Juvenile Court Commission was held on April 5, 1966, in the Juvenile Court Center.

The following were present: Mr. Evans, Mr. Reingold, Mr. Mann, Mrs. McCallie, Mrs. McDade, Mr. Watkins, Mr. Geraghty, Dr. Zuckerman, Mrs. Ochs, Judge Britt, Mr. Bradbury. Mr. Lou Protrowski, director of Community Schools, was guest and observer.

The minutes of the past meeting were available for discussion and approved as published.

Mr. Evans reported that he had received a bill from the Read House for \$185.40 to cover expenses of the recent Juvenile Court Symposium on Delinquency. Mr. Evans also disclosed quite an itinerary of speaking engagements in behalf of the court's needs and encouraged commission members to likewise make themselves available to civic and community groups of the city.

Question was raised as to procedure used by the B'Nai B'rith Lodge in their recent symposium. It was felt that the commission was functioning very adequately and should have been notified by B'Nai B'rith as to their formulation of another advisory committee to the Juvenile Court. However, some were of the opinion that the meeting was profitable and certainly generated interest concerning specific areas of delinquency. Mr. Mann offered a resolution that a letter of appreciation be sent to B'Nai B'rith in behalf of their interest.

Mr. Geraghty distributed forms containing the budget for the coming year. There no guidelines were available, a 10% increase across the board was used.

Mr. Geraghty explained that the PBX operator and stenographer receive a bigger salary boost as their wages were below the average. An additional ten probation officers including three intake workers were proposed to the staff, which would represent an additional \$48,000. Educational background and experience would be a determining factor in the probation officers' salaries. A proposal was made to increase Mrs. Carpenter's salary to \$4,800. A change was also made in the stenographer's wage since her qualifications would be higher than that of the PBX operator. Mr. Reingold suggested the budget be printed in brochure form and include such arguments as why the juvenile court file clerk should receive as much pay as the courthouse file clerk.

Mrs. Currey, chairman of the nominating committee, presented the name of Mr. C.C. Bond of the city schools as a prospective new commission member.

The nominating committee will make two other recommendations at the next meeting. Dr. Van Order, local pediatrician, was mentioned as a likely prospect. The new members will replace court commissioners, Dr. Zuckerman, Mr. Thompson and Mr. Walker whose time of service has expired.

Mrs. McCallie issued commission members pamphlets received from Don Rademacher, Regional Consultant for the NCCD.

Meeting adjourned.

Respectively submitted,

Leo B. Britt
Secretary

JUVENILE COURT COMMISSION MINUTES

The regular meeting of the Juvenile Court Commission was held on March 1, 1966, in the Juvenile Court Center. The following members were present: Mr. Evans, Chairman; Dr. Zuckerman; Mrs. Currey; Mrs. McCallie; Mr. Reingold; Mrs. Ochs; Mr. Mann; Mrs. McDade; Mr. Watkins. Guests were Lee Patten, reporter of the Chattanooga Times; Mrs. Glenda Carpenter; and Ralph Bradbury.

The invocation was by Mr. George Evans.

The minutes of the past meeting were available for discussion and approved as published.

Mr. Mann issued a form containing comparable salary schedules found in the S. E. Juvenile Courts. In conjunction with this chairman Evans suggested that someone correspond with the Memphis Juvenile Court to determine the wage scale of their court personnel. Judge Britt volunteered to explore the matter immediately.

Mr. Evans appointed a nominating committee to find a replacement for Dr. Zuckerman whose term had expired. The committee consisted of Mrs. Currey, Mr. Mann, and Mr. Reingold. The commission as a whole expressed their appreciation to Dr. Zuckerman for the fine medical service and advice he had rendered to the Chambliss Home. The doctor assured the group he would be available as always in future days.

Mr. Evans also presented the budget committee and suggested that the committee meet March 2 - 11 A. M. at the Juvenile Court Center. The committee included: Mr. Geraghty; Mr. Mann; Dr. Zuckerman; Mr. Reingold; Mr. Watkins; and Mr. Evans.

Mrs. Carpenter and Mr. Bradbury issued their yearly report to the commission members and Mrs. Carpenter proceeded to review the Chambliss Home report. Included in her report were statistics revealing the number of children received. The average length of stay per child was 15 days. The report also included some medical needs, common complaints, a complete list of the children, and a story of Chambliss Home.

The question was raised as to the effectiveness of the bi-weekly visit of the public health nurse and the intern physician of Children's Hospital. Mrs. Carpenter felt that the public health nurse was not exhausting all her resources in caring for the sick children. It was suggested that Dr. M. M. Young be contacted in hopes of improving the situation.

It was felt that the county physician, Dr. McElroy, should be involved in the medical service program for both of the courts institutions for emergencies.

Mr. Evans commented on the fact that many of the children were listed as mentally retarded. A discussion on mental retardation followed which revealed that there is a difference between the functionally retarded child and the actual mentally retarded child. The former according to Judge Britt is a product of his environment and the latter from brain damage, etc. Dr. Zuckerman added that hereditary retardation is quite common among the courts children.

The Public Relations Committee composed of Mrs. Ochs and Mr. Watkins was enlarged with additional personnel consisting of Mr. Mann, Mr. Geraghty, and Mr. Evans.

It was felt that the commission members should take an active part in public speaking engagements and that such appearances should be made known to the Public Relation Committee. This committee would in turn, mail said announcements to interested people and civic organizations of the city.

Mr. Evans, who will speak to the Optimist Club on March 4, 1966, discussed the fact sheet which would include the financial and personnel needs of the court. Mrs. Currey and Mr. Reingold expressed also the importance of including the courts philosophy as well as human interest case studies of the children, which would appeal to the public.

Meeting adjourned.

Respectively submitted,

Leo B. Britt
Secretary

May 16, 1966

Honorable Chester L. Frost
County Judge
Hamilton County Court House
Chattanooga, Tennessee

Dear Judge Frost:

The activities of this office for the months of January, February, and March, 1966 were regular . . . and, I might add, constant! Many applications and claims were filed with the Veterans Administration and other governmental agencies. These services were rendered in behalf of veterans and their dependents: World War I, World War II and the Korean Conflict.

The reopening of National Service Life Insurance for disabled veterans with service-connected disabilities (and those with non-service-connected disabilities who can prove uninsurability through commercial insurance companies) has resulted in much added and time consuming work. This program is retroactive to the beginning of World War II.

The annual Service Officers' Conference was held in Nashville from March 24 through March 26, 1966. Through the courtesy of Summers-Whitehead Post #14, The American Legion, I was able to attend the informative sessions.

During the mentioned months, 1108 persons visited this office for assistance and counselling, 642 V. A. Forms (and other government forms were completed, 284 letters were written (with attached claims and/or documents) and 249 letters and acknowledgment cards were received.

A brief report covering out-of-office trips, deemed necessary, is herewith attached.

Respectfully yours,

W. Earl Bland

REPORT OF OUTSIDE TRIPS FOR THE MONTHS OF JANUARY, FEBRUARY AND MARCH, 1966

January 6	Trip to 1615 Prigmore Road, Chattanooga (East Ridge) to assist Mr. Ray G. Van Der Cammen in the preparation of a statement to furnish V. A. attesting to his resumption of gainful employment. He is in receipt of disability pension benefits, and his employment hours preclude a trip to the Service Office.
January 25	Trip to Pine Breeze Sanatorium to confer with Mr. Joe S. Stalyon, a World War II veteran. Mr. Stalyon is in receipt of disability pension benefits, having acquired same through the services of this office. It was his desire to learn if he might be entitled to additional benefits.
February 7	Trip to Route #8, Chattanooga Valley Road, to assist Mr. Herbert Gaines in the preparation of his annual "Income Questionnaire". His illness precluded a visit to the office.
February 17	Trip to 4706 Brainerd Road to assist Mr. Barney P. Kellis in preparing an "income report" to be filed with V. A. Mr. Kellis is almost blind, necessitating the trip.
February 25	Trip to 1349 N. Vance Road, Chattanooga, to confer with Mr. Robert M. Stanley. He has been overpaid disability pension benefits. A waiver of the overpayment was requested, based on the alleged creation of a financial hardship. Mr. Stanley must use crutches or a cane as an aid in moving about.
March 14	Trip to 1615 Prigmore Road to assist Mr. Ray G. Van Der Cammen in the preparation of a month-by-month income accounting (year 1965) as requested by V. A.
March 26	Trip to local Post Office in an attempt to secure a duplicate U. S. Postal Money Order for Mr. Paul H. Mosgrove, Route 1, Daisey, Tennessee. A previous money order, submitted with an application for National Service Life Insurance, was not accepted by V. A. due to an error by the Post Office. The error was corrected and protection assured. This service was based on a telephone call from Tennessee Division of Veterans Affairs, 801 Broadway, Nashville, Tennessee.

JUVENILE COURT COMMISSION MINUTES

The regular meeting of the Juvenile Court Commission was held on May 3, 1966, in the Juvenile Court Center.

The following members were present: Mr. Mann; Mr. Geraghty; Rev. Walker; Mrs. Currey; Mrs. McDade; Mrs. McCallie; Mr. Britt; Mr. Bradbury. Special guest included Lee Patten of the Chattanooga Times.

In the absence of the chairman and vice chairman, Mr. Britt was nominated to act as chairman of the meeting.

The invocation was given by Rev. Walker.

Past minutes were discussed and approved by the group.

It was suggested that a letter of appreciation be sent to Sam Gelper, President of B'nai B'rith for their recent symposium on delinquency. Mr. Mann was asked to prepare the letter format for Mr. Evans signature.

The recent Grand Jury report was reviewed which included some recommendations in the area of juvenile delinquency. Mr. Britt stated that juvenile traffic offenders were in fact, being tried in another court, but that some cases, such as violation of drivers license are being returned from session court. He also stated that the juvenile law in effect, prohibits publishing of names of juvenile offenders by the juvenile court only, and does not apply to the news media, etc. Chambliss Home and the Detention Unit were given commendation although the Chambliss Home according to the report is lacking in playground equipment.

Mr. Geraghty presented the final budget plans with the explanation that it was to be projected for the next three years. The first year it would increase \$105,000, followed by \$114,000 and finally \$117,000.00. The proposed budget for 1966-67 amounts to \$299,300.00. Mr. Geraghty explained that the findings were based on scientific knowledge of wage structure in other south eastern areas and was of the 75th percentile. He also suggested that if a compromise would be necessitated it should be in the number of personnel rather than the upgrading of salaries. Also, the budget should not be restricted to job classification per se but appropriations in one vacant position could be applied to other needful areas.

Mr. Geraghty made a motion that the 1966-67 proposal be accepted as approved. Mr. Mann seconded the motion. Mr. Britt was asked to submit the budget to Chairman Evans.

The nominating committee reported that Dr. Van Order and Mr. C.C. Bond had accepted the positions of Juvenile Court Commissioners. Mrs. Currey stated there was one more vacancy to be filled.

Mrs. Currey emphasized the significance of our local R.O.T.C. program and the preventive role it offered in combating delinquency. It was decided that Mrs. Currey meet with Mr. Evans to draft a letter including strong

arguments for the R.O.T.C. program and that said letter be sent to Mr. Bennie Carmichael, Superintendent of City schools in hopes of retaining the program.

Mrs. Ochs had previously requested that a decision be reached as to whether any extra copies of the fact sheet should be printed for public distribution. It was suggested that Mr. Evans be contacted in regard to the number of copies to be printed and the cost involved.

Meeting adjourned.

Respectively submitted,

Leo B. Britt
Secretary

Re: 1966 - 1967 Budget

Dear Judge Frost and Council Members:

I submit the proposed budget for the fiscal year ending June 30, 1967 for your consideration.

You will note that the levy for the School Transportation Fund and the Health and Welfare Fund have been omitted and that the levy for the County General Fund has been increased from 47¢ to 60¢. This conforms to our contract concerning the 1¢ sales tax.

The total levy remains the same as last year, that is, property inside the City of Chattanooga at \$2.81 per \$100.00 assessed valuation and property inside the other municipalities at \$3.05 per \$100.00 assessed valuation with property outside all municipalities at \$3.10 per \$100.00 assessed valuation.

Respectfully submitted,
R.L. Proctor

In conformity with the requirements of Section 17, Chapter 156 of the Private Acts of Tennessee, 1941, funds have been budgeted for each of ten major classes of expenditures. These are:

Class 1. - Personal Services: This classification of expense covers salaries and wages, including overtime, which are paid direct to the employee, also Trustee's Commission.

Class 2. - Contractual Services: This class applies to expenses incurred as the result of contracts or agreements and includes such items as travel expense, professional and technical and mechanical services, utility expenses, automobile allowances and all services other than personal.

Class 3. - Supplies & Repair Parts: This category covers expenses incurred in the purchase of items such as office supplies, gasoline, mechanical parts, etc. Items in this category are generally consumed in use.

Class 4. - Materials: This category applies to commodities of more or less permanent nature, bought for construction or repair purposes.

Class 5. - Fixed Charges: Expenditures of a fiscal period which are generally recurring on a regular basis throughout each fiscal period, such as insurance, premiums on official bonds, etc.

Class 6. - Debt Service: The amount of money necessary annually to pay interest on the outstanding debt and the principal on maturing bonded debt.

Class 7. - Grants, Contributions and Donations: This class covers funds budgeted in lump sums to various institutions, such as Baroness Erlanger Hospital, William L. Bork Memorial Hospital, Speech and Hearing Center and various other entities.

Class 8. - Pensions and Annuities: (Non-Budgeted Accounts.)

JUVENILE COURT COMMISSION MINUTES

The regular meeting of the Juvenile Court Commission was held June 7, 1966, in the Juvenile Center. The following members were present: Chairman Evans; Mr. Reingold; Mr. Mann; Mrs. McDade; Mrs. Currey; Mrs. McCallie; Mrs. Ochs; Judge Barker; Mr. Britt; Mr. Bradbury. Guest included Dr. David Dzik and Mr. Lou Protrowski.

Minutes for the previous meeting were approved by the group.

Mr. Evans stated that copies of the proposed budget were sent to members of the County Council as well as candidates participating in the primary election for council seats. He also stated that Mr. Harrison had sent a letter to County Judge Frost, outlining his approval of the proposed budget. Judge Britt stated that the budget hearing would be June 14, at 10:30 A.M.

Mr. Evans emphasized the importance of contacting past Juvenile Court Commission members to attend the hearings. It was requested that a complete listing of past commissioners be made available to the present Juvenile Court Commission and that from this list key personnel be selected.

Mr. Evans, chairman of the Chattanooga committee of the N.C.C.D. stated that Mr. Reid S. Murphy, president of the Signal Knitting Mill has consented to serve as treasurer for the local N.C.C.D. citizens committee.

Mrs. Currey expressed her disappointment of the poor newspaper coverage, in reference to the appeal for the boys' work scholarship program. Mr. Evans felt that a committee of past Juvenile Court Commissioners could be responsible for approaching interested individuals and/or foundations for the necessary finances to continue the program.

Dr. Dzik, local optometrist and Mr. Lou Protrowski, director of Community School Project, discussed the Optimist Club's pilot project which will be inaugurated at Ridgedale Elementary School in September. Dr. Dzik emphasized that the project would include the third grade in this particular school.

Concerning a meeting with Dr. Bennie Carmichael and other educational leaders, Dr. Dzik reported great interest and enthusiasm. Local experts will be sent in, according to Dr. Dzik, to evaluate the effectiveness of the program. Dr. Dzik issued printed material including the various aspects of the program which will include different professional services. The emphasis is upon the need of the whole child including his physiological, psychological and sociological needs. Plans include adult vocational training and enrichment programs as well as other socially orientated methods.

A follow up will be made later to determine the effectiveness of the research program. Dr. Dzik felt that the entire program should be under the direction and guidance of the Juvenile Court.

One of the main purposes of the project, according to Judge Britt, is to focus public attention on the critical areas of problem children as to what can be accomplished before the child is brought before Juvenile Court. Ridgedale, he explained is one of the main feeder stations of potential delinquents into the Junior High Schools.

Mr. Protrowski emphasized that a realistic look at our educational program would reveal the need for new methods of reaching problem children. In spite of 20 special remedial teachers there is no noticeable change for the better. Mr. Protrowski would like to see Juvenile Court Probation officers included in the school community action program.

A question was raised by Mrs. McCallie concerning the fact sheet. She suggested that the present fact sheet be revised to include the more important particulars. It was decided that the group meet at the Juvenile Court where facts were most accessible.

After some discussion Mr. Evans suggested that an appreciation dinner for past members of the commission be held at the Provident Building sometime before July 17.

Meeting adjourned.

Respectively submitted,

Leo B. Britt
Secretary
