PETITION TO THE COUNTY COUNCIL OF HAMILTON COUNTY, TENNESSEE, TO REFUND CERTAIN TAXES WHICH HAVE BEEN DOUBLE ASSESSED FOR THE YEAR'S ENUMERATED HEREIN.

Your Petitioner, Myrtle McKelvey, Guardian, respectfully shows to the Council:

1.

THAT George L. McKelvey purchased from the West Chattanooga Land Company in the year 1916, Lots Nine (9) and Ten (10), Block Thirteen (13) West Chattanooga Land Company's Subdivision, and has been assessed with said lots for taxation by the Tax Assessor of Hamilton County from the year 1917 to date.

2.

THAT Petitioner failed to put his deed of record in the Register's Office of Hamilton County, Tennessee, until the year 1948, at which time he found that the West Chattanooga Land Company has sold this property a second time to an innocent third party.

3.

That Petitioner has paid the taxes on said property from the year 1917 until the present date under the assessment "George L. McKelvey, 9 & 10, Block 13, West Chattanooga Land Company, 50 x 140, Pan Gap Road, " and that West Chattanooga Land Company has also paid on said property under an acreage assessment through the year 1939, and H. E. Lively, the present owner, has paid the taxes on said property from the year 1940 through 1948 under the assessment "H. E. Lively, East Half, Block 13, West Chattanooga Land Company Number One."

4.

That due to an error in the Tax Assessor's Office, said property was double assessed, and the taxes have been paid on said property under both assessments from 1917 to date.

5.

That Petitioner realizes that since the deed into H. E. Lively was recorded prior to the deed into Petitioner, he has no rights in said property and that all County taxes paid by Petitioner should be refunded to him, due to the error of the Tax Assessor.

6.

That Petitioner tenders all receipts which Petitioner can now find showing the tax payments made and furthermore tenders the breakdown of said taxes for the years 1917 through 1947 and makes said breakdown sheet attached hereto as a part of this petition.

NOW THEREFORE, the Petitioner, Myrtle McKelvey, Guardian, petitions the County Council of Hamilton County, Tennessee, to refund the County taxes for the aforementioned years in the total sum of Sixty-two Dollars and Twenty-four cents (\$62.24).

*A Resolution*  
MEMORIAL TO FRED ROBINSON, LATE LAMENTED MEMBER OF THE COUNTY COUNCIL OF HAMILTON COUNTY, TENNESSEE.

WHEREAS, the sudden and untimely death of Fred Robinson has left his colleagues in the County Council shocked and deeply saddened.

Like his lamented father, he was one of Hamilton County's best, most publicspirited patriotic, and useful citizens and was respected by all who knew him for his un-failing integrity. A successful business man, he was unostentatiously generous with his means and recognized the patriotic duty to give of his time to public service when he felt that he could be helpful. He was uniformly considerate of others and quickly made those with whom he was associated his friends.

We, his colleagues, bear sincere testimony that these traits were uniformly exemplified by his brief service on the County Council. He brought to the consideration of the County's business the same sound judgment and intelligent consideration which had made him a successful business man. He gave much time to informing himself of the needs of the County. When there were differences of opinion, as there must be, he treated with respect the opinions of his colleagues but acted on his own judgment and was firm in support of what he believed was right and in the interest of the public.

BE IT RESOLVED, Therefore, by the County Council of Hamilton County, Tennessee, that, in his death, the public has lost the services of an upright, intelligent, and patriotic public servant.

We grieve with his widow and family and direct that this memorial be spread on the minutes of the Council and a copy be delivered to his widow and daughter.

Each of the above roads shall have a graded width of approximately 16 feet, exclusive of ditches. Ditches shall be V-shaped, approximately 3 feet on top and approximately 9 inches in depth. Drainage structures shall consist of concrete or corrugated metal pipe. A surface of local gravel or chert shall be applied to the completed grade at the uniform rate of approximately 1000 cubic yards of material per mile of road. In general, the grade line of the roads to be constructed will follow closely the contour of the ground, with little or no longitudinal movement of excavated material being required.

2. The Authority will acquire in the name of Hamilton County, Tennessee, a right-of-way having a uniform width of 40 feet on that section of external access road, which is shown in red on Exhibit B. In the event the County shall become the successful bidder, the Authority will convey said highway easements and right-of-way to the County and the County will pay the amount of the bid to the authority. All obligations of the parties under this contract relating to the North Soddy Creek Cabin Site Subdivision Area are contingent upon the County being the successful bidder at the said auction sale.

3. Upon completion of the above-described roads in substantial accordance with the provisions of this agreement and inspection of said roads by representatives of the County and Authority, the County shall take over and thereafter assume at its expense the maintenance of said roads in the same manner as other roads of similar character are maintained by the County.

REPORT OF SPECIAL CITIZEN'S COMMITTEE OF THE LEGALITY AND ADVISABILITY OF THE APPROPRIATION OF ADDITIONAL COUNTY FUNDS TO THE SHERIFF.

COUNTY JUDGE WILKES T. THRASHER )  
and MEMBERS OF THE COUNTY COUNCIL)

GENTLEMEN:

Your special committee is acting in accordance with your request that we study the legality and advisability of the appropriation of additional county funds to the sheriff for better and more adequate law enforcement in Hamilton County.

Your committee feels that with the increase in population of the rural and suburban areas, these people are entitled to and should have more and better patrol service by uniformed county police. In our judgment the sheriff is not required to provide such police patrol service with funds now available to him and therefore such a program constitutes an ex-officio service on his part, for which the County Council should appropriate funds. We think the urgent need for law enforcement in this county exceeds the doubt of the legality of the appropriation.

Sheriff Frank Burns has asked that the County Council appropriate \$37,268.33 in such additional funds for the remainder of the current fiscal year and purchase two automobiles costing approximately \$2,500.00. Acting upon his assurance that with this appropriation he can give the people of the rural section the type of law enforcement and police protection they are demanding, we recommend that the Council meet his request in full, with the clear understanding that these funds are exclusively for this purpose and that a full accounting for such funds shall be made to the County Council.

If the County Council makes these funds available to Sheriff Burns and he should then fail to give Hamilton County a real and genuine law enforcement program, he places himself in such a position that he cannot properly ask for continued appropriations for such ex-officio police patrol service.

On the other hand, we think his opportunity for success is great. This can be the beginning of real law enforcement and police protection for the rural and suburban areas of the county. By his selection as patrolmen of men in whom the community can have confidence; by his prompt discipline or discharge of them if they should fail in their duty; by making arrests and asking for revocation of beer license when honkey-tonks violate plainly-written and well-understood laws; by giving sincere attention to requests for service which may come to his office from even the most remote area--- these are a few examples of what we think the people will then expect from their sheriff. We think they are ready and eager to applaud a job well done.

RESOLUTION AUTHORIZING COUNTY JUDGE TO PURCHASE TWO AUTOMOBILES FOR USE OF SHERIFF, AND THE APPROPRIATION OF \$37,268.33 FOR EX OFFICIO SERVICES RENDERED BY THE SHERIFF.

BE IT RESOLVED, by the County Council of Hamilton County, Tennessee in Session Assembled

WHEREAS, the County Council appointed a Citizen's Fact Finding Committee consisting of Earl Carter, Chairman, Roy McDonald, James Alexander, Will Chamlee and Robert Pitner Pitner to investigate and report back to the Council as to the advisability of appropriating to the Sheriff, over and above fees and emoluments earned by him and money expended for the repair and upkeep of the jail, for rendering ex officio services in keeping the peace, and

WHEREAS, said Committee, after careful and thorough investigation, has submitted its report in writing, which report is made a part of this resolution. Said report, among other things, contains findings that throughout the County there is need of further and additional peace protection and law enforcement, and

WHEREAS, said report recommends that the County Council purchase two automobiles for the Sheriff and appropriate the sum of \$37,268.33 to cover necessary expenses incurred in rendering services such as patrolling, maintaining order and peace throughout the County and other services essential in keeping the Sheriff informed as to any and all possible law violations.

NOW THEREFORE, BE IT RESOLVED that the County Judge be and is authorized to purchase, in the manner provided by law, two automobiles for the use of the Sheriff in rendering ex-officio services.

BE IT FURTHER RESOLVED that there be appropriated from the General Fund the \$37,268.33 to be paid to the Sheriff in equal monthly installments during the balance of the fiscal year, the first payment to be made for the month of November, provided that said funds so paid shall be used by the Sheriff exclusively for the payment of the salaries of patrolmen and other expenses incurred, in rendering ex officio services essential to the keeping of the peace and making known to the Sheriff any and all possible violations of the law, and not otherwise.

W. C. SMITH  
Member of the County Council.

Councilman Smith made a motion to adopt the foregoing resolution and made the following remarks:

"Mr. Chairman, I want to say this at the very beginning, I want to thank the Committee you appointed - these high class business men who have taken time out to go into this matter very thoroughly because they are interested in the welfare of this County, and who feel that this appropriation is necessary to protect the people in thickly populated districts, who are entitled to some protection.

"Further, as to the Sheriff and myself, I have been acquainted with Sheriff Burns for forty years or more; he and I have been personal friends. There has never been any slight grievance between me and the Sheriff. My only thought was the question of the legality of the appropriation, having been informed by legal talent that under the Sheriff's set-up - under the salary law, we could not appropriate money for the Sheriff's Office. But I have talked with the County Attorney and a number of other attorneys, and they state that it is legal to appropriate funds to be used for ex officio services to be rendered in this County to help these people who are entitled to help. I still feel that there is some question as to the legality of this appropriation, but the Sheriff says he is going ahead and enforce the law all over the County, that he will give the people proper law enforcement, if we appropriate this money to him. Therefore, I think it nothing but right that we go ahead and appropriate this sum for ex-officio services; and, as to the Sheriff, we are going to ask him to do what he promised; that is, see that this law is enforced all over the County. Once before, we appropriated \$16,000.00, another time

\$10,000.00, then again another \$10,000.00, and now the \$37,268.33, plus \$2,500.00 for auto expense. We are spending around \$50,000.00 for repairs at the Jail, and we feel that we are doing our part toward the Sheriff, and we're expecting law enforcement in the future.

Councilman Brown seconded the foregoing resolution and it was unanimously adopted on a roll call vote, the following members of the Council being present and voting Aye: Councilman Abercrombie, Brown, Smith and Thrasher. Total 4. Councilman Pitts being absent.

God in his infinite wisdom has seen fit to remove from our midst, a beloved and respected citizen of this County - Spencer Jarnagin McCallie. Dr. McCallie was a distinguished citizen of this community for more than fifty years, and during that time his name and his enthusiastic leadership were associated with practically every endeavor for the betterment of the community. His profession was teaching, and he gave it all the force at his command. NOW, THEREFORE, in consideration of the premises and the mutual covenants hereinafter set forth, it is hereby agreed by and between the parties hereto as follows:

1. Each of the above roads shall have a graded width of approximately 16 feet, exclusive of ditches. Ditches shall be V-shaped, approximately 3 feet wide on top and approximately 9 inches in depth. Drainage structures shall consist on concrete or corrugated metal pipe. A surface of local gravel or chert shall be applied to the completed grade on each road at the uniform rate of approximately 1000 cubic yards of material per mile of road. In general, the grade line of the roads to be constructed will follow closely the contour of the ground, with little or no longitudinal movement of excavated material being required.

2. The Authority will acquire in the name of Hamilton County, Tennessee, rights-of-way having a uniform width of 40 feet to be used for external access roads which will have the approximate positions indicated in green on Exhibit A, Sheets 1 and 2, and which will be sections of the Big Cedar and the Stonesage Road. 4. No member of or delegate to Congress or Resident Commissioner or any employee of the Authority shall be permitted to share in or partake of any portion of this contract or any benefit that may arise therefrom, but this provision shall not be construed to extend to said contract if made with a corporation for its general benefit.

<b>Total County Property Tax</b>	<b>\$1.88</b>	<b>\$2.04</b>

It is further recommended that:

A privilege tax for county purposes be levied, which tax shall apply to each vocation, occupation and business subject to a privilege tax, and at the same rate of which the State of Tennessee assesses and collects privilege tax for State purposes.

Merchants ad valorem tax to be levied upon the average capital invested by them in their business, at the rate of \$1.88 on each \$100.00 of average invested capital for those inside the corporate limits of the City of Chattanooga, and \$2.04 on each \$100.00 of average invested capital for those outside the corporate limits of the City of Chattanooga, which tax is equal to the property tax rate and is to be prorated to various funds in the same manner.

The County Council recommends that the property tax levy, privilege tax and ad valorem tax as specified in the foregoing be adopted by the County Court.

Respectfully submitted  
HAMILTON COUNTY COUNCIL.  
Wilkes T. Thrasher, Chairman.

(1) That the selection by the Committee on Audit of the firm of Osvorn & Page, Certified Public Accountants, of the city of Nashville, to conduct a complete, detailed audit of the accounts and records of each and every phase, unit, and activity, office, board, commission, court, department, institution, agency and fund of the government of Hamilton County for the fiscal years ending on June 30, 1951 and 1952, together with such earlier periods as may be agreed upon between the Council, Committee on Audit and the firm of Certified Public Accountants when the necessity for an audit of such earlier period in some one or more units of the county government may be shown to the satisfaction of the Committee on Audit, is hereby ratified and confirmed, with the understanding that the work shall be begun about the 19th of May, 1952, but not later than June 1, 1952.

(2) That the County Attorney is hereby directed to collaborate with the Committee on Audit in drafting a contract to cover the work to be done and partial payments made against the cost of such work during the current fiscal year ending on June 30, 1952, this contract to be executed immediately by the proper contracting authorities of Hamilton County, and payments to be made from the general fund.

(4) That the said Committee on Audit is hereby requested and empowered to exercise a broad, general supervision over the county's contractual relations with the wholly independent Certified Public Accountants, by answering their questions, securing for them the cooperation of the other personnel of the county government, the accessibility of the records of each unit, etc., of the county government. The Committee on Audit may recommend to the Council such supplemental audit of such phase of the county government as the findings of said auditors may make desirable.

(5) That no public, oral or written statements relating to any partial findings of the audit shall be made while the work of the audit is in progress, by either the Committee on Audit or any other county authorities or by the said auditors, since findings of one week may be partially or entirely offset by findings in another and later week. Full publicity of all significant findings will be made at the conclusion of the audit and the receipts of the report. Said Auditors shall agree in the contract to prepare summaries of their report for use in acquainting the citizens and taxpayers with the essential facts disclosed. Any change in this requirement that may become desirable during the audit shall be made only after full agreement between the parties.

(6) The auditing firm shall give a bond, the premium to be paid by the County, or evidence satisfactory to the County Attorney of insurance covering its faithful performance of the provisions of the contemplated contracts.

REPORT OF AUDITOR'S OSBORN AND PAGE

To the Audit Committee and County Council of Hamilton County Chattanooga, Tennessee.

We have examined the accounts relating to the various Funds and Elected Officials of Hamilton County, Tennessee, for the two years ended June 30, 1952, and submit herewith our report which consists of these comments and the various Exhibits and Schedules enumerated in the indices.

Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as

we considered necessary in the circumstances.

Since no record is maintained of County Property we made no examination thereof.

FUND BALANCE SHEET

Exhibit "A" shows the assets, liabilities and the resulting fund balance, or deficit, of each fund of the County at June 30, 1952, (With the exception of the fixed assets fund).

These funds and the respective unappropriated fund balance, or deficit, are as follows:

County Fund	6,261.67
Elementary School Fund	(98,558.27)
High School Fund	105,669.05
(1) General Debt Service Fund	None
(1) Rural School Debt Service Fund	None
District Road Fund	7,418.87
Pike Fund	(14,237.58)
Bridge Fund	34,459.07
Health and Welfare Fund	(9,555.56)
Teachers' Pension Fund	88,814.79
(2) Employees' Pension Fund	49,261.44
Insurance Fund	23,573.58
Governmental Law Library Fund	3,157.45
Rural School Bond Fund	8,004.49
Agency Funds	1,339.91

It is noted that there was a deficit in the Elementary School Fund at June 30, 1952, of 98,558.27; in the Pike Fund of 14,237.58; and in the Health and Welfare Fund of 9,555.56.

(1) The General Debt Service Fund and Rural School Debt Service Fund show no available balances since these are pledged to retire bonds or to pay interest.

(2) The Fund Balance of the Employees' Pension Fund is subject to the comments made hereinafter with respect to that Fund,

The District Road Fund has an undisclosed liability to the Towns of Lookout Mountain and Signal Mountain for balance of taxes collected on property within the corporate limits of these towns. It is believed that this liability is immaterial.

Assets of the various funds included Cash, Bonds and Mortgages, Travel Deposit, Inventories and Delinquent Taxes.

Cash on Hand was verified by count. Cash on Deposit with the various depositories was verified by reconciling the records of the County with the amounts reported to us direct by the banks. Details of the cash are shown by Schedule A-1.

It has been the custom of the County to hold its books open at June 30, the end of the County's fiscal year, and to take into cash all items of transit and amounts due from the State and the various elected officials for June. This has the effect of overstating the cash at the year end with a corresponding understatement of receivables, but in no way affects the Fund Balances.

Bonds and Mortgages were verified by inspection and are listed in detail on Schedules A-2 and A-5.

Travel Deposit represented amount on deposit with Capital Air-lines.

Inventories were taken at June 30, 1952, of Store Room Supplies and Gasoline and Oil and are priced at cost.

Delinquent Taxes are shown in detail by Schedule A-3. Records of 1951 taxes are maintained in the Trustee's office. All prior years' records are kept by the Clerk and Master. Delinquent Taxes were determined by us by adding the records. We also verified these taxes, on a test basis, by direct correspondence with the taxpayers. Since these taxes are unavailable for expenditure a reserve has been set up for the full amount.

The liabilities of the several funds at June 30, 1952, were composed of Warrants Payable, Matured Interest and Bonds, Accounts Payable, Unclaimed Funds, and Bonded Indebtedness.

Warrants Payable consisted of warrants issued against the respective funds but which had not been presented for payment at June 30, 1952. These warrants were verified by reconciling the warrants issued against those paid to June 30, 1952.

Matured Interest and Bonds which has not been presented for payment at June 30, 1952, are detailed as follows:

## F E B R U A R Y T E R M 1 9 5 3.

	<u>Due</u>	<u>Amount</u>
Refunding Series "B" Bonds	4-1-52	11,000.00
Public Works School - 2nd Series	1-1-52	3,000.00
Elementary and High School Improvement	7-1-52	5,000.00
Public Works - General Hospital	7-1-52	8,000.00
Public Works School - 3rd Series	7-1-52	1,000.00
Highway 1938	7-1-52	2,000.00
Public Works - Library	7-1-52	2,000.00
Public Works - Detention Home	7-1-52	1,000.00
Public Works - Armory	7-1-52	1,000.00
Public Works - Bridge	7-1-52	1,000.00
James County Highway	7-1-52	2,000.00
Total Bonds		<u>37,000.00</u>
Interest Coupons		<u>14,257.63</u>

Funds for the redemption of these bonds are on deposit with Hamilton National Bank, Chattanooga, Tennessee, and funds for the redemption of the coupons are on deposit with the National City Bank, New York, New York.

Accounts Payable consisted of encumbrances made against the funds which were unpaid at June 30, 1952.

Unclaimed Funds represented witness fees, unclaimed warrants, etc., which have been escheated to the County. This items is a liability of the County since the funds must be paid to the claimant upon request to the County Judge.

Bonded Indebtedness of the County at June 30, 1952, is shown in detail by Schedule A-4.

The following issues are term bonds maturing as indicated:

	<u>Due</u>	<u>Amount</u>
Mission Ridge Tunnel Bonds	11-1-56	600,000.00
Refunding Bonds 1927	4-1-57	200,000.00
Funding Bonds 1927	6-1-57	760,000.00
County Building Bonds	6-1-57	225,000.00
Refunding Series E 1942	4-1-57	275,000.00
Total		<u>2,060,000.00</u>

These bonds will be payable in the fiscal year ending June 30, 1957.

Highway 1927	8-1-57	250,000.00
Highway 1928	4-1-58	489,000.00
Total		<u>739,000.00</u>

These bonds will be payable in the fiscal year ending June 30, 1958.

School Bonds 1930	2-1-60	961,500.00
East Chattanooga Tunnel Bonds	2-1-60	500,000.00
Chattanooga Creek Bridge Bonds	2-1-60	100,000.00
Total		<u>1,561,500.00</u>

These bonds will be payable in the fiscal year ending June 30, 1960.

From the above tabulations it is to be seen that the County must provide income to the General Debt Service in excess of the interest, expense, and maturing serial bonds or approximately 445,000.00 annually for the next eight years if it is to retire these bonds when due.

EMPLOYEES' PENSION FUND

Our examination of this fund disclosed that the County was not making its contributions to the fund as required by law. The pension act of 1939 as amended provided that participating employees pay into the fund a percentage of their salary as fixed by the statute. The County was also to make contributions equal to 2½% of the total salaries of the employees participating.

For the years under review the County's contribution was underpaid as follows:

Year ended June 30, 1951-

Amount that should have been paid	18,091.12	
Actually paid	<u>5,000.00</u>	
Balance due Fund	13,091.12	13,091.12

Year ended June 30, 1952-

Amount that should have been paid	19,699.52	
Actually paid	<u>5,000.00</u>	
Balance due Fund	14,699.52	14,699.52
Deficiency two years ended June 30, 1952		<u>27,790.64</u>

We were informed that this condition existed on years prior to the period under review and we suggest that the full amount of the County's liability to the Pension Fund be ascertained and provision made to pay into the fund the balance due on contributions as required by the law.

We are unable to pass on the actuarial soundness of the fund.

The fund also has an undetermined contingent liability for amounts which might become due to participants who die or withdraw from the fund.

TRUSTEE'S OFFICE

The Cash Receipts and Disbursements of Joe Richardson, Trustee, were examined for the years ended June 30, 1951, and 1952, with no exceptions noted. Details are shown by Exhibits "C" and Schedule C-1.

The custom of many years of not closing the books at June 30, until all County and State Funds have been received for the period, has been commented on heretofore. The Cash Receipts do not reflect the amount of cost collected by the Delinquent Tax Collector and retained by him.

COUNTY COURT CLERK'S OFFICE

The accounts of Jack Hixson, County Court Clerk, were examined for the years ended June 30, 1951, and 1952. Details relating to the operations of this office are shown by Exhibits "D" and supporting Schedules D-1, D-2 and D-3.

It is noted on Exhibit "D", June 30, 1952, that there is due by the County Court Clerk the amount of 493.61, which included an amount of 131.40, which is shown to be due by the Clerk on Exhibit "D", June 30, 1951. At the date of this report we have not been advised of liquidation of this amount. This amount due arose chiefly from a lost deposit.

CIRCUIT COURT CLERK'S OFFICE.

The Books and records of Mrs. Zelma F. Sherrill, Circuit Court Clerk, were examined for the years ended June 30, 1951, and 1952. Details of these operations for the year ended June 30, 1951, are shown by Exhibit "E" and supporting Schedules E-1, E-2 and E-3; and for the year ended June 30, 1952, by Exhibit "E", and supporting Schedules E-1-E-2-E-3, E-4, and E-5. Schedule E-3, Judgments Payable, shows an unaccounted-for difference of 1,403.22. The books show Judgments Payable of 80,493.03 and the Docket shows 79,089.81. The amount of 1,403.22 is available as cash in bank, and we do not consider the amount as excessive as it is an accumulation over many years. No other exceptions were noted in the regular Circuit Court Clerk's Office.

In our examination of the Civil Division of General Sessions Court, the only exceptions noted, which were minor, were in disbursement of officers' fees. Changes were suggested which have been put into effect and will eliminate errors in this division in the future.

Details of the operations are shown separately but included under Circuit Court Clerk's office.

CRIMINAL COURT CLERK'S OFFICE

The books and record of Chester L. Frost, Criminal Court Clerk, were examined for the years ended June 30, 1951 and June 30, 1952. Details of these operations are shown by Exhibits "F" and supporting Schedules F-1, F-2, F-3 and F-4, for 1951 and 1952, with no exceptions noted.

The Department of Highways and Public Works collects workhouse fines and remits to the Criminal Court Clerk and the amounts due June 30, 1951, and June 30, 1952, are included in Exhibits "F", Statement of Account.

Our examination of the Criminal Division, General Sessions Court, is shown separately but included with Criminal Court Clerk's office, with no exceptions noted.

REGISTER'S OFFICE

The books and records of F. A. Stewart, Register, were examined for the years ended June 30, 1951, and June 30, 1952. Details of the operations are shown by Exhibits "G", and supporting Schedule G-1. The amount of 64.10, shown as due by the register on Exhibit "G", June 30, 1952, includes an amount of 28.45 shown as due on Exhibit "G", June 30, 1951. At the date of this report we have received advice that this amount has been paid.

CLERK AND MASTER OFFICE

The books and records of the Clerk and Master's office were examined for the years ended June 30, 1951, and June 30, 1952.

ELSIE H. BRIDGERS, CLERK AND MASTER  
July 1, 1950 to December 31, 1950.

Details of the operations are shown by Exhibit "J" and supporting Schedules J-1, and J-3.

GRANSTON PEARCE, CLERK AND MASTER

Details of these operations are shown by Exhibits "I" and supporting Schedules I-1, I-2 and I-3.

CRANSTON PEARCE, CLERK AND MASTER

Details of these operations are shown by Exhibit "I", and supporting Schedules I-1, I-2, and I-3/

CARL BAKER, CLERK AND MASTER  
January 1, 1952, to June 30, 1952.

Details of these operations are shown by Exhibit "H" and supporting Schedules H-1, H-2, H-3 and H-4. The Clerk's fee account of former Clerk and Master in excess of the amount due, and also an amount due by another former Clerk, is now in process of adjustment.

SHERIFF'S OFFICE

The books and records of the Sheriff's office were examined for the years ended June 30, 1951, and June 30, 1952.

FRANK BURNS, SHERIFF  
July 1, 1950, to August 31, 1950

REX RICHEY, SHERIFF

COUNTY FUND

The central accounting office supervises the income and expenditures of the County Fund. In our examination, we compared warrants issued with the supporting documents, purchase orders, invoices, contracts, etc., with the book entries. We also examined the revenue, including remittances from the State of Tennessee, Court Clerks, excess fees, taxes, etc.

Details of these operations are shown by Exhibits "B" and supporting Schedules B-1 for 1951 and 1952.

BOARD OF EDUCATION

The Board of Education exercises control over the County School System and maintains the system of financial records prescribed by the State Board of Education.

Our examination of this office consisted of comparing warrants issued and the supporting documents such as invoices, contracts, etc., with the book entries. We also examined school revenue including funds received from the State of Tennessee, County Taxes, Poll Taxes, Rentals, Tuition, etc., Details of these operations are shown by Exhibit "B", and supporting Schedules B-2 and B-3 for 1951, and 1952.

GENERAL

We ascertained that the Surety Bonds of the various County officials were in compliance with the law.

We examined insurance policies presented for our inspection and the County has coverage as

follows:

Buildings - Fire and Lightning	4,281.800.00
Contents - Fire and Lightning	219,552.00
Fidelity Bond - Superintendent Bonny Oaks School	5,000.00
Sinking Fund Commission Bond	50,000.00
Autos and Trucks - Fire and Theft	Actual Value
Autos and Trucks and Equipment	5/10M Each

Blankey Boiler and Machinery	20,000.00

CENTRAL ACCOUNTING OFFICE

The Central Accounting Office maintains records of financial transactions and of the Budget. The records kept were accurate but should be extended. Suggested changes made by us are now being put into effect, with the view of giving the County a complete accounting system for all phases of its operations.

PURCHASING DEPARTMENT

We made tests of records maintained in the purchasing department in order to satisfy ourselves that the laws relating to County purchasing were being followed, with no exceptions noted.

CONDITION OF BUDGET

County Fund

For the year ended June 30, 1952, the budgeted appropriations were over-spent in the amount of 107,306.22 and for the year ended June 30, 1951, the budgeted appropriations were overspent in the amount of 82,074.17.

Elementary Schools-

For the year ended June 30, 1952, there was a surplus amounting to 3,606.71 in the Elementary School Budget; and for the year ended June 30, 1951, the budget was overspent in the amount of 41,386.08.

High Schools-

For the year ended June 30, 1952, there was a Surplus of 11,357.38 in the High School Budget; and for the year ended June 30, 1951, the Budget was overspent by 3,934.27.

Debt Service:

For the year ended June 30, 1952, the Debt Service Fund Budget was overspent by 73.421 and for the year ended June 30, 1951, this Budget had a surplus of 42.47.

Details of the Budgets are shown by Exhibits "B-B", for the years under review.

Expenditures made from other funds were not budgeted.

Section 17 of Chapter 156 of the Private Acts of 1941, the act creating the Council of Hamilton County, provided that, "expenditures of all departments, offices, agencies and institutions payable from County funds and all capital outlays for public improvements to be paid for in whole or in part by the County, the State or the Federal Government" be budgeted. This was not done for the years under review. However, this situation was corrected in the budget for the year 1952-53 and at the present time the expenditures of all branches of the County government are budgeted.

Section 17 also provides in substance that no expenditure shall be made except from budget appropriations. This provision was not strictly adhered to for the years audited and we urge that in the future no expenditure be made which has not been budgeted, nor any expenditure made in excess of the amount appropriated.

In our opinion the Balance Sheet, Exhibit "A", and supporting Schedules present fairly the financial condition at June 30, 1952, of the various Funds of Hamilton County (except the Fixed Asset Fund and the Employees' Pension Fund), and the Statements of Income and Expenditures, Exhibits "B", and related Schedules, present fairly the Income and Expenditures and resulting Fund Balances for the years ended June 30, 1952, and 1951, in accordance with generally accepted governmental accounting principles applied on a modified accrual basis.

We are also of the opinion that Exhibits "C" through "M" inclusive, for the years ended June 30, 1952, and 1951, present fairly the Cash Receipts and Disbursements and the Statement of Account of the offices and for the period to which they relate.
