NO. 578-1

(Formerly No. 578-1)

TITLE REZONING FROM AGRICULTURAL DISTRICT TO WHOLESALE & LIGHT INDUSTRY DISTRICT A TRACT OF LAND LOCATED IN THE 1800 BLOCK OF SEQUOYAH ROAD AND THE 10100 BLOCK OF HAMBY ROAD. THIS TRACT BEGINS AT A POINT IN THE S LINE OF SEQUOYAH ROAD, SAID POINT BEING SOME 1390' E OF HAMBY ROAD, AND EXTENDS NE, ALONG THE S LINE OF SEQUOYAH ROAD, 50', THENCE SE 50', THENCE NE 200', THENCE N 50', THENCE NE, CONTINUING ALONG THE S LINE OF SEQUOYAH ROAD, 830', THENCE S 1084', THENCE SE 1079', THENCE SW 495', THENCE S 623', THENCE NW 671', THENCE SW 1250' TO HAMBY ROAD, THENCE NW, ALONG THE E LINE OF HAMBY ROAD, THENCE NW, ALONG THE E LINE OF HAMBY ROAD, 2370', THENCE NE, ALONG A FENCE, 1200', THENCE NE 782' TO SEQUOYAH ROAD, THE POINT OF BEGINNING.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, William C. Shadden petitioned The Chattanooga-Hamilton County Regional Planning Commission to rezone from Agricultural District to Wholesale & Light Industry District a tract of land located in the 1800 block of Sequoyah Road and the 10100 Block of Hamby Road, and said Planning Commission after hearing, recommended that this petition be approved for only that portion of the site N of the S right-of-way line of the power line easement which crosses the property, described as: beginning at a point in the S line of Sequoyah Road, said point being some 1390' E of Hamby Road and extending NE, along the S line of Sequoyah Road, 50', thence SE 50', thence NE 200', thence N 50', thence NE, continuing along the S line of Sequoyah Road, 830', thence S 1084', thence SE some 130' to the S line of an Electric Power Board easement, thence NW, along the S line of said easement, some 1140' to Hamby Road, thence NW, along the E line of Hamby Road, some 270', thence NE, along a fence, 1200', thence NE 782' to Sequoyah Road, the point of beginning; and

WHEREAS, William C. Shadden requested that the County Council consider said petition and notice has been published in a newspaper in general circulation in Hamilton County that the County Council will hold a public hearing on May 3, 1978, concerning the passage of this Resolution as required by law, and such hearing having been held.

NOW, THEREFORE, BE IT RESOLVED, BY THE COUNTY COUNCIL OF HAMILTON COUNTY, TENNESSEE, IN SESSION ASSEMBLED: That the zoning regulations of Hamilton County be amended to rezone only that portion of the site N of the S right-of-way line of the power line easement which crosses the property, described as: beginning at a point in the S line of Sequoyah Road, said point being some 1390' E of Hamby Road and extending NE, along the S line of Sequoyah Road, 50', thence SE 50', thence NE 200', thence N 50', thence NE, continuing along the S line of Sequoyah Road, 830', thence S 1084', thence SE some 130' to the S line of an Electric Power Board easement, thence NW, along the S line of said easement, some 1140' to Hamby Road, thence NW, along the E line of Hamby Road, some 270', thence NE, along a fence, 1200', thence NE 782' to Sequoyah Road, the point of beginning.

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

Judge Moore asked Barry Bennett of the Planning Commission if this property was next to the property that was previously zoned for a meat-packing plant. Mr. Bennett said that was right.

Judge Moore stated that the Planning Commission had recommended that this petition be approved for only that portion of the site north of the south right-of-way line of the power line easement which crosses the property. This petition had been heard at the May 3 meeting and deferred until this date at the request of Mr. Shadden.

Judge Moore asked if anyone was present in opposition. Attorney Ron Durby said that he represented a group of people who were opposed to the rezoning. Several people stood with Mr. Durby.

Mr. Shadden stated that in selecting a piece of property he had tried to get one for an industrial park, and had an interested party who wanted to put in a warehouse. He said the Planning Commission had approved only the portion mentioned above which was 600' wide and that it would be difficult to develop the back part. He added that he had the signatures of 5 property owners within 500 feet and they have no objections to the rezoning (3 of these actually adjoin the property). He thought he had

J U N E T E R M 1 9 7 8

no opposition but realized now that he did have some. He said that everyone knows that the north end of the County is a depressed area and they need industrial development.

Judge Moore asked if this was entered from Sequoyah Road. Mr. Shadden said the property fronts on Sequoyah Road.

Mr. Bennett showed slides of the area. Mr. Shadden pointed out on the zoning map the people who had signed saying they had no objection. He added that these are all large tracts of land.

Mr. Durby said that he is representing the group opposing the rezoning, a group including Mr. Ben Mason, Mr. Raymond Gross, a Mr. Love, and a Mr. Pearson. He said that two out of four of the people for the rezoning have commercial property or want a commercial zoning for their property. Mr. Durby said that Mr. Mason wanted to speak for the group.

Mr. Mason showed on the map where he lives. He said that his property has 1200 or 1300 feet of frontage on Hamby Road directly across from the property Mr. Shadden wants to rezone. Mr. Mason said that he had understood that an entrance could not be made from Hamby Road. He said that Mr. Love's property is to the south and he did not sign the petition supporting this, that he is very much opposed and is planning to develop this tract as residential property. Mr. Mason said that he himself had planned to develop some of his property residentially eventually. He said that he had originally moved out there for privacy, that he has about 40 acres. He added that when the corner property was rezoned he opposed that as well. Mr. Mason said that the big problem is that they don't know what is going to be put on the property. He added that anytime he has ever asked for rezoning he had had to present plans, and he doesn't understand how this can be done without plans. He said he had moved out there for peace and quiet and it doesn't appear that he is going to get it. He said that he is opposed to the rezoning without

J U N E T E R M 1 9 7 8

knowing the plans. He said that he knows he speaks for the others right across the road. He added that he lives there year round and will know everything that goes on. He repeated that he is opposed to rezoning for commercial use.

Mr. Gross stated that one party out there already has a petition for a trailer court and he understands that is coming up soon for rezoning. Mr. Shadden said he had no knowledge of other zoning requests, that he had gotten the signatures from those agreeing with the rezoning months ago. He added that heavy industry cannot be put in there under the zoning he is requesting.

Councilman Penley suggested postponing a decision on this for 30 days to investigate what is to be put on the property. Judge Moore said that he hated to ask all these people to come back. Councilman Penley said that he felt they should know what is to be put on the property before they vote.

Councilman Fuller asked if some of the soil was taken off, would it not have to be tested again to see if the remaining soil would perk. Mr. Bennett told the Council that the Land Capability Study indicated that any heavy development on that particular area would not be suited because of the steepness and the type of soil that is there. He said the underlying bedrock is generally unstable according to a general study that was done (he said it was not a specific study in terms of tests having been run on the property). He said according to that study a great deal of cutting would have to be done in order to determine the actual soil. Judge Moore pointed out that if a particular light industry was going in a building permit would have to be obtained and the approval of the Health Department would be necessary.

J U N E T E R M 1 9 7 8

Councilman Fuller asked if the railroad spur would be available for a side track. Mr. Bennett said he thought they would be able to use the facilities, that that is usually the case. Mr. Mason pointed out that the railroad was built by TVA which is private so he did not know if it could be used other ways.

Judge Moore said that TVA had intended that the entire area be utilized for industrial purposes and had indicated to him that the railroad track would be made available. He said that the Resolution was drawn in accordance with the recommendation of the Planning Commission, and the portion to be zoned fronts on Sequoyah Road and is on the railroad portion.

Councilman Fuller asked if the Resolution as it is drawn and what was initially asked for are two different things. Judge Moore said this was true, that the Planning Commission did not recommend rezoning of the whole thing, only the area fronting on Sequoyah Road, and the balance would not be rezoned at this time. Mr. Bennett said that the Planning Commission had felt that rezoning of the front portion would cause no problem since it was further from the residential area and was more level. He added that one problem was an Electric Power Board easement 600' wide which would render that portion undevelopable. He said the front portion would be reasonable and after that was developed there would be more idea of what the soil was like to see if any of the rest could be developed.

Councilman Fuller questioned if 600' was not unusually wide for an easement, noting that was the length of 2 football fields. Mr. Shadden said that it covered 30 acres. Mr. Bennett said that since it lay between the rear and front sections of the property, they would almost have to be two developments. Councilman Fuller asked, for clarification, if it was the rear section that slopes. Mr. Bennett said that it was and was also the section closest to the residential development, and that was the

J U N E T E R M 1 9 7 8

portion the Planning Commission objected to rezoning. Judge Moore asked if it was also the staff recommendation to rezone the front portion. Mr. Bennett said that it was.

Mr. Mason said that he did not understand that it was just the section on Sequoyah Road that was being rezoned. He said that he didn't really have too much objection to that part being rezoned, that it was the section close to his property that he objected to. Judge Moore told him that that portion was not in the Resolution, only the front section, that the Resolution follows the Planning Commission recommendation.

ON MOTION of Councilman Long, seconded by Councilman Fuller, to adopt the foregoing Resolution.

The foregoing Resolution was adopted *viva voce*. Councilman Mayfield later came to the Clerk's Office to make sure that his vote was recorded on this Resolution as "Pass."

NO. 678-11

TITLE A RESOLUTION TO AUTHORIZE THE COUNTY JUDGE TO ACCEPT AN OFFER TO ENTER INTO AND EXECUTE CERTAIN DOCUMENTS, AND TO PAY A SUM CERTAIN FOR THE PURPOSE OF ACQUIRING CERTAIN PROPERTY COMMONLY KNOWN AS THE GLENN A. DUCKER TRACT; FALLING WATER MOUNTAIN; TAX MAP 72, PARTIAL 90.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, an offer to sell a tract of land commonly known as the Glenn A. Ducker Tract, Falling Water Mountain, Tax Map 72, Partial 90, has been made to Hamilton County, giving Hamilton County the opportunity to acquire said tract extended by Herman Ducker, doing business as Jerry Brown Realtors representing Glenn A. Ducker, for the purchase sum of Twenty Thousand Nine Hundred and no/100 (\$20,900.00) Dollars as more fully and completely set out in the Real Estate Sales Authorization dated May 4, 1978, same being attached hereto and made a part hereof by reference thereto as fully and completely as though copied herein verbatim; and

WHEREAS, the acquisition of said realty is in the present and future interest of Hamilton County for governmental purposes.

NOW, THEREFORE, BE IT RESOLVED BY THIS COUNTY COUNCIL, IN SESSION ASSEMBLED:

That the County Judge is hereby authorized to accept the aforementioned offer and to enter into and execute such other documents as are necessary to complete the acquisition of said property and to pay the sum of Twenty Thousand Nine Hundred Dollars (\$20,900.00) therefor all as provided in the aforesaid offer including all terms and conditions contained therein; and

Judge Moore stated that this was the area where it was recommended that an antenna be placed on Signal Mountain. He added that it is the only certain area to provide coverage for the County radio. Councilman Mayfield asked how much property was in the tract?

Judge Moore stated that there is more than 10 acres in the tract, which of course is not all needed for an antenna. He said that Messrs. George Forman, Bill DeBrock, and Ray Proctor had ridden the roads, searching for a spot for the antenna, and this is the most suitable they have found.

Mr. Forman said that was right.

Councilman Fuller asked what the balance of the property could be used for. Councilman Mayfield suggested it be leased to others for radio antennas. Judge Moore noted that there were a number of antennas located in the general area because it is a good area for wide coverage. Councilman Mayfield said that he thought it depended on where you wanted to get reception, that he didn't understand about the air waves, etc.

NO. 678-12

(Formerly 578-3)

TITLE A RESOLUTION TO SUPERSEDE RESOLUTION NO. 677-55 AND TO ADOPT AND APPROVE AN ATTACHED AND INCORPORATED "MASTER LIST OF ROADS AND SPEEDS" IN ORDER TO ESTABLISH NAMES, DESCRIPTIONS AND MAXIMUM SPEED LIMITS FOR COUNTY ROADS AND TO PROVIDE FOR THE POSTING OF SAME, SUBJECT TO THE REDUCTION THEREFROM BY THE DIRECTOR OF HIGHWAYS AND PUBLIC WORKS, AND TO DECLARE THE VIOLATION OF SAME A MISDEMEANOR BEING PUNISHABLE IN ACCORDANCE WITH T.C.A. SECTION 59-803.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, Resolution No. 677-55 adopted a "Master List of Roads and Speed Limits" prepared by the Director of Highways and Public Works (also officially designated as the County Engineer) to list and designate speed limits for all roads within Hamilton County which are outside municipal boundaries; and

WHEREAS, said Director of Highways and Public Works has now prepared a revised and updated listing of such roads in the "Master List of Roads and Speed Limits" dated April, 1978, attached hereto and incorporated herein by reference.

NOW, THEREFORE, BE IT RESOLVED BY THIS COUNTY COUNCIL, IN SESSION ASSEMBLED:

That Resolution No. 677-55 is hereby superseded; and

BE IT FURTHER RESOLVED, that the attached and incorporated "Master List of Roads and Speed Limits" is hereby approved and adopted as to all of the provisions contained therein regarding the establishment of maximum speed limits, each and every speed limitation (for each and every segment of each and every listed road) being established as though individually set forth and individually passed upon; and

BE IT FURTHER RESOLVED, that the Director of Highways and Public Works (Known officially, also, as the "County Engineer") be and is hereby authorized to post speed limit signs in accordance with the maximum speed limitations as set forth within the said "Master List of Roads and Speed Limits"; and

BE IT FURTHER RESOLVED, that said Director is further authorized, at his discretion, to reduce the limits as set forth within the said "Master List of Roads and Speeds" in order to provide added protection from certain road hazards of an inherent nature such as curves and hills, and other matters of potential hazard and unsafety such as school zones, business zones and any and all other factors which may pose a danger to the public, posting such reduced maximum speed limits as the situation requires; and

BE IT FURTHER RESOLVED, that violation of the posted speed limits shall be a misdemeanor and punishable as such as provided by Tennessee Code Annotated Section 59-803; and

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

ON MOTION of Judge Moore, seconded by Councilman Mayfield, to Adopt the foregoing Resolution, eliminating at this time that portion relating to Shackelford Ridge Road. The foregoing Resolution was unanimously Adopted by Acclamation. Total present-5. Total absent-0.

* * * * *

Judge Moore stated that in order to come up with this Resolution he would move to adopt Resolution No. 678-12, eliminating at this time that portion relating to Shackelford Ridge Road. He asked Mr. Henniss when they could consider coming back on that road.

Mr. Henniss said that he could respond at any time but Mr. Proctor had told him he had additional information and they should confer with the interested parties. Judge Moore asked Mr. Proctor how long this would be. Mr. Proctor said that there was some question concerning engineering and they would like to meet with the parties involved and Mr. Henniss to see if this can be resolved satisfactorily to them and the court order. He suggested that they set up a time certain today.

Councilman Fuller noted that the Lays and Redd had been present for the last several meetings and he was sure they would like to have a time certain set for this.

Councilman Mayfield said that he would move that the time certain be the next meeting and he would second Judge Moore's motion to go ahead with the Resolution.

ON MOTION of Judge Moore, seconded by Councilman Mayfield, to adopt the foregoing Resolution, eliminating at this time that portion relating to Shackelford Ridge Road.

Councilman Fuller asked if this motion included everything but Shackelford Ridge Road. Judge Moore said that it would and that Shackelford Ridge Road would be considered later when the problems were worked out.

Mr. Hale Hamilton said that he would like to get this settled, that he had furnished information to Mr. Henniss. Councilman Mayfield asked Mr. Henniss if he was prepared to rule today. Mr. Henniss and Mr. Proctor said they could if all the parties agreed that this was not a County road. Mr. Hamilton said that he did not agree, that he thinks it is a County road. He said that he would like to get this resolved and that he represents three other land owners. He said it is his understanding that it is a County road and repeated that he would like to get it resolved for his people.

Judge Moore asked Mr. Henniss to set up a meeting so that a determination can be made at the next Council meeting.

Mr. Henniss said that they would set the time right now and suggested this hour next Wednesday (9:30 a.m. on June 14). Mr. Proctor suggested that the meeting be held in the Engineer's Office on the third floor of the Elks' Building.

The foregoing Resolution was unanimously adopted by acclamation.

Judge Moore stated that this Private Act provides for a referendum on the question of whether or not it is the desire of the people of Hamilton County to have an elected school board and superintendent.

Judge Moore said that the school board will be considered by district, as everything else is now.

Councilman Fuller wondered if this would create as much confusion for the school board as it has for them.

Judge Moore stated that this Resolution basically changes some titles and sets up the possibility of staffing for the County Executive as of September 1. He mentioned the positions of Assistant County Executive, Executive Assistant, Administrative Assistant. He pointed out that Administrative Assistant to the County Executive would be exempt under the personnel policy. Judge Moore said that it is frankly imperative that the new County Executive be given some flexibility in staffing. He said that it is difficult for the Chief Executive (be he County Judge or County Executive) to be everywhere and he needs people to send to represent him in his official capacity. Judge Moore moved that this Resolution be adopted. Mr. Knowles told Judge Moore that the Clerk's Office needs the specifications of these jobs for the files. Judge Moore told Mr. Knowles that these were on record in the personnel office and that Mr. Knowles didn't really want these. Mr. Knowles said that he was not talking about just these papers, that he meant all official records that go through the Council and all the things attached. Judge Moore pointed out that the Resolution provides that copies of these are on file in the personnel office.

Councilman Fuller said that it was his understanding that these were simply to establish some framework within which the new County Executive can or cannot function. He asked if the insurance coordinator was also along with this. Judge Moore said that the insurance coordinator had already been voted on and employed. Councilman Fuller noted that there

J U N E T E R M 1 9 7 8

is a security guard supervisor and court officer, but this is simply allowing for the possibility of this, not dictating that it must happen. Judge Moore said that was right, that once the budget is set up it cannot be amended until May 1, so any of these items that are not put in by July 1 could not be added until May 1. He said if the new County Legislative body is not pleased with the titles, they can be changed, but if there was no money made available then the positions could not be filled at all.

Councilman Mayfield noted that whoever the new County Executive is, he will need all the help he can get. He added that the new County Executive may or may not do this, but in the event he feels he needs help the mechanism is there to work with the Legislative body to do this. He said that he would second Judge Moore's motion.

ON MOTION of Judge Moore, seconded by Councilman Mayfield, to adopt the foregoing Resolution. (Councilman Long submitted the attached job descriptions to Clerk Knowles for the record.) Councilman Fuller noted that these positions were exempt from the merit system and asked if being exempt meant that it would be at the County Executive's pleasure only. Councilman Mayfield said that he might want to bring his mother or daddy to hold his hand, that it will be a tedious time for whomever it may be, and he will need cooperation. Judge Moore said that he might need a body guard.

Councilman Fuller said that the exempt status bothered him some. Judge Moore said that the County Manager is exempt now, and of course the County will no longer have one, but whoever takes that position (or responsibility) would continue to be exempt. He added that the Administrative Assistant is already exempt. He said if the County Executive does not have confidence in his administrative assistant, then he ought to be the one that says he needs somebody else.

J U N E T E R M 1 9 7 8

Councilman Fuller said that the reason he questions this is that the people elect the County Commission but then the Commission would not have anything to say about certain things. Councilman Mayfield asked if these appointments would not be on the recommendation of the County Executive, subject to the approval of the Commission. Judge Moore said that the law says the staff may be appointed subject to the approval of the County legislative body. He said he would assume from that that these staff positions (whatever staff he desire) will have to be submitted to and approved by the Legislative Body. Councilman Fuller noted that once they approve them though, then the County Legislative Body has no power to terminate. Councilman Mayfield added this could be an untenable position.

Judge Moore said the Legislature has created the same system of government existing on a state and national level. He said the body will have all legislative powers, whether Council or County Commission. He said that "you" will set policy, "you" meaning the members of the Council who are running for Commission who might be elected to the new body. He said it would appear from the Act that it is the Legislature's intent to have this same system of government with executive and legislative branches. Councilman Fuller suggested that the next session of the Legislature in Nashville would need to clarify certain points but until that time, during this period, there will be unanswered questions. Councilman Mayfield said they will have to have a lot of faith. Judge Moore noted that there are more questions than answers. Councilman Fuller stated that on that basis he would demur.

The foregoing Resolution was unanimously adopted by acclamation.

Your Executive Committee, steering committee chairmen and urban county representatives meeting in Washington, D.C. April 12 drafted a letter to President Carter which urged him to take a number of public actions to specifically recognize the key role counties must play in any effort to attack urban problems.

One action requested of the President was for him to issue an Executive Order to all federal departments, agencies and staff to make clear the vital and essential role of county government in the American federal system.

Help urge the President to issue a clarifying Executive Order.

On this page is a draft Executive Order which NACo has sent to the President for his consideration and which is strongly endorsed by our elected county leadership.

Join with county boards across the nation to pass resolutions in support of this Executive Order which makes clear the need for county participation in all federal programs.

Send a copy of your resolution to the President, to your congressional delegation and to NACo.

Let us make certain all federal agencies write, say, and think county the next time they draft policy, legislation or regulations affecting county governments.

WORKING DRAFT FOR EXECUTIVE ORDER

THIS ADMINISTRATION hereby recognizes the vital and essential role which county governments play in the American federal system. In partnership with the federal government and/or the states and cities, counties play a very important role in delivering a great array of services. The nation's 3,104 county governments employ more than 1.4 million persons and administer annual budgets totalling in excess of \$60 billion.

IN RECOGNITION of these facts all federal departments, agencies, and staff of the Executive Office of the President are hereby directed as follows:

- **Federal Advisory Committees and Commissions.** When a group is formally designated to advise the Government of the United States with respect to any program in which there is a significant involvement by county government, every effort should be made to have qualified county officials appointed to these bodies.
- **Meetings and Briefings with Federal Officials.** When federal officials assemble groups to advise and counsel with them and the subject of that consultation concerns programs in which there is a significant county involvement, county officials shall be invited to participate in these sessions on terms of equality with other participants.
- **Executive Orders, Draft Legislation, and Rules and Regulations.** All federal agency personnel will exercise great care when in the preparation of executive orders, draft legislation or rules and regulations there is a significant county involvement in the activities discussed, counties shall be clearly identified as being involved and not lumped under some vague phrase such as, "and other local governments" or "and communities."
- **Speeches and Pronouncements.** In speeches, addresses and other communications with the public county governments shall be shown equal consideration with cities and states where there is significant county involvement. In these cases when the phrase "states and cities" appears, the phrase shall say, "states, cities and counties."
When the phrase "governors and mayors" appears, the phrase shall specify "governors, mayors and county officials."

The President of the United States expects all employees of the federal establishment to follow the spirit, letter, and intent of this executive order.

(Judge Moore stated that in the past much of Federal legislation and regulations had been directed to municipalities. He said the National Association of Counties has requested that County governments call to the attention of the Federal government that County governments in many cases are prime supporters of special services involving more representation of people than municipal governments. He said this Resolution was asking the President to issue an executive order making clear the role of County government.)

TO THE HAMILTON COUNTY COUNCIL

We the undersigned residents of Ridge Bay Subdivision, wish to bring to your attention, an intolerable situation which is developing in our neighborhood. Our streets are being used for a purpose in which they were never intended. All manner of people use Ridge Bay Drive and Cove Ridge Drive as a short cut from one part of Gold Point Circle to another. They also use it as a short cut to the TVA property known as Pinky's Point which is being used for everything from drug traffic, illicit sex, down to teenage drinking. (We think you will find Lt. Wallace with the County Police Department will bear this out). In any case, many of these people come through the neighborhood in stages varying from sober to blind drunk, at all hours of the day and night, driving at high rates of speed with tires squalling to the extent some of us can not even sleep. Our primary concern, however, is for our children. Most of us do not dare allow our children near the streets without direct supervision. They don't always remember not to go into the street after a ball where some drunk can run over them! For this reason we hereby respectfully petition the members of the Hamilton County Council to do one or more of a combination of the following. We also respectfully request that whatever action is taken be done with the utmost speed and urgency before one of our children has to pay the price with his or her life.

- (1) Posting of NO THRU TRAFFIC signs (and rigid enforcement) and/or placing a locked gate at the back entrance to the subdivision to remain closed at all times except winter months, at which time that exit is the only safe way in and out of the subdivision.
- (2) Lowering of the posted speed limit from 30 mph to 15 or 20 mph.
- (3) Installation of speed bumps and appropriate caution signs.
- (4) Installation of warning signs at entrance to deter speeders and through traffic.

RIDGE BAY SUBDIVISION - TRAFFIC PROBLEMS

Judge Moore asked if there were other delegations to appear before the Council.

Mr. David Minks said that he lived in the Ridge Bay subdivision near the County Park. He said that he was present with a petition to try to get something done about the traffic through the subdivision. Mr. Minks said that the situation in his neighborhood is intolerable, that all manner of people use it as a shortcut from Pinkey's Point, everything from drug traffic, sex, and drunkards on down. He said that many people come through from sober to blind drunk at a high rate of speed. He said that their primary concern is the children, that there are many small children in the neighborhood and they don't think not to run into the street. He added that they are afraid a drunk is going to run over a child. Mr. Minks said that the petitioners were asking that the County Council do one or a combination of these things with utmost speed and urgency: (1) post no thru traffic signs or place a locked gate across the rear entrance (the reason for the rear entrance is because of a hill that is hard to climb in bad weather in the winter time) (2) lower speed limit from 30 mph to 15 or 20 mph. Councilman Mayfield asked if the 30 mph is being enforced. Mr. Minks said that the County police give leeway and they feel that 30 is too fast. He said many of the children are under 6 and people come out of the TVA property and burn rubber to the top of the hill. Mr. Minks said that most of the residents had signed the petition. Mr. Minks said another suggestion was speed humps, and added that the road was not intended as a public thoroughfare for drunks. He said it did not bother him that people use a short cut at a reasonable rate of speed but they would really like it stopped altogether. He said some of the cars have loud mufflers and burn rubber up the hill. He said if the police sit at the top of the hill, people seem to know this. He repeated that this needs to be stopped. He said they were suggesting that through traffic be prohibited and that Mr. Freeman of TVA be asked to stop access to the park after dark.

J U N E T E R M 1 9 7 8

Councilman Fuller asked if this was the hill with the divider strip and houses on either side. Mr. Minks said that it was.

Councilman Mayfield suggested that the matter be referred to Mr. Proctor concerning putting up signs. He added that it should be patrolled but, of course, this was impossible 24 hours a day.

Jerry Nabors, who also lives in the subdivision, said that there are patrolmen in front of his house two or three times a week and some of the speeders have been caught, but added that there can't be one there all the time. He also suggested that a gate be put up at the back entrance because none of the people who live there use that entrance except in the winter-time. Judge Moore said that there would be a problem putting a gate across a public road, that he thought it would violate the law. Mr. Henniss asked if this was a public road. Mr. Minks said that Gold Point Road was a public road and people used to use it. He added that it had never been intended that their road be used as a thoroughfare.

Judge Moore told Mr. Minks that there was no question that he had a problem, but other than law enforcement he did not know what they could do, that they could not erect gates across a public road. Mr. Minks said that they had tried for three years to get a 4-way stop sign, that there is no stop sign and there have almost been collisions there. He added that it would help some if it was a stop street, and also a sign saying no through traffic, and a lower speed limit.

Councilman Fuller suggested that a sign saying no through traffic could be put up to see if that would deter some and then Mr. Proctor could make a study to see if a 4-way stop sign would be helpful. He told Mr. Minks that they appreciate his problem.

Mr. Minks said that one day a child is going to get hit, and added that one little girl had been caught playing with a syringe someone threw out of a car.

J U N E T E R M 1 9 7 8

Councilman Mayfield suggested that the police sit behind a house. Mr. Minks offered his driveway for this use and told the Council that once police did use his driveway. He added that people in the area are ready to drop a tree over the entrance.

Mr. Nabors said he felt that TVA needs to do something, that if the property was utilized in a different manner much of the problem would be eliminated. He said that the people at American National Bank rent the property out and sometimes people come from parties who should not be on the road.

Judge Moore said that Mr. Proctor should look into the traffic problems and Mr. Henniss into the legal ramifications.

Mr. Minks told the Council that they would appreciate help.

FAIRVIEW ROAD - REQUEST FOR IMPROVEMENT AND WIDENING

Judge Moore asked if there were other delegations.

Mike Matthew of Hidden Harbor presented a petition asking that the Council look into the possibility of trying to widen and improve the road, Fairview, between Big Ridge Road and Gold Point Circle. He said with the new subdivisions out there, there is quite a lot of traffic. He told the Council that the County Engineer took a traffic count and there were 1066 vehicles in one day. Mr. Matthew said the road is very narrow and they do have problems with school buses and there will be more later. He said there are 140 signatures on the petition, asking that the road be re-surveyed and widened if possible. He added that they would like some action.

Judge Moore told Mr. Matthew that the Council would be glad to consider the petition.

CONTRACTOR'S LICENSE - DON HOWARD

Don Howard said that he was back with the same problem (regarding his contractor's license) so that he can operate his business.

Mr. Henniss told Mr. Howard that after he had appeared before the Council at its last meeting he had discussed the situation with Mr. Jobe and further with Mr. Howard. Mr. Henniss said that he had intended to draft a resolution by which the Council could issue a retroactive electrical contractor's license. He said that he had decided that he could not do this and had told Mr. Jobe and Mr. Howard that he could not recommend this to the Council. He said that he was not telling the Council that this could not be done but simply that he could not recommend this to the Council. He said that he was not telling the Council that this could not be done but simply that he could not recommend this.

Mr. Henniss explained that in 1972 the Contractor's Board called for applications to be filed and now Mr. Howard is asking for this in 1978. Mr. Henniss said the grandfather clause allowed 6 months for this but Mr. Howard did not make application within that time. Mr. Henniss pointed out that Mr. Howard did have a good explanation for not applying, because he was paying Bill Knowles' office for a license that he thought was the right one. He added that Mr. Howard had been working in Dalton. He said there were other complicating factors as well, that the City had annexed him, then deannexed, and then re-annexed, and then when Mr. Howard made application with the City, they said he did not have a County license.

Mr. Howard said that this was in 1974 and that the City had finally agreed to give him his City license if he could get his County license.

Councilman Mayfield said that he had asked Mr. Henniss to research the situation and prepare a resolution for the Council. Councilman Mayfield said that he had known Mr. Howard for a long time and also knows of his business.

J U N E T E R M 1 9 7 8

Councilman Fuller asked if Mr. Henniss had said whether or not the Council could go ahead with this.

ON MOTION of Councilman Fuller, seconded by Councilman Mayfield, that the Council go ahead and make Mr. Howard legal again. Councilman Fuller added that he did not mean to imply that Mr. Howard was illegal so perhaps his motion should be reworded to read: ...that an electircal contractor's license be awarded to Don Howard by Hamilton County, (under the original provision of the grandfather clause and by virtue of their authority).

Mr. Henniss suggested that it be retroactive and they would assume Mr. Howard would pay his annual dues. He said the Council should also issue license to others in the same situation. Mr. Jobe said there were two others who were going to have to take the test. Councilman Mayfield said he felt that each should be considered on his own merit, that this should not be a blanket motion.

Mr. Henniss asked Mr. Jobe if there were any others who failed to realize that they should apply in 1972. Mr. Jobe said he knew of two who had been informed that they would have to come in and take the examination.

Councilman Fuller said he would like to add to his motion that it not include all those other people, that each should be looked at on his own merits, and pass on one at a time. Judge Moore asked Councilman Mayfield if this was satisfactory to him. Councilman Mayfield said that it was.

The foregoing Motion was unanimously adopted by acclamation.

Pursuant to the requirements of the Federal Revenue Sharing regulations, Judge Moore, Don Downey and I held an advertised proposed use hearing at 9:00 A.M., May 30, 1978 in this room. (A copy of said advertisement is attached). No one appeared to suggest uses of the County's revenue sharing receipts.

Today also pursuant to revenue sharing requirements, we are holding a planned use hearing to indicate to the public the uses to be made of our Federal Revenue Sharing Receipts. (A copy of this advertisement is also attached).

In the past we have used most of our Federal Revenue Sharing Funds for capital outlay projects and I would like to suggest that we continue this approach with the suggested uses being as follows:

Park	350,000
Park Tower Remodeling.	500,000
Highway-Equipment and Roads.	800,000
Computer	260,000
Other Offices Capital Request.	300,000

Judge Moore stated that a preliminary meeting as required by law was held on May 30, 1978 in the Council room at 9 a.m. He said that there were no requests at that time. He further stated that in accordance with the requirement for a second meeting to be held by the legislative body, the Council is meeting this morning at 10:30 a.m. pursuant to the advertisement of said meeting and propose the revenue sharing fund uses of \$3,045,760 accumulated through period 9 (over several years).

Councilman Mayfield asked if this money was already in the bank? Judge Moore stated that the funds were either on hand or will be by the time they are expended.

The proposals for the \$3 million are listed on the foregoing sheet. Judge Moore noted that some of the capital expenditures include things like a new heating system at White Oak, some remodeling and replacement at Silverdale and at the Courthouse complex not otherwise covered by other funds, for a total expenditure of \$3,045,760.

Councilman Long asked if the money designated for "Park" was just Hamilton County Park. Judge Moore stated that it was for the various County parks, that the County now has three parks, not just one. Councilman Mayfield asked if this was on his side of the river, in his district. Councilman Fuller noted that he did not have a park in his district. Judge Moore facetiously complained that this was starting already. Councilman Fuller said it might not be a bad idea to have one in his district since the northeast part of the County feels like a stepchild.

Councilman Fuller asked what agencies Judge Moore anticipated would move into the Park Tower Building in view of the fact that the City did not desire any space there? Judge Moore said that initially the County is going to have to do something with the Data Processing Department. He said that the Data Processing equipment is very heavy and cannot be

J U N E T E R M 1 9 7 8

easily carried; it must be carried by machinery even up small steps. He said that new equipment is now necessary and they feel it must be put at ground level and the only ground level space is on Cherry Street, where Community Development is now located. He added that this space is within 100 square feet of the space Data Processing needs.

Councilman Mayfield noted that that was where IBM started in Chattanooga with Data Processing, so the location might be fitting.

Judge Moore said that Data Processing will move to the Cherry Street location and Community Development will have to have other quarters. He added that there is a great deal of walking traffic in the Manpower office, so they will need to be on either the first or second floor of the Park Tower. He said that the third floor is used by Bouquard Engineering. He added that the 4th floor has 4 or 5 small offices and a large one. Judge Moore said that they expect to move some administrative offices there.

Councilman Mayfield said he assumed that was what Judge Moore had referred to on Wednesday (at the joint city-county budget hearing) as things in abeyance. Judge Moore said that was right, because until the City made their decision yesterday that they did not want to move the plans could not be firmed up. He said that they need to move Community Development immediately from Cherry Street. Councilman Fuller asked if the space on the first floor of the Park Tower would require much work to ready it? Judge Moore said that it would require some and there were two ways to do it. He explained that they could either build walls or buy movable walls. Judge Moore said that Don Loftis of Community Development said that he would feel more comfortable with movable walls because they would provide more flexibility.

Councilman Fuller noted that these flexible partitions are extremely expensive (unless he got "took" when he bought his, which he said he probably did).

J U N E T E R M 1 9 7 8

Mr. Browder said he felt they were more useful than stationery walls. Judge Moore agreed that they were awfully expensive and he didn't know why. He said they had looked into this previously when they redid the Cherry Street building and it was cheaper to build than to buy, but once the walls were built that's the end of it.

Councilman Fuller said that he thought the movable walls were probably a good idea but he would hope they would not build individual offices, since they are trying to conserve.

Judge Moore said that Mr. Loftis had said they would be better off using the portable walls. He said it had been his experience over the past few years that in building permanent walls one tends to build more private offices, rather than simply allotting space.

Councilman Fuller asked if Community Development would take the first floor of the Park Tower? Judge Moore answered the first and second, that they are now spread all over, having offices at the Courthouse too, on the 3½ floor.

Councilman Fuller asked how long Bouquard would be on the 3rd floor? Mr. Browder said for two years, or until the end of the 1980 fiscal year. Judge Moore said the County needs to make a determination concerning the 4th and 5th floors, about what needs to go there. He explained that one problem is the elevators. He said that they are very old and slow and not adaptable to self-operation.

Councilman Mayfield noted that the doors are at least wide enough to get a wheel chair in.

Judge Moore said if it becomes necessary to put in self-service elevators, and that this is probably more desirable for a long-range plan, it would not be necessary to do extensive structural remodeling as had to be done at the Elks Building. He explained that because of having to widen the door and doing extensive remodeling on the entire shaft it took a very long time. He said at least in the Park Tower, with

J U N E T E R M 1 9 7 8

two elevators, one can be redone while the other is still being used. He told the Council that he had received many complaints from people using the Elks Building while the elevator was out.

Councilman Long asked how long that elevator was out. Judge Moore facetiously said that it seemed forever, barely shy of 50 years, but was actually about 6 months. Councilman Long asked the cost of rebuilding that elevator. Judge Moore said that it was \$45,000 including all the extra work. He explained that it had to be almost totally rebuilt, that they had to sink a shaft about 20 or 30 feet. Mr. Browder said that it was a hydraulic elevator.

Judge Moore said that each floor in the Park Tower has individual heating and air conditioning. He added that Bouquard did a superb job in the basic engineering facilities and utilities. He said he had never seen finer electrical wiring facilities than are in that building. Councilman Mayfield said that a lot of money had been spent.

Judge Moore said that the basics are in the building, but there are other things to be added. He said the top floor windows are simply boarded up. Councilman Fuller asked about the basement, if it was in good shape. Judge Moore affirmed it was in good shape. Mr. Browder said it only needs cleaning up. Judge Moore explained that the basement is on two or three levels and has an elevator off the alley. Councilman Mayfield said that Wendell Kelley didn't own the alley, did he? Judge Moore said he did not. Mr. Browder noted that it was too bad the Elks Building did not have the facilities that the Park Tower has, sprinkler system, etc. He said the Elks Building is wood, but at the time it was the only building available and now the County has an investment there. Judge Moore noted that it is over 80 years old. Mr. Browder said the other building is old too but is constructed well.

J U N E T E R M 1 9 7 8

Councilman Fuller asked if the present computer is now up to capacity. Mr. Browder told him that, having anticipated a new computer, all peripheral equipment had been purchased for use with a 370 generation of hardware. He said the County has now grown to the point that they are exceeding capacity and the next logical step is to replace the control processing unit. He said he would be the last to tell them that this was inexpensive, but he said they were proud of how they had gone through this. He explained that it had cost less than half what most people would have accumulated with that level of hardware. He said that it is the level of the City's and of the Krystal Company and somewhere around 1/3 of the money overall. He said they had gotten it a piece at a time, not bought or rented from IBM. He said that IBM is high and that second party firms who purchase IBM equipment that has been sold one time and used for a few years are considerably cheaper and he mentioned Telex.

Councilman Fuller asked what would be done with the outgrown computer. Mr. Browder said it would be traded in, but that generation - 1966-67 - is not worth a lot, because the computer has changed a great deal in 10 - 12 years.

Councilman Mayfield agreed that technologically they have changed a great deal and he was surprised it was worth anything.

Judge Moore stated that this concluded the part of the meeting relative to revenue sharing. Mr. Browder said it should be noted that the final budget on revenue sharing would be part of the budget adopted by the County Council when the over-all budget is adopted later this month.

Stanley petitioned The Chattanooga-Hamilton County Regional Planning Commission to rezone from Agricultural District to Urban Residential District a tract of land located in the 1000 block of Boy Scout Road, being on the S line of Boy Scout Road between Crestfield Circle and Moses Road, and said Planning Commission after hearing, recommended that this petition for Urban Residential District be denied and that a rezoning to R-1 Residential District be approved; and

WHEREAS, W. R. Payne and J. L. Stanley requested that the County Council consider said petition and notice has been published in a newspaper in general circulation in Hamilton County that the County Council will hold a public hearing on June 21, 1978, concerning the passage of this Resolution as required by law, and such hearing having been held.

NOW, THEREFORE, BE IT RESOLVED, BY THE COUNTY COUNCIL OF HAMILTON COUNTY, TENNESSEE, IN SESSION ASSEMBLED: That the zoning regulations of Hamilton County not be amended from Agricultural District to Urban Residential but be amended from Agricultural District to R-1 Residential District a tract of land located in the 1000 block of Boy Scout Road, being on the S line of Boy Scout Road between Crestfield Circle and Moses Road. This tract begins at a point in the S line of Boy Scout Road, said point being some 150' E of the E line of Moses Road and extends SE, along the S line of Boy Scout Road, some 1150', thence SE 925', thence SE 316', thence SW 1672', thence NW 700', thence NE 1966' to Boy Scout Road, the point of beginning.

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

TITLE TO CREATE A COUNTY SHERIFF'S FUND AND AUTHORIZE THE TRANSFER OF ALL ACCOUNTS RELATING TO THE OPERATION OF THE SHERIFF'S OFFICE.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, Hamilton County previously agreed to assume the bookkeeping for the County Sheriff; and

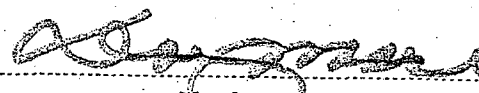

WHEREAS, the County's external auditors have recommended the creation of a separate fund to record accounts for this fee official.

NOW, THEREFORE, BE IT RESOLVED, BY THIS COUNTY COUNCIL IN SESSION ASSEMBLED:

That the County Sheriff's Fund is hereby created and that the transfer of all accounts, original budget and budget amendments previously recorded in the County General Fund and relating to the Sheriff's operation as a fee official under the laws and constitution of the State of Tennessee are hereby authorized. This transfer shall be made to best reflect the entire fiscal year's operation in the County Sheriff's Fund.

Coy Browder of Accounts and Budgets explained that it was the recommendation of the auditors that a separate fund for the operation of the Sheriff's Office be set up because of the difference in the fiscal year of the County general government and the fee officials (in this case the Sheriff).

Councilman Mayfield asked if this would involve the Sheriff's fees. Mr. Browder said that it would involve the total operation in one fund. Councilman Fuller asked if the operation would continue under Coy (Browder) and Don (Downey, County Auditor). Mr. Browder explained that it would continue the same way, but would just be a separate fund.

Councilman Fuller asked if this recommendation was made by Arthur Anderson, external auditors. Judge Moore said that it was.

SECTION 0030 - FORM OF PROPOSAL

FIRE STATION FOR
HAMILTON COUNTY, TENNESSEE
STANDIFER GAP ROAD AND MAPLEWOOD DRIVE
HAMILTON COUNTY, TENNESSEE

Gentlemen:

The Bidder, in compliance with your invitation for Bids on the construction of a fire station at Standifer Gap Road and Maplewood Drive; Hamilton County, Tennessee, and having examined the plans and specifications with all related documents and the site of the proposed work, and being familiar with all the conditions surrounding the construction of the proposed project, including availability of materials and labor and supplies, proposes to construct the project for the prices stated below.

These prices shall cover all expenses incurred in performing the work required under the "Contract Documents" of which this is a part.

Bidder acknowledges receipt of the following addenda: _____

BASE PROPOSAL:

Bidder agrees to perform all work described in the specifications and shown on the plans for the sum of One hundred eighty-three thousand nine hundred ninety dollars (\$ 183,990.00).

CONSTRUCTION TIME

The undersigned agrees to complete all the work described by aforesaid "Contract Documents" within 150 consecutive calendar days after the date of Notice to Proceed.

UNIT PRICES

Should it be necessary to excavate and remove from the site any unsuitable soil that cannot be incorporated in the fill, in addition to what is shown on the drawings, the soil shall be removed at the rate of \$ 2.25 per cubic yard.

Should it be necessary to furnish additional soil in addition to what is shown on the drawings, this soil shall be furnished and compacted at the rate of \$ 2.75 per cubic yard.

Should it become necessary due to soil conditions to either raise or lower the wall footings from the elevations shown on the drawings, the following unit prices shall apply either as a credit or an extra to the Base Bid at the rate of \$ 4.00 per cubic foot of foundation wall. This amount shall include all labor and materials.

If ledge rock and/or boulders exceeding 1300 pounds are encountered in the excavations, the cost of removal to the required depth will be added to the Base Bid at the rate of \$ 70.00 per cubic yard.

0030 - 1

J U N E T E R M 1 9 7 8

If sand pads are placed under footings over rock strata to a minimum depth of 4", the cost shall be added to the Contract Price at the rate of \$ 12.00 per cubic yard.

The above unit prices shall include all labor, materials, bailing, shoring, removal, overhead, profit, insurance, etc., to cover the finished work of the several kinds called for.

Bidder understands that the Owner reserves the right to reject any or all bids and to waive all formalities therewith.

The Bidder agrees that this bid shall be good and may not be withdrawn for a period of thirty (30) calendar days after the scheduled closing time for receiving bids.

Upon receipt of written notice of the acceptance of this bid, Bidder shall execute the formal contract within ten (10) days and deliver a Surety Bond or Bonds, as required by the General Conditions.

The bid security attached in the sum of 5% of Bid-----
-----(\$-----) is to become the property of the Owner in the event the Contract and Bond are not executed within the time set forth, as liquidated damages for the delay and additional expense to the Owner caused thereby.

NOTE: RESOLUTION WILL BE PLACED ON JULY 5TH AGENDA.

Judge Moore stated that this Resolution should not have been on the agenda until the first of July because the funds must first be allocated for this. He said that this Resolution No. 678-54 would be placed on the agenda for the first meeting in July, after the adoption of the budget. (The first meeting in July will be July 5th.)

A RESOLUTION

NO. 678-55

TITLE A RESOLUTION TO AUTHORIZE THE COUNTY JUDGE TO ENTER INTO AND EXECUTE A CONTRACTUAL AGREEMENT WITH THE TENNESSEE DEPARTMENT OF HUMAN SERVICES FOR THE CONTINUANCE OF A PROGRAM TO PROVIDE CARE TO CHILDREN IN CRISIS SITUATIONS, AND TO AUTHORIZE PAYMENT OF THE LOCAL CASH COST SHARE THEREFOR.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, pursuant to the provisions of Resolution No. 177 - 9 and Resolution No. 777-9, the County Judge was authorized to enter into and execute an Agreement with the Tennessee Department of Human Services so as to provide for the funding and operation of a program to provide care for children in crisis situations, which program was Council approved via grant application authorization pursuant to Resolution No. 976-22; and,

WHEREAS, the term of the aforementioned Agreement expired June 30th, 1978, and is in need of renewal thereof so that this vital program, operated by trained personnel from the Hamilton County Juvenile Court, can be continued within our County; and,

WHEREAS, the total program funding will be in the amount of \$76,695, of which \$1,743 is the local cash cost, and the local in-kind contribution is \$17,431;

NOW, THEREFORE, BE IT RESOLVED BY THIS COUNTY COUNCIL IN SESSION ASSEMBLED: That the County Judge is hereby authorized to execute a contractual Agreement (a copy of which is on file in the Office of the Director of Community Development and are available for public review during normal business hours, same being incorporated herein by reference thereto as though fully and completely copied verbatim herein) with the Tennessee Department of Human Services and is further authorized to pay the local cash cost share therefor; and,

Judge Moore stated that Mr. Schenck should be advised that it is necessary for him to go before the Planning Commission for this matter to be considered before the Council can consider it. Judge Moore said it was the same thing as with Hinkle, as he recalled.

PRESENTATION OF URGENT NEEDS OF THE CITY AND COUNTY SCHOOLS

Judge Moore stated that representatives of the City and County Schools were present today to make presentations to the Council. He introduced Dr. Dale Carter, superintendent of the Hamilton County Schools, and Mr. Jim McCullough, acting superintendent of the Chattanooga Public Schools.

Dr. Carter stated that for some time there had been questions concerning the prospective needs of the two school systems. He said it has been indicated that it is the desire of Mayor Rose and the County Council to study with the Planning Commission the long-range needs of both systems. He said they are agreeable with this and would like to initiate the study. He added, however, that they have at this time needs that are urgent in both systems, needs that would not be contested by anyone. He said he and Mr. McCullough were appearing today to present these needs to the Council and they would both be happy to answer questions with regard to these needs. He added that they wanted to continue with the study of long-range needs.

Dr. Carter read the attached list of immediate needs, giving an estimated cost of the projects as 4.4 million dollars.

J U N E T E R M 1 9 7 8

Superintendent McCullough stated that the City School system concurred in what Dr. Carter said. He said that the projects they are asking consideration on are projects both systems agree on. He said that both systems have classroom type needs, that the same situation is true of both. He said they both do have needs they are not asking to be considered at this time. He said they felt the concern of the Council should be the most pressing needs, and these are priority projects.

Superintendent McCullough read the attached list of current classroom needs, giving a total estimated cost of 4.1 million dollars. He added that they do have other needs but they are the ones that should be dealt with now.

Judge Moore asked if any of the Council members had questions.

Councilman Fuller stated that he wanted to commend both of the Superintendents for sitting down together and trying to get the needs of both systems on a priority basis. He said he felt this was a positive and progressive step.

Judge Moore agreed and said that they had all met in his office, and he felt that the attitude of cooperation and general desire to meet the needs of the over-all community had truly been outstanding. He said he did commend them for this.

Dear Judge Moore:

The immediate and long range projections of needs for additional classroom spaces for Hamilton County Schools have been sent to you on various occasions over the past several months. For your consideration in the present budget preparations, the following update of pressing immediate needs is provided:

A new thirty (30) classroom elementary school to be located in the Daisy-Dallas area designed to relieve the overcrowded conditions in the elementary schools of this area and to go as far as possible toward replacing the present Daisy Elementary School.

A seven (7) room addition to the Westview Elementary School. Students were shuttled from this school to Ooltewah Elementary School during this past school term and we expect to relieve the overcrowding next year by temporarily transferring the fifth grade into the Middle School building.

A two (2) room addition to the Ooltewah Elementary School to prevent the reverse shuttling of students back to Westview Elementary School.

Renovation and addition to the Ganns-Middle Valley Elementary School.

All of these projects could be utilized immediately. Any further delay in the beginning of construction will present serious problems to all of the communities affected. The estimated cost of these projects is 4.4 million dollars.

Sincerely,

Dale L. Carter
Superintendent
Hamilton County Schools

CURRENT CLASSROOM NEEDS-
CHATTANOOGA PUBLIC SCHOOLS

Project No. 1 -- New Elementary School in the Hixson Area

This project will contain 28 classrooms with special education facilities and a student capacity of approximately 800. Bidding is scheduled for August with completion by September, 1979. When complete the building will relieve overcrowding at Hixson and Dupont Elementary Schools plus anticipated school population growth in that area. It is estimated that it will be filled at the time that it is opened. The completed project will also make available six relocatable classrooms now in use at Hixson and Dupont Elementary Schools for use elsewhere in the system where schools are operating either on double kindergarten sessions or on class size waiver from the state.

Project No. 2 -- Addition to Hixson Junior High School

This project will provide a new cafeteria and industrial arts space plus eight additional classrooms at Hixson Junior High. It will also release three relocatable classrooms for use elsewhere to serve overcrowded elementary schools.

Project No. 3 -- Addition to Tyner Junior High School

This project will provide a new cafeteria at Tyner Junior High School plus eight additional classrooms and a music instruction area at the junior high school where none now exists. It will also free six relocatable classrooms to be used elsewhere to relieve overcrowded elementary schools.

TOTAL ESTIMATED COST OF THESE THREE PROJECTS IS 4.1 MILLION DOLLARS.

REPORT OF INDIGENT AUDIT AT ERLANGER HOSPITAL BY COUNTY AUDITOR DON DOWNEY

Mr. Downey presented a copy of the report (see attached) to each Councilman. He said that the report contains all the work done during the current year. He said that he had indicated in the cover letter with the report that he would contact each Council member individually. He said that the report was in detail but he would summarize. Mr. Downey stated that the hospital accounting system does not provide adequate information to audit. He said however that the administration had agreed to make changes in procedure by August 1 to allow for an indigent audit. He said that they had visited 7 area hospitals to determine how other communities handle this. He said two of the hospitals visited (UT Hospital in Knox County and Grady Memorial in Fulton-DeKalb County) used approaches possible for Hamilton County. Mr. Downey said the major question is what is the responsibility of the Hospital Authority toward funding. He said it is felt that the Hospital Authority should fund as much as they can without impairing the ability to compete with hospitals that are on a private basis. He added that there are 100 indigent beds. He said the Hospital Authority is a government established by referendum voted on by the people. He said it has a responsibility, and this responsibility is part of the cost of indigent care. Mr. Downey said that he would be glad to answer questions.

Councilman Fuller told Mr. Downey since he indicated that he would talk to each Councilman and go over the report, he would like to defer his questions until after that. He said that it might be necessary that the Council take specific action regarding the recommendations, but he would prefer to be more knowledgeable about the report before making any recommendations.

J U N E T E R M 1 9 7 8

Councilman Mayfield noted that progress is slow and the problem is complex but he felt Mr. Downey and his staff had done a fine job.

Judge Moore commented that the attitude of cooperation between Mr. Downey and Erlanger had been exemplary and that there had been good efforts at cooperation to this point.

SUBJECT: Report Of Indigent Audit

Attached is the detailed report concerning the work performed by my office during this year at Erlanger Hospital. The purpose of the audit work was to determine the cost of providing medical care to indigents; however, due to many circumstances this goal was not achieved.

The task of providing accurate financial and statistical information on a group of individuals accumulating over ten thousand bills per year is immense. The approach we are now taking in cooperation with the Hospital administration is to set up a program of data gathering, establishing qualifying guidelines, and cost accumulation. This target data for starting this program is August 1, 1978. I feel that an initial period of four months will be needed to work out the procedural problems and that an accurate cost figure can be attained thereafter.

The only major problems left unsolved is the amount of indigent care cost to be assumed by the Hospital Authority.

I will contact each of you for a detailed discussion of the report.

Respectfully submitted,

ERLANGER HOSPITAL
REPORT ON INDIGENT CARE AUDIT
AS OF JUNE 19, 1978

This report is made in response to Councilman's Mayfield request that an audit be made to determine the nature and cost of free medical service provided to indigent patients at Erlanger Hospital. Councilman Mayfield's request came as a result of Erlanger's budget request of \$4,000,000 to fund the cost of free service provided to Hamilton County indigents for 1977-78. The establishment of a Hospital Authority also brought about a need to review the Hospital's procedures regarding indigent care, set up definitive guidelines regarding indigent care and clarify the Hospital Authority's responsibilities for the care of indigents.

In our initial audit attempt we found that the Hospital's record keeping system was not designed in a way that would facilitate an indigent patient audit. The Hospital utilizes a purchased external data processing bureau (SHAS) and a purchased internal data accumulation system (MEDPRO). The MEDPRO system is connected to most of the revenue producing centers and accumulates charges by patient number. We were unable to obtain valid audit samples of this procedure as financial codes were not used consistently by the qualifying department (outpatient clinic) and the accounting department. For example, the "0" classification indicated free service (indigent patients) by the accounting department but the outpatient clinic used the "0" to designate service patients (patients seen by inhouse staff regardless of ability to pay). Under these conflicting interpretations accounts with the "0" classification may later be written off to free service even if the patient is rated full pay (not indigent) by the outpatient department.

Another problem in trying to audit the free service account at Erlanger is the fact that the Hospital does not create an individual accounts receivable file or detail billing on outpatients who are classified upon admission as "free service". Instead the revenue information is captured in a single summary general ledger control account. The "Daily Revenue Journal" which records revenue activity on all patients is listed by account code numbers. The accounts receivable files are arranged in alphabetical order by patient name. No summary listing is prepared and the volume of patients makes manual comparisons extremely difficult. Because of the volume of such services and the manner of record keeping it is impractical to audit the details of such services.

To make the Council aware of the problems and request a different approach to Councilman Mayfield's request, we made an interim report to the Council on December 21, 1977. Since that time we have attempted to collect patient data by several methods including revising Erlanger's BEH-93 (Patient Account Adjustment

Form) for use only on indigent account adjustments and writeoffs. The MEDPRO system, used to accumulate data for SHAS, was revised to provide identification of the individuals in the summary outpatient billing. MEDPRO; however, continues to have basic problems in that patient identification information is not stored. Therefore each time the patient visits the Hospital all the information must be reentered. Information for indigent outpatients is accumulated only in group amounts under a 99999 patient number and is posted as a direct charge to Hamilton County writeoff regardless of the amount of money collected. Please note; however, that funds collected (usually less than \$5,000 per month) are paid in as an offset to the indigency expense account. This results in no bills being generated to the indigent patients.

Copies of accounts receivable tapes were furnished to us monthly by SHAS. This information was not very useful because no distinction was made between indigent and service patients. The "O" and "Y" classification was used for both categories of patients.

We performed reviews of the Hamilton County writeoff account, free service revenue account and outpatient billing records for January 1978, and discovered that many patients rated full or partial billing were later determined to be uncollectible and charged to the Hamilton County writeoff account instead of being classified as bad debts. One example is a debit amount of \$178,000 representing accounts turned over to Physicians Business Bureau (PBB) for collection. Our audit tests indicated 30% of these accounts were non-residents. We found no evidence that subsequent collections on these accounts were credited to the Hamilton County writeoff account. Please note that since this notification of finding the Hospital has begun crediting the Hamilton County writeoff account for subsequent collections on accounts written off.

Visits were made to seven other community hospitals to determine their procedures for handling the indigent care problem. The following hospitals were visited:

Bradley County Memorial Hospital
South Pittsburgh Memorial Hospital
Cumberland Medical Center
Metropolitan General Hospital, Nashville
Tri-County Hospital
UT Hospital, Knoxville
Grady Memorial Hospital, Atlanta

Bradley, South Pittsburgh and Cumberland received no funds from local government for indigent care. Tri-County receives funds for construction of facilities. Metropolitan is a County run hospital primarily for indigents.

J U N E T E R M 1 9 7 8

Page 3

UT Hospital is a 480 bed hospital receiving payment from Knox County for indigent services. Knox County's cost last year was \$2.4 million. Grady (Atlanta) is a Hospital Authority with a portion of the property tax rate. We found two basic approaches that could be used by Hamilton County and the Hospital Authority.

First is the procedure followed by the University of Tennessee (UT) Hospital, Knoxville. The UT Hospital has a medical service department paid by Knox County which qualifies all indigent patients. The Hospital files a cost report with the County and the County pays the Hospital on a per diem basis.

The second possible approach as done by the Grady Memorial Hospital (Fulton-Dekalb County Hospital Authority) is to have the Hospital hire the staff to qualify and verify the indigency of a patient based upon guidelines set by the Authority. The two counties fund the operating deficit of the Hospital up to a maximum of \$5 million each.

The Hospital Authority established here is more closely like the Atlanta situation in organization; however, the funding is more like Knox County's program. The local Authority law (Section 12) requires Hamilton County to pay the cost of indigent care except that the Hospital Authority must first apply its adjusted profits to indigent care (a base County contribution of \$3 million is required). Presently the Authority is operating at a profit so that the base contribution is being made.

We have ceased audit work for the present and are concentrating on installation of a program to qualify indigents and monitor costs. As required by law, this office has established a "definition" of indigency and submitted this to the Hospital administration for review. Many problems are yet to be solved as far as implementing this program; however, I am pleased with the cooperation from the Hospital and I feel that the program can be started by August 1, 1978. The exact staffing and responsibilities have yet to be worked out. I have included my estimate of the County's cost in monitoring the indigent program in my department's budget request for 1978-79.

As a result of our review of indigent care provided by the Hospital we submit the following findings:

- (1) Our examination showed that it is not presently possible to determine the Hospital's cost to care for the indigents of Hamilton County.
- (2) The Hospital has a Hill-Burton obligation to provide approximately one million dollars of free service to indigents.

- (3) The financial codes as used by the accounting department as indigent really indicate service patients (patients treated by in-house staff) rather than ability to pay.
- (4) \$790,000 of accounts receivable was written off to Hamilton County free service from July 1977, to January 1978, without review to verify indigency. Our test showed that the BEH-229 (qualification form) indicated these patients were billed a portion or full charge so they did not qualify as total indigent.
- (5) Too many persons are authorized to writeoff accounts.
- (6) The qualification of indigents is done in the outpatient office. Procedures used are inadequate and the office is understaffed.
- (7) Outpatient billings are prepared in the same manner as inpatient billings. A separate bill is prepared for each visit causing a high number of account receivable files.
- (8) No collection attempt is made in the emergency room.
- (9) The Hospital administration does not recognize that the Hospital Authority has any inherent responsibilities for the care of indigents. The Hospital administration's position is that they should provide the service with Hamilton County funding the entire cost.
- (10) The Board of Trustee's is genuinely interested in and working to correct the problems at Erlanger Hospital.

Listed below are our recommendations for the findings referred to above:

- (1) That the Council request the Board of Trustees to recognize that the Hospital's change to a Hospital Authority brought with it certain inherent responsibilities as a government entity. Among these is the responsibility to care for indigents. The Hospital's administration should recognize and accept this responsibility as part of its duties as a Hospital Authority. The basic question is how much of the indigency cost can the hospital carry without impairing its ability to compete with other area hospitals for private patients. It is imperative that the Council and Board of Trustees establish a clear definition of the Authority's function and the County's funding role.

- (2) That a program be established which will attempt to secure all possible payments from State and Federal programs for medically indigent making local property tax dollars the last resort.
- (3) That the Hospital should revise its financial codes to indicate patients ability to pay rather than patient type, i.e. service, only.
- (4) That classification as indigent should be made upon entrance. Billings on which collection efforts are made should be bad debts.
- (5) That the number of persons authorized to writeoff accounts receivable should be reduced to three employees. This would increase control over accounts written off to the Hamilton County free service account.
- (6) That indigency qualification should remain the responsibility of the Hospital. The County will establish criteria for indigent patients and draw up recommendations for procedures to be followed by the Hospital in qualifying patients as indigents.
- (7) That the procedures for billing outpatients should be revised so that one bill be prepared for outpatients who visit the hospital more than once. Patients should be assigned one patient number to be used for all Hospital billing. A continuing balance could then be utilized.
- (8) That the Hospital should make every effort to collect from emergency room patients. Since it is impractical to determine if all such persons are indigent. These patients could be considered full pay (not indigent) and billed accordingly. It would then be the patients responsibility to come in and furnish the Hospital with information required for determination of indigency. If the patient is later determined to be indigent an adjustment could then be made to his emergency room bill.

There are certain areas either not addressed in this report or on which we have a conceptual or practical difference with the Hospital administration. A listing of these will be furnished to you shortly.

(Judge Moore stated that the Planning Commission had recommended that the petition for General Business District be denied and that a rezoning to Local Business District be approved. He stated that no one appeared in opposition to the request. He added, however, that he had received a telephone message from a Mrs. Tipton, who was not able to be present. Councilman Mayfield asked John Preston of the Planning Commission what was to go on the property. Mr. Preston said it would be wholesale and retail shrubbery. Councilman Mayfield asked if this could be done under Local Business zoning and Mr. Preston told him that it could. Judge Moore clarified that Local Business would permit operation of a nursery but not other types of business.)

Mr. Donald O'Conner, president and local delegate of the Chattanooga Chapter of the Tennessee Volunteers for Life, spoke. He said that the Council has been asked by the Hospital Authority to increase the appropriation for next year. He said that his organization believes that the hospital is misusing the facilities in providing abortions and also in the ways listed on the attached memo. He cited costs listed in the table on page two of the attached memo, which indicate an abortion should cost about \$80.00 and said that Erlanger claims their "break-even" price is \$150., which Mr. O'Conner says is excessive. He said that the Erlanger Hospital Authority claims that Federal law requires that they perform abortions but over 80% of the public hospitals in the U. S. do not perform abortions. Mr. O'Conner said that his organization, as concerned citizens and taxpayers, is asking the Council to minimize any misuse of County taxes, that they feel that "where there is smoke there is fire," and since the abortion situation is a misuse of tax money, there may be other areas where misuse also exists. He said they are asking the millions of dollars be spent for health, but nothing to take away life.

SUBJECT: Appropriation for Chattanooga-Hamilton County Hospital Authority

You have been asked by the Board of Trustees of the Chattanooga-Hamilton County Hospital Authority to increase the appropriation for next year.

The Hospital Authority has been misusing County resources at Erlanger Hospital and the appropriation should not be increased until we know that it is to be expended properly.

The Hospital Authority is misusing County resources in the following ways:

- 1) Erlanger Hospital is supposed to be dedicated to the use of science to heal the ills and injuries of all human beings, yet at Erlanger county facilities are used to intentionally kill by the unscientific practice of abortion those who are considered by some to be "unwanted."
- 2) The use of County resources for abortion is a duplication of facilities provided in Hamilton County by private industry. One of the south's largest abortion chains has located a franchise in Chattanooga.
- 3) Erlanger Hospital overcharges for abortions. The local private franchise charges \$150. Erlanger charges \$175 for early abortion, and \$600 or more for late term abortions. It has been suggested that abortion at Erlanger is more expensive because it is safer but the safety record at Erlanger is no better than that of the private franchise.
- 4) The cost incurred by Erlanger when providing abortions is excessive. The following itemized expenses are typical of those experienced by the private industry. These were taken from an article in the JOURNAL OF MARKETING, April 1978, entitled: "Abortion Services: Time for a Discussion of Marketing Policies. Suggestions for Providers, Suppliers and Consumers."

<u>ITEM</u>	<u>COST</u>
Counseling time before procedure.	\$10.00
MD's time @ \$30/hour.	15.00
Support staff	11.00
Doctor and staff at follow-up visit	10.00
Pathology fee per specimen.	8.50
Supplies.	4.50
Rh-D test and Pregnancy test.	2.00
Rhogam (cost divided among all patients).	5.00
Malpractice insurance	3.00
24-hour answering service	1.00
Overhead.	<u>10.00</u>
TOTAL	\$80.00

Officials at Erlanger have claimed that \$150 represents a "break-even" price at Erlanger.

As concerned citizens of Hamilton County, we have been trying for four months to discuss with the Hospital Authority Board of Trustees their reasons for performing and encouraging abortions on demand. In spite of the fact that over 80% of the public hospitals in the United States do not permit abortions on demand, our Hospital Authority claims to be required by Federal law to provide facilities for abortion. Consequently the Board of Trustees refuses to discuss with us any aspect of their involvement in and encouragement of the abortion industry. Of the eleven members of the Board, we know of only one that has attempted to reply to letters from other concerned citizens opposed to abortion on demand.

As concerned taxpayers, we are coming to you to ask that you minimize any misuse of county taxes and facilities. There is an old saying that goes, "Where there is smoke there is fire." The misuse of the Erlanger facilities to practice and promote abortion on demand may well be only an indication that abuse of County facilities exists elsewhere. Millions of dollars should be wisely invested for promoting the health of county citizens, but not one cent should be invested to take away anyone's right to live.

Judge Moore stated that the Council would Recess until June 30, 1978 at 9:30 A.M. for the budget session, if there was no objection; there was no objection and the Meeting was recessed accordingly.

AN ACT To amend Chapter 96 of the Private Acts of 1969, as amended by Chapter 399 of the Private Acts of 1972, relative to the distribution of equity in the Hamilton County Department of Education Insurance and Pension Fund.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF TENNESSEE:

SECTION 1. Chapter 96 of the Private Acts of 1969, as amended by Chapter 399 of the Private Acts of 1972, is amended in Section 2 by adding the following paragraph:

Effective July 1, 1978, each participant that has an adjusted equity shall from the date of retirement receive one hundred twenty (120) equal monthly payments computed and valued as in the paragraph above. In addition each participant shall further be entitled to the receipt of an additional thirty (30) payments in the same monthly amount as the initial one hundred twenty (120) equal monthly payments. Such payments shall be paid from the Hamilton County Department of Education Insurance and Pension Funds and the General Fund of Hamilton County.

SECTION 2. This act shall have no effect unless it is approved by a two-thirds ($\frac{2}{3}$) vote of the County Council of Hamilton County before July 1, 1978. Its approval or nonapproval shall be proclaimed by the presiding officer of the County Council and certified by him to the Secretary of State.

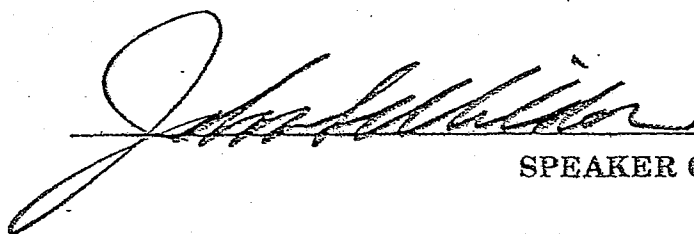

SECTION 3. For the purpose of approving or rejecting the provisions of this act, it shall be effective upon becoming a law, the public welfare requiring it. For all other purposes, it shall become effective upon being approved as provided in Section 2.

Substituted for: Senate Bill No. 2462

By Albright, Ortwein

AN ACT to amend Chapter 557 of the Private Acts of 1939; as amended by Chapter 491 of the Private Acts of 1941; as amended by Chapter 134 of the Private Acts of 1949; as amended by Chapter 65 of the Private Acts of 1953; as amended by Chapter 197 of the Private Acts of 1965; as amended by Chapter 80 of the Private Acts of 1969; as amended by Chapter 356 of the Private Acts of 1974, and all acts amendatory thereto, the same being the Hamilton County Employees Retirement Act.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF TENNESSEE:

SECTION 1. Chapter 557 of the Private Acts of 1939, as amended by Chapter 491 of the Private Acts of 1941; as amended by Chapter 134 of the Private Acts of 1949; as amended by Chapter 65 of the Private Acts of 1953; as amended by Chapter 197 of the Private Acts of 1965; as amended by Chapter 80 of the Private Acts of 1969; as amended by Chapter 356 of the Private Acts of 1974, and all acts amendatory thereto, is further amended by deleting the first paragraph of Section 4 and substituting in lieu thereof the following:

That for the fiscal year 1977-78, Hamilton County shall contribute a fixed amount of \$85,603.00 into said pension plan as the employer contribution in accordance with the actuarial report on said plan prepared July 1, 1977. Future contributions shall be made at the rate of \$85,603.00 annually until adjusted by a subsequent actuarial report to be made within five years from July 1, 1977. Contributions thereafter shall be made as determined by said actuarial report until adjusted by subsequent actuarial reports from time to time required by law.

SECTION 2. This Act shall have no effect unless it is approved by a two-thirds (2/3) vote of County Council of Hamilton County on or before the next regular meeting of the County Council occurring more than thirty (30) days after this act becomes a law. Its approval or nonapproval shall be proclaimed by the presiding officer of the County Council and certified by him to the Secretary of State.

SECTION 3. For the purpose of approving or rejecting the provisions of this Act, it shall be effective upon becoming a law, the public welfare requiring it. For all other purposes, it shall become effective upon being approved as provided in Section 2.

RESOLUTION

DATE MONTH, DAY, YEAR

NO. 678-61

TITLE TO ALLOW THE COUNTY JUDGE TO SIGN A CONTRACT WITH BLUE CROSS-BLUE SHEILD OF TENNESSEE OR THEIR REPRESENTATIVE TO PROVIDE STOP-LOSS INSURANCE PROTECTION.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, the County became self-insured for employee health insurance several years ago; and

WHEREAS, Blue Cross-Blue Shield of Tennessee is the county's agent for claim processing under this self-insurance plan; and

WHEREAS, the insurance market now offers what is called stop-loss insurance coverage to limit liability; and

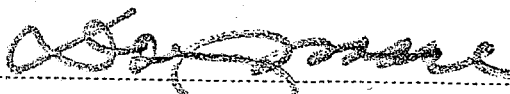

WHEREAS, coverage for 90% of any single employee loss over \$25,000.00 and less than \$50,000.00 and 100% of that loss exceeding \$50,000.00 is offered by Blue Cross-Blue Shield of Tennessee or their agent for a net cost to the County of about \$13,000.00.

NOW, THEREFORE, BE IT RESOLVED, BY THIS COUNTY COUNCIL IN SESSION ASSEMBLED:

That the County Judge is hereby authorized to sign contracts with Blue Cross-Blue Shield of Tennessee or their agent for stop-loss coverage.

Judge Moore stated that this is the first time that this has been available at desirable costs. He explained that at this time the County insures employees on medical and hospital insurance and this will provide for a maximum of loss that the County can sustain. He said this provides coverage for 90% of any single employee loss over \$25,000 and less than \$50,000 and 100% of loss exceeding \$50,000. He added that this would be at a net cost to the County of about \$13,000. He said they are actually paying a portion of that in another form of insurance so for slightly more than \$1,000 a month this can be secured. He said with the increasing cost of hospital care it is desirable to put a ceiling on losses and this is a small amount of money in terms of protection.

Councilman Fuller asked if there was any maximum above the \$50,000. Judge Moore said there was not. Councilman Fuller said that anyone who has had experience with open heart surgery, etc., knows that \$50,000 may not be adequate. He added that it appears to him that the price is right.

RESOLUTION

NO. 678-62

TITLE TO AUTHORIZE THE COUNTY JUDGE TO SIGN CONTRACTS WITH PROVIDENT INSURANCE COMPANY RELATIVE TO INCREASING EMPLOYEE LIFE INSURANCE FROM \$2,000.00 TO \$5,000.00 COVERAGE.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, the County has for many years provided its employees \$2,000.00 of County paid group term life insurance; and

WHEREAS, this \$2,000.00 has become outdated in amount by economic conditions.

NOW, THEREFORE, BE IT RESOLVED, BY THIS COUNTY COUNCIL IN SESSION ASSEMBLED:

That the County Judge is hereby authorized to sign the necessary contracts with Provident Life and Accident Insurance Company to increase the County paid group life insurance from \$2,000.00 to \$5,000.00 at an estimated cost of .42 cents per \$1,000.00 for life insurance and .06 cents per \$1,000.00 for Accidental Death and Dismemberment.

Councilman Fuller, "Aye"; Councilman Long, "Aye"; Councilman Mayfield, "Aye"; Councilman Penley, "Aye"; and Judge Moore, "Aye". Total present-5.
Total absent-0.

* * * * *

Judge Moore stated that for some time the County has had \$2,000 life insurance policy to cover burial expense and other immediate needs. He said with the advent of inflation, \$2,000 is not really \$2,000 any more. He said that the County has been able to work out with Provident this increase for a reasonable cost to the County.

Councilman Fuller noted that 42¢ per \$1000 per month is a competitive amount. He added that the County was finally buying something that he knows something about.

Councilman Mayfield stated that he had raised his to \$5,000 about 5 years ago.

NO. 678-63

TITLE A RESOLUTION TO AUTHORIZE THE COUNTY JUDGE TO EXECUTE DOCUMENTS NECESSARY TO SET THE CONTRIBUTION RATE WITH THE TENNESSEE CONSOLIDATED RETIREMENT SYSTEM FOR EMPLOYEES OF THE HAMILTON COUNTY HEALTH DEPARTMENT AT A RATE OF 6.45%, EFFECTIVE 7/1/78 OF GROSS SALARIES AND TO CONTINUE TO FUND COST OF LIVING BENEFITS ON A PAY AS YOU GO BASIS.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, by Resolution 1275-15, as amended by Resolution 376-21, this County Council elected to have the employees of the Chattanooga-Hamilton County Health Department become eligible to participate in the Tennessee Consolidated Retirement System; and

WHEREAS, the Consolidated Retirement System performs biannual actuarial valuations of groups within the Consolidated Retirement System; and

WHEREAS, the contribution rate determined from the June 30, 1977, actuarial valuation requires a change in the contribution rate to 6.45% with Hamilton County continuing to pay for cost of living payment on a cost basis.

NOW, THEREFORE, BE IT RESOLVED BY THIS COUNTY COUNCIL, IN SESSION ASSEMBLED: That the County Judge be authorized to submit notice to the Tennessee Consolidated Retirement System that Hamilton County agrees to pay pension contributions at a rate of 6.45% of gross salaries and to fund cost of living payments on a pay as you go basis.

Be it Resolved, by the County Council of Hamilton County, Tennessee in Session Assembled:

That there shall be issued the negotiable bonds of said county in the principal amount of not exceeding \$9,000,000 for the purpose of improving and equipping parks, repairing, equipping and improving the county courthouse and courthouse annex buildings housing administrative offices of said county, constructing, extending and improving roads, and constructing and equipping a county warehouse, and constructing and equipping an addition to the Hamilton County Nursing Home, including all property real and personal, appurtenant thereto or connected with such projects. Said bonds shall bear interest at a rate or rates not exceeding 7½ percent per annum and shall be payable exclusively from ad valorem taxes to be levied for such purpose on all taxable property within Hamilton County without limitation as to rate or amount. Adequate provision will be made for raising annually by taxation of the taxable property in said county of a sum sufficient to pay the interest on and the principal of such bonds as the same shall become due.

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

ADOPTED and approved the 30th day of June, 1978.

HONORABLE DON MOORE, CHAIRMAN
AND
MEMBERS OF THE HAMILTON COUNTY COUNCIL
CHATTANOOGA, TENNESSEE

Re: 1978 - 1979 Budget

Dear Sirs:

I submit herewith the proposed Budget for the fiscal year ending June 30, 1979.

This Budget reflects a change in the present County tax levy on property by reducing the Rural Debt Service levy from 24 cents to -0- leaving the levy inside all municipalities at \$3.71 and outside all municipalities at \$3.76 per \$100.00 of assessed valuation.

This Budget is submitted for your consideration.

Respectfully submitted,

Coy C. Browder
Director of Accounts
and Budgets

BUDGET FOR YEAR ENDING JUNE 30, 1979

June 30, 1978

ADOPTING BUDGET COVERING THE FISCAL YEAR 1978 - 1979 AND
FIXING THE TAX LEVY FOR THE YEAR 1978 FOR HAMILTON COUNTY,
TENNESSEE.

BE IT RESOLVED, by the County Council of Hamilton County,
Tennessee, in session assembled on June 30, 1978, that:

Pursuant to authority vested in the Hamilton County Council
the following Budget for the Fiscal Year ending June 30, 1979, is
adopted by the Council for the Levy of Taxes sufficient to cover
the Appropriations and Expenditures shown in said Budget.

In the absence of the exact official Tax Aggregate, which has
not been completed, the estimated receipts from the 1978 Property
Tax is based on Assessed Valuation of 96% of \$975,910,197.00.

BE IT FURTHER RESOLVED, that the County Council of Hamilton
County, in session assembled, hereby adopts for the Fiscal Year
1978-1979 the Budget hereto attached and made a part of this
Resolution. Said Resolution and Budget to be spread upon the
Minutes of the Council and that there is hereby levied on each
\$100.00 of Assessed Valuation of taxable property in Hamilton
County for 1978 a tax levy of the following rates:

ADJOURNED MEETING

ON MOTION of Judge Moore, seconded by Councilman Mayfield, the foregoing Resolution was unanimously Adopted on a Roll Call vote, with the following members of the County Council being present and voting as follows:
Councilman Fuller, "Aye"; Councilman Long, "Aye"; Councilman Mayfield, "Aye"; Councilman Penley, "Aye"; and Judge Moore, "Aye". Total present-5.
Total absent-0.

* * * * *

Judge Moore read the attached BUDGET MESSAGE, listing some of the accomplishments of the present (and last) County Council, giving budget amount totals for constitutional offices, County supported agencies and general County governmental offices. He also reported that the rural bonded debt obligation had been met and by deleting the rural debt service levy from the budget a reduction of 24¢ per hundred on all property upon which this levy was included would be possible. He stated that by utilizing some Federal funds and some fund balance the County could fund this 1978-79 budget of \$88,343,028.

BUDGET MESSAGE

THE RECORD OF ACCOMPLISHMENT OF THIS, THE LAST, COUNTY COUNCIL PROBABLY CANNOT BE MATCHED BY ANY OF THE NINE PRECEDING COUNTY COUNCILS. TAKING OFFICE AT THE COMMENCEMENT OF ONE OF THIS COUNTRY'S MOST SEVERE RECESSIONS, THIS COUNCIL HAS BEEN FACED WITH STAGGERING PROBLEMS OF MEETING INCREASED DEMANDS FOR SERVICES WITH A SUBSTANTIAL REDUCTION OF GROWTH RATE OF THE TAX BASE IN THE COUNTY.

A SEPARATE LISTING OF THE IMPROVEMENTS IN MODERNIZING COUNTY GENERAL GOVERNMENT REQUIRES THREE TYPEWRITTEN PAGES, BUT THEY INCLUDE A NATIONAL MERIT AWARD IN EACH OF THE LAST THREE YEARS FOR OUR COMMUNITY DEVELOPMENT PROGRAM, OUR PERSONNEL MERIT SYSTEM (WHICH IS ALSO APPROVED BY THE U. S. CIVIL SERVICE, AS REQUIRED FOR OUR OVER \$3 MILLION FEDERAL REVENUES THIS YEAR), AND OUR PURCHASING DEPARTMENT SYSTEM AND MANUAL, AS WELL AS THE CONSTRUCTION OF 5 FIRE HALLS BY THE COUNTY, 2 NEW RECREATIONAL PARKS TO BE CONSTRUCTED, AN EDUCATIONAL AND HEALTH CENTER CONSTRUCTED AT SODDY DAISY, AND AN EXTENSIVE HIGHWAY SAFETY PROGRAM WHICH INCLUDES MAKING AND INSTALLING HIGHWAY SAFETY SIGNS AND STREET NAME MARKERS ON OUR COUNTY ROADS AND HIGHWAYS.

COUNTY GENERAL GOVERNMENT WENT FROM AN ANTIQUATED BOOK-KEEPING SYSTEM TO A HIGHLY ORGANIZED AND EFFICIENT DATA PROCESSING COMPUTER CENTER, WHICH INCLUDES THE NEW PUNCH CARD VOTING MACHINES DESIGNED TO SAVE TIME AND EXPENSE IN OUR VOTING PROCESS.

RECOGNIZING THE NEED FOR IMPROVEMENTS IN EDUCATION, THIS COUNCIL INCREASED BUDGETED FUNDS BY \$11 MILLION FOR OPERATIONS,

ADJOURNED MEETING

PAGE 2

INCREASING OUR EDUCATION BUDGET FROM \$33.7 MILLION IN 1975-76 TO \$44.2 MILLION, AND PROVIDING \$5 MILLION IN BOND FUNDS. THIS YEAR WE ARE BUDGETING \$18 MILLION FOR THE CITY SCHOOL SYSTEM AND \$25 MILLION FOR THE COUNTY SCHOOL SYSTEM, AND I AM PROPOSING THE SALE OF \$7 MILLION IN SCHOOL BONDS.

THIS YEAR'S BUDGET INCREASES THE 16 CONSTITUTIONAL OFFICES' BUDGETS FROM THE 1975-76 LEVEL OF \$2.7 MILLION TO \$5.2 MILLION, WITH MOST OF THE INCREASE BEING IN THE COUNTY SHERIFF'S BUDGET, WHICH AT \$3.1 MILLION NOW IS MORE THAN DOUBLE THE 1975-76 LEVEL OF \$1.5 MILLION.

THE 35 SUPPORTED AGENCIES, WHICH INCLUDE ERLANGER HOSPITAL, THE HEALTH DEPARTMENT, AND OUR COUNTY NURSING HOME WAS \$7.4 MILLION IN 1975-76, BUT WILL BE \$9.7 MILLION THIS YEAR, FOR A 30% INCREASE OVER THESE 4 YEARS.

THE 38 OFFICES THAT MAKE UP COUNTY GENERAL GOVERNMENT WAS \$6 MILLION IN 1975-76 AND WILL BE \$7.7 MILLION THIS YEAR. HOWEVER, ALMOST ONE-HALF OF THE 28% INCREASE OVER THESE 4 YEARS IS IN CAPITAL IMPROVEMENTS THIS YEAR.

THE MOST SIGNIFICANT INCREASE IS A 285% INCREASE IN THE FEDERAL PROGRAMS DIVISION, WHICH IS OPERATED BY THE COMMUNITY DEVELOPMENT DEPARTMENT. BECAUSE OF THE EFFORTS OF THIS DEPARTMENT, COUNTY GENERAL GOVERNMENT WHICH BUDGETED \$1 MILLION IN 1975-76 IS BUDGETING \$2.9 MILLION THIS YEAR. THESE ARE FEDERAL TAX DOLLARS WHICH HELP IMPROVE OUR LOCAL ECONOMY BY PAYING FOR TRAINING AND SERVICES THAT WOULD NOT OTHERWISE BE AVAILABLE LOCALLY. THE U. S. DEPARTMENT OF LABOR HAS RECENTLY RATED HAMILTON COUNTY FIRST IN 2 OUT OF 3 OF OUR CETA PROGRAMS IN THE ENTIRE SOUTHEAST DISTRICT IN COST-EFFECTIVENESS.

J U N E T E R M 1 9 7 8

ADJOURNED MEETING

PAGE 3

OUR COUNTY HIGHWAY DIVISION HAS INCREASED 64% DURING THE 4 YEARS FROM 1975-76, WHEN IT WAS \$3.2 MILLION, TO THIS YEAR'S \$5.3 MILLION. THIS DIFFERENCE IS READILY APPARENT TO ALL OF US WHO USE THE COUNTY ROADS, STREETS, AND HIGHWAYS.

THE STATE OF OUR DEBT SERVICE IS A MATTER I AM PARTICULARLY PLEASED TO REPORT ON. WE HAVE NOW MET OUR RURAL BONDED DEBT OBLIGATION. BECAUSE OF A TAX BASE THAT HAS BEEN SHRUNK BY THE CITY'S ANNEXATION PROGRAM, AND WHICH CONTINUES TO BE THREATENED BY ADDITIONAL ANNEXATION, IT IS NO LONGER ECONOMICALLY FEASIBLE TO ISSUE RURAL BONDS. THEREFORE, I AM PLEASED TO RECOMMEND TO YOU THAT WE DELETE THE RURAL DEBT SERVICE LEVY FROM OUR BUDGET. THE EFFECT OF THIS DELETION IS A REDUCTION OF 24 CENTS PER HUNDRED OF ALL PROPERTY UPON WHICH THIS LEVY HAS HERETOFORE BEEN INCLUDED. I AM PROPOSING AND RECOMMENDING TO YOU THE SAME TAX RATE OF \$3.71 PER HUNDRED INSIDE THE CITY OF CHATTANOOGA, BUT \$3.76 PER HUNDRED OUTSIDE THE CITY OF CHATTANOOGA, WITH THE DIFFERENCE BEING THE 5¢ PIKE TAX.

UTILIZING SOME FEDERAL FUNDS AND SOME FUND BALANCE WE CAN FUND THIS 1978-79 BUDGET OF \$88,343,028 I AM RECOMMENDING TO YOU.

(Judge Moore stated that this was for the Health Department. Mr. Farley said this was the lowest and best bid. Councilman Fuller questioned if these bids were for the same units, if the bidding was on basically the same type of equipment. Mr. Farley said that all bidders had copies of the specifications, although they were bidding on different brands, he thought Sony, Magnavox, and RCA, they were using the same specifications. Mr. Fuller said that it seemed to him there was quite a variance in bids, \$800 on one, and \$1300 on another, so he just wanted to make sure the specifications were the same.)

Road Builders, Inc. of Tennessee, hereby proposes to furnish labor and materials and complete the work in accordance with the above specifications for the sum of Unit Prices Stated Above dollars (\$-----) and/or unit prices specified above. The other party to this contract agrees to make monthly progress payments to Road Builders, Inc. of Tennessee on account of work performed under this contract, unless otherwise expressly stated, until all work has been satisfactorily completed and invoiced, following which final payment will be made within thirty (30) days. The monthly progress payments shall be paid within ten (10) days following the end of the previous month, or mailing of the invoice from Road Builders, Inc. of Tennessee, whichever is later, wherein the other party to this contract is also the owner of the project. In case the other party to this contract is another tiered contractor, the monthly progress payments paid by him to Road Builders, Inc. of Tennessee shall be made within thirty (30) days following the end of the previous month, or mailing of the invoice from Road Builders, Inc. of Tennessee, whichever is later.

If retainage is to be withheld by the owner, the same percentage, in the amount of N/A, may be withheld from the monthly progress payments to Road Builders, Inc. of Tennessee. The retainage is to be paid within thirty (30) days following completion and acceptance of the work performed hereunder.

All material is guaranteed to be as specified. All work is to be completed in a workmanlike manner according to standard practices. Any additional work, alterations, or deviations from the applicable specifications involving extra work will be an extra charge above the amount of this contract. Such extra work must be agreed upon by both parties before work is commenced, either by a written change order, or a field work order signed by both parties. All agreements are contingent upon strikes, accidents or delays beyond our control. The other party to this contract agrees to carry all necessary insurance to protect the work and to provide adequate protection for himself. Road Builders, Inc. of Tennessee is insured for workman's compensation, public liability (including blasting coverage) and automobile liability.

In the event payment is not made to Road Builders, Inc. of Tennessee within the time stated hereinabove, the other party to this contract agrees to pay interest at the maximum legal rate on the unpaid balance until the account is paid in full. In the event this contract or account is placed in the hands of an attorney for enforcement or collection, the other party to this contract agrees to pay all costs, expenses and attorney fees incurred by Road Builders, Inc. of Tennessee.

For further consideration of this contract, the contractor involved in this contract agrees to notify Road Builders, Inc. of Tennessee in writing simultaneously with the filing of Notice of Completion with the Register's office in the county in which the property is located or elsewhere.

This proposal is to be controlling if incorporated into any other document and in conflict therewith.

NO. 778-8

TITLE AMENDING RESOLUTION NO. 678-51 TO COMPLY WITH THE DAVIS-BACON ACT AND/OR ALL APPLICABLE FEDERAL LAWS.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, the bid of John Winesett, Inc., in the amount of \$176,250.00 was the low bid by \$7,740.00 for one (1) county fire station; and

WHEREAS, the bid documents failed to clearly state the necessity of compliance by the contractor with the Federal Davis-Bacon Act relating to payment of certain prevailing wage structures and the necessity for documenting and reporting such payments, all required due to the use of Federal Revenue Sharing funds, same being a departure from the funding of the 4 previous fire stations which used nonfederal funds; and

WHEREAS, the said low bidder has agreed to meet all of the requirements of said Davis-Bacon Act for an additional sum of \$2,500.00, which with said addition continues said John Winesett, Inc. as the low bidder.

NOW, THEREFORE, BE IT RESOLVED, BY THE COUNTY COUNCIL OF HAMILTON COUNTY, TENNESSEE, IN SESSION ASSEMBLED: That Resolution No. 678-51 is hereby amended by adding the sum of \$2,500.00 to said contract so that the contract amount, as amended, is \$178,750.00 and that the terms are amended to provide that John Winesett, Inc., agrees to fully comply with all federal laws, including the Davis-Bacon Act, applicable to the construction of said fire station on Standifer Gap Road, same to be paid out of the County General Fund.

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

Approved:

Rejected:

Member of the County Council

ON MOTION of Judge Moore, seconded by Councilman Long, the foregoing Resolution was unanimously Adopted on a Roll Call vote with the following members of the County Council being present and voting as follows: Councilman Fuller, "Aye"; Councilman Long, "Aye"; Councilman Mayfield, "Aye"; Councilman Penley, "Aye"; and Judge Moore, "Aye". Total "Aye" votes-5. "Nay" votes-0.

J U L Y T E R M 1 9 7 8

(Judge Moore stated that this Resolution concerned the county fire station, that it was not clear in the specifications that the contractor had to comply with these regulations and the architect was not aware of this. Judge Moore explained that compliance as necessary because Federal funds were to be used.

Councilman Fuller noted that this only increased the contract price \$2500 which meant John Winesett, Inc., was still the low bidder. Judge Moore said this was true, that Winesett's bid was some \$5000 lower than the next low bid.)

Re: Fire Hall for Hamilton County, Tennessee
Standifer Gap Road

Dear Sir:

I have been asked to address this letter to you by Mr. Ray Proctor, Director of Community Development, to advise you of the following situation:

Bids were taken on the Fire Hall on June 14, 1978. My firm was the low bidder by approximately \$8,000.00.

The bid specifications made no reference to the Davis-Bacon Act, prevailing wage rates, nor the fact that federal money was to be involved in the project.

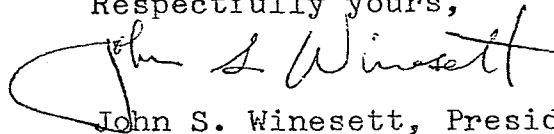

After the County Council meeting of June 21, 1978, I was advised by Mrs. Bassarate of Planning Associates, Inc., that the Council agreed to award the contract to my firm. The following day, Mrs. Bassarate informed me that she had learned from Mr. Proctor that the contract would have to include compliance with the Davis-Bacon Act wage rates. She agreed that this was not included in the Bid specifications, and also mentioned that it was not required in several previous similar fire halls that the firm had recently handled for the County.

In order for me to complete the contract without undue penalty, I request that an extra amount of \$2,500.00 be added to my Bid amount, to compensate toward the extra cost that I will incur if the Davis-Bacon wage rates are required.

Please believe that I am holding this request to a minimum, that should we have known of the requirement beforehand, the difference in my bid would have been substantially greater, as I feel certain that the other contractors' bids would have been.

Thank you for your consideration. Please advise me, as well as Planning Associates, Inc., of your decision on this matter.

Respectfully yours,

John S. Winesett, President

ON MOTION of Judge Moore, seconded by Councilman Mayfield, the foregoing Resolution was unanimously Adopted by Acclamation. Total present-5. Absent-0.

(Judge Moore stated that both of these individuals had expressed a desire to continue to serve on the Library Board. He added that reports he had received from the Board indicate that they have both performed their services well. He said he did not know which Councilman had appointed Mr. Ashley. Councilman Fuller said that he did.

Councilman Fuller said that Mr. Ashley was a neighbor of his. He said Mr. Ashley lives with his mother, who is 95 years old or so, and that he had taught history and literature at Baylor for 35 or 40 years. He added that Mr. Ashley is interested in serving and has made a contribution and wants to continue making a contribution to this community.

Judge Moore agreed that both had served well from the reports he has had.)

County Judge - Hamilton County

Dear Judge Moore:

This is to advise that the terms of two members of the Board of Directors expire June 30, 1978. They are O. Roy Ashley and Jean M. Logan.

Mr. Ashley was appointed in February 1976 to succeed James Williamson whose term expired June 30, 1975. His attendance has been good and he brings to the Board a valuable experience from his background in the educational field. He has indicated that he is interested in continuing his work with the Board, and we would certainly approve his reappointment.

Mr. Logan was appointed in February 1976 to succeed Vernon Miller whose term expired June 30, 1975. He is currently serving as Vice Chairman. He attends the meetings when not away on business and has made a contribution from his wide business experience, especially during our building program. We have not been able to reach him to determine if he is interested in continuing to work with the Board.

We are unsure how Board appointments will be handled under the new organization.

We shall leave to your wise counsel the decision of these appointments.

Please be advised that Board policy stipulates staff appointments exclude members of the families of the Board of Directors and administrative staff. This information is given in the event an appointee is considered who has a relative on our staff. This would present a conflict of interest and make a difficult situation for a supervisor.

Thank you for your interest in the Library.

Sincerely yours.

(Judge Moore explained that the standard grade limitation is 15% and any variance must be approved by the Council. Raymond Proctor, County Engineer, stated that these variances were satisfactory to the Engineer's Office.)

Judge Moore stated that this completed the regular agenda and asked if there were any delegations to appear before the Council on matters other than zoning.

Gene Drakeford, City Manager for the City of East Ridge, stated that he was present at the Council meeting on behalf of East Ridge because he was under the impression that two Resolutions concerning East Ridge would be on the agenda today. He said one Resolution was relative to East Ridge's contract with the County for use of the Birchwood landfill and the other concerned a piece of land East Ridge was deeding to the County, a piece of land that Mr. Proctor and his crews had determined was satisfactory for a transfer station. He said that these apparently were not on the agenda for today.

Judge Moore said that they would be on the agenda for the next Council meeting. Mr. Drakeford said with the Council's permission he would return for that meeting. He said that he hoped the gentlemen on the Council would accept these Resolutions and thanked the Council.

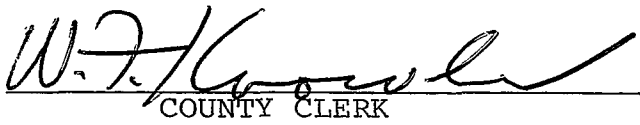

Councilman Fuller asked Mr. Proctor if he had the Resolutions. Mr. Proctor said that he did not get them until Thursday and then had given them to Don Loftis of Community Development. Mr. Loftis told Mr. Drakeford he was sorry that they had not been ready in time for this Council meeting. Judge Moore noted that the Signal Mountain contract would also be on the agenda for the next meeting.

Mr. Coy Hodge appeared before the Council, stating that he was the petitioner who had asked for the rezoning of his property for a trailer (Resolution 778-1). Judge Moore told Mr. Hodge that his property was rezoned as he had requested.

RESOLUTION

NO. 778-13

TITLE AN AMENDED REQUEST FOR REZONING FROM AGRICULTURAL DISTRICT TO APARTMENT-TOWNHOUSE DISTRICT A TRACT OF LAND LOCATED E OF THE 6300 BLOCK OF HIXSON PIKE AND MORE PARTICULARLY DESCRIBED AS FOLLOWS: BEGINNING AT A POINT SOME 400' SE OF HIXSON PIKE AND 145' NE OF BIG RIDGE ROAD, SAID POINT BEING THE NW CORNER OF THE SHARPE PROPERTY AND EXTENDING NE 447' TO THE S LINE OF THE PAINTER TRACT, THENCE SE, ALONG THE S LINE OF THE PAINTER TRACT, 1112', THENCE SW 280', THENCE NW 1100' TO THE POINT OF BEGINNING, THE LAST 364.23' BEING ALONG THE N LINE OF THE SHARPE PROPERTY.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

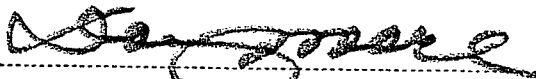

WHEREAS, David H. Gray and James Houser petitioned The Chattanooga-Hamilton County Regional Planning Commission to amend a request for rezoning from Agricultural District to Apartment-Townhouse District a tract of land located E of the 6300 Block of Hixson Pike, and said Planning Commission after hearing, recommended that this amended petition not be approved; and

WHEREAS, David H. Gray and James Houser requested that the County Council consider said petition and notice has been published in a newspaper in general circulation in Hamilton County that the County Council will hold a public hearing on July 19, 1978, concerning the passage of this Resolution as required by law, and such hearing having been held.

NOW, THEREFORE, BE IT RESOLVED, BY THE COUNTY COUNCIL OF HAMILTON COUNTY, TENNESSEE, IN SESSION ASSEMBLED: That the zoning regulations of Hamilton County ~~be~~ be amended to rezone an amended request for rezoning from Agricultural District to Apartment-Townhouse District a tract of land located E of the 6300 Block of Hixson Pike and more particularly described as follows: Beginning at a point some 400' SE of Hixson Pike and 145' NE of Big Ridge Road, said point being the NW corner of the Sharpe property and extending NE 447' to the S line of the Painter tract, thence SE, along the S line of the Painter tract, 1112', thence SW 280', thence NW 1100' to the point of beginning, the last 364.23' being along the N line of the Sharpe property.

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

ON MOTION of Councilman Fuller, seconded by Councilman Long, to adopt the foregoing Resolution, overriding the Planning Commission's recommendation, and rezoning the property to apartment-townhouse district. The foregoing Resolution was unanimously Adopted on a Roll Call vote, with the following members of the County Council being present and voting as follows: Councilman Fuller, "Aye"; Councilman Long, "Aye"; Councilman Mayfield, "Aye"; Councilman Penley, "Aye"; and Judge Moore, "Aye". Total present-5. Absent-0.

Judge Moore stated that the Planning Commission had recommended denial of this petition and there was no opposition to this request at the hearing. (The County Council heard this petition on May 24, 1978, and referred it back to the Planning Commission to be amended.)

Judge Moore asked John Preston of the Planning Commission if slides were available on this property. Barry Bennett of the Planning Commission showed the slides. Mr. Bennett said the amendment on this application was for a Planned Unit Development which reduced the number of apartments.

Mr. Jerry Houser, one of the developers, said that since the last Council meeting, they had done a great deal of research and made some changes. He said they had done work on the septic system and this has been approved now as more than adequate. He said that the area needs the apartments.

J U L Y T E R M 1 9 7 8

Mr. David Crockett said that he lives in the area and is the spokesman for the delegation that was present at the Council meeting today, and also speaks for an organization of a number of subdivisions that have over 1,000 families, subdivisions that run along Big Ridge Road, and include Valley Brook, Eagle Dr, and Hixson Pike. He said that they had presented a petition against strip commercial zoning. He said they had today a similar petition with over 1,000 names, and the petition was confined strictly to those who live in the area although quite a few people had expressed interest from Middle Valley and other close areas. Mr. Crockett said that on a map of the area a circle with a ½-mile radius would encompass those in this organization. He said the group was informed and had had meetings and discussions so that they would not be emotional. He said that they understand there are priorities but he wanted to make a few brief points. He said Judge Moore had heard these but he also wanted the Council to hear them.

Mr. Crockett said that this was an important zoning matter and he knew the Council had given it a lot of thought, and they know that it is a tough decision. He said that the Council had listened to their side and their primary argument relate to basic service: traffic, schools, and services such as fire service, etc., for the immediate area. He said there are a number of rezoning cases right now before the City Commission, the County Council, and the Planning Commission and there are others in the dream stage. He told the Council that what they decide today will set a direction for the future, and he added that their decision will have to be partly supported by city funds. He said the schools in that area are the most heavily impacted in Hamilton County and the City of Chattanooga. He said that in 1973 the Planning Commission had indicated that all schools were crowded with 860 in classrooms but as of last Friday, there were 1203, which was 45% growth. He said there is not enough money for the number of children and new schools can not come in time to help, that that area is the fastest-growing in Chattanooga. He said that there have been 600 units approved in 3 subdivisions.

J U L Y T E R M 1 9 7 8

He added that the traffic situation is well-known, that Thrasher Bridge is almost impassable and there were 1100 cars at the intersection of Hixson Pike and 153 during a traffic count in October and he added that seasonal traffic is heavier now. Mr. Crockett told the Council that since the last Council meeting Big Ridge Road had had 3 accidents, one involving a school bus. He said there had been one accident before the Planning Commission meeting involving a fire truck in which there was a fatality, and there had been 2 more accidents that night. He said that Big Ridge Road and Fairview are almost arterial roads and this apartment complex being planned would feed back into their neighborhood. He added that their subdivision has better roads than the County roads. He also said that a recommendation made in 1969 was that no further developments should be made until services are provided. He said more developments have been made with the understanding that services will be provided but they have not seen any of these services yet, with the exception of patching potholes. He said the school situation is worse and there has been no action by the city or county to support the growth. He said they always say these will be provided in the future but 4 years after annexation none have been provided.

Mr. Crockett said that they believe somewhere in the city there should be only single family homes, that they go to the trouble to drive 30 minutes to get to such a section. He said they are not saying that there should not be apartments, that some of these petitioners come from apartments, and their children have to go to schools and they have to drive on the roads. Mr. Crockett explained that they feel, as Mr. Fuller said in the last Council meeting, that these apartments should be planned. He said his group had had many meetings over the past few months and they would probably be back before the Council again, that their area is the fastest growing area and that half of the County's population will be in that area between now and 2000. He asked that they consider the problems of education, traffic, and basic services and that whatever is done is tied to a master plan, either the 1990 plan or some other plan. Mr. Crockett said they had requested at the last Council meeting that before any future rezoning matters are decided a specific study should be done. He said they don't want a snap decision. He said at the last Planning Commission meeting this was started and they feel input should be asked for from construction people and real estate people and that the entire community should have some say-so. He said this

J U L Y T E R M 1 9 7 8

is actually one individual at the expense of the entire community. He said the only merit for the apartment complex is that the sewage can be handled. He told the Council that his group was asking that the Council see this thing through and at the conclusion of the study see how the pieces fit and then make a decision on this and other apartments that are proposed. He said they will live with a decision that is made then but they feel that they have raised enough points and shown enough community concern to be granted this. (Mr. Crockett's speech was followed by prolonged applause from the assembled group.)

Judge Moore asked Mr. Crockett if his group was aware that the Council was issuing 7 million dollars in school bonds that would help to answer some of the problems. Mr. Crockett said they did know this.

Judge Moore asked if anyone else was present in opposition.

Mr. Houser said that Mr. Crockett said that 1000 had signed the petition within $\frac{1}{2}$ mile radius, but $\frac{1}{2}$ mile radius would not even include Hidden Harbor. He added that as far as schools were concerned, that there were 3 that children could go to--Alpine Crest, Red Bank Jr. and Red Bank High, and that this was the County system, a better system, that according to national testing they average 1.5 years ahead. He said that he was planning to take his daughter out of Hixson to go to Alpine Crest. He said the only apartments he knows of are Lakeshore and they are not even close. Mr. Houser said he knew the traffic was a problem but he had never known of a 4 lane highway being built and then the area developed. He added that of the apartments he was to build, 75% are 1 bedroom and the other 25% 2 bedroom and there would be less children per acre than regular housing would bring. He said that fixing the roads was mentioned but this could not be done with the property only paying \$150 a year in taxes. Mr. Houser said that all their facts just didn't hold up.

Mr. Crockett told Mr. Houser that the adjacent property owners signatures are on another petition. Mr. Houser said there could not be 1000. Judge Moore told the two men he would not allow a running debate. Judge Moore told the Council that since the Planning Commission had recommended that this petition be denied, any action to overturn the Planning Commission's decision would require 4 votes.

J U L Y T E R M 1 9 7 8

Councilman Fuller asked Mr. Houser how many apartments he had started with and how many there were to be now. Mr. Houser said originally there were to be 150 (not the 610 that were mentioned on the petition Mr. Crockett's group had) and the number is now down to 134. Councilman Mayfield asked how many of the apartments were 1 bedroom and Mr. Houser repeated 75% were. Councilman Mayfield stated that Mr. Crockett does an excellent job. He asked Mr. Preston if the traffic would be on Hixson Pike and Mr. Preston said that it would.

Councilman Fuller told the assembled delegation that he stood yesterday where they stand today, and that he won one and lost one. He said that it is a difficult "gut" decision. He added that 95% of the decisions the Council must make are relatively easy but the other 5% are the kind that get you cut up. He told the delegation that he recognizes their problem, but also recognizes that the traffic on the bridge is unrelated to their problem. Mr. Fuller told them that the County does need the tax revenue if they are to provide schools and roads. He added that in this case this is a local builder, as opposed to Creek's Bend ("an out-of-town builder put up that wreck"). He said this builder is someone who lives in the community and is interested in the community. Councilman Fuller said that he had been out there to see the site. He said this is a difficult problem and that it is difficult to sit there in front of that group and vote in opposition to them.

Councilman Mayfield said that he wanted to make a comment in line with what Councilman Fuller said. He said that he can see the long-range concern and would assure the delegation that he intends to assess each rezoning matter individually to be sure they are not opening up Pandora's box. He said that he travels Hixson Pike daily and that area particularly outside the city limits are in an economically depressed area. Councilman Mayfield said that they are going to have to face up to some of these things and he hoped they understood.

It was discovered that part of the body of the Resolution had been taken from a similar resolution involving Erlanger and Judge Moore said that this would be corrected on the original resolution. Councilman Fuller asked if the rest of the resolution was correct and Judge Moore stated that it was, that it would only be necessary to strike the first "WHEREAS."

(Note: This was done on resolution filed in CCC office - BCK).

RESOLUTION

NO. 778-28

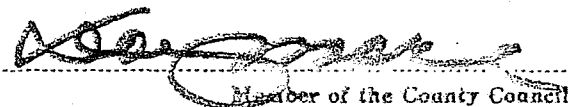

TITLE A RESOLUTION TO EXTEND COVERAGE OF BOILER AND MACHINERY INSURANCE FROM APRIL, 1978 TO APRIL, 1979.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, THE COUNTY COUNCIL IN SESSION ASSEMBLED: RESOLVES TO EXTEND THE COVERAGE OF BOILER AND MACHINERY INSURANCE WITH HARTFORD STEAM BOILER AND MACHINERY INSURANCE CO. FROM APRIL, 1978 UNTIL APRIL, 1979; WITH THE COST OF SAID INSURANCE TOTALING \$7,890.00.

BE IT FURTHER RESOLVED THAT THIS RESOLUTION TAKE EFFECT FROM AND AFTER ITS PASSAGE, THE PUBLIC WELFARE REQUIRING IT.

(According to Jim Farley of Purchasing, these were the lowest and best bids.

Councilman Fuller asked what these would encompass. Judge Moore stated that ball fields, tennis courts, and parking areas would be included. Councilman Mayfield added that later on a fire hall would be built on Standifer Gap Road. Judge Moore said this resolution did not include the fire hall, that had already been authorized. He said that the difference in costs on these two was labor, that one would require considerable work. He added that the one at Middle Valley would be in addition to the recreation area already there. Councilman Mayfield asked if the County had an understanding with them on supervision and use. Judge Moore said that 4 ball fields are already in use with games going on until 11 p.m. at night and they need space for more teams. He added that these will not be ready in time for use this year but will be ready for next year, as will the tennis courts.

Councilman Fuller asked if these would be used only by County residents. Judge Moore said since every one in the County is a County resident, he supposed that would be true. Councilman Fuller noted there was quite a bit of difference in the bids. Councilman Fuller asked that the record show he did not mean the tennis courts should only be used by County residents, but that County residents should have priority.)

(Mr. Farley stated that originally they had thought that Glenn Automotive Paint and Supply Co.'s bid met specifications but it was discovered that that particular machine was not a dual machine and therefore did not meet specifications.

Councilman Fuller asked if Barry Ryan of Auto Parts Warehouse met specifications. Mr. Farley said their machine was only single spin as well, and the specifications were for dual.)

STATE OF TENNESSEE

COUNTY OF HAMILTON

AGREEMENT

WHEREAS, the County of Hamilton, hereinafter referred to as "County", and the City of East Ridge, hereinafter referred to as "City", both governmental entities being located within Hamilton County, Tennessee, and both desirous of entering into this Agreement for the purpose of providing improved solid waste handling and disposal for the benefit of the citizens they jointly serve, DO HEREBY AGREE AS FOLLOWS:

SECTION ONE. Each party acknowledges that all of the terms and provisions of this agreement are contingent in their effect upon the approval of a grant application by the Appalachian Regional Commission which application was submitted by said County following authorization thereof by the governing body of said County on May 4th, 1977, through the Farmers Home Administration for the development of solid waste transfer stations, including a proposed location within the municipal boundaries of the City aforesaid.

SECTION TWO. Either party hereto may rescind and otherwise terminate this Agreement at any time, providing, however, that thirty (30) days written notice is first given the other party.

SECTION THREE. The City will convey to said County title in fee simple determinable, as defined below, said title being to property located within the municipal boundaries of said City and which property is suitable, in the opinion of the Hamilton County Director of the Department of Public Works and Highways, for the construction and operation of a Solid Waste Transfer Station and which also has a current appraised market value of no less than five thousand dollars. (\$5,000.00).

SECTION FOUR. The title as mentioned hereinabove shall include a clause which stipulates that if, for any reason, this agreement or subsequent agreements related hereto, should be cancelled, rescinded or otherwise terminated, then said County will reconvey said property to said City upon payment by said City to said County of the full and complete cost of any improvements made by said County upon said property, reduced or increased according to then-current factors of depreciation or appreciation, whichever the case may be at said time, provided said payment by the City to the County is made within one hundred and twenty (120) days from date of the notice of said cancellation, rescision or termination.

SECTION FIVE. The County will construct one Solid Waste Transfer Station upon the property referred to hereinabove, the operation and maintenance of which shall be sole and complete responsibility of the City.

SECTION SIX. The City will operate and maintain said Transfer Station in a manner which is acceptable to State and Federal regulatory agencies and the government of said County.

SECTION SEVEN. The City shall have complete authority regarding the daily operation of said Station, including the establishment of hours of operation, the collection of fees and the designation of users, subject to the provisions of Section hereinafter.

J U L Y T E R M 1 9 7 8

SECTION EIGHT. The County will maintain compactor-type vehicles and will be responsible for the operation and maintenance of County vehicles which are involved in the transportation of solid waste from the said Station.

SECTION NINE. The County will assume possession and control over all solid waste at the said Station after such waste is loaded properly into the aforementioned compactor-type vehicles.

SECTION TEN. The City will reimburse the County in the amount of Four Dollars and Fifty Cents (\$4.50) per ton of solid waste which is removed from the said Transfer Station, this cost to be determined according to scale weights as recorded at the Hamilton County Landfill Site.

SECTION ELEVEN. This Agreement will be renegotiated annually and renewed thereafter, it being expressly understood that the cost amount per ton, as set forth in Section Ten hereinabove, shall be subject to annual adjustment so as to accurately reflect cost factors experienced by said County in the removal and burial of solid waste from the said Transfer Station.

(Judge Moore said this has been discussed with Gene Drakeford, East Ridge City Manager, that the resolution was not correct at first because there was no time period for notice of cancellation and there should have been a 120 day period of time for cancellation in the agreement so that if this agreement does not work out there will be a time limit during which East Ridge would have to pay the County for the improvements made to the property. Judge Moore said East Ridge City Commission had already approved the agreement without the recision clause so it was explained to Mr. Drakeford that the East Ridge City Commission would need to approve the changed resolution.)

Consideration of a variance for Mr. J. C. Schenck and a possible resolution:

Judge Moore stated that this matter had been under consideration for some time, concerning a private road. The matter was referred to the Planning Commission. Judge Moore stated that it was similar to the Hinkle case.

Ron Littlefield of the Planning Commission stated that he was in sympathy with the situation but did not see a way to offer relief. He said that it was similar to Teague and Starnes. Mr. Littlefield said that subdivision regulations require that all lots are on public roads and zoning regulations limit the issuance of building permits to lots on publicly accepted lots except in Planned Unit Developments and this does not meet those requirements. Mr. Littlefield said that he had discussed with Mr. Henniss and County Engineer Proctor the possibility of providing different means to allow the issuance of a building permit providing the County could assess the property owners for costs at a later date. He said Mr. Proctor thought the County had this power. Mr. Littlefield said that Mr. Schenck had asked the building inspector to issue a permit and he said he could not. He said that according to the building ordinances, if an applicant disagrees he can go to the Board of Appeals. Mr. Littlefield said that he discovered in talking with Mr. Henniss that what is being requested is a variance but what it really is is an exemption. Mr. Littlefield explained that a variance implies difficulty with the land that does not allow a person to meet specifications but Mr. Schenck has the land to construct a road but this would be very expensive. Mr. Littlefield said he realized he was not giving the Council much guidance.

Councilman Mayfield asked about the Starnes case. Mr. Littlefield said in the Starnes case it was decided that a building permit could be issued based on evidence that an easement had existed for some years but in this case (Schenck) no easement had existed.

Councilman Mayfield noted that the Council had been "hassling" with this matter for some time. Mr. Littlefield said that Mr. Schenck owns property all the way to the road and the main provision is a requirement that the lot front on a public road. Councilman Fuller asked how this was tied to other cases in which someone brings a road up to standards and the County takes it over. Mr. Littlefield said it was similar.

J U L Y T E R M 1 9 7 8

Councilman Mayfield said the Hinkle case kept coming to his mind, but Mr. Schenck did not impress him as being a person that would come back. He asked Mr. Preston how long it was between the Hinkle visits. Mr. Preston said less than a year. Councilman Fuller asked if they granted this and 50 years from now (when he was still on the Council), it could be brought up again. Councilman Mayfield said he did not see how the Council in good conscience could say no to Mr. Schenck.

Mr. Littlefield said that in Mr. Hinkle's case a small planned Unit Development was created, but was not called as such. He said he felt Mr. Schenck should have the same privilege and proceed with a simplified PUD plan. He said he had no doubt that Mr. Schenck was a man of his word. However, he said there are some lots within this piece of property that are owned by another party so they could not be sure that the same owners would remain.

Councilman Mayfield said this was true in the Hinkle case also. He said that he would move that whatever procedure was handled in the Hinkle case should be followed in the Schenck case.

Mr. Littlefield said this would not finally resolve it, that there would have to be a road agreement and this would come back to the Planning Commission. Councilman Mayfield asked on what basis. Mr. Littlefield said this would be a document to be approved by the Planning Commission and County Council.

Councilman Mayfield said they should authorize Mr. Henniss to draw up and execute whatever is necessary.

Councilman Fuller asked Mr. Schenck if there would be any problem with a private road and Mr. Schenck said there would not be.

Judge Moore asked Mr. Mayfield if his motion was to follow whatever was required in the Hinkle case, a private road agreement and a lot arrangement. Mr. Mayfield said that was right.

ON MOTION of Councilman Mayfield, seconded by Councilman Fuller, to follow the procedure in the Schenck case that was followed in the Hinkle case, a private road agreement and a lot arrangement, that these documents be prepared by the appropriate authority before the issuance of a building permit. The foregoing Motion was unanimously Adopted by Acclamation. Total present-5. Absent-0.

J U L Y T E R M 1 9 7 8

Mr. Teague appeared before the Council stating that he has the same situation they are talking about (for him and his two boys) and that he has been since February trying to get a building permit. Judge Moore said that he had talked with Mr. Teague about this and has talked to the Planning Commission.

Mr. Littlefield stated that Mr. Teague is situated on property that is an easement. He said that it is a private road that is a "public way" and there would be no way to bring the road up to County standards. Mr. Littlefield said that Mr. Teague had been very patient with them but this is not the same situation and Mr. Proctor does not believe it would be practical. Mr. Littlefield said Mr. Teague is hampered by several regulations: one cannot subdivide unless on a public road; his property is not zoned for mobile homes on individual lots. Mr. Littlefield said this is probably one of the most complicated problems that he has had to deal with but he can see no way of doing this unless somehow the road is brought up to County standards or with the provision of a special assessment so that if the road needs to become a County road the property owners could be assessed.

Judge Moore noted that Mr. Teague sets back quite a bit from the road. Mr. Teague said that there were 9 houses on the property.

Councilman Fuller said that he had talked with Mr. Littlefield, Mr. Jobe and Senator Baker, and there are 3 or 4 different barriers. He said you get past one and then find something else; he said he had tried to help but ran into a blind alley.

Councilman Mayfield suggested that this matter be referred to Mr. Henniss so that he and Mr. Littlefield can discuss it and then give the Council a letter telling them the legal status.

Mr. Teague explained that he had one trailer and his son got married and got a trailer and now cannot put it on the property. He said that his son works for the County. He said they moved the trailer onto the property when the ground was frozen but cannot get the electricity hooked up. Councilman Fuller wondered if they could hook up when the Power Board turned its head. Mr. Teague said it was hooked to a different meter but the Power Board found out about it (he claimed Mr. Jobe had it done) and turned off the power.

Judge Moore said this was not capable of a resolution today.

Mr. Littlefield said the Teague situation is unique but if it is determined that the County has the power to assess the property owners as necessary to construct a road the problem might be resolved or would be easier.

Judge Moore stated that until the Council has answer to the legal problems, there is not much they can do.

Mr. Teague said that someone had moved a double-wide onto the property and drilled a well which messed up his well.

Mr. Littlefield said that double-wides are considered "modular homes" which is why that property could be rezoned. He said that it seems unfair but that's the way it is. He said that a person is entitled to one building permit on the old road and Mr. Teague had already received his one, and then in the process of subdividing to put more trailers on the property he ran into trouble. Mr. Teague said he just wished someone would go out and see the situation. Judge Moore asked if he wanted to subdivide the property. Mr. Teague explained that when he bought the property 4 years ago, it was to put trailers on and the power company put in 4 poles. Councilman Fuller asked if he could put the two trailers together and call it a double-wide? Mr. Teague said the other trailer could not be taken out until next winter because it had to be moved when the ground was frozen to get it across the swamp.

Councilman Mayfield said that first things had to come first, that before they could consider it, Mr. Teague would have to go through the process of subdividing. Mr. Littlefield said that the key is the lack of access to a public road. Judge Moore suggested that they look into working out a way to a similar solution for the Starnes case, where there was 75 acres that could not be subdivided into two 37-acre tracts. He said it seemed ridiculous that a person could not be allowed to build on property of 37½ acres, that something was wrong with this. He said that it takes the wisdom of Solomon. Judge Moore suggested that Mr. Littlefield should look into this with Mr. Henniss to work out some solution to help Mr. Teague. He added that they cannot make exception after exception. He asked if this was agreeable to the Council. Councilman Mayfield said this would be fine if Mr. Littlefield and Mr. Henniss would proceed. Councilman Fuller wondered if they could cheat without being dishonest.

Councilman Mayfield noted that Mr. Clyde Tucker was present on a matter other than an item not on the agenda.

Mr. Tucker stated that he lives on Munger Road between Highway 58 and Snow Hill. He said that the residents of that area have human waste in their well water and they cannot seem to find anyone to help them, and this had been going on for 30 days. He said that they had been having to carry water and 25-30 gallons of water every day are heavy. Mr. Tucker said that they had been to the Health Department and then to the Technical Laboratories and had a report on water from the Lees who live next to him and they say there is human waste in the water.

Judge Moore asked what the Council could do. Mr. Tucker said that a septic tank had been put in without a permit and without inspection. Councilman Mayfield suggested that the matter be referred to Mr. Henniss.

Mr. Tucker said that someone from the Health Department came out last Friday and inspected his well. He said reports showed they had had bad water 3 weeks in a row. Mr. Tucker said he had tried several times to talk to the doctor at the Health Department and could not get him. Councilman Mayfield asked who at the Health Department. Mr. Tucker said Dr. Wooley, that every time he called him he was out of town, or sick, or just not in. He said after he had tried so long to get the Health Department he just carried the water to the lab himself and paid for it. He added that his water is bad and the Lee's water is bad.

Councilman Mayfield asked Dr. Failing of the Health Department if the normal procedure was not to take your well water to the Health Department to be tested. Dr. Failing said that it was, and that 3 out of 4 wells tested are bad, about 75%. He said they try to tell people not to drink the water but they just love it. He added that the lab cannot check for viruses. Dr. Failing said the Green's water that was checked was negative, but Tucker's, Lee's, and Munger's were positive. Mr. Tucker said that Mr. Green's well was way out by the street and it was his son that had put in the septic tank. He said he put it in on Saturday and covered it up Sunday and had no building permit and it was not inspected. Mr. Tucker said that Mr. Jobe knows this and that the property is not zoned for a trailer.

ON MOTION of Councilman Mayfield, seconded by Councilman Fuller, to refer this matter to the County Attorney so that he can check the facts and determine the illegality of what is going on. The foregoing Motion was unanimously Adopted by Acclamation. Total present-5. Absent-0.

Mr. Greg Varner stated that he was representing workers from the Highway Department. He said that they wanted the full Council to hear the many grievances they have. He said that they feel that hiring policies are set up and then not followed through and that the pay scale is unfair. They also feel that the merit system has been abused. He stated that truck drivers may make from \$3.50 up to \$5.00 an hour for doing the same job. He said that the way the pay scale is set up it conflicts with equal pay for equal work.

Councilman Mayfield asked how long he had worked with the County. Mr. Varner said he had been with them 4 years. He started at \$3.65 an hour and said that it is awfully hard to make a living, that the starting salary is now below that. He said that he makes \$4.54 an hour now.

Judge Moore noted that Mr. Varner had had raises.

Mr. Varner said that a lot of men who work with him have not. He said another problem is that the last raise that was given was a 2% raise which he did not get although a lot of the men making \$4.54 an hour did. He said the personnel office said the 2% raise was to bring them up to minimum pay, but some that got the raises made \$5 or \$6 an hour. Mr. Varner also said that there is constant controversy over the time-keeping. He said his last pay check was \$8.00 short and that this happens with regularity. He said that it is a hard situation to handle and they were asking for some action by the Council to rectify these matters. He repeated that they feel the merit system has been abused. He said that his supervisor had said that grades don't mean a thing, that the grading system had been changed because word came down from the Courthouse.

Judge Moore said that the forms had changed.

Mr. Varner said another matter of contention was the dress code. He said the workers dress neatly but because of the kind of work they do, working with hot tar, etc., they cannot dress too well and this counts off on grading. He said that the grades are juggled so that they show between 74 and 80.

J U L Y T E R M 1 9 7 8

Mr. Varner said the men do a good job, because if they did not the County would get rid of them. He added that they deserve fair pay.

Judge Moore asked Mr. Varner if he wanted a pay cut, since he was asking equal pay and some of those doing the same job he does do not make as much. Mr. Varner said he felt everybody should have a raise if entitled to it.

Mr. John Dolly said he wanted to comment on the merit system. He said a man working there for 20 years did not make top pay. He said before they can work to top pay they are retired.

Judge Moore pointed out if they made top pay they would never get another raise.

Mr. Varner said they hoped the Council would take an interest. He said morale at Silverdale is at an all-time low. He said that salaries for drivers are far below the national average of \$5.50 per hour, that they have to have raises.

Councilman Fuller said that he had been out there and if the number of phone calls he has had are any indication there must be something wrong with the time-keeping system. He wondered if County Auditor Don Downey or Mr. Browder could help correct this.

Mr. Danny Combs stated that the man who keeps the time cheated him out of 8 hours. Councilman Mayfield asked his name. Mr. Combs said the man was Mr. Long. He said his foreman made Mr. Long put it back.

Councilman Fuller said he had had instances where the supervisors had backed the employees up. He asked if Mr. Long would answer to Mr. Proctor. Mr. Varner said that Mr. Long was directly under Mr. Bishoff. He said this had been going on for 4 years.

Mr. Dolly said that the group present today represented all the men with the Highway Department. He said that everybody was concerned with the working conditions. He said that they feel there should be equal pay for equal work.

Judge Moore asked if he meant with adjustment upward only.

Mr. Varner said he did not see why other workers all got a 2% raise and he did not get a penny, making \$4.54.

Judge Moore explained that the only adjustments were to get the employees on a step in salary grade. He said in January there was the minimum wage increase and although the County is not covered by Federal wage regulations, in order to compete on the job market, they must pay the minimum. So the minimum wage was increased May 1 for budgetary reasons.

J U L Y T E R M 1 9 7 8

Mr. Varner said that nearly everyone got an increase of 2%, those at the top of the grade as well, not just the minimum. Judge Moore said it had nothing to do with percentages.

Councilman Mayfield wondered if the number of miles of roads the County has now warranted the number of employees the County has.

Mr. Varner said that the County is leasing 4 tandems at \$20 an hour 5 days a week, that they are paying outside truck drivers more than County employees. He said there is a great deal of work for them to do, that they work at schools, build parking lots, etc., that the Highway Department is overworked. He said there may be a shortage of roads but there is plenty to do. He said the men are not paid in an equal manner and they would like to see something done.

Mr. Carl Waddell said he had worked for the County for 5 years. He said at first there were 3 different pay scales but there are now 50 different pay scales, anywhere from \$3.20 to \$5.00 for the same thing. He said if you can do the job you should make the same pay.

Judge Moore explained that the grades depend on how long a person is with the County, that those with the County longer are paid more. Several of the men said this was not necessarily so.

Mr. James Gross said that he was a truck driver who had been with the County for 2 years, starting at \$3.54 an hour and is not making any more now.

Judge Moore told the men they would look into this. Mr. Varner asked if they could arrange a meeting at Silverdale. He said if they would get a print-out of the salaries they would find proof and be convinced. Judge Moore said that he knew the men were paid differently, because that is the system. He said this is true of all the County, employees are paid according to longevity. He said that preferential treatment is not given. Mr. Varner said that others get raises under the table. He said one man that does not drive a truck was making more but was cut back. He said they would like Judge Moore and the Council members to come out and look into this matter.

Judge Moore said the men would only be satisfied when everybody made the same salary. Mr. Varner said they felt they should get what they are entitled to. Judge Moore said if everybody was raised to the top, a lot of positions would have to be stopped, that there are just x number of dollars, just so much money.

Mr. Varner said the highway department is important, that everybody

J U L Y T E R M 1 9 7 8

travels the roads. Judge Moore said that you can't say one part is more important than another, all parts were important. He said if Mr. Knowles, for instance, raised everybody to the highest level of pay in his office, it would not be practical. Mr. Varner said that was how it was done before. Judge Moore said he understood that was what Mr. Varner would like to see but they could spend 30 minutes talking about that and not resolve it, that the Council has other important matters to consider. He said that the Council would look into this but he was not telling them that they would scrap the entire system.

Mr. Varner asked if they had his assurance of a meeting at Silverdale. Judge Moore said he did not, that he didn't tell him he would come to Silverdale. He said if there are mistakes in timekeeping and inequalities in longevity, these should be looked into and corrected.

Mr. Orvis Shell, Jr. said that one thing that should be brought up is that maintenance gets time and a half and others don't.

Mr. Stafford said the Council could go out and check the records to see who is working overtime. He said some of the men don't even come in to punch out, that someone else does it for them.

Mr. Dolly asked when they would hear something from the Council. Judge Moore said that they would have to have some time to check, not a time limit, but they would work as quickly as they could. Councilman Fuller noted that Mr. Varner speaks well on his feet, and he suggested that Mr. Varner write out in questions or statements the individual things the men brought up at this meeting and give to the Council for discussion one on one. Mr. Varner said that was a capitol idea. He said there is so much going on, that they really need a total reorganization so the men will know. He said if the Council members could come out and get together with the men they would be convinced that some of the things that happen are unfair, that they would see it in black and white. Mr. Varner said they were willing to compromise and they appreciated the Council's cooperation.

Councilman Mayfield asked the Council to request Don Downey and Coy Browder to assess the County's situation in the Highway Department and give a projection of future needs in manpower over the next 12 months. Councilman Long said they might need to cut back. Councilman Mayfield said it would seem that they must be top heavy because the County used to have 1100 miles of road.

J U L Y T E R M 1 9 7 8

Judge Moore said they now have 680 miles. Councilman Mayfield said while they are making one study they can make another and maybe resolve the problem. Judge Moore said he has traveled the roads and seen personnel sitting under trees. Councilman Mayfield said he found a Red Wing man under a shade tree and he was not being paid any longer. Judge Moore asked if there were any objections to Councilman Mayfield's suggestion.

Mr. Browder asked what the Council wanted him to do. Judge Moore said that Mr. Browder and Mr. Downey should make a detailed investigation of the projected needs of manpower in the highway department for the next 12 months and report back to the Council so it will be possible to see if the work is increasing or decreasing. Councilman Mayfield said the County now had some 20-ton trucks, and Mr. Knowles said he wanted the County to abide by the new law (concerning truck weights).

RESOLUTION

NO. 778-32

TITLE RESOLUTION PROVIDING THE DETAILS OF \$7,000,000 SCHOOL BONDS, SERIES 1978, OF HAMILTON COUNTY, TENNESSEE, AUTHORIZING AND DIRECTING THE SALE THEREOF, AND LEVYING TAXES FOR THE PAYMENT THEREOF.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, by Sections 49-701 to 49-720, inclusive, Tennessee Code Annotated, counties are authorized through their respective governing bodies to issue and sell bonds of said counties for school purposes; and

WHEREAS, it appears that the educational requirements of Hamilton County (the "county") require the purchase of sites for school buildings and erecting, repairing, furnishing and equipping school buildings in and for said county:

NOW, THEREFORE, BE IT RESOLVED BY THE COUNTY COUNCIL OF HAMILTON COUNTY, TENNESSEE, IN SESSION ASSEMBLED:

Section 1. For the purpose of purchasing sites for school buildings and erecting, repairing, furnishing and equipping school buildings in and for the county, there shall be borrowed the sum of \$7,000,000 and the bonds of the county shall be issued therefor. Said bonds shall be designated "School Bonds, Series 1978," shall be dated August 1, 1978, shall be of \$5,000 denomination each, shall be numbered 1 to 1400, inclusive, and shall mature serially on August 1 of each of the years 1979 to 1998, inclusive, as follows:

<u>Year</u>	<u>Amount</u>	<u>Bond Numbers</u>	<u>Year</u>	<u>Amount</u>	<u>Bond Numbers</u>
1979	\$350,000	1-70	1989	\$350,000	701-770

1981	350,000	141-210	1991	350,000	841-910
1982	350,000	211-280	1992	350,000	911-980
1983	350,000	281-350	1993	350,000	981-1050
1984	350,000	351-420	1994	350,000	1051-1120
1985	350,000	421-490	1995	350,000	1121-1190
1986	350,000	491-560	1996	350,000	1191-1260
1987	350,000	561-630	1997	350,000	1261-1330
1988	350,000	631-700	1998	350,000	1331-1400

Bonds maturing on and after August 1, 1989, shall be subject to redemption prior to maturity at the option of the County as a whole, or in part in inverse order of maturity and within any maturity by lot, on August 1, 1988 and on any interest payment date thereafter, at redemption prices (expressed as percentages of principal amount) in accordance with the following schedule plus accrued interest to the redemption date:

<u>Date of Redemption</u>	<u>Redemption Price</u>
August 1, 1988 through February 1, 1991	103
August 1, 1991 through February 1, 1994	102
August 1, 1994 through February 1, 1997	101
August 1, 1997 and thereafter	100

Notice of intended redemption shall be given through the publication of an appropriate notice at least once in a financial newspaper or journal published in New York, New York or Chicago, Illinois, and in a newspaper of general circulation in the county, and by registered or certified mail to the bank or banks at which the bonds are payable. All such redemption notices shall be given not less than 30 nor more than 180 days prior to the date fixed for redemption.

Each of said bonds shall be signed by the County Judge with his manual signature and countersigned by the County Court Clerk with his facsimile signature under the seal of the county or a facsimile thereof. Said bonds shall bear interest at a rate or rates not exceeding seven and one half per cent (7 1/2%) per annum to be determined at the time of sale thereof, such interest being payable semiannually on the first day of February and August of each year, commencing on February 1, 1979. Interest shall be evidenced by coupons attached to each of said bonds bearing the facsimile signatures of said County Judge and County Court Clerk. Said bonds and coupons shall be payable at Manufacturers Hanover Trust Company, New York, New York, or at American National Bank and Trust Company of Chattanooga, Chattanooga, Tennessee, or at First Tennessee Bank-N. A. Chattanooga, Chattanooga, Tennessee, or at Pioneer Bank, Chattanooga, Tennessee, or at United Bank of Chattanooga, Chattanooga, Tennessee, or at Commerce Union Bank, Chattanooga, Tennessee or at East Ridge City Bank, Chattanooga, Tennessee, at the option of the holder.

Section 2. Said Bonds and coupons shall be in substantially the following form, the omissions to be appropriately completed when the bonds are printed:

Notice of intended redemption shall be given through the publication of an appropriate notice at least once in a financial newspaper or journal published in New York, New York, or Chicago, Illinois, and in a newspaper of general circulation in the county, and by registered or certified mail to the bank or banks at which the bonds are payable. All such redemption notices shall be given not less than 30 nor more than 180 days prior to the date fixed for redemption.

This bond is one of an issue of bonds aggregating the principal amount of \$7,000,000 issued for the purpose of purchasing sites for school buildings and erecting, repairing, furnishing and equipping school buildings pursuant to the provisions of Sections 49-701 to 49-720, inclusive, Tennessee Code Annotated and a resolution adopted by the County Council of the County on July 19, 1978.

It is hereby certified, recited and declared that all acts, conditions and things required to be done, exist, happen and be performed precedent to and in the issuance of this bond have been done, have existed, have happened and have been performed in regular form and manner as required by the constitution and statutes of said state; that the indebtedness of said county, including this bond, does not exceed any constitutional or statutory limitation; and that provision has been made for the levy and collection of a direct annual tax, in addition to all other taxes, on all taxable property in said county sufficient to pay the interest hereon as the same falls due and for the payment of the principal hereof at maturity.

Neither the principal nor the interest on this bond shall be taxed by the State of Tennessee or by any county or municipality therein.

IN WITNESS WHEREOF, Hamilton County, Tennessee, through its County Council, has caused this bond to be signed by its County Judge with his manual signature and countersigned by its County Court Clerk with his facsimile signature under the seal of the county or a facsimile thereof, and the coupons attached to this bond to bear the facsimile signatures of said County Judge and County Court Clerk as of the first day of August, 1978.

Section 3. For the purpose of providing funds with which to pay the interest accruing on said bonds and the principal thereof at maturity there shall be and there is hereby levied upon all taxable property in the county, in addition to all other taxes, a direct annual tax for each of the years while said bonds or any of them, shall be outstanding, in amounts sufficient for that purpose. Principal and interest falling due at any time when there shall be insufficient funds on hand from such tax levy shall be paid from the current funds of the county and reimbursement therefor shall be made out of the taxes hereby provided to be levied when the same shall have been collected.

Section 4. The bonds shall be sold at public sale to the highest bidder by the County Judge in the manner prescribed by Section 49-709, Tennessee Code Annotated. Said bonds may be sold as a whole, or in part from time to time as may be determined by said official. None of said bonds shall be sold for less than par and accrued interest to date of delivery, provided that the necessary expense in the issuance and sale of said bonds shall be paid from the proceeds of the sale. The action of the County Judge in consummating such sale or sales and fixing the interest rate or rates on the bonds in accordance with this resolution and the bid accepted shall be binding on the county and this County Council, and no further action shall be necessary in relation thereto.

Notice of any such sale shall be published in The Bond Buyer, a financial newspaper published in New York, New York and in a newspaper published in and having general circulation in the county.

Section 5. The bonds shall be printed and executed as soon as may be after the sale thereof and thereupon shall be delivered to the purchasers thereof upon receipt by the County Trustee of the County of the agreed purchase price. The proceeds of said bonds shall be deposited in a special fund and used solely for the purpose for which the bonds were authorized. The principal proceeds of the sale of the bonds shall be devoted to and used with due diligence for the completion of the facilities for which the bonds are hereby authorized to be issued. The County Council represents and certifies that:

(1) the county has heretofore incurred (or expects within six months after delivery of the bonds to incur) a substantial binding obligation with respect to said facilities; said binding obligation consisting of a binding obligation to third parties for such items as architects' or engineers' fees, land acquisition costs or site development, in the amount of not less than 2-1/2% of the estimated total cost of said facilities;

(2) the County Council expects that over 85% of the spendable proceeds of the bonds (including investment proceeds) will be expended on or before August 1, 1981, for the purpose of paying the cost of said facilities, said date being within three years following the date of issue of the bonds;

(3) work on the said facilities is expected to proceed with due diligence to completion;

(4) said facilities have not been and are not expected to be sold or otherwise disposed of in whole or in part prior to the last maturity of said bonds;

(5) all of the principal proceeds of the bonds are needed for the purpose stated in the form of bond above set out, including expenses incidental to such purpose and to the issuance of the bonds; and

(6) to the best of the knowledge and belief of the County Council there are no facts, estimates or circumstances that would materially change the conclusions and representations set out in this section.

The County Council also certifies and further covenants with the purchasers and holders of the bonds from time to time outstanding that so long as any of the bonds remain outstanding, moneys on deposit in any fund or account in connection with the bonds, whether or not such moneys were derived from the proceeds of the sale of the bonds or from any other source, will not be used in a manner which will cause the bonds to be "arbitrage bonds" within the meaning of Section 103(c) of the Internal Revenue Code of 1954, as amended, and any lawful regulations promulgated or proposed thereunder, including Sections 1.103-13 and 1.103-14 of the Income Tax Regulations (26 CFR Part 1), as the same presently exist, or may from time to time hereafter be amended, supplemented or revised. The County Council reserves the right, however, to make any investment of such moneys permitted by state law if, when and to the extent that said Section 103(c) or regulations promulgated thereunder shall be repealed or relaxed or shall be held void by final decision of a court of competent jurisdiction, but only if any investment made by virtue of such repeal, relaxation or decision would not, in the opinion of counsel of recognized competence in such matters, result in making the interest on said bonds subject to federal income taxation.

Section 6. If any section, paragraph or provision of this resolution shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such section, paragraph or provision shall not affect any of the remaining provisions of this resolution.

Section 7. It is recognized that because of constitutional amendment and implementing legislation certain changes in county government will become effective as of September 1, 1978. To that end the respective successors to the County Council, the County Judge and the County Court Clerk shall, after such date, perform all duties of such officers and such body hereunder.

Section 8. All resolutions in conflict herewith are hereby repealed to the extent of such conflict, and this resolution shall take effect from and after its passage.

Adopted and approved this 19th day of July, 1978.

RESOLUTION

NO. 778-31

TITLE PROVIDING THE DETAILS OF \$9,000,000.00 GENERAL IMPROVEMENT BONDS, SERIES 1978, OF HAMILTON COUNTY, TENNESSEE, AUTHORIZING AND DIRECTING THE SALE THEREOF, AND LEVYING TAXES FOR THE PAYMENT THEREOF.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, this County Council did on June 30, 1978, adopt an initial resolution pursuant to the provisions of Sections 5-1019 to 5-1030, inclusive, Tennessee Code Annotated (the "Act"), authorizing the issuance of \$9,000,000.00 bonds of Hamilton County (the "County") for the purpose of paying the cost of improving and equipping parks, repairing, equipping and improving the county courthouse and courthouse annex buildings housing administrative offices of said county, constructing, extending and improving roads, construction and equipping a county workhouse and constructing and equipping an addition to the Hamilton County Nursing Home, including all property real and personal, appurtenant thereto or connected with such projects; and

WHEREAS, the nursing home of Hamilton County constitutes a public building as referred to in Section 5-1020(a) of the Act; and

WHEREAS, it is now necessary and advisable that proceedings be taken so as to provide the details of said bonds, to authorize and direct the sale of said bonds and to levy taxes to meet the principal and interest thereon as the same fall due;

NOW THEREFORE, Be It Resolved by the County Council of Hamilton County, Tennessee, as follows:

Section 1. The bonds authorized by the initial resolution adopted on June 30, 1978, and referred to in the preamble hereto shall be sold and issued in the principal amount of \$9,000,000.00, shall be designated "General Improvement Bonds, Series 1978," shall be dated August 1, 1978, shall be of \$5,000 denomination each, shall be numbered 1 to 1800, inclusive, and shall mature serially on August 1 of each of the years 1979 to 1998, inclusive, as follows:

(5) all of the principal proceeds of the bonds are needed for the purpose stated in the form of bond above set out, including expenses incidental to such purpose and to the issuance of the bonds; and

(6) to the best of the knowledge and belief of the County Council there are no facts, estimates or circumstances that would materially change the conclusions and representations set out in this section.

The County Council also certifies and further covenants with the purchasers and holders of the bonds from time to time outstanding that so long as any of the bonds remain outstanding, moneys on deposit in any fund or account in connection with the bonds, whether or not such moneys were derived from the proceeds of the sale of the bonds or from any other

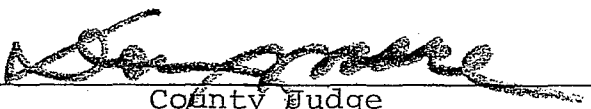

source, will not be used in a manner which will cause the bonds to be "arbitrage bonds" within the meaning of Section 103(c) of the Internal Revenue Code of 1954, as amended, and any lawful regulations promulgated or proposed thereunder, including Sections 1.103-13 and 1.103-14 of the Income Tax Regulations (26 CFR Part 1), as the same presently exist, or may from time to time hereafter be amended, supplemented or revised. The County Council reserves the right, however, to make any investment of such moneys permitted by state law if, when and to the extent that said Section 103(c) or regulations promulgated thereunder shall be repealed or relaxed or shall be held void by final decision of a court of competent jurisdiction, but only if any investment made by virtue of such repeal, relaxation of decision would not, in the opinion of counsel of recognized competence in such matters, result in making the interest on said bonds subject to federal income taxation.

Section 6. If any section, paragraph or provision of this resolution shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such section, paragraph or provision shall not affect any of the remaining provisions of this resolution.

Section 7. It is recognized that because of constitutional amendment and implementing legislation certain changes in county government will become effective as of September 1, 1978. To that end the respective successors to the County Council, the County Judge and the County Court Clerk shall, after such date, perform all duties of such officers and such body hereunder.

Section 8. All resolutions in conflict herewith are hereby repealed to the extent of such conflict, and this resolution shall take effect from and after its passage.

Adopted and approved this 19th day of July, 1978.

RESOLUTION

NO. 878-16

TITLE - WELCOMING THE ARRIVAL OF JENNIFER KAY PAULEY

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, Betty Sue (Susie) Pauley, deputy County Court Clerk, is now a proud mother, and

WHEREAS, Susie has resigned her position in the Clerk's Guardianship Division to provide love and care to little Jennifer Kay, and

WHEREAS, she has been an efficient and helpful worker, and

WHEREAS, her performance in maintaining the Court records in the County Judge's Office as well as keeping the official records of the County Council and County Court, and

WHEREAS, the Hamilton County Council appreciates the work of Mrs. Pauley as well as her desire to provide a Christian home to her chosen daughter.

NOW BE IT THEREFORE RESOLVED that the Council in session assembled offer congratulations and best wishes to Mr. and Mrs. Lacey Pauley on this momentous occasion.

(Chairman Fuller said if there were no objections, there was someone present at the meeting who might not want to stay for the entire meeting so he would like to read Resolution 878-16 first. He asked Susie Pauley to bring Jennifer up.

Mrs. Pauley thanked the Council for this honor and said that she had so enjoyed her work with the Council (as an employee of the Guardian Division of the County Court Clerk Mrs. Pauley had the responsibility of keeping the official records of the County Council) that she wanted Jennifer to come to the Council meeting to see the Councilmen.

Councilman Mayfield said that his kids were going to be upset, that they had never even been invited to a meeting.)

ON MOTION of Councilman Long, seconded by Councilman Penley, the foregoing Resolution was unanimously Adopted by Acclamation. Total present-4. Absent-1.

(Chairman Fuller stated that the Planning Commission had recommended approval of this petition and Winston Moore was present in opposition, stating that he had to build a retaining wall to keep his back yard from washing away. Chairman Fuller asked if anyone was present today in opposition. Mr. Moore was present. Mr. Moore stated that it was in the minutes what he had said. He said that the statement that the sons of the lady the property is being purchased from had already agreed to buy a total of 15 lots was not true, that his neighbor is one of the sons and he has not bought a lot. He said as a matter of fact the son said if the property is rezoned he will sell his property and move. Mr. Moore said that this will simply not be feasible, that after every rain he has to haul chert and sand out of his back yard. He added that now the lot is grown up in vegetation but will be much worse if field lines are dug.

Chairman Fuller asked John Preston of the Planning Commission to show slides of the property. Barry Bennett did so, showing that the property in the area is predominantly single family residences.

Chairman Fuller asked if anyone was present from Olympic Home Builders; there was no one. Councilman Penley noted that the slides of the property did not look that steep. Mr. Moore told the Council that the slides do not show the actual terrain; that the property is much steeper than it seems. He added that the slides show a view from the street and that his house is not shown at all. He said that it would cost a fortune to put in sewers. He said the bank behind his house reminds him of cuts in the freeway where water seeps on the road. He also said that as far as he knew no member of the Planning Commission had even looked at the property. Mr. Preston said obviously someone took the pictures.

Councilman Mayfield told Mr. Moore if there should be problems relating to field lines, etc., the Health Department and the County Engineer would investigate and Mr. Moore would have legal recourse if trouble developed.)

RESOLUTION

NO. 878-9

TITLE A RESOLUTION TO AMEND RESOLUTION 276-3 RELATING TO ARCHITECTURAL SERVICES FOR THE REMODELING OF THE COUNTY COURTHOUSE.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, this Council authorized the employment of Selmon T. Franklin Associates, Architects, to provide the architectural and planning services for the remodeling of the County Courthouse by Resolution No. 276-3; and

WHEREAS, the fee for architectural services were based upon 6% of construction cost, but much of the construction has been and will continue to be by County personnel which forces an assumption of what a private contractor would have charged to do the same work as the basis for the 6% fee, and said assumption is susceptible of wide-ranging and indeterminate estimates which may result in either severe underpayment or overpayment for the architect's services; and

WHEREAS, the architect and the County agree that a fairer method of compensation under these circumstances is on a time/cost basis.

NOW, THEREFORE, BE IT RESOLVED BY THIS COUNTY COUNCIL IN SESSION ASSEMBLED: That the method of compensation of said architect for this project shall be on a time/cost basis to be fairest to both the architect and the County, and to that extent Resolution No. 276-3 is hereby amended.

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

RECEIVED

HAMILTON COUNTY
JUDGES OFFICE

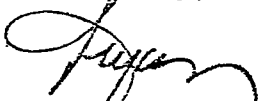

Dear Judge Moore:

Attached is our Invoice for architectural services to date. We are continuing to bill you on a time basis because of the nature of the project and we are enclosing a copy of our computer print-out for review.

You will recall we reviewed with you in January of 1978, some of the problems as related to the project and our fee. Problems such as several revisions of the master plan, many revisions of working drawings and specifications, rebidding and construction by County forces, makes it impossible for us to do this work on a 6% basis.

Most jobs of this nature with many tenants and changes involved, where separate contracts are desirable and especially where remodeling is involved, we believe the billing on time/cost basis is fairest for all concerned and we hope this is acceptable to you.

Sincerely,

Rufus D. Holt

RESOLUTION

NO. 276-3

TITLE A RESOLUTION TO AUTHORIZE THE COUNTY JUDGE TO ENTER INTO, EXECUTE AND PAY CERTAIN SUMS UNDER AN AGREEMENT FOR THE PROVISION OF ARCHITECTURAL AND CONSULTANT SERVICES TOWARD REMODELING THE COUNTY COURTHOUSE.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, due to vacancies that will occur when the Criminal Courts, the Attorney General, the Criminal Court Clerk, and the Criminal Division of the Court of General Sessions of Hamilton County move to the new Justice Building; and

WHEREAS, a prerequisite step to such remodeling involves engaging the services of a competent and professional architectural firm;

NOW, THEREFORE, BE IT RESOLVED, BY THIS COUNTY COUNCIL, IN SESSION ASSEMBLED: That the County Judge is hereby authorized to enter into and execute the attached agreement, said agreement being herein incorporated by reference, for the purpose of securing architectural and planning services toward a master plan for the utilization and remodeling of the County Courthouse, and that said sums as are required in said agreement are hereby appropriated therefor.

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

RE: MASTER PLAN
HAMILTON COUNTY COURTHOUSE

DEAR JUDGE MOORE:

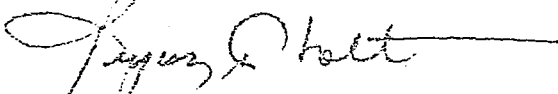

WE GREATLY APPRECIATE AN OPPORTUNITY TO PRESENT OUR PROPOSAL FOR PREPARING A MASTER PLAN FOR THE UTILIZATION OF HAMILTON COUNTY COURTHOUSE.

THIS JOB PRESENTS AN ARCHITECTURAL CHALLENGE AND IS A JOB IN WHICH WE HAVE MUCH INTEREST. WE HAVE A COMPETENT STAFF OF 21 PEOPLE AND OUR WORK LOAD WILL ALLOW US TO START THE PROJECT UPON APPROVAL.

AS YOU KNOW WE HAVE BEEN THE ARCHITECTS FOR ALL THE PREVIOUS WORK AT THE COURTHOUSE AND HAVE IN OUR FILES ALL WORKING DRAWINGS, INCLUDING THE ORIGINAL DRAWINGS MADE IN 1911.

WE HOPE YOU WILL ALLOW US THE OPPORTUNITY TO WORK FOR YOU AND THE HAMILTON COUNTY COUNCIL ON THIS PROJECT.

RESOLUTION

NO. 878-10

TITLE A RESOLUTION TO ENTER INTO AND EXECUTE A GRANT AGREEMENT WITH THE TENNESSEE DEPARTMENT OF PUBLIC HEALTH, DIVISION OF FAMILY PLANNING ON BEHALF OF THE CHATTANOOGA-HAMILTON COUNTY HEALTH DEPARTMENT.

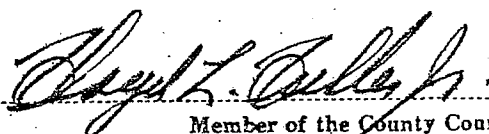

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, the Chattanooga-Hamilton County Health Department has successfully maintained a Family Planning Program during the past and desires to continue same in a coordinated, countywide project in conjunction with the Division of Family Planning of the Tennessee Department of Public Health; and

WHEREAS, toward the abovementioned end, a Grant Agreement (a true and accurate copy of which is on file in the Office of the County Judge and is available there for public inspection during normal business hours, this Agreement being hereby incorporated herein by reference thereto as though fully and completely copied herein verbatim) has been prepared which would provide funding to the said County Health Department for the operation of the said Planning Program upon certain terms and conditions of mutual benefit to the signatories thereto;

NOW, THEREFORE, BE IT RESOLVED BY THIS COUNTY COUNCIL IN SESSION ASSEMBLED: That the County Judge is hereby authorized to enter into and execute the aforementioned and incorporated Grant Agreement with the Tennessee Department of Public Health on behalf of the Chattanooga-Hamilton County Health Department for the purposes hereinabove stated; and

A U G U S T T E R M 1 9 7 8

CONTRACT

THIS AGREEMENT is entered into this 1st day of July, 1978, between THE TENNESSEE DEPARTMENT OF PUBLIC HEALTH, DIVISION OF FAMILY PLANNING SERVICES, hereinafter referred to as the Department, and THE CHATTANOOGA-HAMILTON COUNTY HEALTH DEPARTMENT hereinafter referred to as the Contractor.

W I T N E S S E T H

WHEREAS, it is the desire of the above agencies to continue to maintain the Chattanooga-Hamilton County Health Department Family Planning Program with headquarters in the Chattanooga-Hamilton County Health Department, 921 East Third Street, Chattanooga, to coordinate and implement this county-wide medical services program, and

WHEREAS, the Contractor has experience and expertise in matters relating to Family Planning in Hamilton County, and

WHEREAS, the Contractor is unable to finance in entirety the expenses for providing all of the necessary facilities and personnel for the purpose of conducting a comprehensive family planning contraceptive program, and

WHEREAS, a Federal grant has been made available to the Department through the Department of Health, Education and Welfare for financing this program effective from July 1, 1978 through June 30, 1979, and

WHEREAS, an intra-departmental contract has been made available between the Division of Family Planning Services and Medicaid for financing this program effective from July 1, 1978 through June 30, 1979, and

WHEREAS, an inter-departmental contract has been made available between the Department and the Tennessee Department of Human Services for Title XX funds to finance this program from July 1, 1978 through June 30, 1979,

NOW THEREFORE, the parties hereto agree to the following:

I. THE CONTRACTOR AGREES:

- A. To conduct the program as a functional part of the Tennessee State Plan for Family Planning Services in compliance with medical and operational standards and guidelines mandated by Region IV, Health, Education and Welfare and the Tennessee Department of Public Health.
- B. To conduct the program as a functional part of the Southeast Regional Plan for Family Planning Services in keeping with objectives established by provider agencies and consumers of services within the region and approved by the Department and Region IV, Health, Education and Welfare for funding.
- C. To operate family planning services in Hamilton County as described in the Contractor's proposal which includes that the Contractor will have a patient load of 4,000 active contraceptors by June 30, 1979.
- D. To perform services in accordance with objectives in Exhibit A.
- E. To maintain and furnish to the Department such financial and statistical records, reports, and expenditures relating to funds paid under this contract on a monthly basis in a format and detail stipulated by the Department within thirty (30) days after the close of the month. Said financial and statistical records and reports shall be so maintained as to be subject to periodic audit by the appropriate state and federal auditors. The books, records and documentation of the Contractor,

A U G U S T T E R M 1 9 7 8

insofar as they relate to work performed or money received under this grant, shall be maintained for a period of three full years from the date of the final payment. In the case of a multi-funded Contractor, the records shall be maintained at no less than those recommended in the Uniform Accounting Manual for Development Districts of Tennessee, published by the Comptroller of the Treasury, State of Tennessee.

- F. To obtain approval from the Department and the appropriate federal agency of any budget revision in accordance with federal regulations.
- G. To provide notification to the Department of any budget revision prior to the submittal of expenditure reports reflecting said revision.
- H. To obtain prior approval from the Department of any program and/or budget revision which would alter objectives and accomplishments of the Contractor. This would ensure a sufficient basis for program evaluation by the Department.
- I. To obtain prior approval for any assignments of this contract or sub-contracts for any of the work described herein.
- J. To conduct procurement procedures for supplies, equipment or other bidable items to assure a system of maximum open and free competition based upon performance specifications which do not unduly restrict competition. Any items of equipment purchased for fifty dollars (\$50.00) or more shall be in accordance with the attached budget and subject to prior approval of the Department. Title to the equipment shall remain with the Department. It is further agreed that the Contractor shall mail copies of vendor invoices, indicating serial numbers, of such equipment to: Tennessee Department of Public Health, Property and Procurement (Inventory), 255 Cordell Hull Building, Nashville, Tennessee 37219.

Reimbursement for the cost of procuring goods, materials or services shall be subject to the Contractor's compliance with applicable federal procurement requirements.

The determination of costs shall be governed by the cost principles set forth in Title 41 of the Code of Federal Regulations, Subpart 1-15.2 through Subpart 1-15.8, relative to public contracts and property management.

Contracts for goods and services negotiated by the State or the Department may be utilized by the Department's Contractors. Reimbursement for the purchase of goods or services by a Contractor shall be limited to the established State or Department contract price.

- K. The Contractor shall cause to be performed, in accordance with auditing standards prescribed by the Comptroller of the Treasury, State of Tennessee, an audit of all program(s) funded by this contract; provided, however, that any contract for such audit shall be subject to prior approval of the Comptroller of the Treasury of the State of Tennessee, and must be submitted on the standard Contract to Audit Accounts form published by the said Comptroller of the Treasury. Said audit may include and be combined with an audit of other programs of the Contractor, and the existence of more than one contract between the Contractor and any agency of the State of Tennessee shall not necessitate more than one audit of the Contractor's programs to be performed every two years.
- L. To submit quarterly progress reports to the Department within thirty (30) days after the close of the quarter explaining activities related to the accomplishment of objectives. The Contractor may use this progress report to propose objective revisions for the Department's approval.

A U G U S T T E R M 1 9 7 8

- M. To submit or report on a quarterly basis, to the Department, all third party earnings; such earnings must be utilized before other funding sources are tapped.
- N. To pay family planning personnel in agreement with the Contractor's approved Merit System and job specifications at a level which is the same as the level on which comparable employees of the Contractor are to be paid and to otherwise provide the same level of employee benefits to family planning personnel as are provided to other employees of the Contractor. It is understood that the Contractor shall maintain appropriate personnel records, i.e., time, attendance, leave, etc., for review by the Department or other appropriate agency.

II. THE DEPARTMENT AGREES:

- A. To reimburse the Contractor, subject to the availability of State and Federal funds, on a reimbursable/estimated needs basis, a maximum of \$276,265 during a twelve-month period in accordance with the Budget of the Project which is attached and incorporated herein as a part of this contract (Exhibit B.)

Of this amount, \$119,382 must be revenue generated from third party reimbursement sources. Failure to earn at the anticipated level will automatically reduce the amount of funds payable to the Contractor by the unearned amount.

Contractor may request a fund advance based upon supporting information submitted to and approved by the Department's Director of Accounts.

- B. To extend to the Contractor the option to re-budget and expend all excess revenue earned through third party reimbursement sources prior to the ending of the twelve-month period through contract amend-

ment procedures. This option is viable provided the Contractor will accomplish program objectives by the conclusion of the grant period.

- C. To make payment to the Contractor on a monthly basis, as determined on the basis of a monthly certified statement of expenditures/estimated needs submitted by the Contractor. Such statement must be itemized in accordance with the approved budget with listings on a monthly basis showing total expenditures less matching fund portion (must be at least ten percent for all funds except Medicaid).
- D. To monitor and evaluate the objectives for delivery of services and to provide the Contractor with monthly patient and revenue data to assist them in statistical and financial reporting.

III. COMPENSATION/REIMBURSEMENT

The Contractor shall submit expenditure/estimated needs reports in the format stipulated (Exhibit C) to the Department on a monthly basis, within thirty (30) days after the close of the month. At the close of the contract period, a final annual expenditure report shall be submitted by the Contractor to the Department no later than thirty (30) days after the close of the year.

If the amount of funds paid to the Contractor exceeds the total actual expenditures of the Contractor, the excess shall be returned to the Department after the final annual expenditure report has been submitted. Any underpayment by the Department shall be reimbursed to the Contractor upon receipt of certified expenditure reports denoting the underpayment. Reimbursement to the Contractor by the Department will not exceed the amount stipulated in the contract agreement.

IV. TERMS AND PROVISIONS

The Term of the agreement will begin on the 1st day of July, 1978 and shall extend through the 30th of June, 1979 subject to the availability of state and/or federal funds to finance the same in accordance with the contract.

A U G U S T T E R M 1 9 7 8

The Contractor warrants that no part of the total contract amount provided herein shall be paid directly or indirectly to any officer or employee of the State of Tennessee, as wages, compensation, or gifts, for acting as officer, employee, agent, subcontractor, or consultant to the Contractor in connection with any work contemplated or performed relative to the Contract.

Compensation to the Contractor for travel, meals and/or lodging shall be in the amount of actual cost to the Contractor, subject to maximum amounts and limitations specified in the State Comprehensive Travel Regulations, as they may be from time to time amended.

No person on the ground of handicap, race, color, religion, sex, or national origin, will be excluded from participation in, or be denied benefits of, or be otherwise subjected to discrimination in the performance of this contract, or in the employment practices of the Contractor. The Contractor shall upon request show proof of such non-discrimination and shall post in conspicuous places, available to all employees and applicants, notices of non-discrimination.

This Contract shall be modified by mutual agreement in writing setting forth amendments specifically, and subject to approval and signatures affixed to this document.

This Contract shall be terminated for cause by either party upon thirty (30) days prior notice in writing to the other party. Failure of the Contractor to perform stated activities, submit statistical and financial reports on a timely basis or to expend funds in accordance with the condition of this contract shall be sufficient cause for termination of this Contract by the Department. In that event, the Contractor shall be entitled to receive just and equitable compensation for any satisfactory authorized work completed as of the termination date.

A U G U S T T E R M 1 9 7 8

This Contract shall be governed by the laws of the State of Tennessee, as interpreted by the Attorney General of the State.

This Contract is not binding upon either party until approved and signed by the Tennessee Commissioner of Finance and Administration.

RESOLUTION

NO. 878-17

TITLE A RESOLUTION AMENDING RESOLUTION 675-6 AND THE RESOLUTION OF AUGUST 21, 1974, RELATING TO THE FIXING OF THE COMPENSATION OF THE COUNTY JUDGE OF HAMILTON COUNTY, BECAUSE OF THE LEGISLATIVE CHANGE IN DUTIES OF THE COUNTY JUDGE EFFECTIVE SEPTEMBER 1, 1978, AND PROVIDING EMPLOYEES AND OFFICES THEREFOR.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, the General Assembly of the State of Tennessee has altered the form of government in Hamilton County beginning September 1, 1978; and

WHEREAS, the County Judge of Hamilton County, according to the new governmental form, will no longer be the fiscal agent for Hamilton County effective September 1, 1978; and

WHEREAS, part of the salary of the said County Judge was based upon his duties as fiscal agent, which duties will be wholly replaced by judicial duties;

NOW, THEREFORE, BE IT RESOLVED, BY THIS COUNTY COUNCIL IN SESSION ASSEMBLED: That the portions of the Resolutions of August 21, 1974, as amended by Resolution 675-6 relating to the fixing of the compensation of the County Judge is hereby amended to provide that, effective September 1, 1978, the base, or total, salary of the County Judge, as provided therein, shall be payable bi-weekly as compensation for the judicial services of the County Judge in the performance of the judicial jurisdiction and authority conferred by Senate Bill 2529 (House Bill 2578) being Chapter 934 of the Tennessee Public Acts of 1978, and the judicial authority otherwise conferred by law, and that no part of said salary shall be for compensation of the County Judge as fiscal agent.

BE IT FURTHER RESOLVED, that the County Judge shall be provided a Court Officer at the same compensation as the Court Officer's of the State Courts operating in Hamilton County and shall be provided a secretary, to be compensated as a Secretary III, each to serve at the pleasure of the County Judge, and shall be provided a uniformed Deputy Sheriff to serve the Court, as is the case for the State-paid judges.

BE IT FURTHER RESOLVED, that adequate and suitable quarters for the office of the Guardian Division of the County Clerk be provided on the third floor of the County Court; and the County Judge's secretary, the County Judge, and his courtroom and incidental quarters, facilities, materials, equipment and supplies, as may be required by the County Judge shall be provided on the third floor of the County Courthouse or Justice Building as the County Legislative Body may hereafter determine.

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

RESOLUTION

NO. 878-18

TITLE A RESOLUTION TO AUTHORIZE THE COUNTY JUDGE TO ENTER INTO AND EXECUTE AN ATTACHED AND INCORPORATED CONTRACT WITH THE TOWN OF SIGNAL MOUNTAIN RELATIVE TO UTILIZATION OF THE HAMILTON COUNTY SANITARY LANDFILL.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, the Town of Signal Mountain has heretofore been given the privilege and right to utilize the Hamilton County Sanitary Landfill under the terms and conditions set forth within contractual agreements; and

WHEREAS, said Town desires to enter into another similar contract with Hamilton County for the period of July 1, 1978, through June 30, 1979, upon the terms and conditions as set forth with a "Landfill Use Contract", a copy of which is attached hereto and incorporated herein by reference as though fully and completely copied verbatim herein.

NOW, THEREFORE, BE IT RESOLVED BY THIS COUNTY COUNCIL, IN SESSION ASSEMBLED: That the County Judge is hereby authorized to enter into and execute the attached and incorporated "Landfill Use Contract" with the Town of Signal Mountain upon the terms and conditions contained therein; and

Chairman Fuller said he noticed that Jim Turner was present and wanted to welcome him back. He said he hoped Mr. Turner had been enjoying himself in Florida, lolling on the beach. Councilman Mayfield said that Mr. Turner had been lolling on the operating table. Mr. Turner said that he was glad to be here, that he had decided to attend the last two meetings of the Council, that he understood it was a lame duck Council. He added that he had come to see his friend Susie (Pauley) and the Resolution concerning her but he had come too late and missed it.

Chairman Fuller asked if there were any delegations to appear before the Council. Councilman Mayfield noted that there had been several candidates present but they seemed to have left. Clerk Knowles said that he was a candidate. Councilman Mayfield predicted Mr. Knowles would win (Mr. Knowles is unopposed in the race for County Clerk).

Judge Moore stated that the minutes of the June 21, 1978 Council Meeting, in order to satisfy the requirements of the Bond Counsel, had to be amended to read, "Judge Moore stated that the Council would recess until June 30, 1978, at 9:30 A.M. for the budget sessions if there is no objection. There was no objection, so the Council recessed."

He said that this clarification had been approved by the various Council members but it was necessary to read this in order to incorporate this clarification for the Bond Counsel into the official Council Minutes.

(According to Judge Moore, the Planning Commission recommended approval of this petition and no one was present in opposition to the request. He asked if anyone was present at the meeting in opposition. Several people stood in opposition. Mr. Preston said that this rezoning was for a dress shop near Lakesite and there was no one present at the Planning Commission hearing in opposition so the Planning Commission recommended approval.

Councilman Fuller asked if the Planning Commission staff did not recommend denial? Mr. Preston said this was true, that they prefer to see commercial establishments at major intersections and this particular property is not near a commercial establishment. Councilman Fuller asked if that was the reason the people were here in opposition. Judge Moore asked if anyone in the group had anything else to offer.

Attorney Leon Davis was present, representing Mr. and Mrs. Eugene A. Reed. Mr. Davis said that there is commercial development within a short distance of the Reed's lot, property on both sides of the lot. He said they did not feel that this would be harmful and that in due time the total property will become commercial. He said that immediately beyond this property is a church and next to the church is commercial property. Mr. Davis said that he would encourage the Council to vote favorably for this rezoning. Mr. Davis showed the Council photographs of the property in question and the surrounding area.

Judge Moore asked if there was anyone in opposition who wished to speak? Mr. Richards, 8304 Oxford, stated that a sign had just been put up that changed Oxford to West Lakeside Circle and only then did they realize where the property was. He said that part of this property is a lot in a residential subdivision which is restricted to single family dwellings. Mr. Richards asked if that was the lot to be rezoned? Judge Moore said that was part of it. Mr. Preston said that it was really two lots and one is the subdivision lot. Mr. Richards pointed out that there is a dress shop within ¼ mile and he felt that another one there would cause his property to be devalued.

Mr. Davis repeated that he would encourage the Council to vote favorably on this, that he felt it would upgrade the property.)

RESOLUTION

NO. 878-31

TITLE A RESOLUTION AMENDING RESOLUTION 675-6 AND THE RESOLUTION OF AUGUST 21, 1974, RELATING TO THE FIXING OF THE COMPENSATION OF THE COUNTY JUDGE OF HAMILTON COUNTY, BECAUSE OF THE LEGISLATIVE CHANGE IN DUTIES OF THE COUNTY JUDGE EFFECTIVE SEPTEMBER 1, 1978, AND PROVIDING EMPLOYEES AND OFFICES THEREFOR.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, the General Assembly of the State of Tennessee has altered the form of government in Hamilton County beginning September 1, 1978; and

WHEREAS, the County Judge of Hamilton County, according to the new governmental form, will no longer be the fiscal agent for Hamilton County effective September 1, 1978; and

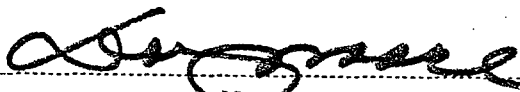

WHEREAS, part of the salary of the said County Judge was based upon his duties as fiscal agent, which duties will be wholly replaced by judicial duties;

NOW, THEREFORE, BE IT RESOLVED, BY THIS COUNTY COUNCIL IN SESSION ASSEMBLED: That the portions of the Resolutions of August 21, 1974, as amended by Resolution 675-6 relating to the fixing of the compensation of the County Judge is hereby amended to provide that, effective September 1, 1978, the base, or total, salary of the County Judge, as provided therein, shall be payable bi-weekly as compensation for the judicial services of the County Judge in the performance of the judicial jurisdiction and authority conferred by Senate Bill 2529 (House Bill 2578) being Chapter 934 of the Tennessee Public Acts of 1978, and the judicial authority otherwise conferred by law, and that no part of said salary shall be for compensation of the County Judge as fiscal agent.

BE IT FURTHER RESOLVED, that the County Judge shall be provided a Court Officer at the same compensation as the Court Officer's of the State Courts operating in Hamilton County and shall be provided a secretary, to be compensated as a Secretary III, each to serve at the pleasure of the County Judge, and shall be provided a uniformed Deputy Sheriff to serve the Court, as is the case for the State-paid judges.

BE IT FURTHER RESOLVED, that adequate and suitable quarters for the office of the Guardian Division of the County Clerk be provided on the third floor of the County Courthouse; and the County Judge's secretary, the County Judge, and his courtroom and incidental quarters, facilities, materials, equipment and supplies, as may be required by the County Judge shall be provided on the third floor of the County Courthouse in that space and adjacent area presently known as Room 304 and the two adjacent offices now connected therewith; or, in case of future need, such other equal, similar and suitable space on the third floor of the County Courthouse as the County Board of Commissioners may hereafter determine.

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

(Judge Moore said that this resolution is to complete what the Legislature had put into operation to take effect September 1, 1978. Judge Moore explained that in the resolution enacted prior to his taking office the pay was provided for judicial services and fiscal agent. He said that the Legislature has passed a new law effective Sept. 1, 1978, wherein Hamilton County has a County Executive who will assume the duties of fiscal agent. He added that they also passed a law prescribing additional judiciary duties for the County Judge. He said this resolution changes the term fiscal agent to judicial duties and keeps the compensation at the same level as set in August of 1974. He said that it also provides for a court room, some office space, as well as a secretary and a court officer. Judge Moore requested that this resolution be adopted by the Council.

Councilman Fuller noted that one part of the resolution stated that adequate and suitable quarters for the Guardian Division of the County Clerk's Office should be provided and asked if this had been agreed upon by the Clerk. Judge Moore told Mr. Fuller that suitable quarters had not been agreed upon as yet, that they are working on this with the architect. Clerk Knowles said that suitable quarters are not as yet available and will have to be provided before this is agreed to. Councilman Fuller asked if this would be on the second floor. Judge Moore said the office is now on the second floor. He said that they do a good job but do not have enough room. He added that the only other space now available is 4 feet longer than their room is now but not quite as wide. Clerk Knowles said that he had looked at this space and had concluded that it was not adequate. He said that the office will have an additional work load and will need more space. He added that he has talked to Mr. Holt (Rufus Holt, architect) and it will be after these discussions are held and arrangements are made before that division of his office will move.)

NO. 878-45

TITLE A RESOLUTION PAYING TRIBUTE TO WILLIAM O. HUBBUCH, PAST CHAIRMAN OF THE HAMILTON COUNTY NURSING HOME BOARD.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, we, the members of the Hamilton County Council, are taking this opportunity to publicly pay tribute to William O. Hubbuch regarding his eleven years of service on the Hamilton County Nursing Home Board; and

WHEREAS, Bill was appointed to the Board of Trustees of the Hamilton County Nursing Home on July 1, 1967, and served as its Chairman from July 1, 1975 to July 1, 1978; and

WHEREAS, Bill has been a positive influence in upgrading the physical plant and patient care services at the Nursing Home during his tenure of appointment; and

WHEREAS, in 1967, the Nursing Home consisted of a total of 454 beds, 240 of which were not licensed by the Tennessee Department of Public Health because they did not meet the minimum standards set forth by this regulatory but today consists of 660 beds, all of which are licensed by the state and certified by the United States Department of Health, Education and Welfare for participation in the Medicaid and Medicare Programs; and

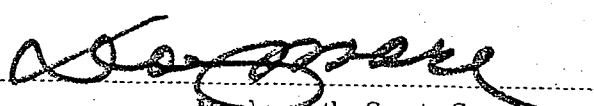

WHEREAS, other major improvements made at the Nursing Home since Bill's appointment to the Board have been:

- Addition of a new pharmacy in 1968,
 - Hiring of a full-time physician in 1969,
 - Renovation of the older buildings within the Nursing Home Complex including new furnishings and air conditioning in 1969,
 - Installation of a new sprinkler system in 1972,
 - Construction of a new 200-bed patient-care building in 1974,
 - Conversion of the dairy barn to a maintenance building in 1976,
- and
- Expansion of the dietary department from individual kitchens for each patient-care building to one central kitchen serving the entire Nursing Home complex in 1977.

NOW, THEREFORE, BE IT RESOLVED BY THIS COUNTY COUNCIL IN SOLEMN SESSION ASSEMBLED:

That we wish to take this opportunity to express our gratitude to Bill Hubbuch for his years of unselfish service to the Hamilton County Nursing Home Board and acknowledge that through his efforts, life has been made somewhat easier for our senior citizens in Hamilton County.

ON MOTION of Judge Moore, seconded by Councilman Mayfield, the foregoing Resolution was unanimously Adopted by Acclamation. Total present-5. Absent-0.

(Councilman Mayfield noted that Mr. Hubbuch had given an untold number of hours, working as a public servant, as a member of the Hamilton County Nursing Home Board. He added that, along with Duke Cage, if credit had to be given for the success of the nursing home it would go to one person, Bill Hubbuch.

Mr. Hubbuch said that he refused to accept all the credit.

Councilman Mayfield said he had said "if they had to."

Councilman Fuller said that he had worked fairly closely with the nursing home and from the amount of time Bill Hubbuch had put in he knew he was a dedicated man and hoped that Mr. Hubbuch would still work with the nursing home in an advisory capacity so that his capabilities, skill, and talents would be available.

Judge Moore said that he had never seen Bill (Hubbuch) at a loss for words. Councilman Mayfield said he was sure if Mr. Hubbuch was instructed to act as an advisory that he would do that.

Mr. Hubbuch said that he would like to urge the people in the new government to look after this institution. He added that it is the finest in Tennessee, perhaps in all the southeast. He said that there is still, however, a lot of progress to be made, that it is not perfect. He said they have a fine staff, working as a team taking care of people. He said that he would urge the county to keep looking after the home, to keep behind it and see that the necessities of life are given to people. He said that they have had fine cooperation from the Council and they are grateful for this. He said he did not want to take all the credit, that they have fine people out there. He thanked the Council.)

TITLE A RESOLUTION TO AUTHORIZE THE COUNTY JUDGE TO ENTER INTO A LEASE AGREEMENT WITH THE UNIVERSITY OF TENNESSEE AT CHATTANOOGA TO ADEQUATELY MEET THE NEEDS OF VARIOUS COUNTY FUNDED SERVICE AGENCIES THAT ARE IN NEED OF OFFICE SPACE TO OPERATE THEIR PROGRAMS EFFICIENTLY AND PROVIDE ADEQUATE PARKING FOR THEIR CLIENTS.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, various County funded service agencies are in need of adequate space for the efficient operation of their programs and adequate parking for their clients and;

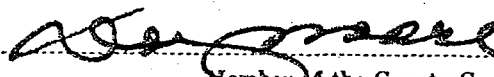

WHEREAS, the University of Tennessee at Chattanooga is in possession of the Fifth Street School which could be refurbished so as to meet the requirements of one or more County funded service agencies, and;

WHEREAS, the University of Tennessee at Chattanooga has agreed to a sub-lease arrangement with the County which could serve to meet the needs of the agencies for the near future;

ON MOTION of Judge Moore, seconded by Councilman Fuller, the foregoing Resolution was unanimously Adopted by Acclamation. Total present-5. Absent-0.

(Judge Moore stated that for some time the County had funded several agencies including Team Evaluation. He explained that Team, in order to meet the requirements imposed on them under guidelines, must get out of the basement of the building they now occupy. He said that UTC has agreed to sublease the old East Fifth Street School Building and will make quarters acceptable to Team and such others as might suitably be housed with them, perhaps one or two smaller County agencies. He said that the projection is \$250,000 to do the building but the amount of the contribution can be offset by the rental Team is now paying. He said the lease would be for 9 years, 10 years less the 6 months to determine the facilities needed and whether the County and UTC can agree and an additional 6 months for the work to be done. He added that the lease arrangement would revolve on a year to year basis for the 9 years that the Council would occupy the premises. He said that the building is centrally located and it is felt that Team is operating more and more in conjunction with UTC. Judge Moore explained that this does not commit anyone except to look at the building, then the gentlemen on the new County Commission will decide if it is desirable.

Councilman Fuller said that anyone who had seen the building would be acutely aware of the cost of repairs, that there is a lot of repair work to be done on the building. Judge Moore explained that this is not the front part of the building, just the back part. Councilman Fuller asked if it was the part facing 5th Street? Judge Moore said it was not, that that portion was inadequate for any use, that to make it usable would cost more than to build a new building. He explained that the remodeling would just involve the newer portion of the building.)

TITLE A RESOLUTION TO FIX THE COMPENSATION OF THE ASSESSOR OF PROPERTY BEGINNING SEPTEMBER 1, 1978.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, the Assessor of Property of Hamilton County has instituted a total new system of data processing of all property records in Hamilton County in cooperation with the Data Processing Division of the Department of Accounts and Budgets that has made the Assessor's Office one of the most modern in the entire State; and

WHEREAS, the said Assessor has acquired a high degree of technical skill and administrative ability and thus achieved a high degree of professional competence; and

WHEREAS, Tennessee Code Annotated 67-332 provides that the governing body of Hamilton County may from time to time fix the compensation of assessors as may, in their judgment, be necessary and proper to retain the service of assessors of professional competence;

NOW, THEREFORE, BE IT RESOLVED, BY THIS COUNTY COUNCIL IN SESSION ASSEMBLED: That the salary of the Assessor of Property of Hamilton County is hereby increased \$200.00 per month, payable bi-weekly in the same manner and at the same time as his regular compensation is payable, beginning September 1, 1978.

(Judge Moore stated that the Legislature has provided that the County Legislative Body can add to the compensation of the Assessor of Property in addition to the salary set by the court. He said that Mr. Trimble during the past 4 years has been extremely cooperative with Accounts and Budgets and with the County Auditor in bringing property rolls up to date. He explained that when Mr. Trimble was elected the property bills and records were being maintained by the City of Chattanooga on a computer and were not being updated. He added that these were old Honeycutt property rolls. He said that Mr. Trimble for two or three years has updated the property and today the information contained in them is accessible and as accurate as can be expected, probably equal to if not better than any in Tennessee. He said that for that reason, since the Court says compensation may be added to, he feels that it would be appropriate for this to be considered by the Council.)

Dear Mr. Browder:

As you know Hamilton County has recently released bid specifications for a new central processing unit, equivalent to an IBM 370/138, to replace an existing IBM system presently being utilized by the County's Data Processing Center.

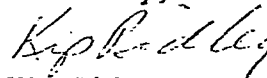

Sperry Univac respectfully requests that the bid deadline of July 24, 1978, be extended for a reasonable period of time so that we may more adequately respond with a proposal for a data processing system that will not only meet the County's present needs, but also satisfy more long range requirements.

There are several important considerations in asking for this extension. The bid was received on July 14, 1978, leaving six working days in which to respond. Sperry Univac cannot properly respond in this short period, nor does it allow sufficient time for Hamilton County to evaluate the best competitive alternatives.

We believe that a decision of this magnitude will have important long range implications, not only to your data processing department, but more importantly, to the services provided to the taxpayers of Hamilton County.

We would like to meet with you at your earliest convenience and discuss this important matter.

Sincerely,

Kip Ridley
Account Representative

Dear Mr. McFarland:

Please find the following answers to questions 1 through 17 with regard to our bid request for an IBM 370/138.

- 1) Proposed main memory is 512,000 positions.
- 2) The proposed system has the option of operating in a virtual environment.
- 3) The proposed equipment is IBM's latest announced product and is of current manufacturer.
- 4) Both the proposed equipment and its systems control program are manufactured and written by IBM.
- 5) Both the proposed equipment and its systems control program are capable of being maintained by IBM.
- 6) Comdisco is not making any performance claims for the proposed hardware, but many users are available to provide performance data.
- 7) If necessary, Comdisco will provide information to substantiate performance of the proposed equipment but not necessarily in the form of a full performance benchmark.
- 8) If necessary, Comdisco will provide information satisfactory to the County to substantiate performance of the proposed equipment but not necessarily in the form of a full performance benchmark.
- 9) All available features on the proposed equipment are as follows:
 - I Model - 512,000 bytes of memory
 - J Model - additional 512,000 bytes of memory
 - 1290 - Auto cell
 - 3274 - Direct control
 - 4640 - Integrated communication adapter

(According to Jim Farley of Purchasing, this is the lowest and best bid, meeting specifications.

Councilman Fuller stated that he had had discussions relative to this and had received a number of phone calls. He said that in view of all this, he was trying to look at it objectively. He added that considering the system the County presently has, there seems to be no alternative.

Judge Moore explained that the County has reached its limit on the present system. Director of Accounts and Budgets Coy Browder and County Auditor Don Downey both added that the County has outgrown the present equipment.

Councilman Mayfield noted that this ties in with Mr. Trimble's job and new equipment will enable him to do a better job.

Councilman Fuller stated that there were valid reasons for a totally new system but they were talking about the time that would put them behind and costs that the County could not live with.

Judge Moore stated that it was this present Council that had started the data processing and at the time they had elected to go with a system that was not the latest design but was the most cost efficient. He added that the County had probably gotten into data processing with the lowest cost of any other agency.)

WORK STATIONS, PANELS AND COMPONENTS

SHEET METAL: The sheet steel forming the various parts of the work shall be of the grade best suited to the individual work. In general, sheet steel shall be metallic furniture stock, cold or hot rolled re-annealed and full pickled or equivalent. All gauges shall be U. S. Standard.

FINISH: The steel parts shall be sent through a 3-stage automatic washing and phosphatizing machine where the metal is thoroughly washed to remove all dirt and oil and insure maximum efficiency in the application of the phosphate coating, which is subsequently sealed or set with a final chromic acid rinse, followed by complete drying in a dry-off oven to insure completely dried surface before paint application. When dry, the part shall receive a finish spray coat of high grade baking enamel and shall be baked for 10 minutes at a mean temperature of 350 degrees F.

PANELS: Panels shall be factory pre-assembled and finished. (See page WS-2) Panels shall consist of one built-up wood panel surrounded by a steel frame.

WOOD PANEL: The panel shall be constructed of 1/8" particle board on each side over a paper honeycomb core. The panels shall be covered or finished as required. Panels shall be 1-3/8" thick and of the proper height and width to fit the required metal perimeter frame.

STEEL FRAME: The steel frame for each panel shall consist of two metal uprights, one top channel, and one bottom channel. The metal upright shall be a 14 ga. "C" channel with a 2 1/2" cross section and four right angle bends. Each upright shall be perforated full height on each side with one row of rectangular slots 3/16"x1" in size, on 1 1/2" centers, to receive books, on shelf arms, desk supports, enclosed shelf units, and other components as required. The upright shall have a 3/4"x2" slot at the bottom to receive the slide-in leveling assembly, bottom corner assembly, bottom "T" assembly, or bottom "X" assembly. The bottom channel of the frame shall be 6" from the floor to allow for air circulation. It shall be 16 ga. steel and factory installed to the two uprights by means of two #10 sheet metal screws on each end. The top channel of the frame shall be 16 ga. steel and factory installed to the two uprights by means of two 10-32 flat head screws. Both top and bottom channels shall have a 2 1/2" cross section and four right angle bends.

CONNECTORS: In line panels shall be connected by means of a connector top and a leveling assembly. The connector top shall be 12 ga. steel with four countersunk holes for 3/4" - 20 flat head screws to connect two panels in line. The leveling assembly shall be constructed so as to join two panels in line without the use of tools or nuts and bolts. The leveling assembly shall be provided with one hex head leveling screw having a 3/8" - 16 thread.

CORNERS: The corner shall be connected by one corner top, one corner cover, and one corner bottom assembly. The corner top shall be 12 ga. steel with four holes countersunk for 3/4" - 20 flat head screws to connect two panels at a 90 degree angle. The top shall have an angle clip welded to it to retain the corner cover. The corner cover shall be 16 ga. steel formed with three right angle bends. It shall be the height of height of the upright so as to present a smooth, neat appearance on corners. The corner cover shall have ogee clips welded to each end to attach it to the corner top and corner bottom assembly. The corner bottom assembly shall be constructed so as to join two panels at a 90 degree angle without the use of tools or nuts and bolts. The corner bottom assembly shall be provided with one hex head leveling screws having a 3/8" - 16 thread.

ENDS: The end assembly shall consist of one end top, one end cover, and one leveling assembly. The end top shall be 12 ga. steel with two holes countersunk for 3/4" - 20 flat head screws and shall fasten to the end upright of the panel. It shall have an angle clip welded to it to retain the end cover. The end cover shall be 16 ga. steel with four 90 degree bends. It shall be the height of the upright to present a smooth neat appearance to the end of the panel. The leveling assembly shall be constructed so as to join the end cover and end upright together without the use of tools or nuts and bolts. The leveling assembly shall be provided with a hex head leveling screw having a 3/8" - 16 thread.

AUGUST TERM 1978

"X": The "X" assembly shall consist of one "X" top and one "X" bottom. The "X" top shall be 12 ga. steel with 8 holes countersunk for $\frac{3}{4}$ " - 20 flat head screws to connect four panels at 90 degree angles. The "X" bottom shall be constructed so as to join four panels at 90 degree angles without the use of tools or nuts and bolts. The "X" bottom shall be provided with a hex head leveling screw having a $\frac{3}{8}$ " - 16 thread.

"T" The "T" assembly shall consist of one "T" top, one "T" cover, and one "T" bottom. The "T" top shall be 12 ga. steel with six holes countersunk for $\frac{3}{4}$ " - 20 screws to connect three panels at 90 degree angles. The top shall have an angle clip welded to it to retain the "T" cover. The "T" cover shall be 16 ga. steel with four 90 degree bends. It shall be the height of the upright so as to present a smooth, neat appearance at the juncture of three panels. The "T" cover shall have ogee clips on each end to attach it to the "T" top and "T" bottom. The "T" bottom shall be constructed so as to join three panels at 90 degree angles without the use of tools or nuts and bolts. The "T" bottom shall be provided with a hex head leveling screw having a $\frac{3}{8}$ " - 16 thread.

SHELVES: The slots in the steel uprights of the panel shall accept all shelves and related components manufactured by Filing Equipment, Inc.

Shelves include: 36" letter shelves, 24" letter shelves, 36" legal shelves, 24" legal shelves, 8", 10", and 12" book shelves both 36" and 24" wide, 36" flat periodical shelves, 24" flat periodical shelves, and steel sliding door enclosed shelf units (36" wide only).

DESK TOPS: Steel desk tops shall be provided in a range of standard sizes. (See Catalog page WS-1.) Desk tops shall be constructed of 16 ga. steel with a $1\frac{1}{4}$ " bend on each side edge and a $\frac{3}{4}$ " bend on all bottom edges. Desk tops shall be reinforced with three 16 ga. hat section braces the length of the desk top. End closing channels shall be 16 ga. steel. The tops shall be covered with high pressure plastic laminate covering, self edged.

QUALITY SPECIFICATIONS
FOR
WORK STATIONS, PANELS AND COMPONENTS

Sheet Metal - The sheet steel forming the various parts of the work shall be of the grade best suited to the individual work. In general, sheet steel shall be metallic furniture stock, cold or hot rolled re-annealed and full pickled or equivalent. All gauges shall be U. S. Standard.

Finish - The steel parts shall be sent through a 3-stage automatic washing and phosphatizing machine where the metal is thoroughly washed to remove all dirt and oil and insure maximum efficiency in the application of the phosphate coating, which is subsequently sealed or set with a final chromic acid rinse, followed by complete drying in a dry-off oven to insure completely dried surface before paint application. When dry, the part shall receive a finish spray coat of high grade baking enamel and shall be baked for 10 minutes at a mean temperature of 350 degrees F.

Panels - Panels shall be factory pre-assembled and finished. Panels shall consist of one built-up wood panel surrounded by a steel frame.

Wood Panel - The panel shall be constructed of 1/8" particle board on each side over a paper honeycomb core. The panels shall be covered or finished as required. Panels shall be 1 3/8" thick and of the proper height and width to fit the required metal perimeter frame.

Steel Frame - The steel frame for each panel shall consist of two metal uprights, one top channel, and one bottom channel. The metal upright shall be a 14 ga. "C" channel with a 2 1/2" cross section and four right angle bends. Each upright shall be perforated full height on each side with one row of rectangular slots 3/16" x 1" in size, on 1 1/2" centers, to receive books, on shelf arms, desk supports, enclosed shelf units, and other components as required. The upright shall have a 3/4" x 2" slot at the bottom to receive the slide-in leveling assembly, bottom corner assembly, bottom "T" assembly, or bottom "X" assembly. The bottom channel of the frame shall be 6" from the floor to allow for air circulation. It shall be 16 ga. steel and factory installed to the two uprights by means of two #10 sheet metal screws on each end. The top channel of the frame shall be 16 ga. steel and factory installed to the two uprights by means of two 10-32 flat head screws. Both top and bottom channels shall have a 2 1/2" cross section and four right angle bends.

Connectors - In line panels shall be connected by means of a connector top and a leveling assembly. The connector top shall be 12 ga. steel with four countersunk holes for 1/4" - 20 flat head screws to connect two panels in line. The leveling assembly

shall be constructed so as to join two panels in line without the use of tools or nuts and bolts. The leveling assembly shall be provided with one hex head leveling screw having a 3/8" - 16 thread.

Corners - The corner shall be connected by one corner top, one corner cover, and one corner bottom assembly. The corner top shall be 12 ga. steel with four holes countersunk for 1/4" - 20 flat head screws to connect two panels at a 90 degree angle. The top shall have an angle clip welded to it to retain the corner cover. The corner cover shall be 16 ga. steel formed with three right angle bends. It shall be the height of the upright so as to present a smooth, neat appearance on corners. The corner cover shall have ogee clips welded to each end to attach it to the corner top and corner bottom assembly. The corner bottom assembly shall be constructed so as to join two panels at a 90 degree angle without the use of tools or nuts and bolts. The corner bottom assembly shall be provided with one hex head leveling screws having a 3/8" - 16 thread.

Ends - The end assembly shall consist of one end top, one end cover, and one leveling assembly. The end top shall be 12 ga. steel with two holes countersunk for 1/4" - 20 flat head screws and shall fasten to the end upright of the panel. It shall have an angel clip welded to it to retain the end cover. The end cover shall be 16 ga. steel with four 90 degree bends. It shall be the height of the upright to present a smooth neat appearance to the end of the panel. The leveling assembly shall be constructed so as to join the end cover and end upright together without the use of tools or nuts and bolts. The leveling assembly shall be provided with a hex head leveling screw having a 3/8" - 16 thread.

"X" - The "X" assembly shall consist of one "X" top and one "X" bottom. The "X" top shall be 12 ga. steel with 8 holes countersunk for 1/4" - 20 flat head screws to connect four panels at 90 degree angles. The "X" bottom shall be constructed so as to join panels at 90 degree angles without the use of tools or nuts and bolts. The "X" bottom shall be provided with a hex head leveling screw having 3/8" - 16 thread.

"T" - The "T" assembly shall consist of one "T" top, one "T" cover, and one "T" bottom. The "T" top shall be 12 ga. steel with six holes countersunk for 1/4" - 20 screws to connect three panels at 90 degree angles. The top shall have an angle clip welded to it to retain the "T" cover. The "T" cover shall be 16 ga. steel with four 90 degree bends. It shall be the height of the upright so as to present a smooth, neat appearance at the juncture of three panels. The "T" cover shall have ogee clips on each end to attach it to the "T" top and "T" bottom. The "T" bottom shall be constructed so as to join three panels at 90 degree angles without the use of tools or nuts and bolts. The "T" bottom shall be provided with a hex head leveling screw having a 3/8" - 16 thread.

Shelves - The steel uprights of the panel shall be slotted to accept shelves and related components. Shelves include: 36" letter shelves, 24" letter shelves, 36" legal shelves, 24" legal shelves, 8", 10", and 12" book shelves both 36" and 24" wide, 36" flat periodical shelves, 24" flat periodical shelves, and steel sliding door enclosed shelf units (36" wide only).

Dear Mr. Viall:

The specifications in the August 1, 1978 IFB for an Electronic Private Automatic Branch Exchange (EPABX) are for a proprietary Executone D-1000 Series Telephone Interconnect System. The caveat "or manufacturing equivalent" is a thinly veiled attempt to proceed with a sole source procurement under the guise of a competitive bid.

F/S Communications Corp. strongly objects to the forum of the IFB and requests all bids be rejected as non-responsive and that the IFB be reissued with engineering requirements that will permit a competitive bid.

Sincerely,

Ralph Wadgalis

AUGUST TERM 1978

(ACTION DEFERRED FOR 60 DAYS)

(Judge Moore stated that this Resolution comes as a result of a survey that was made last spring. After recommendations were made, it was felt that in order for this Council to finish what this Council had begun bids should be advertised for, based on specifications.

Councilman Fuller asked if this was open for discussion.

Judge Moore told the Council that he was not making a motion, that this was his last Council meeting as chairman or as a member. He said that this could carry over to the next body, and he could see some benefit in that, but he would let the Council do whatever they wanted to do without suggestion or recommendation.

Councilman Fuller asked his fellow Councilmen to delay action on this in order not to bind the future Board of Commissioners. He said that it is something the County should consider and they will continue to pursue. He said it was odd that as late as four weeks ago someone told him it was dead and then it came as quite a surprise that the bids went out on August 3, asking that bids be submitted by August 10. He said that there are some questions relative to this and he would recommend to the people on the Council that the Council defer this and let the future Board make the decision.

Councilman Mayfield asked if his recommendation was to defer, not rebid? Councilman Fuller said that there was a question as to adequate time, that one outfit had said it was difficult to submit a bid during that period of time and the low bidder indicated that there was limited information and that they needed a survey to confirm that the estimates were totally right.

Judge Moore asked if this was in the form of a motion. Councilman Fuller said it was his recommendation to defer.

Councilman Penley clarified that he was asking to delay to make a further study. Councilman Mayfield said that he felt a certain time frame should be set in order to consider a delay. Councilman Long asked how about 60 days? Councilman Mayfield wondered if the low bidder had made a firm bid, if it would be a firm bid by then. He asked if they were talking about opening this to any and everybody else.

AUGUST TERM 1978

Clerk Knowles said that he felt if they are going to delay that the other County officials should be consulted and allowed to give input. He suggested that a survey be made and said he would like to know if the system is adequate to serve his office.

Judge Moore called for a motion.

Councilman Fuller wondered if they delay for a long period of time if the people who are upset about not being able to bid would want to bid and perhaps it should be rebid.

Councilman Mayfield said he doubted if the low bidder could hold the price under those circumstances. Councilman Fuller asked if a representative was present.

Mr. Bill Langford stated that he is with South Central Bell. He said that the specifications as set out were vague and conflicting in regards to the needs of Hamilton County and the various departments. He said that it is necessary to look at this from the standpoint of all department heads in order to come up with specifications and not just to have a list of figures. He said this was only fair to the Council and to the people of Hamilton County and all those in the County who will use the system. He explained that a phone system is a solution to a lot of problems. He said if it is just hardware and phones then they are not getting the mileage out of the system. He told the Council that Hamilton County has one of the better systems in existence today but some modifications would improve it. He said it is not enough to simply own x number of sets and the hardware, that you need some direction and some design.

Councilman Mayfield asked if this was in these specifications? Mr. Langford said that it was not.

Mr. Bob Beele said that he was the offeror of these specifications and the decision was made that the best yardstick was the existing phone equipment. He said that he was at the Council meeting by directive in order to be fair to all bidders. He said that the bidders submitted bids on a prescribed plan and it was only fair to bidders submitting bids to have the prerogative of regrouping according to a yard stick drawn up. He said that the specifications could be re-designed by a proper yard stick drawn up at the suggestion of other bidders. He said that in the original bid all figures were pursuant to the corporate

A U G U S T T E R M 1 9 7 8

office, but was a non-firm bid. He said if the Council decided to decline or refuse to accept all bids, then the bidders would have to recoup and start over.

Councilman Fuller asked Mr. Beele if the bidding date of August 10 had given them enough time. Mr. Beele said the program they submitted had been designed for a local post office which was done in the same manner. He added that this was not unusual and did not deviate from the norm. He said however that he would prefer additional information and would prefer to do some personal study, but he realized that it was totally impossible to permit each bidder this prerogative. He said that there had to be a beginning, that this was his position almost a year ago and it had not changed. He said that the specifications could be improved upon and made more efficient. He said each and every bidder would have his own idea as to which way to go but as author of the specifications could be improved upon and made more efficient. He said each and every bidder would have his own idea as to which way to go but as author of the specifications he kept in mind a total format for the bidders to comply with.

Don Howard of Northern stated that based on the specifications Northern feels that they need time to look into the individual telephones. They felt that there could be a reduction in their bid. He said they agree with Executone, that a survey should be done. He said based on the fact that they are the low bidder, he felt a contract should be awarded and then they could take this survey. He said that this was a "boiler plate" bid. He said they had the telephone system but did not have the time. He added that Southern Bell has had the time and were familiar with the system but Northern bid just on the specifications. He said they are the low bidder and are willing to stay, that they would honor that bid with a contract. He added that the County does not really need all that equipment, that Northern could reduce the cost by eliminating some unneeded service. He repeated that they would stand by the bid and fill the contract. He told the Council that he felt they had made a decision similar to this regarding the new computer system, and he could see no difference in this regarding the telephone system. He said they had now laid their price on the line to the public, that the price

AUGUST TERM 1978

was binding, and they were willing to stand behind the contract.

Councilman Fuller stated that he was not opposed to a private telephone system, but repeated that he would ask the people on the Council to allow a further study to be made, and let the elected officials in the Courthouse be involved in this. He said this was involving \$350,000 of the taxpayers' money. He said he didn't believe the people who bid had time to really study the system. He added that he also believed with Centrex there would be a penalty involved on the lease arrangement and asked the Southern Bell representative if this was not true. Mr. Langford said that there would be some termination charge depending on when the service was discontinued. He added that the longer the Centrex system goes on the more this termination charge would reduce.

Councilman Mayfield said it would seem that this would be more than offset by the difference between \$4000 versus \$10,000 in monthly charges. Mr. Langford said that there would be a maintenance contract and some other charges that they would pay even with a private system. Councilman Mayfield questioned if this surely would not amount to \$6000 a month but asked about the penalty.

Mr. Howard said the penalty would apply in either case, that whatever vendor installed a new system the penalty would apply, so that point was moot.

Mr. Langford said that contrary to what Mr. Howard says, Southern Bell had studied the system and that this is one of their complaints. He said they know that there are many pieces of equipment in the system that are not needed. He said if going to a new system there are many facts that the people who make the decisions should look at much more than just at bottom-line figures. He urged that the Council postpone a decision and look into all the factors involved.

ON MOTION of Councilman Fuller, seconded by Councilman Long, to postpone accepting any bid for 60 days to give the new Board of Commissioners the opportunity to study the specifications and also give the bidders time to submit additional information.

Councilman Mayfield asked the bidders if their bids would stand for this 60-day period? Mr. Langford said they would like to rework their bid, that the information on the specifications is now confusing

A U G U S T T E R M 1 9 7 8

but they might be willing to rework their bid. He said specifications are for 800 station lines but he did not believe the County uses that many.

Judge Moore pointed out that they could not do what Mr. Langford was talking about, that they cannot negotiate the bid. Mr. Langford said that they probably could get low but they did not want to short Hamilton County but want to have the equipment and service they need. He said that they sell a total tele-communication service and added that their bid would stand for 60 days.

Mr. Howard said that Mr. Langford could not guarantee that because the Public Service Commission sets the rates, adding that this is a matter of public record. He said maybe the rate will stand but they could not guarantee that. He did say his rates are firm for 60 days.

Mr. Beele said that he did not represent Executone and could not make a statement for them. A representative of Executone who was present at the Council meeting said that they would stand firm.

Mr. Howard said that they had bid and would stand by that bid. He added that they are replacing item by item what the County has today but replacing it with a much superior telephone system. He said they would stand by that and be glad to get the business. He explained that the monthly rate would be reduced during the first year and that the maintenance agreement was \$1480 a month. He said they would stand by that for the first year. Councilman Fuller questioned if the maintenance agreement had an escalator clause. Mr. Howard said they would work with the County on that. Mr. Langford asked if they did not have an escalator clause, why did the price go up? He said he would question the rates and how stable they were, and added if they were based on getting a healthy rate increase annually that everybody knows they don't get it.

Councilman Fuller said that in the best interests of the people at the Courthouse and of the taxpayers he felt that the Council would be well advised to postpone for 60 days or to whatever Commission meeting would follow that time period.

ON MOTION of Councilman Fuller, seconded by Councilman Long, to add to Councilman Fuller's first motion: to whatever Commission meeting follows that 69-day time period. The foregoing Motion was unanimously

RE: RESOLUTION 878-31:

(Judge Moore said that Clerk Knowles felt that the vote on Resolution No. 878-31 should be recorded by Roll Call. Resolution 878-31 was Adopted on a Roll Call vote, with all Councilmen voting, "Aye" and Judge Moore abstaining.)

Councilman Mayfield said he understood that Bill McGriff was on vacation. He said that he would recommend that Mr. McGriff (if he is still around) have the responsibility of working with these (telephone) people. Mr. Downey said that he felt his office needed some direction, that it is not a simple situation. He added that the item by item survey is not up to date, that there has been equipment added since the survey was made. He said they would be happy to send a report to the new Commission summarizing each person's suggestions, and he did not mind Bill's (McGriff) making this report.

Councilman Mayfield said that there needs to be a clearing house. Mr. Downey said the situation is made complex by the differences in the systems. Councilman Fuller said that Bill was the logical person to do it. He said that he had been told by Bill only a short while ago that the telephone system was a dead issue and he did not know what revived it.

Mr. Henniss told the Council if Mr. McGriff has asked him he would have told him not to go on vacation if Mr. Mayfield was going to be present. He added if McGriff would read the Council minutes of some previous meetings he would know what this meant (referring to the fact that when Mr. Henniss is not present, Councilman Mayfield recommends that he look into matters that come up).

RESOLUTION

NO. 878-42

TITLE

AMENDMENT TO RESOLUTION DATED JULY 15, 1970 CONCERNING THE DESIGNATION OF CHATTANOOGA-HAMILTON COUNTY RESCUE SERVICE AS THE ONLY RESCUE SERVICE FOR HAMILTON COUNTY, TENNESSEE. THIS AMENDMENT RECOGNIZES THE ADDITIONAL RESCUE SQUADS THAT ARE CURRENTLY SERVING HAMILTON COUNTY AS MEMBERS OF THE HAMILTON COUNTY EMERGENCY SERVICES.

Be it Resolved, by the County Council of Hamilton County, Tennessee, in Session Assembled:—

WHEREAS, it is appropriate to recognize the selfless devotion of all the Volunteer Rescue Units of Hamilton County in their dedication to the welfare of the citizens of this County; and

WHEREAS official recognition by local government carries with it benefits and advantages in the obtaining of Federal, State and private grants as well as access to Federal surplus and excess property:

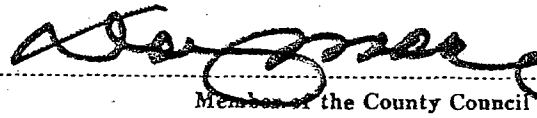

The following listed organizations will henceforth be considered officially recognized members of the Hamilton County Emergency Services:

- Hamilton County Rescue (formerly Chattanooga-Hamilton County)
- North Hamilton County Rescue
- Sale Creek Rescue
- Waldens Ridge Emergency Service
- Volunteer State Rescue
- Tri-Community Rescue

All of the above are eligible to participate in any benefits which may accrue to membership in this Service. This eligibility will continue until the organization is disbanded or dropped from the Hamilton County Emergency Services for valid cause.

BE IT FURTHER RESOLVED, that this Resolution take effect from and after its passage, the public welfare requiring it.

(Judge Moore stated that this is a contract with the Home Builders through the United States training program. He said surplus funds were not expended and Dr. Loftis has been able to work out with the Home Builders Association a process for a free carpenter's apprenticeship program. He said operation of the program will enable the County to have some young people participating in that program, and this will be of benefit to Hamilton County and to the entire community.)

AUGUST TERM 1978

Judge Moore asked if there were delegations present on matters other than zoning. Mr. Jim Turner, former County Attorney, stood. Judge Moore said they were glad to have him back from Florida. Mr. Turner said that he didn't stay that long just because he wanted to. He said that he was Jim Turner of 1414 Continental Dr and that he was present, not in his capacity as a lawyer, but representing his friends from Lee Pike. He said that it seemed there had been a lot of mayhem committed on Lee Pike concerning the repaving of the roads and the plans being made to fix the shoulders of the road. He said they felt this matter should be brought to the attention of the Council, urging them to see to this immediately, that last week would not be too soon. Mr. Turner introduced Mrs. Laura Burroughs of Midway Grocery on Lee Pike. Mrs. Burroughs stated that the drop-off by the side of the road was so sharp and the shoulders were so low and narrow that there had been 9 serious accidents. She cited several accidents that had occurred, telling the injuries involved and the amount of damage done to the vehicles. She said all those who live there do appreciate the newly paved road, adding that it had been a long time coming and they had worked hard to get that. But she said they had not been able to get a direct answer as to when these shoulders would be fixed and they had been this way since the first of June. (There were several other residents of the area present at the meeting with her.)

Councilman Mayfield asked County Engineer Proctor when this would be done.

Mr. Turner pointed out that these injuries had occurred because of the low shoulders on the road. Mrs. Burroughs said the shoulders are from 3 inches up to 10 inches below the road and if you meet a car you have had it.

Mr. Proctor explained that this repaving was being done under the rural road contract and they had received the contract in the mail only that morning and it was now just necessary for the Judge to sign the contract.

A U G U S T T E R M 1 9 7 8

Councilman Fuller asked if Mr. Proctor could anticipate how long it would be before this work was done. Mr. Proctor said they could probably start on it next week if the Judge would sign the contract this afternoon.

Mrs. Burroughs said someone had come into the store and told her they had almost had an accident and would have hit the gas pump.

Judge Moore repeated that the contract was with the State. Mrs. Burroughs said that they would like it fixed as soon as possible. Judge Moore said they would get to it shortly.

Mr. Turner said that he had some knowledge about the Tennessee Tort Liability Act and in view of this had told Mrs. Burroughs that the County Council would not let this condition continue. He said he felt that the situation called for an expeditious request to the Highway Department, that they need to get on it right away because this could involve quite a lot of liability to the County.

Judge Moore asked if they understood that the County was waiting for the State, that it was a problem they had with the State, that it was not simply something the County could go out and do. He said they were going as fast as they could, that the contract had come in this morning and he would sign it this afternoon. He added that as soon as the paper work was completed they would go ahead at the earliest possible time. He said they could not go any faster than they were going and that Mr. Turner should understand this, having been County Attorney.

Mr. Turner said he had forgotten all that, and thought they could just go out and spread some gravel. Judge Moore said they had to furnish the asphalt plus the work on the shoulders. Councilman Mayfield suggested that they expeditiously proceed. Judge Moore said that was what they were doing.

AUGUST TERM 1978

TEAGUE :

Mr. Teague of Apison stated that he was still trying to get a building permit. He said that the new County government should do something. He said that he had a paved road but could not even get a permit to move in.

Mr. Henniss said that this is one of the items that Councilman Mayfield had referred to him in his absence. He said that he had talked with Mr. Teague and had told Mr. Teague to get in touch with Ron Littlefield of the Planning Commission.

Mr. Teague said he did talk with Mr. Littlefield and that they are still "passing the buck."

Mr. Henniss told Mr. Teague that Mr. Littlefield was the beginning of the stream and he should have Mr. Littlefield talk to Mr. Henniss. Mr. Teague said Mr. Littlefield said he (Mr. Teague) should try to get in touch with the Tax Assessor, but he could not "get hold of him" because he was in a meeting. Assessor of Property Arch Trimble was sitting near Mr. Teague and stood. He told Mr. Teague that Mr. Littlefield did get in touch with him to say that the County should increase Mr. Teague's taxes to pay for the road.

Mr. Teague said they had gone up from \$3 to \$76.

Mr. Henniss told the Council that Mr. Teague's problems are not going unattended, but that there was not just one difficulty, that there are several serious difficulties. He said he would assure Mr. Teague he was not being ignored, but that he has serious problems, but he felt that Mr. Littlefield could do what was possible in the quickest way. Mr. Teague said that the power company had run a line.

Judge Moore said he would suggest that Mr. Teague take it up with Mr. Littlefield. Mr. Teague said that he had "took up and took up."

Councilman Mayfield suggested that the present Council ask the new Commission to advise Mr. Teague after recommendation by Messrs. Littlefield and Henniss. He said he believed they were moving ahead.

Mr. Teague said that Mr. Proctor was supposed to come out and look at his property. Councilman Mayfield said they should ask Mr. Teague to come back when this matter can be settled.

A U G U S T T E R M 1 9 7 8

GREENSPAN:

Walter Greenspan, Mayor of Signal Mountain, said that he was present not to fight a battle but to call the Council's attention to a matter of great concern to the citizens of Signal Mountain as well as neighboring communities and people in the County. He said that they were concerned about the coal mining companies that are hauling coal over the roads in the County and on Signal Mountain. He said there is a 15,000 ton limit and there is no way they can haul coal under that limit. He said it is his understanding that they have already hauled coal without a permit. He said the zoning appeals had postponed action on this for 30 days. He said there is a new company that has been hauling coal and building roads in violation of the law. He said that the people should be protected against this. He said in view of the fact that the company has not permit and the load limits are being violated he feels that the roads should be patrolled. He added that Signal Mountain does not have a load limit for its roads at the present time but they do hope to have one. Mayor Greenspan explained that they feel that this is diminishing property values and that houses will have to be sold for whatever they can get. He said they feel that something has to give, that these coal people either should have to get a permit or have to be stopped. He explained that people living outside the limits of the city of Signal Mountain do not have water and when this surface mining was started the wells become contaminated. He said they had tried to get a grant to run water lines to serve these people but had not been successful in obtaining the grant. He said their water company is presently operating at a deficit. Mayor Greenspan said they felt that this matter should not wait for the incoming government, that they were asking this Council to take some action to stop the trucks and the mining at least temporarily. He said that there is a new operation that has opened up right in people's front doors. He added that the Church of God had just built a new million dollar church which has just been dedicated and they can't even use the swimming pool. He said that he believes that it is within the jurisdiction of the County Council to take action, but he is not an attorney so he does not know what action. He said this is needed not so much for the town of Signal Mountain but for the folks outside. He said that some of the houses on Kell Road are

AUGUST TERM 1978

\$100,000 houses. He said that Signal Mountain is a beautiful area and there are many other areas in Tennessee that could be mined. He asked if the zoning were changed to residential if this would not preclude mining and protect Edward's Point.

Councilman Mayfield suggested that Attorney Henniss work with Mr. Jobe and tell these people if they operate without a permit that they will be required to pay a penalty.

Judge Moore said that he felt that enforcement would fall within the jurisdiction of the Sheriff. Mayor Greenspan asked if he meant as far as the load limit was concerned? Judge Moore said yes. Councilman Mayfield said he was referring to the permit.

Mr. Henniss asked if this was the mine that had been in operation for some weeks? Mayor Greenspan said it had not, that it only started operation last week, and they have not received a permit from Hamilton County. He said that the mine did have a State permit but the zoning appeals board says that they must also have a Hamilton County permit.

Councilman Fuller said that he had sat through 4 hours of this and it would appear that these people are just making the law to suit themselves. Councilman Mayfield said that they could get an injunction with a fine up to \$100 a day but of course they might be willing to pay \$100 a day.

Councilman Fuller said it would be up to the Sheriff's office to enforce the load limit law. Mr. Henniss said if they complain to the Sheriff's office about the load limit that a suit would be filed and the County would be the respondent. He said it might be that an injunction would be part of the response.

Mayor Greenspan said that they would appreciate the Council's consideration.

Judge Moore said that the Tennessee Motor Vehicle Division does weigh on all load limits where the State establishes the limits. He said that the Department of Revenue would at the request of the Sheriff place portable scales so the violations could be determined. He said obviously the County cannot buy scales.

A U G U S T T E R M 1 9 7 8

Mayor Greenspan asked if the County Attorney would contact the Sheriff or should their people. Mr. Henniss said that he felt Mayor Greenspan should contact the Sheriff and that he would also.

Carolyn Whitney of Chestnut Ridge told the Council that they appreciated the work that had been done but wanted the Council to hear their problems. She said that this went back a year ago. She said that this mine operates 24 hours a day and looks like the Superdome under lights. She added that it is near the gas line and near Prentice Cooper Park and said it should have been stopped before now.

Councilman Mayfield said that he wanted to explain his absence from Dalton Roberts' dinner on Monday night. He said that he had sent Mr. Roberts a letter which he had somehow neglected to read explaining that it was necessary that he be in Nashville for a previous commitment, a 5 state conference which he and his son were responsible for. He said that he had reneged on Wednesday, Thursday, and Friday in order to be here for this meeting but could not get out of Monday and Tuesday. He said that he did send Jim Turner in his place.

ON MOTION of Councilman Mayfield, seconded by Councilman Fuller, that the records of the various offices be accepted, treat same as read, approved, and filed and made a matter of record. CRIMINAL COURT CLERK
MEMO RE: FINAL SETTLEMENT OF CLYDE M. SANDERS
JANUARY 3, 1978

In the process of rendering a final accounting to the Hamilton County Government, Mr. Clyde M. Sanders, Criminal Court Clerk, encountered a bookkeeping problem in turning in the petty cash fund on hand in the General Sessions Division of Criminal Court. This petty cash fund was established at the insistence of the external auditors, Arthur Andersen & Co., during the month of November, 1977, in order to alleviate a problem of having operating cash which was previously obtained by holding the last three receipts of the days business as the change fund.

In the establishment of this petty cash fund in General Sessions Court, the entry made was to debit the clerk's account and to credit the cash in bank account with the effect of wiping the cash off the books. Mr. Sanders in his final accounting wishes to render all excess fees and cash on hand to either the new Criminal Court Clerk or to the County Government. I have advised Mr. Sanders to submit the \$200.00 in cash to the Accounts and Budgets Department and obtain a receivable warrant for that amount. In conjunction with the submission of the petty cash fund, Mr. Sanders will render a final check for all fees on hand.

The petty cash condition is not the same in the Criminal Court Clerk general office as the procedure has been to balance the days receipts and deposit all except \$200.00, leaving this as an operating fund. This will mean that the \$200.00 when submitted as total excess fees will be included in the final accounting of Mr. Sanders.

The Accounts and Budgets Department has issued two \$200.00 checks to the Criminal Court Clerk's Office for the establishment of two petty cash funds allowing the Criminal Court Clerk's Office to balance and deposit all cash intact daily and leave a \$200.00 operating balance in each office.

TOTAL ENROLLMENT AND AVERAGE DAILY ATTENDANCE

The total enrollment and average daily attendance at the end of the third month of school of the 1977-78 term are as follows:

	<u>Total Enrollment</u>	<u>Average Daily Attendance</u>
Elementary (Grades K - 6)	13,280	11,911
High School (Grades 7 - 12)	8,555	7,638
Special Education (Ungraded)	442	370
	<u>22,277</u>	<u>19,919</u>

The major concern of this past quarter has been the present and projected overcrowding of schools. The shifting of students reported in the October Report and the obvious necessity of extending this process next year caused many expressions of deep concern from various school and community groups. A study of space needs and various options for accommodating future enrollments is attached. The County Council has indicated the availability of approximately \$3,000,000 in rural bonds to be offered when the Board of Education finalizes the priority list of requests.

The Vocational Improvement Program, which provides individualized instructions for Vocational students who need special help in their regular subjects, has been expanded to include all high schools. The funding of these additional teachers was made possible through the assistance of the County Government in the allocation of CETA (Comprehensive Employment and Training Act) funds. Approval was also received this past week on a proposal submitted by Mr. Henry Colston to the State Department of Education for special funding to operate a Summer Pre-Vocational Program for tenth grade students. This program is designed to promote better understanding of various career opportunities to those students who will be devoting a major portion of their high school career in these directions.

Some very significant steps were initiated during this quarter toward a Community Education Program and an expansion of Adult Basic Education opportunities. By securing the approval of the State Department of Education to act as our own fiscal agent in the operation of an ABE Program and the help of another CETA Grant, it was possible to employ Miss Elizabeth Abernathy to devote full time to the development of educational opportunities for adults through the use of school facilities. Another ABE Grant of \$15,000 was secured through a special project written by Dr. Thelma Elliott to develop a process for the full utilization of all community services for ABE students. Mrs. Connie Walton was employed to develop the training procedures made possible by this project. Another project was submitted this past week for Federal funds which could assist in the development of the Community Education Program.

Sincerely,

Dale L. Carter
Superintendent

Report to County Judge, Court and Council - Page 2
April 3, 1978

TOTAL ENROLLMENT AND AVERAGE DAILY ATTENDANCE

The total enrollment and average daily attendance at the end of the sixth month of school of the 1977-78 term are as follows:

		<u>Total Enrollment</u>	<u>Average Daily Attendance</u>
Elementary	(Grades K - 6)	13,850	11,301
High & Jr. High	(Grades 7 - 12)	8,818	7,228
Special Education	(Ungraded)	479	342
		<u>23,147</u>	<u>18,871</u>

Another extreme winter has once again caused disruption to our schools, but there were no school closings this year due to fuel shortages. Seven days were missed by the total system and up to four additional days were missed by schools in the north county area and on the mountains. These days have been rescheduled on in-service and conference days and on Saturdays. It will also be necessary to extend the length of days for one week and to extend the school term three days through Saturday, June 10, 1978.

Information is not yet available for projecting revenue for next year on the current funding formula. Budget planning has been initiated, but is too primary to discuss at this time. The Hamilton County Education Association has requested a salary increase of 14 1/2 percent. Plans for salary increases at the State level have not been announced at the time of this writing.

Major Board activity during this period has centered around the space needs and maintenance requirements over the next several years. Priorities for new building construction were finalized and presented to the County Council on February 15, 1978. The first phase of this request included a new thirty classroom elementary school in the Daisy-Dallas Area and an eight room addition to the Westview Elementary School. Phase two includes a new high school for Soddy-Daisy and Phase three requests two new elementary schools in the Harrison and Ooltewah-Westview communities. The total cost for these projects is estimated at slightly over twelve million dollars. This figure does not include capital needs for renovation and maintenance of present facilities. For improved maintenance services, the Board is in the process of employing an engineer to direct the work of this department.

Two new projects were approved for implementation. A competitive State funded project will begin operation this summer which is designed to prepare students to make vocational choices. It will provide orientation to the entire range of vocational offerings in addition to "hands-on" experience in selected vocations. Another project proposed jointly by Chattanooga State Community College and the Hamilton County Board of Education, if approved by the Commissioner, will provide first year college classes in the high school setting. This program would be limited to students who could qualify for accelerated work and joint high school and college credit would be received. Participating students would pay for their college courses and there would be no cost to the school system.

Sincerely,

Dale L. Carter

Report to County Judge, Court and Council - Page 2
July 10, 1978

The enrollment and average daily attendance in the Hamilton County Schools for the 1977-78 scholastic term were as follows:

<u>Total Enrollment</u>	<u>Average Daily Attendance</u>
<u>23,796</u>	<u>19,440</u>

The budget submitted to the County Council for the 1978-79 school term is attached. This budget would require approximately \$800,000 above the projected revenue on the present tax base. Specific areas of reduction, if required, have not yet been determined by the Board of Education.

Planning is being continued on the construction of a new elementary school in the Daisy/Dallas area and for additions to the Westview and Ooltewah Elementary Schools. Even though no funds have been provided for these projects at the time of this writing, the County Council has responded very favorably to the request and it is anticipated that school bonds will be issued for this construction and may possibly be issued by the time this report is presented. The population growth in these communities have made the need for additional spaces critical. We also need additional spaces at Ganns-Middle Valley, Dallas Elementary Schools and additional spaces for secondary students in the Soddy-Daisy community.

Proficiency tests were administered to eighth grade students by the State Department of Education during this quarter. Hamilton County students scored well above the state averages in all four areas of testing, and ranked twenty-fourth among the one hundred and forty-three school systems tested. Although these results are commendable, they still leave considerable room for improvement. State and local scores are listed below:

<u>Subtest</u>	<u>State-Wide Results</u>		<u>Hamilton County Results</u>		<u>Percentage Point Differences in our County and State-Wide Results</u>
	Passed/Failed		Passed/Failed		
Math	47%	53%	58%	42%	11
Spelling	46%	54%	50%	50%	4
Language	63%	37%	73%	27%	10
Reading	42%	58%	56%	44%	<u>14</u>
					39

The weaknesses evidenced by this testing among the fifty objectives of these tests have been analyzed, by school, and plans are under way for the complete dissemination of these results among the appropriate members of the staff. Curriculum changes and in-service training will follow the analysis of these results.

Report to County Judge, Court and Council - Page 3
July 10, 1978

The Vocational Technical Centers at Sequoyah and Harrison continue to operate at near maximum potential. Placement of graduates has been excellent and enrollment for next term is near capacity in all areas with waiting lists in some. The new addition at the Sequoyah Center will be ready next fall and our initial response from Hixson High School students exceeded all expectations. A summer Prevocational Program has enabled us to provide orientation and experience in several vocational areas for ninth and tenth grade students.

The transfer of Adult Basic Education to our own supervision rather than continuing under the City administration has proven to be successful. A report of this program and future planning is attached.

Sincerely,

Dale L. Carter
Superintendent
Hamilton County Schools

Mr. Henniss stated that Clerk Knowles has been working to get the new officials properly oathed and bonded and reminded the Council that they were required by Public Act 1978, Chapter No. 689 (attached) to determine by 2/3 vote whether the officials' bonds should be by corporate surety or by two good and safe personal sureties. He said they had not prepared a Resolution for this but it needed to be done.

Clerk Knowles noted that the law does not require County Council members or Commission members to be bonded.

Councilman Fuller said he felt that the new Commissioners should have the same bond as the present Council members, a \$5,000 corporate surety bond.

Judge Moore said he did not think they could require that each new Commission member be bonded, that they were simply to approve whether the bond will be by a corporate surety.

Councilman Mayfield said they could require that the new Commissioners have a bond such as one the Council members now have, and he felt they should have this.

ON MOTION of Councilman Fuller, seconded by Councilman Penley, that as of September 1, 1978, State bonds of all County officials should be posted by a corporate surety. The foregoing Motion was unanimously Adopted on a Roll Call Vote with the following members of the County Council being present and voting as follows: Councilman Fuller, "Aye"; Councilman Long, "Aye"; Councilman Mayfield, "Aye"; Councilman Penley, "Aye"; and Judge Moore, "Aye". Total "Aye" votes-5. Nay votes-0.

SECTION 6. Tennessee Code Annotated, Section 8-1901 is amended by deleting the word "shall" in the third line of the first paragraph and inserting in lieu thereof the word "may".

SECTION 7. (a) Title 8, Chapter 19, Tennessee Code Annotated, is amended by adding the following new section:

"The clerk of every county court shall produce to the judge of the circuit court, for his examination, at the first circuit court in his county, on the second day of the term after the first Monday in September in each year, the bonds of all officers taken in such year by the county court."

(b) The Tennessee Code Commission is requested to codify subsection (a) of this section as Section 8-1930, Tennessee Code Annotated.

SECTION 8. Tennessee Code Annotated, Section 8-1931 is amended by deleting said section in its entirety and substituting in lieu thereof a new section to read:

"If, upon said examination, said bonds, shall, in the opinion of the judge, have been taken according to law, he shall write upon them, 'Examined and approved,' and sign his name thereto. But, if any of said bonds shall not have been taken agreeably to law, the clerk of said circuit court shall issue a subpoena instanter for such officer to appear before said judge immediately, to enter into bond, with surety, according to law."

SECTION 9. Tennessee Code Annotated, Section 8-1932 is amended by deleting said section in its entirety and substituting in lieu thereof a new section to read:

"If, upon service and return of said subpoena, the officer fails or refuses to appear and enter into bond, with surety, the judge shall declare the office vacant, and another election shall be held within twenty (20) days thereafter, according to law, to fill said office."

SECTION 10. Tennessee Code Annotated, Section 8-1933 is amended by deleting said section in its entirety and substituting in lieu thereof a new sentence to read:

"The person elected shall enter into bond, with surety, agreeably to law, and the same shall be produced by said county court clerk to the presiding judge of the circuit court, at the first term of said court afterwards, when the same proceeding shall be had as directed above; and the like proceeding shall be had as often as such bonds shall be found defective or not to have been taken agreeably to law."

AUGUST TERM 1978

consider an amendment to Resolution 778-27 relative to the City of Chattanooga and a drainage situation. Judge Moore explained that operating without the benefit of a file this Resolution was drawn up with an error in it which was not realized at the time of the meeting. He said they located the file on Monday. In the Resolution, reference is made to a drawing of the City Engineer of 1978, and actually the drawing is dated 1977. He said that in order that their successors not have difficulty with a technicality, it is necessary to amend the Resolution to say a drawing of 1977 instead of 1978.

ON MOTION of Judge Moore, seconded by Councilman Mayfield, to consider an amendment to Resolution 778-27. The foregoing Motion was unanimously Adopted by Acclamation. Total present-5. Absent-0.

SECTION 11. Tennessee Code Annotated, Section 67-304 is amended by adding the words "or with two (2) or more good sureties to be approved by the court," following the words "authorized to do business in Tennessee as surety,".

SECTION 12. Under the provisions of this act the governing body of any county by 2/3 vote shall elect whether or not the county officials of said county shall make a surety bond or a bond with two (2) or more good sureties, approved by the court as provided in this act, prior to the time such official is inducted and sworn into office.

This section shall not apply to bonds required to be made by notary publics. A notary public is authorized to make either a surety bond or a bond with two (2) or more good sureties.

SECTION 13. This act shall take effect immediately upon becoming a law, the public welfare requiring it.

AUGUST TERM 1978

Councilman Fuller introduced his wife Shirley and said that she was attending her first and last Council meeting.

Councilman Fuller said that he wanted to say a few words about the people who had served on the Council. He said that Councilman Penley came on the Council during a difficult period of time and had done quite a good job. He thanked Bob Long for being a source of encouragement to him and Jack Mayfield for sharing 16 years of experience. He said this had certainly made his job easier. He said he wanted to say to Judge Moore that they had had their differences but they did not degenerate to a personal basis. He said he also wanted to compliment Judge Moore on his actions during this time of transition, that his offer of help and his input has been appreciated by those who will follow.

Councilman Penley said that he would like to thank each member of the County Council for his vote of confidence and said that he has enjoyed serving on the Council, that it had been a great experience. He said that he also wanted to thank the staff and Bill Knowles and his secretary, that he appreciated all they had done. He said he would do anything he could to help the new Commission.

Councilman Mayfield noted that Mr. Penley's new grandbaby was in the audience. Councilman Penley introduced his daughter and son-in-law and his youngest granddaughter.

ON MOTION of Councilman Long, seconded by Councilman Mayfield to Adjourn. The foregoing Motion was unanimously Adopted by Acclamation. Total present-5. Absent-0.
