When the following proceedings were had:

Judge Report referred

Judge Whiteside, read his report for the quarter ending December 31 1887 and on motion of F. E. Tyler seconded by C. H. Dyer said report was referred to the Finance Committee to report upon, at the present term, motion carried a majority of the justices being present and voting.

Examining Court Report

Report of the Examining Committee was read and on motion of F. E. Tyler seconded by T. L. Newhitt the same was received and ordered spread of record and is in the following words and figures
To the Hon. H. Whiteside, County Judge of Hamilton County;

Sir,
The undersigned members of the auditing and examining committee on the reports of the various revenue officers of said County including Justices of the Peace, under section 77 of the revenue act of 1887, report that they have examined and approved the reports of Circuit Court Clerk, Irvine, Clerk & Master M. C. Cornell, County Clerk Clark, and find them correct and satisfactory, also the report and

Quarterly Court January Term 1888

settlement of County Trustee Shelton for the year ending 30 Sept. 1887 and find it also full and correct and in accordance with the law.

Your committee has also examined the dockets of the 42 Justices of the Peace where they have kept dockets and tried offenses under the small offense law, and where any one of said Justices has kept no docket and tried no small offenses we have taken his sworn statement to that effect. We have besides examined the docket of Mayor A. M. Sharp, as ex-officio Justice of the Peace and he has settled in full to the end of his time of office Nov. 22 1887. These justices have reported and paid over to the County Trustee the amounts of fines shown to have been collected by their dockets, except Esquire Giffe in whose report there is an error of \$300. in favor of the County, he having reported \$2.⁰⁰ in a case when it should have been \$5.⁰⁰

In regard to the examination of Esq. Giffe's docket, your Committee have to report that the docket is kept in a very careless manner, in so careless a way in fact that it was impossible for the Committee to get any knowledge of the condition of the business in his Court as shown by his docket he has tried, during the period of about two years, and a half 1040 Criminal cases, of this number there is 416 in which there are no judgments of any kind entered on the docket. Esq. Giffe stated that some of these cases, thus standing on record are cases in which he has issued warrants that have never been returned before him. This accounts for the absence of Judgment entries in many of these cases, but in many of those remaining there is a bill of costs taped up, with sometimes a receipt of an officer or witness showing that the costs have

Quarterly Court January Term 1888

been collected, in a few of the cases, he has reported fines collected and paid the same to the Trustee.

He has also failed in nearly every case where he has collected fines or costs to make an entry showing the amount collected, the date or the fact of the collection -

If any persons convicted before him were sent to the work-house there is no entry on the docket to show the fact.

From the appearance of the docket one is almost tempted to believe that some of the parties arrested and brought before this Court were annihilated.

Your Committee is of the opinion that this state of facts is owing to negligence, in keeping the said docket and not to any wrong motive on part of Mr. Giffe but your Honor can see that it is utterly impossible for the Committee to state whether his reports are full and correct or not and it can only report that Esq. Giffe has paid to the Trustee for the three first quarters of the year 1887 the sum of \$62.⁵⁰ fines collected and the sum of \$223.⁵⁰ since he has been in office, that is since 1881.

Respectfully submitted

Since the close of the scholastic year we have visited nearly all of the schools once and some of them twice, travelling in all about twelve hundred miles. We held a Normal for Colored teachers in which much good was accomplished. We have also had nine teachers meetings which are important factors in the propagation of our schools. Most of our teachers are alive to the cause of education and progress and all working earnestly to have the common schools of Hamilton County stand on a higher basis. We have however, a few who still cling to the old time style of teaching but we think the time has fully come when they should either advance with the spirit of the age or join some other profession. We have endeavored to raise the standard of teachers qualifications about twenty per cent. and we intend that our examination in the future shall be still more rigid - this being the only plan by which we can raise the standard of education.

When the following business was transacted.

X The Committee heretofore appointed at
the January term 1888 of this Court, to report
upon the Petitions of all Dummy or Street Railways
praying for Right of Way over County roads,
for their respective roads, and reference which
made to the order, appointing said Committee
which is of record on Page 21 Quarterly Court Record
No. 3. under date of January 4 1888 said Committee
being Esquires Dyer, Sherwood, Tyler, Bennett & County
Judge Whiteside,

In open Court, came said
Committee and made their report in the
following words and figures.

To the Hon. County Court,
Your Committee to
whom petitions for rights of way for Street
Railway were referred beg leave to report
that after a careful consideration of the
premises they have reached the conclusion,
that the three Companies viz: The Chickamauga
& Rossville Street Rail Road Company,
The City Street Rail Road Company & The Chattanooga
Electric Street Rail Road Company. Should all be
granted restricted rights of way over certain

Special Term County Court January 16 1888

County roads: as hereinafter set forth.

We recommend that the Chickamauga & Rossville Street R.R. Co. be granted permission to lay maintain & operate a street railroad on & over the South side of Montgomery Avenue from the Corporation line to Dadds Avenue & also to occupy use for said rail road purpose the West side of Dadds Avenue.

The inside rail of said rail road to be fifteen feet from the center of Montgomery Avenue & twelve feet from the center of Dadds Avenue further that so far as this Court controls it the same permission to lay maintain & operate a Street rail road is granted to the said Company on East End Avenue from McCallie av. to Montgomery av. the inside rail of said rail road to be placed fifteen feet from the center of said East end Avenue.

J.R.

We also recommend that said Rail road Company be granted permission to lay, maintain & operate a Street rail road on Long Street extension from the Corporation line to or near the Forest Hill's Cemetery gate. The said Company to occupy the Eastern side of said road & place its inside or Western rail fifteen feet from the center of said road or street.

We also recommend that the City Street rail road Company be granted permission to lay maintain & operate a street rail road on the Northern side of McCallie Avenue from the Corporation line to Forest Street or Avenue. The inside or South rail of said rail road Company to be placed fifteen feet from the center of McCallie Avenue also to occupy the East side of Dadds Avenue from McCallie Avenue to Montgomery Avenue the inside rail on said road to be 12 feet from the center of Dadds av.

We also recommend that the Chattanooga Electric Street rail road Company be granted permission to lay maintain & operate a Street rail road on the South side of McCallie Avenue from the Corporate line to Roubin Crossing their inside or Northern rail to be laid fifteen feet from the center of said Avenue also to occupy the East side of Roubin Crossing from McCallie Avenue to Bailey Avenue the inside rail to be laid twelve feet from the center of said crossing & also the said Company be granted permission to occupy the

Special Term County Court January 16 1888

side of Bailey Avenue from Rouhs crossing across
Dodd as to Lewis street the inside rails on Bailey
Avenue to be laid twelve feet from the center of
said street. We also recommend that the
last named Company after they have made
the fill on McCallie Avenue from Corporation
line to Rouhs Crossing the full height &
width of their tracks be granted the further
permission to occupy the South side of Bailey
Avenue west from Rouhs Crossing to the
unnamed street east of Mrs. Fulkers property
& the East side of said unnamed street
from Bailey Avenue to McCallie Avenue.

The inside rails to be twelve feet from
center of both streets but should the Electric
St. R.R. elect to go from the Corporation
line straight out Bailey Ave continued to
Lewis St or from Corporate limit out Bailey
Avenue to Fouist St & thence on Fouist St to
Chamberlain av, & on Chamberlain av to Lewis
St. this Court grants said permission so far
as it controls same. But said Co. must
elect which of said routes they will accept
the intention being to grant but not to wall
of said streets the inside rail is to be 12 feet
from the center of said streets.

All of the foregoing grants to the three
companies aforesaid to be subject to
the following limitations & restrictions &
granted only upon the following conditions
1st All rails shown to be laid flush with surface
using the surface & curvature of the road
so that water or other "detritus" will not accum-
ulate on the road next to the rails of said
companies & so as to make it an continuous
road bed.

2nd No company shall charge more
than a five cent fare for the full length
of their line.

3rd all of said companies shall
build keep up & maintain at their own
expense that part or portion of the streets
or roads occupied by their tracks for
one foot on each side of same. Same to
be kept in first class condition with fine
macadam and dressed with gravel for at

County Judge Whiteside read his report for the quarter ending April 1 1888 and on motion of Esq. Tyler seconded by Esq. Field the same was referred to the Finance Committee to report upon a quorum of the Justices being present & voting for the same

Moved by Esq. Tyler seconded by Esq. Sherwood that the report of the Hon. County Court for the quarter ending April 1 1888 be received and spread of record motion carried a quorum of the Justices being present and voting for the same and is as follows.

To the Hon. County Court

Your Work House Committee submit the following report of work done & expenses incurred during the quarter ending March 31st 1888

We have now in the Work House 74 men & 10 Women during the quarter we have had an average of 84 prisoners, the expenses for that quarter as shown by warrants issued by County Judge have been \$4253.²⁰

This does not include bills allowed & ordered paid March 31st amounting to about \$1500.⁰⁰ for which warrants have not yet been issued.

An itemized statement of expenses is hereto attached as Exhibit "A" The general health of the prisoners has been good there being only two whom they sick list at this date, Nine (9) prisoners have escaped during the quarter.

The stock & tools of this department are all in good condition except the road roller which was broken by the City & is now being repaired at their expense

Quarterly Court April Term 1888

During the past quarter we have had forty days of rain leaving but fifty days including Sundays when it was possible to work the force in which time we have accomplished the following results.

On the Harrison & Kings Bridge road one & one half miles $\frac{3}{4}$ feet in width have been graded. This work extends from a point near Boyce Station around the point of Missionary Ridge to Kings Bridge one eighth of a mile of furnace slag has been placed on this road near Cities Creek but this work was to be abandoned on account of bad weather.

On the Kinggold road the grading has been completed & one half mile of graveling done there yet remains about $\frac{3}{4}$ of a mile of grading to be done which it will require one week of good weather to complete this road has also been protected by a paved stone gutter four by one feet for a distance of three fourths of a mile.

This road when completed will be the only strictly first class hill side road built by the County.

After grading $\frac{1}{4}$ miles & graveling $\frac{1}{2}$ mile on the Wauhatchie road. This work has to be abandoned until more settled weather.

The iron bridges for Chattahoochee Creek & Falling Water Creek have arrived with cement & put up until a lower stage of water in these creeks.

In conclusion your Committee desires to say that they are very much pleased with the work accomplished & the good management shown by your Workhouse Superintendent. All of which is respectfully submitted.

Moved by Esq. McFarland seconded by Esq. Thompson that
that the report of the Work House Court for the last
quarter ending June 30th 1888 be received & adopted
said report is in the following words & figures.
to the Hon. County Court

Your work House
Committee respectfully submit the following report
for the quarter ending June 30th 1888
We now have
in the three workhouses ninety eight prisoners eight
eight males & ten females, during the quarter we have
had an average of ninety prisoners & in the past quarter
prisoners have escaped & five have been recaptured. The general
health of the prisoners has been good.

The force during most of
the quarter has been divided in three squads as directed
by the Court. The main force working on the Kings Road
road have graded about seven miles of the road & three
fourths miles of this road & there yet remains about three
fourths of a mile to grade when this road will be ready
for macadam & gravel from the City to Kings Bridge.

Quarterly Court July Term 1888

This branch of the workhouse force has been recently removed to West side of Footout Mt. to complete the work on the Wauhatchie or Footout Valley road. When this work is completed which we estimate will take from thirty to forty days the force will at once be taken back to the King's Bridge road & remain there until further orders from this Court. The force at work on McCallie av. have graded about $\frac{3}{8}$ of a mile from the Corporation line which distance includes the heaviest work to be done on the avenue. The force on the North side of the river have graded one half mile ($\frac{1}{2}$) from the river.

The completion of Montgomery Avenue extension to the Catholic Cemetery on the East side of Missionary ridge was completed in the first part of this quarter before the force was divided into three parts.

The large amount of work done during the past quarter is largely due to the excellent management of the various forces by Mr. Sibley your workhouse Superintendent. The entire expenses of this department for the past quarter have been \$5,082.26 as is shown by itemized statement hereto attached & marked exhibit A.

All of which is respectfully submitted

Moved by Esq McFarland seconded by Esq Tyler that the report of the Committee on the management of the Steel Colored Orphan Home and Vice at Home made & received and spread of record motion carried and said report is in the following words and figures.

To the County Court of Hamilton Co.
Gentlemen,

The undersigned Committee to visit and investigate the condition and management of the Steel orphans Home report that we have discharged the duty assigned us and take pleasure in saying that we are satisfied that the home is well and economically conducted and that the inmates receive good attention, they have the best of educational and moral training, the health of the inmates has been good during the past quarter, they appear to be furnished with good and wholesome food and special care is bestowed in the way of personal cleanliness of both the inmates and premises.

There are at present 9 children in the home none of these are a County Charge except those admitted by authority of the County Judge or House Committee all the inmates are under 15 years of age and none are allowed to remain in the home longer than

is necessary to secure comfortable homes outside.
 We regard the Home as a credit to the County
 and a lasting monument to the name of Mrs. A. D.
 Steele the projector and manager of the institution,
 she deserves the thanks of this Court as well of every
 citizen of the County.

Moved by Esq. Tyler seconded by Esq. Bennett that
 the County pay one half of the cost for making East
 End Avenue a first class road, the cost of the re-
 maining half to be borne by the City of Chattanooga
 and that the Workhouse^{Court} is hereby empowered
 to make contract for the improvement of said
 road by contract work motion carried a
 majority of the justices being present voting.

On motion of Esq. McFarland seconded by
 E. J. Jolley the petition of citizens of the 11th
 Civil District of Hamilton County Tenn. to change
 the district line between the 11th & 12th district was
 granted a quorum of the justices being
 present and voting for the same said petition
 is in the following words and figures.

To the Hon. Hugh Whiteside Judge of and to
 the Worshipful County Court of Hamilton County
 Tennessee.

Your petitioners respectfully ask
 your worshipful body to so change the line
 between the 11th & 12th Districts of said County
 of Hamilton as to include in the 12th District
 all of the places known as the St. Spurwoody
 farm and the Stanley Spradling farm.
 Petitioners show that a portion of the Spur-
 woody farm lies in the 12th and a portion
 in the 11th Dist. and that all of the Spradling farm lies
 in the 11th Dist. immediately on the line between said
 districts. Petitioners represent and show that Osprey
 Creek is the line that divides the said districts
 and that towards its mouth it makes a deflection
 to the south, running nearly South instead of
 East as is the general course of the Creek, thus

Quarterly Court July Term 1888

When running in general eastern course dividing certain sections very naturally and very fairly. But in this instance the creek turning so near South and continuing that course so far makes a long tongue of land between the Creek and river and removes those living in that portion of the territory so far from business center, post office facilities and schools as to subject them to very great inconveniences. The accompanying diagram or map will show how this is better than it can otherwise be explained. A reference to this map will show that the said farms are a long ways south of the main portion of the district and removes their occupants a long ways from the voting precinct of said 11th Dist. its schools, Post office & your Petitioners show that they are much nearer the voting grounds of the 12th than of the 11th Dist. that their place of Commercial trade and business of all kinds is in the 12th Dist. that they never have business, social or other relation with the 11th Dist. except when they are compelled to go to its voting ground to cast their ballots or forfeit their election franchise this being the case it is a hardship to require them to remain in the said 11th Dist. by which they are required to travel at least eight miles to cast their votes when at the same time they are within four miles of the voting ground of the 12th. Besides their Post office accommodations are in the 12th their trade is in the 12th and when it is necessary to cast their votes they now have to travel eight miles to do so instead of four if the lines were changed as desired which change would bring all these enumerated advantages together, thus whilst attending elections they could also visit the Post office and the travelling centers from which family supplies are obtained. Again calling attention to the accompanying map which shows so plainly the justice and equity of their request and the facts set forth above your petitioners earnestly ask the relief sought and will ever so pray all of which is respectfully submitted.

Quarterly Court July Term 1888

The Finance Committee unto whom was referred the Report of County Trustee Shelton running from Sept. 1/1887 to Sep. 1/1888, submitted their report in open Court and on motion the same was received, recommendations adopted and said report together with the report of the County Trustee ordered spread of record by items including Picked up Taxes, Delinquent taxes, and Errors & Releaselements and Delinquent Colls for the year 1887

Said reports are in the following words and figures. To wit.

To the Hon County Court of Hamilton County:
Gentlemen:

We the undersigned Judge of the County and H. J. Sahagan Chm of the Finance Committee of the County report that we have examined the reports of A. Shelton, Trustee of said County and find that according to said reports which we are satisfied are correct unless clerical errors have been made in transcribing from the original Tax Books and that the said Trustee is entitled to credits on settlement on Tax levy for 1887 for the following amounts:

	State Tax	County Tax	School Tax	Road Tax	Total
Errors and Releaselements	678.71	904.96	565.60	64.22	2213.59
Delinquent Tax Real Personal	2799.72	3732.94	2333.09	278.96	9144.69
" Colls		2933.17	5874.33		8811.50
Total	3478.41	7575.07	8773.02	343.28	20169.78

And we find from the footings of said reports he is entitled to credits in the amounts stated above.

We also find that the Trustee has picked up the following taxes and should be charged with the same as follows:

	State Tax	County Tax	School Tax	Road Tax	Total
On Real Personal Property	428.16	570.88	356.80	29.70	1385.54
" Colls		156.50	313.00		469.54
Total	428.16	727.38	669.80	29.70	1855.04

All all which is respectfully submitted

H. Whiteside, County Judge
H. J. Sahagan Chm Finance Comt.
J. J. Delift

pensation for tax Book & duplicate re-ported
as follows:

To the Honorable County Court

Gentlemen
The undersigned members of the Finance Court
Committee have examined into the merits of the
claim of Sill Clark Clerk of this Court for compen-
sation for making the tax duplicates of said County
for the year 1888 and after having compared the ex-
tent of the work performed with similar work in
former years we do not consider the claim excessive.
We therefore recommend that the compensation be fixed
at twelve hundred dollars and that the County Judge be
directed to issue his warrant now for \$700.00 and when

Quarterly Term, October Court, 1888

H. D. Sleuffer Supt. of County Schools made his report for the quarter ending Sept 30th, 1888, and on motion same was accepted & ordered spread at record & is as follows:
 Chatt. Term. Oct 1st 1888

To The Hon County Court.

Gentlemen: During the past quarter we have held two State Normal Institutes, one for White & one for Colored Teachers. The Institute for Colored Teachers was held in the Gilmer St school Building the last week in June with Rev J. B. Zeigler of the Daisy Academy as representative for the State. There were 24 Teachers present most of whom took an active part in the exercises. Supt Wyatt of the City Schools & other prominent educators visited the normal & gave the teachers some good advice. The institute for white Teachers was held at Dale Creek July 2-12, 1888 Prof F C Kame of the University of Tenn at Knoxville represented the State, 68 Teachers were enrolled. Much interest prevailed during the entire attendance. Prof J. A. Rogers & Pres. of Maryville College W. M. Ager, Pres. Mt. City Business College, Supt Arnold of Cleveland Tenn, Public Schools & Sup Billingsly of White County were present & did effective work. This was the first normal Institute for white Teachers in Hamilton County & its effects have already been realized in the various schools. The last day of each normal was devoted to a written examination of teachers. We believe that every Teacher who attended the normal returned to his school with a fresh supply of methods & enthusiasm & with a determination to do better work this year than ever before. We have also secured the adoption of a uniform series of Text Books for a period of six

October Term County Court Oct. Court, 1888

A course of study for use in all the schools under this system, all pupils who complete the studies prescribed & pass a satisfactory examination, will be entitled to a diploma, signed by the Teacher, The School Board, & the County Superintendent. Three pupils, Miss Ullie V. Varner, Messrs. John W. Roberts & B. K. Reynolds have already graduated. Hammeton County stands first in this respect as no other County in the State has a system of graduating pupils from the public schools. The County teachers meetings both white & colored have been well attended. The scholastic population of the County this year is 14,568 as against 12,788 last year, an increase of 1780. We have visited more than one half of the schools & with few exceptions have found them in good condition. We expect to visit every school in the County during the term.

Very Respectfully Submitted

The health of the inmates is exceptionally good. The ~~houses~~ are ~~clean~~, comfortable & well appointed. The inmates are treated humanely, good discipline prevails. The grounds are neat & clean. We point with pride to the fact that during the past quarter, 51 of the inmates were discharged over 40% of which were enabled through the care & kindness & skill of the County employees to earn their own living during the quarter but 3 of the inmates died. We think this an excellent record. When you call to mind the fact that all the inmates received into this institution are either very old or are infirmed through disipation or are the victims of severe accidents. As this is the last report you present Commissioners will have the honor to make to this court. We deem it fit to express our high sense of the inform-studence

Courtesy which in your Commission & have rec'd of the hands of your honorable chairman Judge Whitside He has aided us by his wisdom has been lenient to our short Commissions & has given us valuable suggestions. He has acceded to all our suggestions to improve & economically carry on the work & in returning to private life We wish to say to you gentlemen of this Court that he is a wise & able Officer who has done his duty well. To the County Physician Dr. E. M. Eaton we are indebted for his skillful care at the poor, the health of the inmates, & the low rate of mortality speak louder than we can in his praise. To the Supt J. M. Fox we extend our hearty thanks, he has made an unusually efficient Officer, He is economical, kind & humane to the poor, has a tender heart, & fills a very arduous position with credit to himself & to the Court which he serves. And now Gentlemen we return to you the trust committed to our hands some years ago, We then found on the grounds 2 old worn out buildings, 2 small new ones, the new ones being unfurnished. We turn over to you 4 new buildings. One (1) large new hospital bldg One (1) old bldg. one (1) new stable & coal house one (1) good well 2 mules, one wagon, 1 ambulance & harness for same, 1 good cow, the grounds well fenced, the walks graded & gravelled, the houses thoroughly equipped & furnished & the whole system in splendid running order. *Malum ad nulli amoris alii.*

This is the largest force that has
ever been in this department & to
work them successfully we have had
to hire extra teams when hauling
material for the roads. With this force
we have completed the Lookout Valley Rd
to the Co. Lane & without direct orders
from this Court graded $\frac{1}{2}$ half
mile of the Kellup Ferry road. This part of
the force was then removed to the
Kings Bridge road, where they have graded
about $1\frac{1}{4}$ miles & have covered about $\frac{1}{4}$ of a
mile with furnace slag, & in addition
to this have top dressed with slag &
thoroughly rolled $\frac{3}{4}$ of a mile of this road.
This force has also assisted in the building
of the extension of City's Court. A force
of about 25 men have completed the
work of grading & widening McCaulle
Ave so that it is now ready to receive
metalling from the City to Mission
Ridge. The force on the North
side of the river have graded
ditched & drained about $1\frac{1}{4}$ miles
of the Dallas road which takes
it to the top of ridge & have graded
about $\frac{7}{8}$ of a mile from the upper
ferry landing to the land gravel
soil at the foot of the ridge. This
force consisted of about 18 men
and have just been moved

Quarterly Court, October Term, 1888

From the Dallas road to the Mountain Creek Road, the total expenses at this department for the quarter have been \$5134.⁸⁹ as is shown by an itemized statement hereto attached & marked as exhibit "A". This does not include the bills ordered paid on the 29th of this month for which no warrants have yet been issued these bills amount to about \$1000.00 dollars. The health of the prisoners has been remarkably good.

Respectfully

Summary

Early in the spring we prepared a course of study and system of gradation, met the various school boards (a few districts excepted) and conversed with them on the importance of systematic arrangement and more unity of thought and action on the part of those connected with the school work.

At a convention of Directors held April 2nd a uniform series of text books, a course of study, and system of gradation were unanimously adopted for six years.

Under this system all pupils who complete the branches prescribed and pass a satisfactory examination, receive a diploma signed by the teacher, the school board and the County Supt.

Ten pupils, eight white and two colored have graduated and received their diplomas.

The convention of County Supts. held in Nashville three weeks ago, unanimously indorsed our plan hence Hamilton Co. has the honor of introducing a system which is to be used throughout the State.

Two state normal institutes, one for white and one for colored teachers were held during the summer in which our teachers received many valuable ideas, suggestions &

Quarterly Court January Term 1889

which inspired them to do better work than ever before.

Our teacher's monthly meetings have increased in attendance more than one hundred per. cent and the enthusiasm diffused therein is being disseminated in every part of the County.

We have visited the various schools from time to time as the law directs travelling about twelve hundred and fifty miles.

The standard of teachers qualifications has been raised about twenty per. cent and the standard of education in Hamilton Co. has been raised at least twenty five per. cent during the past two years.

"As the teacher is, so is his school" hence we believe that Normal Institutes and monthly meetings for the training of teachers are important factors in the propagation of our schools and that directors ought to require their teachers to attend.

We are in favor of Dist. & Co. Educational Expositions when the work of the various schools can be compared. In conclusion allow us to say we are very grateful to the Honorable Co. Court, teachers, directors and patrons for their uniform kindness & co-operation.

Respectfully Submitted

The Work House Comt. in open Court made their report for the quarter ending Dec. 31' 1888 and on motion of Esq. Willis seconded by Esq. Cowart the same was received and ordered spread of record and is in the following words and figures. to wit:
 To the Hon. County Court.

Gentlemen

Your Work House Comt. beg leave to submit the following report of monies expended & work done during the past quarter which ended Dec. 31' 1888. We had on hand at the beginning of the quarter 123 prisoners. We have on hand at the close of the quarter 99 prisoners & we have had during the quarter an average of 112 prisoners. With the force the following work has been done.

The force on the King's Bridge or Harrison Road have hauled & spread $1\frac{1}{2}$ miles of slag, inches deep. The force have built $3\frac{1}{4}$ of a mile of new grade & have extended the culvert & widened the fill at Catico Creek. This force we were compelled to move during the quarter on account of injunction by the Henderson Heirs & they were transferred to East End.

Quarterly Court January Term 1889

where they have completed the grading of said Avenue from Harrison Avenue to McCallie Avenue. The McCallie Ave. force have completed the work of hauling & spreading slag on McCallie Ave. from the City to Missionary Ridge & are now covering said Avenue with gravel. They have also widened & raised the Long St. extension fill & have placed 450 Cu. yds. of rip-rap at West end of Lookout Creek bridge in order to protect the western abutment of said bridge.

The force on the North side of the river have built 1400 cubic yards of rock wall & cleared the channel of Look Creek & have also built the two bridges ordered in the upper end of the County both bridges have stone abutments & earth fills approaches, making a permanent job. They have also redressed with gravel the Stringer ^{Ridge} road and are now at work grading & gravelling what is known as the Washington road they have completed about $\frac{1}{2}$ mile of this road. The total expenditure for the quarter has been \$9,799.26 Of this amount nearly \$2000.⁰⁰ was paid in old bills incurred before the beginning of this quarter. over fifteen hundred was paid for hired teams & during this quarter the entire outfit of winter clothing & bedding had to be purchased which amounted to over \$1200.⁰⁰ The expense of feeding the prisoners & guards has been 18 $\frac{1}{4}$ cents per head per day. Your committee desire to say that they are of the opinion that if the entire management of the work house which would include the right to employ or discharge any & all of the employees of the County in this department was turned over to them that they will be able to accomplish a great deal more work, meantime better order & discipline & save the County thousands of dollars during the year. Accompanying this report is an itemized statement of expenditures mark exhibit "A" all of which is respectfully submitted.

To the County Court of Hamilton County Tenn. Chattanooga Term. Nov. 20th 1888.
Gentlemen:

The undersigned have examined the report of A. Shelton Trustee for the year ending Sept. 1st 1888 including settlement for tax Levy for the year 1887 and find the same correct said report is hereto attached. We find that on the 31st of August 1888 the total balance in the hands of the Trustee amounted to \$28473.88 Twenty eight thousand four hundred seventy three & 88/100 Dollars, the same belonging as follows.

To Hamilton County general fund	\$4185.16
" School	22394.39
" Roads	1894.33
Total	<u>\$28473.88</u>

Which amount has been turned over to his successor Chas. W. Peabody.

We therefore recommend that the report hereto attached be made a matter of record preceding this report on the records in the office of the County Court Clerk and that the said A. Shelton and his Bondsmen be released from all liability on account said tax levy for the year 1887 and other collections up to the date of surrendering his books or to his successor.

Respectfully Submitted
H. Whiteside County Judge
J. T. Mahagan Chm. Com. on Fin.

We certify that we have examined, checked & approved A. Shelton's final report as trustee of Hamilton County ending Sep. 30th 1888, having found it correct and

said Bridge Contract as amended is in the following words & figures to

Special Term Quarterly Court Jan'y. 21st 1889

This contract entered into by and between the Chattanooga Bridge Co., a company organized under the laws of the State of Tennessee, party of the first part, and Hamilton County, Tennessee, by and through its County Court, party of the second part, witnesseth as follows.

- 1- The said Chattanooga Bridge Co. undertakes and binds itself to build or cause to be built for said party of the second part a bridge across the Tennessee River at Chattanooga, the southern terminus to be located at some point between the west line of Market Street and the east line of Georgia Avenue in said City and the bridge to be built at right angles to the stream, for a sum not exceeding \$200,000.⁰⁰ the termini to be so selected as to meet the approval of the County Judge or such Committee as may be appointed for that purpose by the party of the second part. The necessary Rights of Way for proper approaches to said Bridge both at its southern and northern termini shall be paid for by the said Bridge Co. and shall be a donation to the Court by said Company.
- 2- The cost to the County shall not exceed, but shall be the sum the construction of said bridge shall actually cost said Bridge Co. but in no event to exceed \$200,000.⁰⁰
- 3- All work done or proposed to be done and all material used, or proposed to be used on said Bridge, shall be subject to the inspection of the County's Engineer, or such other person or persons as shall be selected by the County for that purpose, with power in said person or persons to reject or accept the same.
- 4- Said bridge shall be paid for in the following manner, viz - By the Bonds of said County, which shall be issued and delivered to said Bridge Co. as follows. On estimates made by the Engineer in charge of the work, approved

Special Term Quarterly Court Jan'y 21, 1889

- by the President of the Bridge Co, and the County's Engineer, Chairman of Bridge Commission, on work done and in place, provided that no estimate shall be less than for one-fifth, or 20% of the contract price of the Bridge and that 20% of the entire cost of the Bridge shall be reserved and not paid until 30 days after the entire work is finished and the bridge open for traffic.
- 5- said bridge shall be strong, well built and durable, and according to such pattern, plans and specifications as may be agreed upon by the Bridge Co, and County's Engineer or such other person or persons as may be appointed for that purpose by the County.
 - 6- said Bridge and approaches shall be up to all the requirements of the war Department of the U.S. and of the act of Congress passed to allow the building of this Bridge approved April 20th 1888 and the plans and specifications shall be approved and accepted by the representatives of the County before contract is signed.
 - 7- said Bridge Co, agrees and binds itself to take a lease on said Bridge and this lease is to date as of the date of the bonds to be issued under this contract, and shall continue for 20 years from said date, and shall pay, as a rental for the same, as long as it shall continue in the possession of the Co.
 - 8- 1- Semi-annually into the hands of the County Trustee the interest accruing on bonds issued by said County for said Bridge and said interest shall be paid six months before the coupons fall due. A failure by said Bridge Co, to promptly pay to the County Trustee the interest accruing on said bonds and the sinking funds as herein provided shall entitle the County Court through the County Judge at its option to annul and declare said lease forfeited, and within 30 days to take possession of said bridge without releasing said Bridge Co, from the guaranty to pay the principal and interest of said Bonds, but said Bridge

Special Term Quarterly Court Jan'y, 20 1889

shall be credited with the tolls received thereafter and pay only balance necessary to pay the bonds, principal and interest.

2. To pay annually into the hands of said County Trustee a sum sufficient to aggregate, in the 20 years of the lease with the accruing interest the total amount of said bonds as issued by the County.

The interest accruing on said Bonds shall be represented by coupons attached to the Bonds and the amounts so due on such coupons shall be paid by said Bridge Co. into the County Treasury so above stipulated or six months before the maturity of each bond coupon.

The sinking fund, going toward the liquidation of the principal of said bonds shall be paid into the hands of the County Trustee by the Bridge Co. as follows, viz - at the end of one year from the date of the Bonds the sum of one thousand dollars, and annually thereafter, sums sufficient to make the sinking fund, including the interest accrued on same stand as follows.

The County Court of said County shall, from time to time, if necessary, increase

Special Term Quarterly Term Jan'y. 21 1889

The Bond of said Trustee in sums sufficient to protect the funds in his hands, and said Trustee shall by and with the advice and approval of the County Judge or such other person or persons as may be named for that purpose loan out or invest the said sinking fund to best advantage practicable. After any amount is paid into the hands of the Trustee by said Bridge Co. it shall not be liable for the same, but the Trustee shall account to the County Court for the same and interest.

The Bridge Co. further agrees and binds itself to keep and maintain said Bridge while in its possession under said lease as a toll bridge and to charge for all passage and traffic thereof reasonable tolls, which shall not exceed the schedule hereto annexed.

The Bridge Co. also agrees to keep said bridge in proper reasonable repair, at its own expense, and hold the County harmless on account of damages by fire while in possession under the lease. Said Bridge Co. shall through its President make semi-annual sworn statements of their gross and net receipts to the County Court. The County Court shall have the right and power at its option to cancel said lease on or before notice to the Bridge Co. by releasing said Bridge Co. from the guarantee which it hereby makes, that it allowed to continue in possession of said Bridge for 20 years. Under said lease it will pay the principal and interest on said bonds by repaying to it with 6% interest any and all sums it may have paid to said Trustee on account of interest and sinking fund, on said bonds, and any amounts paid out on expenses or repairs over and above the amount of tolls received by it. If however the amount so paid by the Bridge Co. and the amount of tolls received are equal, or the tolls received up to the date of the notice should exceed the payments so

Special Term Quarterly Court Jan'y. 21 1889

made, then the said Court shall have the right to cancel the lease, upon simply releasing the Bridge Co. from future liability on its guarantee to pay the balance of the interest coupons, and principal of the bonds.

Said Bridge shall be accepted by the County's Engineer or such other person or persons as may be appointed by the Court for that purpose as being up to and within the requirements of this contract before the last installment of Bonds shall be delivered to the Bridge Co. under this contract.

Said Bridge Co. further agrees to hold Hamilton County harmless against any cause of action arising in favor of any third party during the work preliminary to the erection of or during the erection of the said bridge or during the Bridge Co's possession of it and generally from all claims for damage on the part of abutting property.

The said Bridge Co. herewith and as a part of this contract furnishes a bond in the sum of \$200,000.00 - conditioned for the faithful performance on its part, of the terms of this contract, the securities to which Bond are severally bound for the various amounts set opposite their names, and it is agreed that if at any time any of the securities to the bond shall become insolvent, or die, or not be good for the amounts set opposite their names, then on fifty days notice given by the County Judge the Bridge Co. shall furnish other sufficient surety in place of the one or ones so insolvent, or dead, or within thirty days thereafter shall forfeit and pay into the hands of the said County Judge the amount so lacking or not good on said bonds.

The County Judge in connection with such persons as the County Court may appoint shall be the Judge or Judges of the solvency of the bondsmen and shall annually at the January term of the County Court make a report

Special Term Quarterly Court Jan 21 1889

as to the solvency of said bond.
 The County Court acting for said Court
 hereby accepts said agreements, contracts
 and guarantees of said Bridge Co. and
 binds itself to issue and deliver its bond
 as above provided and to lease said bridge
 to said Bridge Co. according to the terms of
 this contract, and this contract shall
 be taken as said lease and said
 Bridge Co. according to the terms
 of this contract and this contract
 shall be taken as said lease, and
 said Bridge Co. shall enter upon
 and take possession of said bridge
 under this lease and contract.
 Said bonds to be issued shall mature
 in 20 years and shall not bear more
 than 6% interest, payable semi-annually
 and shall be redeemable or payable at
 the option of the County any time after
 six years and shall not be sold for less
 than par, and to secure this end, the
 contract made by said Bridge Co.
 for the erection of said bridge shall
 be made on a cash basis subject
 to the approval of the County Judge, or
 such person or persons appointed
 for that purpose and be paid in
 cash on completion of the bridge
 or on estimates as above stated, and
 said Company shall charge the
 County therefor the amount actually
 paid out by it, legitimately and legal
 and account for said bonds issued,
 it, at their par or face value.
 The bridge Co. binds itself to, in good
 faith to begin work on said bridge
 within 90 days after the date of the
 acceptance of this contract by the
 County Court of said County and
 have said bridge completed and ready
 for traffic in 24 months from said date
 and in case of failure to do so, it
 shall forfeit all rights under this contract
 but shall still be liable on its bond.
 Said lease is not transferable, assigns

Special Term Quarterly Court Jan'y. 21. 1889

or saleable unless such be approved by the County Court of said County.

If said bridge co. at the end of 20 years shall not have received sufficient tolls from said bridge to reimburse it for all amounts paid out by it on the principal and interest of said bonds and expenses and repairs, then said County agrees to extend this lease for five years longer.

Said County agrees not to build or cause to be built a free bridge within two miles of the said bridge erected under this contract during the existence of this lease. Said Company shall have the right to contract with and charge all passenger railways companies for the passage of their cars over said bridge, whether drawn by horses or otherwise except cars drawn by steam, during the existence of the lease.

for hogs or sheep per head 2 cents,
for cattle, horses, mules, or asses in a drove per head 3 cents, for horses, mules or cattle not in a drove, not employed in drawing, whether mounted or not per head 10 cents, for every four horse wagon loaded or unloaded 35 cents, for two horse wagon, one horse wagon, buggy, carriage and all other vehicles drawn by two or a less number of horses, mules or other animals 25 cents each, for every vehicle drawn by more than four horses or other animals 35 cents and 5 cents for each additional animal more than four, for poultry in droves 1 cent per head, for each foot passenger per head 5 cents.

Court adjourned until 1st Monday in April 1889 at 10 o'clock a.m.

Esq. Bennett that said report was received adopted and ordered spread of record, and is as follows.

Chattanooga July 1st 1889

To the Hon. County Court.

Your Committee consisting of the school directors of the second and third districts and the County Supt. which your honor appointed to investigate and report as to the dissolution of Sub School district No. ⁷ ~~one~~ ^{Dist³} composed of parts of the second and third districts and known as Pleasant Hill school beg leave to submit the following report.

We met according to call at Pleasant Hill May 17th to investigate the matter a number of patrons being present who discussed the matter pro and con after which a vote was taken to ascertain the sense of the meeting, which resulted in almost two to one in favor of letting the district stand as it is, however not more than one fourth of the patrons were present. Original action was deferred until June 29th and a committee of two, one from each faction - was appointed to wait upon the patrons and tax payers of said sub district and ascertain their wishes, by having them express the same by "yes" or "no" opposite their respective names on the accompanying list which is respectfully submitted with this report.

The Court are of the opinion that the sub list should stand as it is.

The Court, appointed to investigate the advisability of a Reform school by its Chairman Esq. H. B. Wood made their report as follows.

Quarterly Court July Term 1889

To the Honorable Court

Your Court, to consider the advisability of establishing a reform institution would respectfully report that they have given the matter much thought & attention. From the number of young criminals crowding our Jails & work houses the effect of their association with older criminals & the cost of their prosecution, we are of the unanimous opinion that some means should be begun at once to remedy the evil and we would recommend as follows

- I As we believe the Statutes of the State, do not give us sufficient power to do this work well, that a Committee of three be appointed to secure suitable legislation for this purpose.
- II Until proper legislation can be effected that a branch workhouse be established for all under eighteen years of age

Said Bridge Commissioners' Report is in the words ^{and} figures following:

To the Worshipful County Court of Hamilton County, Penns.

We the undersigned bridge Commissioners of Hamilton County, appointed by the Court at its last term, with directions to locate a site for the proposed bridge across the Pennesse river, at Chattanooga, which the Court at the last term, decided and agreed to build, and also under directions to advertise and receive proposals for the construction of said bridge, and to employ an Engineer to prepare plans and specifications for, and supervise the construction of the same; beg leave to report as follows:

As soon after the adjournment of the Court as possible we met and organized, and at once proceeded in our endeavors to discharge the duties imposed on us by the Court, our first duty being to inform ourselves and to secure safe engineering advice, we decided to employ Maj. Whinnery, a gentleman well known to our citizens and members of the Court, and an engineer whose reputation is such as to inspire the highest confidence in his advice and work.

We wrote to him and the Chairman of the Committee had an interview with him. We found that Maj. Whinnery's business engagements and arrangements were such that he could not serve us as Chief or Superintending Engineer, but he kindly consented to visit Chattanooga at once and meet with the Commission for the purpose of advising them as to the best method to pursue, which he did, meeting with us and advising us without any other charge than the payment of the actual expenses of the trip, which Judge Whiteside paid, amounting to \$10. Maj. Whinnery advised as the first and necessary thing to do the employment of a first class bridge Engineer to prepare plans and specifications, check ^{and} advise on bids, and supervise the construction of the bridge. Maj. Whinnery gave us the names of some five of the most prominent and skillful engineers in the U. S. with whom your Commissioners at once opened correspondence resulting in the election and employment of Mr Edwin Thatcher, formerly with the Keystone Bridge Co., at Pittsburg, Pa., at present located at Decatur Ala. A gentleman pronounced by all as among the first bridge engineers in the United States. Maj. Whinnery also gave your Commissioners good advice about other matters, as to width of

bridge, location, general character of structure &c. all of which suggestions were in the plans adopted.

Mr Thatcher being employed, your Commissioners proceeded to select a site as directed by the Court. After visiting all the proposed or mentioned sites from the West line of Market St. to the East line of Ga. Ave. the Commissioners selected the Northern terminus of Walnut Street for the Southern terminus of said bridge and a point at the foot of what is known as Trout Ave. on the North side as the Northern terminus. Your Commissioners after thorough investigation of all matters bearing on this subject, made this selection without a doubt as to it being for the best that could possibly be made under the circumstances. Chief reason lay only between Walnut Street and Market Street, because the increased cost of construction and the inconvenience to a majority of the citizens who will desire to pass over the bridge precluded going further East than Walnut or West than Market, and Cherry Street lying between the two was too narrow and is also not otherwise advantageously located for the bridge. The advantages of Market Street were its width and its being at present the main business thoroughfare of the town. The disadvantages were that it is so low that only a draw bridge could be built across from it and approaches even to this had to be so high between Second Street and the river that obnoxious property owners were claiming damages that aggregated over \$100,000. Besides this, if built there the approaches of the bridge would necessarily have been a considerable obstruction to a free access to the wharf, such an obstruction as should not have been made if it could well be avoided. The transportation interest in the Tennessee River and the U. S. Officers in charge of river improvements objected to the Market Street location as being an obstruction to navigation, and this opposition would have caused considerable trouble and doubtless delay.

The only objection to Walnut Street was that it was off the line of the Market Street track, but it is only 54 feet from Market Street, and it is believed that this bridge located at Walnut Street will at least in the near future be more in the direct line of the mass of travel than it would have been if located on Market Street; besides the Northern terminus is nearly at the same place as it would have been necessary if the bridge had been built on Market Street to have deflected the Northern approach to the East in order to reach high ground above floods for the Northern terminus without having to go too great a distance. The bridge as located will be also more con-

veniently and fairly located for the people who live on the North Side who at least for the present will constitute the great means of travel than it would be at Madaket. Its location is satisfactory to the transportation interests, and meets the views of the Officer in Charge of U.S. river improvements who was strongly in favor of the selection. It will not be an occasion for damages to any obnoxious property owners; is on a good wide street and will make a bridge to be built without a draw which is a very great advantage, that alone justifying the selection made because of the saving in cost of maintenance and avoidance of delay and trouble by the travel passing both over and under the bridge. These and other considerations determined your Committee to select Wolnut Street which they did and informed the Bridge Company of it that they might procure the necessary land for the right of way in pursuance of their agreement with the Court. The site being selected it was found necessary under Mr. Thatcher's advice to make a preliminary survey and soundings of the site and the river at this point in order to procure data for the plans and provide profiles for the bidders. The Commissioners appointed and employed Mr. Fairleigh for this purpose who did the desired work. Mr. Fairleigh also did some work in surveying and furnishing data as to the river for 1 mile above and 1 mile below the bridge to meet the requirements of the War Department. Mr. Thatcher, as expeditiously as possible prepared very thorough plans and specifications for the bridge, embodying such requirements and details as were agreed upon by the Committee under his advice; that of Mr. Whimery, Mr. Fairleigh, and Mr. Conroy and others, and in these and all other matters your Commissioner has had the advice, counsel and active assistance of Judge Whiteside who has acted with the Commissioners. Before and after the plans and specifications were prepared proposals were advertised, both in the papers, and by sending cards and letters to all bridge Companies of any importance in the U.S. from Maine to California. Plans and specifications were sent to some 50 or more Co's and Contractors and on the day advertised for the closing of the bids there were filed some 17 proposals which are herewith brought to the Court, the result of the same being as shown on the statement accompanying Mr. Thatcher's report. Our Engineer, Mr. Thatcher, has carefully figured and checked these over, calculated and tested the plans, strain sheets &c. and his report is herewith submitted. While your Commissioners were not specially charged with this part of the matter the Chattanooga Bridge Co or its Officer and Agent representing them who have heretofore made the proposition of donating to the Court \$25,000. The right of way

and the franchises acquired by the Act of Congress for those who have subscribed to said donation have presented to us and have asked us to present and report to the Court 1st: A deed to said County for the right of way for said bridge.

2nd: An assignment of its rights and franchises acquired under said Act of Congress.

3rd: \$25,000 in notes drawn according to the terms of the proposition made by said bridge Company and accepted by this Court, which notes are made payable to the bridge Company and by it endorsed and transferred to the County.

4th: A bond in the sum of \$5,000 with good sureties, conditions to make good any loss and default in the payment of any of said \$25,000 in notes, and also to protect and make good its warranty of the right of way conveyed. These are turned over by said Company on condition that this Court will faithfully comply with its part of the Contract and at this time make a contract for the construction of said bridge and we then present the same to the Court and report, that said deed for right of way and assignment are in due and legal form and valid, and convey a good title to the County. There is a lien on the lot purchased from Mrs. Henderson at the end of Walnut street, but the Company has other notes with which to pay off the same, and the County is amply indemnified and protected by the bond of \$5,000 herewith reported. We report that the \$25,000 in notes turned over to us and herewith submitted are good and solid, and we recommend that this together with the \$5,000 bond, and the deeds for right of way &c. be received by the Court as a compliance with the bridge Company's proposition to date. The report of our Engineer, Mr. Thatcher, herewith submitted shows fully in detail the results of all the bidding, and we recommend that a Contract be let over bid. to some of the bidders. The bids are an satisfied on very low, and it is probable the County will now have another opportunity to get as good a bridge for the same amount of money.

We recommend that the substructure be let on the bid of Neely, Smith & Co. and superstructure on that of the Smith Bridge Co. The bid of Neely, Smith & Co. for the substructure, the County looking the risk as to loss from floods and foundations as being represented on the report of the engineer they giving no guarantee as to this, is \$88,071.48 this added to the bid of the Smith Bridge Company will make the bridge cost the County when finished and completed, including land-rod, \$210,432.00. The bid of Neely, Smith &c. they looking all risk and guaranteeing the County from further cost will amount to \$96,197.00. This with the bid of the

Smith Bridge Co. for superstructure will make the bridge cost the County \$218,558 ⁶⁶/₁₀₀, exclusive of inspection and engineering.

It is the opinion of our Engineer that the risk which will probably be encountered is not worth what the Contractors ask, but as it will save the County from any question of further cost, and will make everything definite and complete, we recommend that the Contract be let on the bid in this way.

We recommend that a bond in the sum of \$25,000 be required of Nuly, Smith & Co., and one of like amount from the Smith Bridge Co. These being retained 10 per cent of the estimates until their work is completed, and it being done under constant supervision and inspection, we think the County will be amply protected by these bonds.

We recommend that the Court levy a special bridge tax this year of five cents on the one hundred dollars, and that it order the immediate issuance of \$200,000 of the County's bonds, the same to be sold to the highest bidder for cash and for not less than par; that the bonds run for 20 years, being in denominations of \$500, bear 5 per cent interest payable semi annually, and be made payable in N.Y., that the Finance Committee in connection with the County Judge and Justices be directed to at once procure said bonds to be lithographed or engraved; that said Committee and officers at once advertise in such news and periodicals as they may see proper for such bonded proposals for said bonds, and sell the same as above provided to the highest bidder, the purchaser to pay besides the amount bid, the interest accrued thereon to the date of delivery.

We further recommend that said bonds be dated as of the 1st ^{October} ~~of~~ next, and bear interest from that time. It being necessary to carry out these recommendations that the orders of the Court thereon should be prepared with care and with reference to the existing laws regulating those matters. We have prepared such orders as we have thought proper and herewith report the same and recommend their passage.

All of which we respectfully submit.

Chattanooga, Tenn, 28 June, 1889.

For the consideration that the Chattanooga Bridge Company proposed to the County Court, of Hamilton County, Tenn., that said Bridge Company would donate to said County \$25000 in cash, to be paid as the work of constructing a four highway bridge progresses, and secure rights of way for the approaches to said bridge, and to turn over to said County its possession of said County Court would construct a four highway

bridge across the Tennessee River, which proposition was accepted by said Court on the 2nd day of April, 1889, and in consideration of the fact that said parties are in good faith carrying out said agreement and said bridge has been located with its Southern terminus on the S 1/2 of the W 1/2 of lot One, 1st street, in Chattanooga, Tenn.

Now, therefore, the said Chattanooga Bridge Company, hereby conveys to the County of Hamilton, in the State of Tennessee, all of the W 1/2 of said lot, one lying South of the South abutment of said bridge and also the right to construct and maintain said bridge to its full width over the route surveyed for the same on the South side of the river, and to locate one pier on the ground above the low water mark, on the South side of the river, but the free use of the ground over which said bridge runs is reserved to the owner thereof, so that such use in no way interferes with said bridge or the construction thereof, and also the right of way for said bridge over the lands of S. J. A. Frazier from the North bank of said river to the South line of Frazier Avenue over the route as surveyed for some years near such route.

We have and to hold to said Hamilton County, Tennessee said Bridge Company covenants that it is lawfully seized of said rights, and has full power to convey the same and will forever defend the same against all lawful claims.

In Witness Whereof, the Chattanooga Bridge Company hereunto subscribes its name by its President, S. J. A. Frazier and Secretary R. M. Barton, Jr. this 26 day of June, 1889.

Chattanooga, Tenn. 26 June, 1889.

Whereas the Chattanooga Bridge Company proposed to the County Court of Hamilton County, Tennessee, that said Bridge Company would donate to said County, \$25,000 in Cash, to be paid as the work of constructing a four highway bridge piers, and secure rights of way for the approaches to said bridge, and to turn over to said County Court its franchises, if said County Court would construct a four highway bridge across the Tennessee River, which proposition was a

on the 2nd day of April, 1889, and said Bridge Company having secured and turned over to the County of Hamilton New York five thousand dollars in bona fide subscriptions, which subscriptions are payable as follows:

One-fourth within 20 days after the Contract has been made and work begun on the construction of said bridge;

One-fourth within 20 days after the Constructing Engineer certifies that the substructure is one half completed;

One-fourth within 20 days after the completion of the substructure, and the remaining _____

One-fourth within 20 days after the completion of said bridge; and upon default of any time for 5 days in the payment of any of the above sums as stated, the right shall exist in the said bridge Company to sue on the note to recover the full amount unpaid at that time, whether the same by the terms of the note is due or not.

And whereas said Bridge Company has procured deeds for the right of way of said bridge on both sides of the Tennessee River at what is known as the Walnut Street site or crossing.

And whereas said County is taking active steps to comply with its contract as above recited.

Now, therefore, the Chattanooga Bridge Company as principal and the undersigned sundry hereby Acknowledge ourselves bound to H. Whiteside, Judge of the Circuit Court of Hamilton County, Tennessee, for the use of said County, in the sum of Five thousand dollars, for the payment of which we bind said Bridge Company, ourselves and legal representatives, but upon the following conditions.

If said Bridge Company shall in all respects comply with its contract as above recited, and save the County harmless from all loss on account of a failure on the part of said Bridge Company to comply with its contract or on account of the failure of any of the subscribers to pay their subscriptions, turned over to the County as aforesaid or of any damage that may result to the County from any failure of title to said right of way or any part thereof, then the above obligation to be void otherwise to remain in full force and effect.

In witness whereof the Chattanooga Bridge Company herewith subscribes its name by its President, S. J. A. Proszier and Secretary R. M. Boston Jr this 24 day of June, 1889.

as follows:-

Resolved: It being in the opinion of this Court to the interest of this County to build a bridge over the Tennessee River, a strait navigable for Steamboats, at Chattanooga, and the same being a County purpose, and said bridge being exclusively within the County of Hamilton, and this County having accepted a bid or proposal for the construction of the same, the Southern terminus of the same beginning at or near the North terminus of Walnut street in the City of Chattanooga, and being extended across the river from that point and terminating in what is known as Front Avenue on the North side of the River, both being public highways, and regard having been had in said location to advantages of location and the convenience of the Citizens of the County having to pass over the same, and in the opinion of the Court, it appearing that the cost of said bridge will exceed the amounts raised by such taxation as this Court sees proper to levy during the time said bridge is being constructed, and it being therefore proper to provide for the excess by the issuance and sale of the County's interest bearing warrants or bonds, the Court is pleased to order and doth hereby order that \$200,000. of the County's interest bearing warrants or bonds be issued and sold to provide money for the excess cost of said bridge over and over the amounts raised from taxation for this purpose during the construction of said bridge. It is further ordered that said bonds be issued and signed by the County Judge under the Seal of this Court, and shall be countersigned by the Trustee of this County.

Said bonds shall bear interest at the rate of 5% per annum payable ^{semi} annually, principal and interest being made payable in New York.

Said bonds shall be in denominations of \$500.

Shall bear date as of Sept. 1st, 1889, and have interest coupons attached falling due March and Sept 1st of each year hereafter until the bonds are paid.

Said bonds shall mature 20 years after their date.

Said bonds shall be paid principal and interest by a mill tax levied annually on all taxable property in this County until said bonds are fully paid, and this Court doth hereby levy a special bridge tax of five cents on the hundred dollars on all taxable property in this County for the year 1889, which shall constitute a fund to make partial payments on said bridge, and out of which to pay interest on said bonds, and to create a sinking fund for said bonds, and this Court doth agree and bind itself and order that annually hereafter, until all the principal and interest of said bonds shall be paid

also, a sufficient special bridge tax shall be levied on all the taxables in this County to pay the interest on said bonds, and to create a sinking fund which will pay off and liquidate said bonds on or before their maturity.

Be it further ordered that the County Judge shall keep a full and true record of all such warrants or bonds issued by him, their amounts and dates of maturity, and that the Trustee shall keep a similar record, and show in addition all amounts paid thereon, whether as interest or principal and the time of such payment.

Which said Resolution was adopted by the following vote:

The above items are heretofore accounted for in exhibit 'C'. Comparing this quarterly report with the one rendered to your honorable body on March 31st you will find that the figures showing cost of maintaining persons and stock as shown in Exhibit 'E' show that it has cost slightly more to maintain prisoners and guards at Headquarters and at no. 3 workhouse and the cost of maintaining stock at both of the above points has increased considerably. As to the prisoners and guards the daily average was estimated as shown on March report and was probably estimated too high. The estimates were given me by my predecessor, no book having been kept from which to obtain

Quarterly Court July Term 1889

absolute figures. Assuming that those estimates were too high you can readily see that it would increase the cost per capita per day for feeding in last quarter. The daily average for present quarter is absolute. As to increase in cost of feeding stock at head quarters and No. 3 I would say that there was an item of \$135.00 brought forward for forage as on hand and available for use in this quarter this forage was piled up in the loft of the stable at Head quarters and had to be estimated. They may and likely were estimated too high this would make the report of March 31 show too low a figure for feeding and raise the figures correspondingly in this quarter. The average for feeding stock for both quarters have been about 26 cts. per. day for each head of stock.

On the subject of escapes I would say that we are at the mercy of the trusty system, as they can and will go when they get read and especially during the war months of the year.

Chained men ought not to escape but through the carelessness of guards and the fact that they are always watching for any possible chance they sometimes do. The recent escapes from No. 2 and No. 4 work houses of chained men would not have occurred had the guards at those points used the judgment and diligence that they should have done.

Your attention is called to the fact that during the month of June and so far this month the weather has not been favorable for road building and has seriously retarded the operations of the forces.

Making over actual expenses
for Poor House this quarter \$803.71

We find the quarters neat and the
yards kept in good order and
the patients well cared for and receiving
good medical attention which gives little
satisfaction your Commissioners further
report that we met at the Poor House
April 8th with Hon. H. Whiteside Judge for
the purpose of investigating the medical
treatment of the patients as ordered by the Court
we found one patient very sick, he
had no medical treatment for several
days he died in a few days after. We
had Dr. Eaton examine him in our
presence and found his pulse and
temperature very high. Before the
examination the Dr. said he was
not very sick. all of the patients except
one or two informed the Committee if
the Dr. was unkind and treated them too

The Committee after a thorough invest-
igation voted unanimously to remove Dr
Eaton from the Poor House and also
Work House and have secured the
services of Mrs. Holtzman and Hope
all of which is respectfully submitted

Quarterly Court October Term 1889

State of Tennessee
Hamilton County

Be it remembered that at a Quarterly Term of the County Court, began and held at the Court House in Chattanooga, present and presiding the Hon. H. Whiteside Judge - with the following Justices associating Court: Esquires N. J. Springfield, Nilson, Jackson, Thompson, Cowart, Tom Rogers, Converse, Tragg, Day, Johnson, Champion, Millsaps, Lewis, Ben, Hobbs, Thomas, Kirk, Gray, Bolton, Coleman, David, Gahagan, Lee, Koltzow, Adams, De Laverne, Woods, Rowden, Burge, Stone, Stone, White, Willis, Whiteside, Walker, Tarnell, Conner & Kirklin,

Minutes read and approved for Wednesday July 31 1889.

County Judge Whiteside submitted his report for the quarter expiring Sept. 30 1889 and on motion same was referred to the Finance Court, to audit and report.

Moved by Esq. Koltzow seconded by Esq. De Laverne that the verbal report of the County Judge Whiteside advising against the lease the rear or Cherry St. end, of the Jail lot to Wm Ashley for occupancy, be received & recorded, the Court into whom the matter was referred i.e. Judge Whiteside, Sheriff Shelton & Esq. Adams, Clerks of Jail Court, be discharged. motion carried a quorum of the Justices be present and voting for the same.

A Gahagan Chairman of the Finance Committee read the report of said Committee and on motion of Esq. De Laverne by Esq. De Laverne the report was received and intended to be made a matter of record, and is in the words and figures following to wit

Chattanooga Tenn Oct 7 1889

To the Honorable County Court,
G. Dear Sirs

We have as directed by the Court at the July term made a settlement with County Trustee Peabody on taxes levied for 1888, and find the account of the Trustee all in good satisfactory shape, We recommend that as soon as his bond for 1889 levy is accepted by the County Judge that his bondmen on levy for 1888 be released, We also report that in compliance with instructions at the July term, we have had prepared the County Bridge Bonds and have advertised same as directed and on 1st inst, opened the bids and awarded the bonds to Mess Hanson Leach & Co #2 Wall St New York, said Bonds sold at a premium of 4,35-85 or a premium of a little over \$8700, payment for which we are informed will be made by the end of this week.

Your Committee had prepared with a view to properly advertise the bonds a neat pamphlet showing the resources of the County and to do this we necessarily had to incur some small expenses but our labors were well paid by the satisfactory manner in which our resources were placed before the capitalists bidding on our bonds, We take some satisfaction in knowing that our work in this direction has been highly complimented by those with whom we have been in correspondence, We place before each member of the Court to day a copy of the resources of the County that they may see how we have grown in the past and see an estimate upon what our future will be We have instructed the County Trustee to furnish a satisfactory bond to secure the County against loss on account of the disbursement of the Bridge fund, In all matters entrusted to us by the Court, we have had the hearty cooperation and assistance of Judge Whiteside all of which is respectfully submitted.

Respectfully

A. J. Bohagan

 To the Honorable County Court, Chateaugua Jan
 Heulleman

The undersigned (Bridge Commissioners) report in reference to the progress of the work on the Demusse River Bridge as follows:

The contract for the work with Messrs Neely Smith & Co. and the Smith Bridge Co. have all been closed up as directed by the Court at the July Term, the work on the structure is getting along as well as could be expected the condition of the River being considered, the water is now at a good working stage and the contractors are making good headway, the masonry on pier #5 will soon be above low water and the cofferdam for pier #4 is now being put down and the work will go forward rapidly. The iron work is being prepared at the Mills and will be ready as we are informed by the time the substructure is ready to receive same. The Bridge Commission has attended to all the minor details pertaining to the employment of all local help, payment for which is made monthly on pay rolls certified by the local Engineer and approved by the Chairman of the Bridge Commission, all small bills outside of the pay rolls for incidental expenses are itemized on vouchers and the same approved by the local Engineer and the Chairman of the Bridge Commission and

The closest scrutiny will at all times be observed in passing on any claim connected with the construction of the Bridge under the terms of the contract it is possibly a little hard on the Contractor for his first estimate, as the amount due him on estimate will be in no way correspond to the amount already expended, as they have had to expend large sums of money in getting ready for the work. Should the Court desire to give the Commission any special instruction, we will be pleased to have them do so

Very Respectfully

 Engineer J A Fairleigh, which is in the
 following words and figures

To the Bridge Comrs.

Oct 5/89

Gentlemen,

I desire to report
 as follows as to the progress of the work
 on the Walnut St. Bridge.
 At pier No. 5 the foundation has been
 excavated to bed rock and two courses
 of masonry laid and the work on
 this pier is being pushed at Pier No. 4
 The Cofferdam is in place and will
 be ready to pump out in a few days.
 The dams for the other Piers are being
 framed, with two months of low
 water all the foundations can
 be finished this fall and the Piers
 carried above ordinary water
 line so that the work can pro-
 ceed all winter. I also submit
 a list of the employees of the
 engineering Department together
 with the salaries paid and a state-
 ment of expenses incurred to date.

Respectfully Submitted

 made their report for the quarter ending
 September 30/89 and on motion same
 is received.

We respectfully submit to your honor our
 this our report of the proceedings of the Work
 House for the third quarter ending Sept 30/89

The work house department is now comprised
 of the #205 quarter force and two branch
 work houses numbered one two and three
 respectively. The head quarter force is located
 three fourths of a mile south of Ridgeville on
 the line of the Union Railway having moved
 from the neighborhood of Oldman Heights
 on the 29th day of August last. They are at
 this point. Prisoners as follows.

Adult males 52 Boys 4 and 7 females
 No 2 force is located on the King farm
 on the Harrison road about seven (7)
 miles from the city. They are at this
 point prisoners as follows.

Adult males 11 Boys 1 making 12 in
 all. No 3 force is located at falling water
 on the Washington road having moved from
 Old Bank on the 3rd day of September 1889
 they are at this point 29 prisoners. The health
 of the prisoners is somewhat objectionable since
 the removal of the head quarter force to
 the quarters there was occupied by several diseases
 - has disappeared and may such as
 as we always with water now available
 No 4 Work House lately located near

Bounty Court October Term 1889
 Esq. Walker, was discontinued on the 27th
 of July last, the force having run down so
 that it was impossible to support them and
 the mules belonging to the County are in sad
 condition considering the hard and certain
 work done by them. Out there are
 a number of them broken down and they
 should be disposed of at an early day. One
 of them died at No 32 on the 23rd
 of September. Your attention is called to
 the following exhibits marked A, B, C, D, E, F, G,

During the quarter ending Sept 30/89
 It has rained 46 days out of 92 either all
 day or a portion of same returning results
 that could have been attained under normal
 weather fully 20 percent
 Your attention is directed to the fact that the
 subject of gravel for public roads built
 inside of the circle bounded by Mission
 Ridge and Pioneer river is pressing
 and must be considered. The nearest
 gravel that can now be had and that
 must be paid for has to be hauled at least
 3 1/2 miles every yard obtained is costing
 at least 70 cents in some respects suggest
 that a gravel bank on some of the lands
 R.R. be purchased and that the gravel be
 brought in by car loads and by utilizing the
 Union Railway. It could thus be delivered
 to almost any point desired in the locality
 specified herein in specifics. Your attention
 is also called to Exhibit G of this report showing
 work done by prisoners and especially to that
 portion of it which refers to the work of
 females & boys. You will readily understand
 that their work amounts to practically nothing
 in road building. The number of females
 and boys who come to the work house are
 increasing yearly and it does seem that
 some steps should be taken looking to over

Employment as in former judgment may be deemed necessary that will prevent their being an expense to the county.

Sept 11/89 G. G. Lel
J. H. Dory Jr.
St. Albans County Judge

Esq. A. J. Springfield presented the following petition of the Union Railway Co. which petition is as follows
Chattanooga Tenn.
Oct 9/1889

To the Honorable the County Court of Hamilton County.
Gentlemen;

The undersigned petitioners The Chattanooga Union Railway Co. show to your Honorable body that it is engaged in constructing a line of its road in the 17th Civil District from its connection with its present line over right of way it has acquired and owns through lands of Mrs. A. N. Watkins Mrs. J. Foster Rogers and many others from a point near the Forest Hills cemetery and extending in the direction of the Look Out Mountain Incline - This line is designed to cross the Blowing Springs public road by a bridge this road and bridge is far advanced in the process of construction. This work is heavy and expensive in both (grade or) earthwork and bridge work. The crossing of this road by

This company over said Bridge has been enjoined on the application of Mrs. A. M. Johnson, of the Forest Hills Cemetery Company

This petitioner is advised that the elevation of said Bridge is several feet above the reasonable requirement of the law.

That no public right is infringed or contemplated, but in view of said injunction this petitioner asks the public right to cross said bridge road at the point in the line of its right of way over said bridge as now located

and your petitioner will ever pray,
 The Chamorro Union
 Railway Company
 by L. E. James President
 In motion of J. J. Howard
 seconded by J. J. Bennett the
 above petition as read was
 granted a quorum of the justices
 being present & voting for same.

The petition of Citizens of the 3rd civil
 District asking that Forest ave. in
 Hill City extension of the public road

leading to the Dallas road in the 3rd Dist. be changed so as to run along Elm street to the end of the lot of J. D. Chumley and that at the end of the said Chumley lot westward to the old road and on motion of Esq. Springfield seconded by Esq. Henderson was referred to the Justices of the 3rd Dist. County Engineer and County Judge with power to act.

The Court, heretofore appointed to act in the matter of a County Re-form or Industrial School, by its Chairman H. B. Wood reported as follows Your Court, appointed to examine the old Poor House farm beg leave to report that they have discharged that duty and are of the opinion that said farm on account of its isolation from transportation and on account of the very poor and worn out condition of said farm is wholly unfit for the purpose of a County farm for an Industrial school. We therefore recommend the sale of said farm and that the proceed of said sale be supplemented by an appropriation from this Court sufficient to purchase a suitable farm for said purpose we further recommend that Commissioners be elected by this County Court at the present term who shall be instructed to proceed at once to select a suitable location and ascertain the probable cost of same and do such other things as the Court may direct looking to the early organization of said Institution and report the same to the January term of this Court

To the Honorable County Court.

The Lookout Mountain Co. hereby tenders the County as a public road, the street on the East side of the mountain known as East Avenue, from the Lookout Mountain Hotel, to the new Hotel not yet named, that is to say to a point directly opposite the depot. Subject to the right at any time to lay or procure to be laid, gas and water mains, but in no instance shall this Company in doing this work lower the road less in width than at present nor shall it lower said road in worse condition than when it began the work. Though the land belonging to this Company said road is fifty (50) feet wide, and we have spent four thousand (\$4000) dollars working it out and putting it in shape. A small sum or amount of work will at all times keep it in good repair.

Respectfully,
E. Watkins Pres.

The Committee appointed at last term concerning an appropriation for Hospital reports as follows. viz.

We your committee, appointed by County Judge, under resolution passed at last meeting of County Court concerning a petition of the Chattanooga Hospital Association, would report that we recommend that fifteen thousand (\$15000⁰⁰) dollars, be appropriated from the Tax levy of 1890 for the purpose stated in the petition, but with this proviso. That the County Court shall have in perpetuity, the right to elect 1/4 the number of the Boards of Trusts, who shall have the control and disbursement of this fund, and from a

County Court October Term 1889

proportionate part of the governing body of the Hospital when built. J. D. Parmer Chairman. J. Bennett, H. Springfield

The Jury of View reported as follows, viz.

To the Honorable County Court of Hamilton County Tenn.
 The jury of view appointed at the last term of your court respectfully report, that notice was served upon the persons owning or controlling the lands to be crossed by the proposed road more than five days prior to the day selected for laying out said road, notifying them of the time and place of locating the same, and of their right to be present, and to be heard relative to the same. In pursuance of said notice, on Saturday Oct 5th 1889 the jury proceeded to lay out said road and locate the same as follows, to wit
 Beginning at the place where Glass Street now intersects the Harrison Pike road, and proceeding thence in a straight line with the present direction of Glass Street toward Chattanooga, across the lands owned by a syndicate, of which E. G. Roberts Esq of Chattanooga is Trustee. Thence across the lands owned by a syndicate of which W. G. McAdoo Esq of Chattanooga is Trustee a distance of about five hundred feet. Thence across lands owned or controlled by N. R. Hall Esq of Chattanooga a distance of about three hundred feet. Thence across lands owned by C. W. Vinson Esq of Chattanooga. Thence across lands owned by N. K. Burton Esq of Chattanooga as Trustee, to the old Harrison road. Thence across said road, and across lands belonging to the Rogodale heirs, to the right of way of the Western and Atlantic Railroad. Thence across the right of way of said Rail Road and across the right of way of the Cincinnati Southern Rail Road and other lands belonging to the Rogodale heirs to the North and South half section lines between lands owned by C. W. Vinson and the said Rogodale heirs. Thence along said half section line in a southerly direction to the right of way of the East Tennessee Virginia and Georgia Rail Road. Thence under said Rail Road tracks and across said right of way to intersect with the said Harrison Pike road, on said half section line.
 The road is to be of the uniform width of fifty feet, and will have but one bend or deflection in it, from the foot of Mission Ridge at Sherman Heights to its intersection with the Harrison Pike road near Cities Furnace. There has not been time since the order appointing this jury of view was issued, to make

494
County Court October Term 1889

A complete survey map and profile of proposed road but it is believed that the grade need not in any place exceed three feet to the hundred, and we recommend that a complete map and profile of the road be made by the County Surveyor, who assisted as engineer in laying out the road. Upon a careful inspection of the said proposed road, and of the tracts of land through which it would pass and of the manner and position through which it would pass through said tracts your jury of view is of opinion and judgment that no award of damages should be allowed or paid to any of the owners of said tracts of land on account of proposed road. Your jury of view recommends that said proposed road be opened, graded, gravelled or established as a first class Pike road by your Honorable body. The following named persons have donated the right of way for said road across their lands.

We the undersigned owners or having control as Trustees of the lands to be crossed by the proposed road herein mentioned do hereby give, grant and donate, to Hamilton County Tennessee a right of way 50 ft. wide across our lands respectively for use of said road as herein described and located, W. A. Burton, Trustee, C. S. Roberts Trustee

We find the jail in good condition, good bedding and well fed, and all in good health we have repaired the basement for the women which was in a bad condition on account of the floor being rotten which was removed and replaced it with artificial stone at a cost of \$65.⁰⁰ which makes it permanent and first class.

The Sheriff and Jailor are using every effort to make the health of all the prisoners good, the food is well cooked and the bedding is sufficient to make them as comfortable as is possible in a County Jail.

J. P. Henderson

In motion the report was received and adopted, and said road established as a first class road, a quorum of the justices present voting

Bridge Inspector Esq. Converse, made the following report.

To the Honorable County Judge
 Your Bridge Inspector begs leave to report as follows. I have inspected the Long st, Footout Creek, Curran and Shallow Ford bridges, and had the floor of each repaired. The north Picayunga bridge on the road now being built by the work house force is unsafe and should be replaced at a cost not to exceed \$1,200. The masonry is in first class condition.

The Chillingwater bridge was properly erected, the small cord bars having been put where the large ones belong and the large ones in the place of the small ones. This leaves the bridge unsafe and it should be changed. Also, the foundations of the abutments of this bridge are being undermined and if not soon fixed will cause their downfall. I have located the bridge near Smiths Ford and recommend an appropriation of \$2,600, for construction of said bridge. Nearly all of the bridges of the County will need reflooring by spring and several will need painting.
 W. Converse

County Court January Term 1890

Accompanying the above report was the following

To the County Court
We, the Committee appointed to locate a bridge near Smith's Ford, having examined the location and selected a site a short distance below the ford where there is a rock bluff on one side, and which is an especially good location for a bridge. We recommend the building of the bridge.

To the Honorable County Court,
We the undersigned appointed by your Honorable body as a court, to select a site for a bridge over Chicamunga Creek have prepared the following report, which we beg leave to submit, after having considered the several places suggested as suitable places, for a bridge have determined on the following, in the best interests of Hamilton County and in view of serving the most people and at the least expense, have decided that the proper place

County Court January Term 1840

for the bridge is at or near the present site of the old Scurry bridge, which is on the most direct route from Kinggold to Chatahooga as well as the cheapest possible place to build a bridge. The Creek as we have reason to suppose having the solid stone bottom, on either side with a stone bluff or bank on one side and a very narrow channel the Court would in view of the fact that the old bridge is nearly impassable recommend that the Engineer be instructed to locate the bridge examine for foundations and make estimates of pier work, and bridge, and report the same for approval at the April term of this Court.

During the present scholastic year we have had two eminently successful Normal Institutes one for white - one for

County Court January Term 1890

Colored teachers-- both of which were well attended

The attendance on our monthly teachers meetings has been larger this year than ever before and the good thus accomplished is incalculable. We also have two successful teachers reading circles one in each end of the County which meet monthly. We have examined and granted Public school diplomas to twenty pupils during the year - others will be ready for the final examination at close of the Spring term. Hamilton County now has forty seven public school graduates with few exceptions, the schools are all in good condition and judging from the monthly reports received I feel safe in saying the average attendance this year is much better than of any previous year. Eleven new school buildings have been erected during the year ranging in size from one to eight rooms, while seventeen schools have been supplied with improved desks etc. We consider this a long step in the right direction as we cannot hope to have first class schools until first class facilities have been provided.

Respectfully Submitted

The Work House Court, read their report for the quarter ending Dec 31 1889 and on motion the same was adopted and ordered spread of record and is as follows.

To the Honorable County Court.
 Your Work House Court, beg leave to submit the following report for the quarter ending December 31st 1889
 We have had during the quarter ending December 31 1889 an average of 133 prisoners per day (deduct from the total number of prisoners the disabled prisoners, women and children and the average working force has been about 106 per day) and with this force have accomplished the following results;

- 1st We have graded four and one half miles of road along a portion of which has been very heavy work, making heavy fills and cutting through solid rock
- 2nd We have redressed one and one tenth miles of road.
- 3rd Have gravelled 3/4 of one mile. Total amount of gravel used 1207 yards.
- 4th Have quarried 2,300 yards of rock, this rock will be used in macadamizing
- 5th In addition to the above we have cleared about 3/4 of a mile of right of way south of North Chicamanga Creek bridge which was heavy work on account of the number of heavy boulders and timber necessary to move.

The total expenses for the quarter have been

\$10314.40

County Court January Term, 1890

This amount should be credited by \$2,110.00
 leaving a net expense of \$818 0.40
 we credit total expenditure of the quarter by \$2,110.00 because this amount was expense for mules and plumbing fixtures which of course will be used for a number of years in workhouse Department this would leave the net expenditure for this quarter \$347.73 less than last quarter and we think with more work done to show for the expenditure. The cost per capita per day feeding prisoners and employees has been 14. $\frac{3}{7}$ cents and feeding each head of stock per day 22. $\frac{5}{7}$ cents. The detailed statement of expenditures and work done are shown by the report of the engineer and Supt. of workhouse which are on file with the workhouse papers in the Clerk's office.

There has also been built one heavy stone culvert, walls 50 feet long at the bottom and 40 feet long at the top, three feet thick and eight feet high.

All of which is respectfully submitted

Report of Dept. of Work House for the
quarter ending Dec. 31, 89

Hamilton County Work House

Dec 31/89

Wm. H. Whiteside Judge & c and the
Work House Court Messrs.

I hereby submit
to your honorable body this my
report of the proceedings of the
Hamilton County Work House for
the quarter ending Dec. 31/89

The work House department
for the past quarter has been com-
prised of the Hd. Pt. force, and three
branch work Houses designated
in this report as Nos. 2, 3 & 4

The head quarter force is located
about 3/4 of one mile south of Ridge-
dale on Dodd's avenue, and the
Union Railway. There is at this
work House 1 Superintendent, 1 Chief
Guard, 2 Head Guards, 3 Guards, 1
Night watch, 1 Hostler, 1 Cook, and 1 Black-
smith also 66 adult male prisoners
7 boys and 14 females.

No. 2 work House was withdrawn from
Garrison road on the 23^d day of Dec. 89
this accounts for there being 2 head guards
at Hd. Qs. Mr. Chippo and his men
being called in.

No. 3 work House is located
near Dalling water on the Wash-
ington road. There is at this work

Duty Court January Term, 1890.

House 1 head guard 1 guard (night watch) 1 porter and 1 cook also 20 adult male prisoners and 3 boys.

No. 4 work house is located about 2 1/2 miles from Chicamunga and near the residence of W F Walter Esq on the extension of Bird's Mill road.

There is at this work house 1 head guard 1 guard (night watch) and 1 cook also 1 adult male prisoner and 1 boy.

The health of the prisoners in all the work houses is good and all are in as cleanly a condition as is possible circumstances considered.

The live stock of the various work houses are in fairly good condition the head cow died of hydrophobia on Dec. 6/89

On the 3rd day of October a break was made by prisoners at head quarters and resulted in the escape of five (5)

on Dec. 27th 1889 an attempt was made by the prisoners at No. 3 work house to escape which resulted in one prisoner being slightly wounded with bird shot none escaped.

Your attention is called to exhibit A, B, C, D, E & F herewith attached and made a part of this report.

Truly, your Obedient Servant, 1890

A. J. Sahagan Chairman of the Bridge Commission made the quarterly report together with a recapitulation of expenses for Chattanooga Tennessee River Bridge to Jan'y. 6, 1890 and a report and recapitulation is as follows.

Chattanooga, Tennessee Jan'y 6, 1890
To the County Court of Hamilton County, Tennessee
Dear Sirs,

The undersigned Bridge Commissioners herewith submit report of Resident Engineer showing progress of the work to date.

The Contractors are having some trouble in getting one of their piers started in the River on account of the difficulty to make excavation for putting in concrete, stone work etc.

In the early part of the work they were delayed somewhat by the high water in August and September during October the work progressed very nicely and in November it was practically discontinued by reason of the high water. During December and so far in January the condition of the River has been very favorable and we think with the work progressed to its present stage, that there will be no considerable delays in future and we hope to be able to report the completion of the work by the time specified in the contracts.

The Iron work is being prepared and we have information will be ready to locate as soon as the piers have been completed, so that the Smith Bridge Co. can begin to put up the superstructure. We will continue to give the work close attention and protect the interests of the County in every way possible so as to insure a good Bridge.

Very respectfully W. C. Converse

It is ordered by the Court that the right is hereby granted to the Chattanooga Western Ry to construct its Railway and Branches across any public roads in the route of its construction that it may be necessary to cross; Provided that the manner of constructing such crossings shall be under the supervision of the County Engineer.

The petition of the Chattanooga and Floral Park Street Railway for right of way from the corporate limits of Chattanooga at Leticia City to Sherman Blights in the 6th Dist. was referred to the Work House Committee.

The petition of citizens asking for the construction of a road beginning at a point near Shallowford road and ending at the crest road on Mission Ridge was referred to the Work House Committee, County Engineer and County Judge.

The Committee appointed on yesterday to take charge of the several petitions of the Street R. R. Companies petitioning for rights of way & privileges over the Tennessee River bridge and take the reports of the special Committee on said proposed grants and formulate some plan whereby the interests of the County will be fully protected and equal justice be done to all applicants, presented their report and is in the words & figures following to wit:

Comrts Court, January Term 1890

N^o

1st That the Bridge Commissioners be and they are hereby instructed to cause to be laid on the County bridge across the river at Walnut St. double tracks for street cars with such rails as are of the best approved pattern,

2^d That each and every Street Rail Road Co. or Companies individuals or firms operating cars over said bridge shall pay to Hamilton Comrts the sum of \$300.⁰⁰ per annum. for the term of five (5) years from this date, payable annually in advance, and at the end of said term of five years said Company ~~and~~ companies, individuals or firms shall pay such sum per annum as may be then fixed by the Comrts Court of Hamilton Comrts.

And the Company, Companies, individuals or firms first using said tracks, as a part of its or their lines shall, before entering upon said tracks, pay to the Trustee of Hamilton Comrts the amount such tracks have cost with interest.

3^d That any other Company, Companies, individuals or firms wishing to use said tracks, shall have the right to do so, but shall pay to the operating Company Companies, individuals or firms the proper proportion of cost with interest, which proper proportion shall be fixed by the number of Companies operating and proposing to operate on said tracks, and the said Company, Companies, individuals or firms, shall keep in repair, at its or their own expense, the floor and joist on the road-way of said Bridge.

4th - That the right to build street car lines on all the main approaches to the North end of the said Bridge shall be common to all street railroads, for the distance of one mile from the Northern terminus of said Bridge; and any Company, Company individuals or firms desiring to use the tracks of some other company, or Companies, individuals or firms, within the said mile limit, shall build and operate not less than 1000 feet of tracks from the point of joining such other tracks.

5th - That the Company, Companies, individuals or firms first constructing such street railway, construct the same according to such rules and regulations and requirements and conditions as this Court shall

x

County Court, January Term 1890

x from time to time, prescribe.

b' — That any future company, individual or firm wishing to operate cars of the lines thus constructed on said main approaches, shall pay to the constructing or operating company or companies the proper proportion of the cost of such lines, to be ascertained from the sworn statement of the constructing engineer, and the one disbursing the money.

Be it further ordered that all street car companies, individuals or firms crossing over said Bridge, shall charge but one fare, and that not to exceed five cents for carrying one person over any part of their lines, from any point on the north side of the river, within four miles of the approaches to said bridge, to any point within the corporation of Chattahoochee to which their cars run of a continuous line in the city, to any point on their lines on the north side of the Tennessee river within four miles of said bridge.

x And any street car company, firm or individual using said track on said bridge or any tracks or tracks on or along any of said main approaches shall be at all times subject to the control and orders of this Court, and shall lay their track or tracks only where permitted by this Court, and shall otherwise comply with and perform all the requirements of law respecting street car companies outside of municipal corporations.

Be it further ordered, that the right to cross said bridge on the conditions herein named and the right to build lines on said main approaches to the bridge shall be free to all companies, and any company occupying and exercising the right to run their cars over said bridge or along any said approaches shall be taken and deemed to have accepted these conditions, and shall be subject to and bound by the same, and before entering upon said bridge or approaches shall address to and file with the County Judge a written acceptance of these conditions.

per cent per annum on the cost of the line, so used in common and its proportionate cost of annual repairs on same. In case any company or companies pay as first provided above a part of the cost of construction then on any other company or companies coming in and occupying said tracks on said streets above named and paying their part, said companies who had heretofore paid shall receive from said new companies their fair proportion of the price paid, so that all companies shall come in on the same basis.

Be it further ordered that the right to cross said bridge on the conditions herein named shall be the same to all companies, and any companies occupying and exercising the right to run their cars over said bridge shall be taken and deemed to have accepted these conditions and made the concessions herein provided for and shall be bound by the same, Esq. Sakagami offered the following proviso which was by common consent of the court made a part of the report provided however that where two or more ~~companies~~ ^{lines} of Street Ry. Companies are owned practically by the same individuals yet under different corporate names, operate lines from point in the City of Chattanooga and any point on the north side of the Tennessee river; that said lines shall ~~separate~~ ^{operate} the fare for passengers so as not to charge between the extreme Northern and Southern terminal of said lines, so owned. [and vice versa] more than a four cent fare for one passage.

Moved by Esq. Dobbs, seconded by Esq. Henderson that the amendment offered by Esq. Springfield be laid on the table. Motion lost by the following vote. Ayes, Esq. County Court, January Term 1890

On Motion of Esq. Shrimghall, seconded by Esq Jackson, Ed. Edmonson was released from Poll Tax and road duty for the year 1890.

The North Chattanooga Street Car Co through its President J. N. Young and Secy H. C. Beck, presented the following petition: To the Worshipful County Court of Hamilton County, Tennessee: Your petitioners, The North Side Street Car Company, respectfully petitions your honorable body that it be granted the privilege and right to construct and lay on Main Avenue, in Hill City, from its connection with Frazier Avenue to its eastern or northeastern terminus, and on Frazier Ave from the North end of the bridge being constructed across the Tennessee river eastwardly to its junction with Barton Avenue, and thence eastwardly on Barton Avenue, or what is sometimes called the New Milling road, to its junction with the old Dallas road. And also and across the Bridge now being constructed by Hamilton County across the Tennessee River from the South end to its North end.

Further, that it be allowed to construct on said roads a single street car track, with such switches & turnouts as may be necessary for the accommodation of the business of the Company.

Further, that the construction of such street car tracks and the use and occupancy of such roads and avenues be done in a manner satisfactory to the County Engineer.

Further, that all lines thus constructed shall be subject to such orders and regulations as the County Court may hereafter prescribe with regards to said tracks or parts thereof, becoming the common property of other street car lines.

North Chattanooga St. Car Co
By J. N. Young Pres
H. C. Beck Secy.

The following order imposing certain conditions etc on said Company was also presented to Court and read: An order to grant to the North Chattanooga Street Car Co the right of way for street car tracks on and along certain streets and roads in the 3rd list of Hamilton County Tenn, and impose certain condition restriction & limitations upon the use of the rights & privileges granted and upon said Company.

Section 1. Be it resolved by the County Court of Hamilton County Tennessee that the right is granted to the North Chattanooga St. Car Co to build construct, maintain & operate a Street Railway over and along certain streets or roads and over such bridges or culverts

as from a part of said streets or roads, the street or roads or parts of streets and roads now which said right of way is granted are as follows: beginning with the intersection of Main Ave. in Hill City, with Frazer Ave as now established from its intersection with Frazer Ave along Main Avenue to its eastern or northeastern terminus, and on Frazer Ave from the north end of the bridge being constructed across the Tennessee river eastward to its junction with Barton Avenue and thence eastward on Barton Ave or what is sometimes called the Dallas road to its junction with the old Dallas road, and now and across the bridge now being constructed by Hamilton County across the Tennessee river, from its south end to its north end.

Section II - Be it further ordered that subject to the conditions, restriction & limitation herein after stated the said Company shall have the right to use any and all the streets or roads and all the route or routes above described, or any part or parts thereof, for the purposes of their railway, subject however to the right of the County of Hamilton by order or otherwise, to prevent the construction or blocking of said streets or roads by said Company, to any extent unnecessary for the safe and proper conduct of their business and the operation of their line of railway.

Section III - Be it further ordered that said Company shall have the right to operate its cars over and along its tracks when constructed on any of the routes aforesaid, by electricity as a motor power, provided that said Company may or and is hereby required, to use some method or modes in ^{the} application of said power, ^{which are} now or may be hereafter in successful operation for the same purpose and provided further that said Company shall have the right to operate its cars temporarily or permanently over any portion of its tracks by horse power.

Section IV - Be it further ^{ordered} that said Company may immediately proceed to lay & construct tracks, turnouts switches ^{signals} & all its necessary appurtenances over and along any route or routes, streets or roads herein designated or any part or parts thereof, provided that the construction of said tracks turnouts

County Court, January Term 1890

shall be for the purpose of establishing and putting in actual operation a street Railway over and along some of the route as herein before designated and that the construction of the same shall be subject to the supervision of the County Engineer, who shall have power to see that the provisions of this order and the restrictions & limitations herein contained are fully complied with by said Company in so far as they relate to the construction of said railway and the materials to be used therein.

Section V

Be it further ordered that said Company shall have the right to extend or run tracks to any building it may erect for use in its corporate capacity.

Section VI

Be it further ^{ordered} that at the request of said Company the County of Hamilton shall establish as soon as possible or practicable the permanent grade of any street or road herein before designated or included within the route or routes herein before described provided that said Company shall furnish satisfactory assurance or give bond if required to build or construct its lines over the street or streets the grade of which may be so established.

Section VII

Be it further ordered that all ~~rights and privileges~~ herein granted are upon condition that no fare upon said Company's cars for a continuous passage over its track within the City of Chattanooga to any point on its line as hereinbefore marked out, shall exceed five cents.

Section VIII

Be it further ordered that said Company shall occupy only so much of the streets or roads over which it is hereby granted a right of way as shall be necessary in constructing and maintaining its

County Court January Term 1890

line over and along the same, and in no case shall it obstruct
 + any street, unless temporarily dur-
 + ing during construction, so as to
 + prevent free passage of vehicles; that
 it shall assume and hold harmless
 the County of Hamilton of damage arising
 out of the construction of its tracks, or
 consequent upon the existence of its
 privileges, rights and franchises herein
 granted; that the County of Hamilton
 shall not be liable to said Company
 for any damages to its lines arising
 from the necessary construction
 or repairs of roads, sewers, drains
 or bridges even if the prosecution
 of such work should temporarily
 obstruct or cause the removal for
 a time of the tracks and appurtenances
 of said Company; that said Company
 shall leave each street over and along
 which it shall construct a line
 + of track in as good condition as
 said street was before the construction
 of said track, and that it shall keep
 + its space between the rail and for
 one foot on each side of its ^{own} tracks
 on any street or road it may occu-
 py in as good condition as Hamilton
 County keeps the other part; and it
 shall not be excused for a failure
 to keep the space between the rails
 or between its tracks in reasonably
 good condition under the circum-
 stances, by any failure on the part
 of Hamilton County to keep up the
 other portion of said street or road.
 Sec. VII

Be it further ordered, that
 Hamilton County shall have
 the right to modify or change
 the grade of any street or road
 upon which the track of said
 Company may be laid, and
 said County shall have the
 power to require said Compa-

v

County Court January Term 1890

to raise or lower its tracks so as to conform to the grade of the streets or roads as modified or changed.

Section X

Be it further ordered that the rights and privileges hereby granted to said Company are upon the condition that it shall, except the rights and privileges herein granted subject to all the conditions, restrictions and limitations that this order contains, and it shall commence work on its lines and begin laying track within four months from the date of the passage of this order and it shall push the same to completion as rapidly as possible; and if said Company fails to commence work within ^{months} four from the date of the passage of this order, it left legally free to do so and complete and put in operation within twelve months from the passage of this order its proposed line of street railway, then the rights and privileges herein granted shall be forfeited and this order be void.

Section XI Be it further ordered that this order shall be subject to any General order made or to be made by the County Court making any part of the tracks of said Company common.
 On motion of E. G. Bennett the above petition be granted under the restrictions of the above order, motion carried a quorum of the Justices present and voting for the same.

Bridge Com. Report

A. Gahagan Chron. of the Bridge Commission made his report for the quarter ending March 31 1890 together with the resident Engineer Fairleigh, said reports are as follows.

County Court April Term 1890

Chattanooga April 4 1890
To the Bridge Commission

Gentlemen, Herewith I beg leave to submit a report of the condition of the work on the Walnut Street Bridge as it is at this date.

The high water and bad weather for the last two months have materially interfered with the progress of the work but things are in good shape now for a vigorous prosecution of the work from this time on. The condition of the stone work is as follows.

Pier 0 is finished

Pier No. 1 is at an elevation of 33 feet

Pier No. 2 The dam is in place.

Pier No. 3 Three courses of stone

laid in the foundation
Pier No. 4 is at an elevation of 40 ft.

Pier No. 5 is at an elevation of 42 ft.

Pier No. 6 is at an elevation of 56 ft.

Nearly all the pedestals for the iron trestle are completed and the north abutment is being built. I herewith submit a progress file showing the amount of work done each month, and the amount remaining to be done.

I have written to the Smith Bridge Co. that the foundations on the north side would be ready for them to begin the erection of the iron work by the 15th of May.

It is important now that the masonry contractors use every effort to push their work rapidly forward and if this is done I see no reason why the bridge cannot be finished in good shape during this year.

Respectfully submitted

Ja Fairleigh
Resident Engineer

Comm. Report.

Chattanooga Tenn. April 7 1890
To the Hon. County Court,
Gentlemen
J

County Court April Term 1890

The undersigned Bridge Commissioners report that the work on the Bridge is now progressing in a more satisfactory way than at any time since the contractors commenced work.

The work has certainly been delayed considerably during the winter by reason of the unusual amount of rain and high water, as well as the trouble the contractors had in getting stone. They now have a good supply of stone and are pushing the work rapidly especially on piers Four, Five and Six and the approaches from the far side of the river. The contractors now confidently expect to have the stone work so far advanced by the 1st of May that the contractors for the iron work can commence work from the far side of the river.

We herewith submit as a part of our report a profile made by the Resident Engineer showing the progress of the work. Everything has gone along smoothly up to the present time, the Commission has been harmonious in all its meetings, and the contractors have shown no disposition to slight their work or to obstruct the Engineers and other employees of the County in the discharge of their duties. From this time on we promise to push the work as we anticipate no other delays in consequence of high water or the want of stone, all of which we respectfully submit for your information.

Co. Supt. Schools
Report

H. W. Huffaker Supt. of County Schools made his report for the quarter ending March 31 1890 and the on motion the same was accepted and ordered spread of record, and is as follows.

Chattanooga Term, April 15 1890

To the Honorable County Court,

Gentlemen, I beg leave to submit herewith a report of the County Public Schools for the quarter ending March 31st as follows

Thirty five of the sixty six schools in the County have been in session during the quarter and the attendance has been unusually large.

In most cases the teachers have been energetic and faithful in the discharge of their duties.

During the quarter thirteen pupils have graduated from the public schools and another final examination will be held April 28th at which time others will probably pass.

The teachers reading circles, have met regularly with a fair attendance.

Arrangements have been made to hold two annual Normal Institutes for the special training of teachers.

The Institute for white teachers will be held at Soddy the first two weeks in June conducted by Prof. R. N. Roark whose marked ability in conducting the Normal at St. Elmo last year warranted us in securing his services again.

The institute for colored teachers will be held in "The Chattanooga Observer" reading rooms the last two weeks in June conducted by Prof. W. H. Singleton Prin. of the Montgomery ave. public school. These annual educational revivals where

County Court April Term 1890

Teachers receive the latest improved methods of teaching and discipline and a fresh supply of enthusiasm are important factors in the propagation of the common schools and should receive the hearty indorsement of every lover of education.

To bring the matter before the people, I desire to say the annual convention of Tennessee Public School officers held in Nashville last December appointed a committee of which your Superintendent is a member, to consult with the people as to the advisability of asking the legislature to amend the school laws, so as to allow any County through its County Court to establish and maintain a free County High School where graduates from the public schools may attend free and others be admitted upon the payment of tuition. The city has its high school department and why not the County? There is a missing link between the public school and the college which should be supplied in some way, one of the greatest drawbacks to the common schools is irregular attendance and we believe the County High School would create an honest rivalry for attendance thereto which would increase the attendance upon the public schools thereby making them more systematic and thorough.

Another obstacle which impedes our progress is the inability or neglect on the part of some parents to supply their children with necessary books, thereby materially effecting the graduation of the school. If these evils could be eradicated or remedied the efficiency of the schools would be increased many fold. We invite your special attention to the annual report of the County

County Court April Term 1890

schools which is now ready for distribution.

I have tried to conduct the affairs
of my office with economy and jus-
tice and with these objects in view an
investigation is always made before
resorting to official measures.

In this way the County has been
saved the expense of four inquisitions
during the last quarter as follows.
Mark Massengale Sherman Heights
sudden death natural causes

Albert Montgomery Boyce St. sudden
death pulmonary phthisis.

H C McFarlan sudden death on an
E J Va rya Railway sleepers cause
same as above

Kate Calloway 413 Broad St.
had post mortem made no charge
to County revealed heart disease
technically mitral regurgitation
she claimed to have been poisoned.
No evidence to that effect. It was
requested that Mark Massengale
be buried by the County referred
to Esq Taylor also requested to
bury foetus of Ida Shaw's had it
placed in a meat box and buried
no expense to the County. In the
cases of Charles Booker and Thoma
Lynde it was necessary for County
to bear expense of burial. It may
appear that the expense of the Coroner's
office has been greater during this
quarter than the one preceding
which I suppose is due to the
fact that witnesses and jurors
are allowed fees, and to some
extent our increase in population
regarding the number of jurors
section 6143 of the code says

County Court April Term 1890

it is the duty of the Coroner when he has notice of the dead body of a person supposed to have died by unlawful means, found or being in his county to summon forthwith a jury of seven lawful men of the County to appear before him forthwith at a specified place to inquire into the cause of the death. The County attorney advised me to observe the code and I have therefore used seven jurors in every case except one. Have had but one post mortem made at the expense of the County see return for James Skiles Daisy Tennessee during the recent high water a man was drowned near the County Hospital I knew of his death and remained in my office all day Sunday awaiting the finding of his body no notice of any kind came to me that his body had been recovered.

Esq. Kirk held the inquest something which I hope the Court does not censure me for. The code justifies such procedure only in case the coroner is absent or sick appended to every return in cases where the propriety of holding an inquest might be questioned is an explanatory note giving a legal reason with code references why such a procedure was resorted to, a record of all inquests is kept at my office and I would be glad for any and all members of the Court at any time, to call for information and investigation.

Res. of Res. on
Wm. Rogers

Esqrs. Hope Temple Wood & Yahagan
the Court, to prepare resolutions appropriate to the death of Esq. Wm. Rogers, reported resolutions of respects as follows, which were adopted by a standing vote of the Court.

In the death of Esq. Rogers this Court loses one of its oldest members one who was one of the earlier pioneer settlers of this County having located in this County prior to the time the red man took his departure to his home west of the Mississippi. For a great many years Esq. Rogers, was intimately identified with the affairs of this County. Having repeatedly been honored by election to positions of trust and responsibility.

We speak of him as a good neighbor, a generous man and a warm friend one who was even ready to extend the hand of charity to those in want, and who ever held himself ready to extend a accommodation or favor his official record as an officer of the County is a good one. All of his acts, in public life were characteristic of honesty of purpose and based upon the broad foundation of personal integrity. In the death of Esq. Rogers one of the old land marks of this County disappears except in the memory of that large circle of friends whose confidence he enjoyed. He belonged and was eminently one of that hearty race of people who in their march of progress westward, crowded back the prime evil of inhabitants of earlier days, and helped bend

out the road to that grand civilization we now enjoy. Such men are getting scarce, they are one by one passing to their final reward, and their places are being occupied by a new generation, that are not subject to the hardships privations and toil to which those were subject that came here with the subject of this tribute, and established the foundation of a community of which we of the present day reap the benefits, and enjoy the reward that that followed as the result of their labors.

Resolved that in recognition of past services to the County rendered by Esq. Rogers, this tribute of respect to his memory be spread of record as a part of the proceedings of this Court Respectfully Submitted

Resolution

On motion of Esq. Springfield recorded by Esq. Cowart the following resolution was adopted, a quorum of the justices present and voting for the same.

The Court being informed that a bill has been recently filed to enjoin the act of 1890 which abolishes James County and restore a part of its territory to Hamilton County. It is therefore ordered by the Court that the County Judge and County Attorneys take all appropriate steps to dissolve said injunction and defend said suit, so as to enable this Court to provide for redistricting the territory and so as to have property formerly in James County assessed for taxes, and so as to relieve the people of that County of the condition of partial anarchy now prevailing. Provided that in the prosecution of said suit, Hamilton County is to assume no liability for costs expenses attorney's fees, but that all costs incurred in such litigation shall be secured by citizens of James County who desire to return to Hamilton County.

Dr. G. M. Hunt Co. Physician
reported as follows.

Hon. Judge & Court of Hamilton County
On entering upon my duties as

County Court April Term 1890

County Physician I found the prisoners at the jail epidemic influenza, mumps, + Itch. with no fatal cases all recovering in due time I have not had any of them to complain to me on account of neglect of the jailor or want of food. the jail is in a better sanitary condition than it has been for some time. which is due to some improvements made last December. The bedding is kept as clean as it is possible for it to be kept. taking into consideration the class of people confined therein at present there is one case of measles, which is the only contagious disease now in the jail.

Work House Head Quarters.

During the month of January Epidemic Influenza Raged to considerable extent there being from ten to twenty five sick at once, on the 18th of June one Avien Willis died from heart failures the result of epidemic influenza we also had a few cases of mumps and itch taken there by prisoners sent from the jail. During the month of Febry. we had a few cases of epidemic influenza mumps and itch with no fatal cases. During the month of March we had some cases of intermittent and Pneumonia fevers with one fatal case John Bradley died on the 4th of March of Pneumonia fever. The weather was very cold when I first saw him and I thought his chances were better for recovery there than to move him to the Hospital I would recommend that a ward be fitted up to put those that are very sick in when I deem it best not to send them to the Hospital. The sanitary condition of the Work House is good and reflects great credit on the Superintendent Young and committee.

North Side Work House Branch
The sanitary condition is good
Prisoners are all healthy.

St. Elmo Branch W. House.
The sanitary condition is as good
as it can be considering the
situation and location the floor
of the prison cells is too near the
ground it will be damp because
of the water coming under it after
a heavy rain, the bedding is
all clean and has been kept clean
through the past quarter.

In all of the workhouses I have
visited.

Walker Branch.

I examined all the prisoners
in this branch on the 6th of this
month at Headquarters and find
them all in good health. I have
not had any complaint from any
of the prisoners on acct. of mistreat-
ment or want of food for which
the Supt. is to be commended. Supt. Young
deserves great credit for the care he
has exercised to comfort and effective-
ness of the force as well as the strict
economy practiced in the manage-
ment of the County affairs.

The Hospital Buildings are in as good
sanitary condition as possible for
them to be kept.

received and by the Court ratified a quorum of the justices present and voting for the same, said report is as follows:

To the Honorable County Court of Hamilton County, Tennessee,
Gentlemen,

In regard to the resolution offered at the April Term of Court and referred to the Finance Committee for report at July term proposing to pay to Mrs. Geo. D. Gibson \$500.⁰⁰ on account of the death of her husband while on duty as an officer of this County, we report and recommend as follows;

That while we deeply sympathize with Mrs. Gibson in the misfortune she has sustained in the death of her husband we cannot consistently recommend the payment of this sum for the reason that it is not an appropriation in which the public shares the benefits and consequently we think it is not in the interest of Public policy to make such an appropriation of Public funds. When any person assumes the office of a Public officer he does so with the knowledge of the responsibilities that attach to the position.

The compensation usually paid for such services being such as to justify the ordinary risks taken in assuming office.

Such an appropriation made in this case, would be a precedent for future appropriations of a similar nature, we therefore recommend that the resolutions be rejected and that the same action be taken in regard to a similar resolution making an appropriation for the benefit of Charles Hasset, who was wounded at the same time Deputy Sheriff Gibson was killed.

County Court July Term, 1890

Should the recommendations of the Committee be rejected by the Court and the Court see fit to make the appropriation suggested for Mrs. Gibson we would call the attention of the Court to the fact that the amounts proposed to be appropriated in the original resolution to Mrs. Gibson and Deputy Sheriff Hassett, are unequal, and out of proportion. When the losses sustained by each are taken into consideration in the case of Mrs. Gibson her husband was killed outright and herself and children are for all time deprived of his services and protection. In the case of Deputy Sheriff Hassett, he is a single man and without a family and was only wounded although severely and to pay \$250.00 in his case is altogether out of proportion to the amount proposed to be paid to Mrs. Gibson for her loss which is irreparable.

All of which is respectfully submitted

Bridge Comrs. Report.

The Bridge Comrs. submitted their report together with the Resident-Engineer J. A. Fairleigh for the quarter ending June 30, 1890 and on motion of Esq. Bennett the same were received and ordered spread of record, and are as follows.

Engineer's Report

Chattanooga July 5, 1890
 To the Bridge Commissioners
 Gentlemen

I desire to report as follows as to the progress of work on the Walnut Street Bridge to date, et

1. Masonry
 Piers Nos. 4, 5 & 6 are now complete with the exception of the coping on No. 4

County Court July Term 1890

Pier No. 3 is at Elev. 28.5

Pier No. 2 The foundation for this pier is now being excavated.

There was about eight (8) feet of gravel on the rock and this will have to be all taken out. The rock has been reached at several places, and with no unforeseen hindrances the foundation of this pier should be in with in two weeks from date

Pier No. 1 is at Elev. 62.

The masonry should be completed within 60 days from July 15

2nd Superstructure

The Iron trestle from Pier No. 6 to the North abutment is entirely erected with the exception of the floor.

False work for span 5-6 is erected and traveler is in position and this span will soon be in place, and the erection will then proceed from north to south the span between pier 1 and south abutment being the last one erected.

Respectfully Submitted

J. A. Fairleigh

Resident Eng'r.

Comms. Report

To the Hon. County Court of Hamilton County Tennessee, Gentlemen,

We herewith submit report of the Resident Engineer in regard to the progress of the work on the Tennessee River Bridge.

Every thing is running along at present very nicely, and the work is progressing more rapidly now than at any time since the contract was let, and your Committee confidently expect that the Bridge will be completed and ready for occupation sometime between the 1st of November and the 15th of December. We also submit profile of the work as it appeared 90 days ago and also as it appears at this date, which shows the progress made during the last three months.

County Court July Term 1890

Your Committee has closely watched the work as it progressed, the Engineers have been very attentive to their duties and the work is certainly fully up to specifications

The Court, heretofore appointed on the enlarging of the Court House reported as follows:

To the Honorable County Court Gentlemen,

Your Court, unto whom was referred the matter of improving the Court House, report that we have advertised as directed by the Court for plans specifications & bids upon the work contemplated and have received the following bids.

Wm. Dowling	\$ 33,800.	00
Jackson & Heibek	33,000.	00
D. J. Chandler	31,500.	00
J. Black & Co	26,311.	30

All of these bids under the terms of advertisement should include the entire cost of repairs, including heating & fireproofing.

The bids of J. Black & Co. being the lowest we recommend, that the contract be awarded them, upon their executing a bond in the sum of \$20,000.00 conditioned upon the completion of the work according to plans & specifications in the opinion of the architect their bid is a low one and should they fail to give a satisfactory bond within ten days to complete their work, they we recommend that the bid of D. J. Chandler be accepted and contract be awarded to him. on same condition. Your Court, in receiving plans and specifications give all the principal architects of the City an opportunity to compute for the work. The plan of W. H. Floyd was in the

County Court July Term 1890

opinion of your Committee the best and contract was given him to superintend the work according to his plans and specifications the only other complete plans that were furnished was Messrs. Keah & Ryan. They were very complete and accurate and cost considerable labor and expense to prepare and in the opinion of your Committee it would be no more than right to pay them say \$100.00 for the labor and cost of preparing same. Should the Court award the contract as recommended in this report, your committee will proceed at once to have the work done according to the plans and specifications accepted.

in the following words & figures.
To the Honorable County Court of
Hamilton County. We understand that
a resolution has been offered in
your Court providing for the
redistricting of the territory embraced

County Court July Term 1890,

in that part of James County recently by act of the Legislature added to Hamilton County and that the resolution provides also for holding an Election in this territory at which Election those qualified will vote for officers of Hamilton County. This resolution has been referred to us for an opinion whether its passage and consequent actions under it will be in violation of the injunction now pending against Hamilton County. We think not and our reasons therefore is that a Court of Equity has no jurisdiction to injoin an Election and were the injunction violated by the contemplated action of your court, it would have to be construed to prohibit you from doing what the Chancery Court has no jurisdiction to restrain. We do not think the injunction intends to cover such actions. The result is that in our opinion you may if you wish take the action contemplated and it will not be a violation of the injunction. The act of the Legislature is Prima facie constitutional and must be submitted to until declared unconstitutional by the court. Except in the particular matters covered by the injunction restraining the removal of the record and property of James County to Hamilton Co. & probably County. It does not assume to go further. The redestriking of that territory preparatory to holding office Election is not either expressly or impliedly prohibited or restrained by the injunction unless the Court takes some action in regard to the pending election the people in that territory will be disfranchised and perhaps the entire election will be set aside if the Supreme Court holds the act constitutional. The people of James County have no right to hold an

County Court July Term 1890.

Electors in that County for County Officers there. To do so they would have to set at naught the act of the Legislature. Jurisdiction to set aside an act of the Legislature on the ground of its constitutionality, does not belong to the people but is vested exclusively in the Judiciary. respectfully submitted

The following orders were presented by Esq. Gahagan and adopted by the Court.

Whereas the County Court at the present term has ordered expensive additions and repairs to be made on Court House, and the Court has ordered the same to be carried out by the special committee appointed for the purpose; therefore be it ordered by the Court that for the purpose of carrying into effect and executing the orders of the Court, the committee is hereby directed and authorized to make and to enter into contract for said work according to the plans & specifications, and Bid accepted, at the present term of Court. Be it further ordered that as the work progresses, and Estimates are made by the Architect. The County Judge is hereby ordered to draw Warrants on the County Trustee for the amount of said Estimates when approved by a majority of said special Committee, such payments to be reported at each term of this Court, until the work is completed. Be it further ordered by the Court that if in the prosecution of this work it becomes necessary to temporarily abandon either one of the Court rooms or either

of the offices now occupied by officials of the County, that the County Judge and Sheriff are hereby authorized and instructed to secure such other temporary quarters as may be necessary in which to carry on the business of the County during the time said improvements are being made, and the costs of securing such additional quarters either for offices or Court purposes, shall be paid by the County, and that said County Judge and Sheriff and Committee on improving Court House, are hereby fully authorized and empowered to carry out these several orders.

 Esq. Gahagan presented the following which was adopted, a quorum of the Justices present and voting for same. Whereas it was understood that when the right of way was granted the Electric St. R.R. Co. to run their tracks over Dodd Avenue. It was with the understanding that they were to pay the cost of grading that part of the street which was occupied by their track, and whereas said company have not paid any part of the cost of grading said streets, so far as the work has progressed to this date, therefore be it ordered by the Court, that the County Engineer and Work House Committee be and are hereby directed to make up an estimate of the amount said Road should pay on account of said work to date, and present same to said Electric St. R.R. Co. for payment, such sum when paid to be turned over to the County Trustee, and credited to Work House ^{accounts} ~~expenses~~ on his Books.

Be it further ordered that the Work House Committee be and are hereby directed

and ordered filed & recorded & is as follows Resolved that the present Committee on the County was authorized to forthwith invite bids for the execution of a map of the County according to the specifications contained in their report and that said map be let to contract by them and executed under their supervision as soon as consistent with careful work.

The work House Court and Supt. submitted in writing the following recommendation of the distribution of work house force for the ensuing quarter with the accepted amendment offered by Esq Galhagan which report as amended reads as follows.

To the Hon. H. Whiteside Judge & Justices of the Co. Court for the County of Hamilton

The undersigned work House Court beg leave to recommend that the different forces of the work House be left at work in the different localities where they are now stationed as it would entail additional expense to the County for quarters, outfit & if they were moved to any other work we further recommend the immediate widening of the shallow Ford road for the distance where the right of way has been donated by J. B. Pickens and that that portion of Ruoh's Crossing lying north of McCallie ave. for about three hundred feet and Union ave. & Willow Street be graded as soon as an increase in the number of work House force shall enable us to do so, without unduly neglecting the work now in hand and that the order made at the April term ¹⁸⁸⁹ of this Court discontinuing the grading of Wood Avenue be rescinded and the work done as heretofore contemplated.

Report of
Supt. Schools

Chattanooga July 7, 1890
To the Honorable County Court
Gentlemen,

I beg leave to submit herewith my report of the County Schools for the quarter ending June 30th as follows.

The past quarter being the last of the school year, there were few schools in session at any time during the quarter, hence our attention has been turned more directly upon the necessary preparation for successful work in the future.

During the past month two eminently successful Normal Institutes were held in the County - one for white and one for colored teachers. The institute for white teachers was held at Soddy the first two weeks in June, conducted by Prof. R. N. Roark, principal of the Kentucky State Normal College. Interesting lectures were delivered by Prof. Roark, Col. J. W. Clift, Soddy, Thos. L. Bryan Sweetwater, Tenn., & Capt. W. R. Garrett Secretary of the National Educational Association, seventy five teachers and a few directors were enrolled and much good was accomplished.

The institute for colored teachers was held in the Gilmer street school building the last two weeks in June conducted by Prof. W. H. Singleton, principal of the Montgomery avenue Public School Chattanooga. forty five teachers were enrolled most of whom took an active part in the discussions. Aquinas J. White, H. N. Willis, D. B. Lee and other prominent colored citizens addressed the institute giving some valuable suggestions. Each institute closed with an examination of teachers.

By unanimous vote of the Tennessee State Teachers Association

County Court July Term 1890

in session at Memphis July 12. 90
 that body decided to hold its next
 session on Lookout Mountain with
 a view to a permanent location there
 provided suitable arrangements can
 be made, we consider that a long
 step in the right direction and one which
 if carried out will be a very great
 stimulus to the school interests through-
 out the state and especially to Chattanooga
 Hamilton County as it will bring our
 teachers annually in public contact
 with the leading educators of the Country

County Court July Term 1890

The body was placed in a box and buried at no expense to the County and the Factory found near the Big Spring Ice Factory was burned in the pauper grave yard free of expenses. The body of Henry Mack the drowned boy required a full sized grave, and he was therefore given a County burial by the County Sexton. The body of the unknown man found floating near the mouth of Sook out Creek was too badly decomposed to be moved and therefore had a grave dug by Mr John W Carroll on the bank of the river, for his services a charge of \$2.00 was made by Mr Carroll, Wm Murvell a laborer at the South Tredgar Mill was the possessor of wages due for time and having no relatives the amount was transferred to the keeping of Mr Dewell public Administrator. For burying him Messrs L J Sharpe & Co are due (\$7.00)

In seven instances death have been reported to me which I did not think an inquest was required. In these death certificates were issued in accordance with the history of the cases, the last of these was Geo Cooper, a pauper, his body was delivered to the County Sexton

Coroner of Hamilton County

The Work House submitted their report and on motion was adopted and ordered to be spread on record together with Engineers, and Superintendent of the work house report said reports are as follows

To the Hon Hugh Whiteside, County Judge and Justice
comprising the County of Hamilton Co Tenn

The undersigned Committee by leave to report to your honorable body, that they have, during the quarter just passed, addressed themselves assiduously to the work confided to them by your order. The forces of the work house have been divided into 5 squads and the last one has been placed on the approaches to the County Bridge. This of course has necessitated the purchase of an entire new outfit and the erection of a suitable building which has entailed considerable expense but your committee have tried by reduction in salaries and various other modes of retrenchment, to make up for these expenditures. We take pleasure in being able to report, that we have been able to raise from donations by citizens on the Northside of the river, almost the whole amount of the cost of the new branch building, which shall be created to the County, as soon as collected

County Court July Term 1890

By further reforms, in sanitation, the discharge of high forced hard labor, a stricter attention to the cheapest mode of buying supplies from lowest bidders and reduction in salaries we have been enabled to reduce the expenses for the quarter over \$75,000 including the cost of the new building, branch work house north of the river, which ultimately will be returned to County. For the particulars of all of which we respectfully refer you to the report of the Superintendent. The work of the work house force which we must characterize as very satisfactory, is also given in detail in the report of the Superintendent, and is no guess of his, but is founded on actual measurement by the County Engineer as fully appear from the report of that official, which is here with annexed, all of which is respectfully submitted by your work house committee

I have the pleasure to present my report as Superintendent of the County Work House for quarter ending June 30th 1890. On taking charge of this work the first thing was to take a complete inventory of all tools, implements, stock, clothing, provisions, and every article of property belonging to the County work house and which is made a part of this report. The next thing I found necessary was the sanitary condition of all the branches.

It has been the custom to have a large tub or bucket standing in the cell room to receive the excrements and remaining all night thereby creating an odor unbearable. I provided at once to arrange closets so that this bucket could be removed by the watchman at any time during the night away from the premises, removing that bad odor at once and this without endangering of the strength of the prison or vigilance of the watchman. Then I have had all the different branches whitewashed inside and out with lime also disinfected. good sanitation is one of the main prison studies.

One of the objects of taking an invoice of the tools was to save the County property. I found the tools scattered about the quarters and some time left over night on the work by the road side at the mercy of travelers or

Bounty Court July Term 1890

or strangers to carry off. I invoiced this property to each foreman of the different branches charging to him and holding him responsible for the safe keeping and returning of all tools and implements in his charge. I also furnished to each Foreman a Book to keep an out list of his prisoners thereby making no error in their sentence, also to keep memorandum of his expenses and work done so that any Justice of the Peace may see at a glance the condition and cost of either Branch.

I found each of the Branches was leasing $\frac{1}{2}$ day each week going to N.G. for the purpose of bathing and changing their clothing, (every Saturday afternoon) Now 4 Branches with an average of 15 men each week or 60 men leasing $\frac{1}{2}$ day makes during the quarter 360 days last nearly one year to one man. Now I stipulated that I furnished to each Branch two to three Subs to bathe in two large Kettles to heat water in, sent the woman to the branches to do this washing, may not be so nice but was saving money. Work House No 1 or Head Quarters is located near the Battlefield Station on the Union Railway, at this branch there is employed one Foreman two Guards one watchman one Cook one Blacksmith besides the Superintendent of this Branch there has been an average of 17 prisoners besides there there are at present 3 Sick and 4 women, this being Head Quarters the prisoners are brought here registered then distributed to the other branches.

The Work done at this Branch is as follows Filling at Cor Dods Ave + Palmetto Street 707 cub yards, put down Telford base 905 ft or 687 cubic yards stone, Rock quarried 495 cubic yards, Rock delivered at Culvert near St. Elmo, hauled $2\frac{1}{2}$ miles 55 cubic yards Regrading fill 490 lineal ft 24 ft wide 6 deep 218 cubic yards. Retching on Morrison Ave + Dods 550 l. ft, Built 45 l. ft filling besides other work of dressing and rearing. The work of putting Macadam on Dods Ave has been obstructed by the building of the Electric Rail Road in this quarter. Now arrangements has been made for delivering the Rock on Cars which will make a great saving in hauling. Cost maintaining this Branch \$2074⁶⁶

Branch No 2 is selected near St. Elmo there has been employed at this branch one foreman one Guard, one Watchman, one Cook and an average of 15 men the cost of maintaining this branch was \$1260⁵⁵ this branch has moved into the large fill the extension of Whiteside at a haul of over 2000 feet

County Court July Term 1890

5337 cubic yards. Now if this work was done by a contractor @ 25¢ per yard it would cost the County \$1333⁵⁰ making a net saving to the County of \$73⁵⁰ besides the running of 111 ft Piling and other extra work

Branch No 3 situated on the Washington road near Falling water Station on the C. & O. R. R. The employees at this Branch has been one Foreman 2 Guards 1 Watchman 1 Cook and an average of 21 men. The cost of maintaining this Branch has been \$1764⁰⁰ Now the work done by this branch is the moving of 16,000 cubic yards earth that at a fair estimate would cost 15¢ per yard making \$2400 - a net saving \$636⁰⁰ to the County besides other work of building Repair 350 ft and a Box Culvert 3 x 40 which would cost not less than \$250⁰⁰ There has been good work done at this branch the health of the prisoners good the weather good and all the time utilized to good advantage

Branch No 4 situated on the King farm on the Harrison road the No of employees at this branch was 1 Foreman 2 Guards 1 Watchman 1 Cook and an average of 16 men. The cost of maintaining this branch was \$1344⁰⁰ The work done was the moving of 7750 cubic yards earth Grading 5100 feet road and laying 80 ft Piling. Now this work would cost the County cubic yards 20¢ or \$1550 Grading \$250⁰⁰ a net saving \$456⁰⁰ to the County

Branch No 5 situated on Mitchel ave Bell City there has been employed at this branch 1 Foreman 1 Guard 1 Watchman 1 Cook an average of 12 men. This work house was built at a cost \$503⁵⁰ which amount has been subscribed by good citizens and the most paid, this Branch was organized June 6th 90 and has moved 575 cubic yards earth to the approach to the bridge over the Tennessee river a haul of over 500 ft. This material has been rocky and hard to handle and therefore made little headway but enough to pay its expenses

I find the superintendent heretofore has been the purchasing agent for the work house. Now this is a matter purely judicial, every politician wishes to buy for the least money no matter who from. Now in order to remove it duty beyond politics, also place it beyond any suspicion of favoritism, I have asked the work house committee to receive bids for the furnishing of provisions, feed &

Storage, Coal Tiling and all the principal articles used in the work house

Railway crossings

I find in my traveling from one Branch W. & A. to another that the Broad gauge R. R., Union R. R., Street Car R. R. and Electric R. R. Companies are making unbearable crossings over Streets & Highways. Now it should be the duty of some one to see that the proper crossings are made over these Railways. Some of these crossings are impassable actual obstructions to the usual traveling public. Now I am not asking for any office or an increase of salary but if this Court will delegate me in this matter I will certainly see hereafter the public roads over such crossings are not obstructed.

Now in conclusion Gentlemen I have to say this has been an exceptional good quarter, the health of the prisoners has been good, the weather fine; we have worked nearly day and we have utilized the time, and with all respect to the former Administration by a careful estimate of the Engineer the force in this quarter has moved more than double the earth of last yr. And after deducting the building of the new work house at Bell City and the necessary team hire of nearly \$1000 more than usual for this quarter the expenses are less. There has been moved 34,921 cubic yards of earth at a fair estimate of 20¢ per yd =

Gentlemen

Below please find our report as County Engineers for the quarter ending June 30. This report is necessarily incomplete as we were not employed as County Engrs. until May 1st and in that short time have not been able to become thoroughly familiar with the various duties devolving on the County Engineer.

We have made the following surveys

1st Turkey foot hollow road from the Harrison road to head of Varnell lane, a distance of 11,100 feet with profile of same. The line of survey will have to be changed from the summit (Sta 89) to the head of the lane,

County Court July Term 1890

a distance of 2200 ft, and with this change the grades will be lighter and the road easy of construction. The following persons worked on the survey and have not yet been paid for their services H W Roberts 2 day \$2⁰⁰ W V Cooley 1 day \$1⁰⁰ Joseph Elanage 1 day \$1⁰⁰ J A Ware 1 day \$1⁰⁰ Doc Johnson 1 day \$1⁰⁰

2nd Made survey of Whelaside St extension from Belt RR to Forest Hill Cemetery, a distance of 4800 ft with Profile of same. The grade line on large fill we located at 40 ft above low water mark, and it will require a large amount of extra earth to bring fill up to this height. We would recommend a 6 feet arch, the arch being built of brick, a private mate cost of same \$1200.

3rd Went to Duck Creek and made measurement of Bridge at this place, made plans and specifications for wooden bridge, 2 spans 40 ft each

4th Went over line of road with Square Dixon from North end of River Bridge to a point 3 miles this side of Dallas this is a long and important road and will require careful survey and study to determine the correct location

5th Made survey from Harrison Ave to culvert under McCallie Ave at W & A crossing to determine the cause of back water standing between these points. The result was that we found the culvert under McCallie Ave, to be 4 ft above the average surface of the ground between these two points. The culvert under the R R (C S & W A) a little farther down the water course is also higher than the ground it having been raised by earth washing down over the mouth of the culvert, and a wall having been built to keep the earth out. It would be quite difficult to entirely relieve this section by lowering the culverts and the easiest and surest way to solve the problem is by filling up the lowerish places until they will drain off.

6th Made survey and profiles of Forest Ave, and Frazer Ave at end of River Bridge, in order that the approaches to Bridge might be graded

7th Citico Creek Culvert. Estimate of cost of extending Culvert 25 feet on the west side, 63 bu yds, masonry @ \$8⁰⁰ at \$8⁰⁰ = \$480⁰⁰

Below is an estimate of work by the various forces during the past quarter - The estimate is made from actual measurements, and is as near accurate as could be made with the data at our disposal

 cu yds earth (cuts + fills)

No 5 Hill City. Bridge approaches 575 cu yds taken
 from Forest Ave and placed in fill on Frazer Ave west
 of Bridge Abutments.

In conclusion we desire to call your attention to the great
 need for an accurate map of the County. It is an absolute
 necessity to have a map in order to locate intelligently
 roads and bridges
