**Call to Order:**

Chairman Martin opened this special session by saying that the formalities of a regular LEPC meeting, such as: Introductions, Old and New Business, Financial report, etc would not take place due to the time constraints of this special session.

Chairman Martin reminded those in attendance that Mr. Mike Zelnik had accepted an invitation to speak at one of our previous meetings on the threat of terrorism. Today, Mr. Zelnik, assisted by Mr. Scott Duke, presented a similar, but more in-depth version of the terrorist threat we face today; both nationally and internationally.

Chairman Martin then turned the meeting over to Mr. Mike Zelnik, who, together with Mr. Duke, gave an excellent, very informative power point presentation, with various handouts on the terrorism threat covering: terrorism awareness, critical infrastructure, domestic terrorism, and international terror threats. Salient points during this presentation covered—but not limited to:

- what the threats are
- what are the planning factors
- and what can be done, and is being done to enhance our security

While this training covered an extensive array of information—too numerous to mention here, it was extremely informative—leaving no doubt that the threat of terrorism is real and global. One of the major points was that we, you and I, can make a difference by recognizing the possibility of a threat and acting on them.

**Date and Location of Next Meeting:**

The next LEPC Meeting is scheduled for January 11, 2011, 10:30 a.m. at Wally's Restaurant, 6521 Ringgold Rd., East Ridge, Tennessee.

Meeting Adjourned

Respectfully Submitted,  
Wayne Stuntz, LEPC Secretary
