

Audubon Acres is a treasure tucked away in East Brainerd and protects part of South Chickamauga Creek! It's Native American history includes settlements of the Chickamauga Cherokee, including Spring Frog Cabin. This cabin was named for a Cherokee naturalist and was later occupied by Robert Sparks Walker, local naturalist, author, and poet who founded the Chattanooga Audubon Society. Little Owl Village is a native American archeological site which dates back to the 1400's. We will have ample time to explore this sanctuary...and swing on the swinging bridge....hunt for crawdads in the creek....and have FUN in the great outdoors!

Kids 4 Clean Water

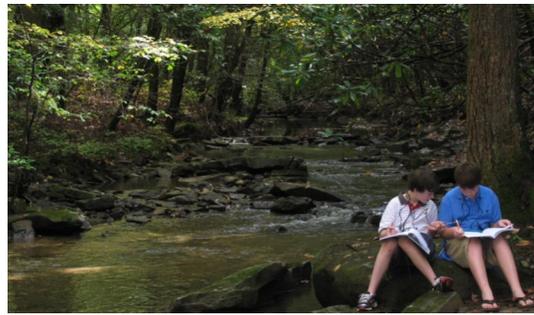

Summer Camp
 For middle school kids
 who LOVE water!

June 7-11, 2010
 Being held at Audubon Acres
 South Chickamauga Creek Watershed

*Do you know your
 Watershed Address?*

**Kids are invited from the following
 watersheds:
 North Chickamauga Creek
 South Chickamauga Creek
 Signal Mountain (any watershed)**

Camp Schedule

9a.m. to 5 p.m. each day

Monday: Watershed exploration! Search for Creek Critters in South Chickamauga Creek!

Tuesday: Yucky Bacteria. Cool chemistry and GPS mapping.

Wednesday: Water Safari in your Home Watershed! You will meet in your home watershed for a photo and water safari!

Thursday: You CAN make a difference!. What is going on and what can WE do to help our watershed? Experts will come help us figure it all out!

Friday: Canoeing the Creek! Investigate the larger life in the creek when we seine for fish. Cookout after the canoe trip!
