**STATEMENT FROM COUNTY MAYOR WESTON WAMP**

**HAMILTON COUNTY, TN (January 6, 2026)** — “After completing due diligence related to Enterprise South Nature Park, last week the county decided not to pursue deed restriction changes to the previously identified 535 acres within the nature park.

Throughout the public input process, we heard from citizens who value the nature park as well as the history and legacy of McDonald Farm. In the months ahead, we will work with city and state officials to identify sites better suited for future job creation, while advancing a broader vision for McDonald Farm in the best interest of taxpayers.

Given this decision, I encourage the recently formed nonprofit, Save Enterprise South Nature Park, to refund donations that were raised by overstating threats to the park. Save ESNP’s embrace of radical national environmentalist groups has undermined the credibility of what initially appeared to be a local grassroots effort.”
