

ACKNOWLEDGEMENTS

This manual was prepared in a cooperative effort with the City of Chattanooga, the Hamilton County Water Quality Program, and the Town of Signal Mountain. The following individuals were instrumental in compiling this manual: Mounir Minkara, City of Chattanooga Water Quality Manager, Scott Gardner, Hamilton County Water Quality Program Engineer, Caren Ruffner, Hamilton County Water Quality Program Manager, Chuck Gearhiser, Signal Mountain Stormwater Coordinator, Jeffrey Parris, formerly of the City of Chattanooga, Tom Scott, City of Red Bank Consultant, and Leah Crisp, Hamilton County Water Quality Program Administrative Support.

Special thanks is expressed to:

- City of Knoxville, Stormwater Management Office, for the use of content, layout, and other material from their respective web pages and stormwater BMP manuals (http://www.ci.knoxville.tn.us/engineering/bmp_manual).
- United States Environmental Protection Agency (EPA), Office of Wastewater Management's National Menu of Stormwater Best Management Practices webpage (<http://www.epa.gov/npdes/stormwater/menuofbmps>) which was often a reference in the production of this manual.

In addition, the following agencies contributed through extensive technical documents and other information:

- Tennessee Department of Transportation for technical references and content.
- Tennessee Department of Environment and Conservation and University of Tennessee's, Tennessee Water Resources Center for use of their Erosion and Sediment Control Handbook and information from the Level I and Level II Erosion Prevention and Sediment Control Workshops.

Many other sources were used in the development of this manual. Resources and specific references are cited. Any omission of a reference in this manual is unintentional. Comments on this manual should be directed to the Hamilton County Stormwater Program <http://www.hamiltontn.gov/waterquality/>.
