General Obligation Refunding Bonds, Series 2020B
Hamilton County, Tennessee

This report is being issued pursuant to T.C.A. § 9-21-903 and is based upon information as presented in a plan of refunding (the “Plan”) received by our office on August 25, 2020, from Hamilton County (the “County”). Our report provides information to assist the governing body in its responsibility to understand the nature of the refunding transaction, including the costs, risks, and benefits, prior to approving the issuance of the refunding bonds and is designed to provide consistent and comparable information for all local governments in Tennessee.

This report does not constitute approval or disapproval of the Plan or a determination that a refunding is advantageous or necessary nor that any of the refunded obligations should be refinanced or remain outstanding until their respective dates of maturity. This report does not address compliance with federal tax regulations and is not to be relied upon for that purpose. The County should discuss these issues with bond counsel. This report and the County’s Plan must be presented to the governing body prior to the adoption of a refunding bond resolution.

Refunding Analysis

At the request of the County Mayor, our office has reviewed the County’s Plan, as required by TCA § 9-21-903, and provides the following analysis based upon the assumptions outlined in the Plan.

The County intends to issue by negotiated sale approximately $28,739,000 General Obligation Refunding Bonds, Series 2020B, (the “Series 2020B Refunding Bonds”) priced at par to current refund:

These are collectively known hereinafter as the “Refunded Bonds.” The total principal amount being refunded is $28,280,000.

- The County’s objective for the refunding is to achieve net present value debt service savings. The estimated net present value debt service savings is $1,278,590 or 4.52% of the refunded principal amount of $28,280,000.
