Report of the Director of the Division of Local Government Finance
Concerning the Proposed Issuance of
General Obligation Improvement and Refunding Bonds, Series 2020A
Hamilton County, Tennessee

This report is being issued pursuant to T.C.A. § 9-21-903 and is based upon information as presented in a plan of refunding (the “Plan”) received by our office on July 24, 2020, from Hamilton County (the “County”). Our report provides information to assist the governing body in its responsibility to understand the nature of the refunding transaction, including the costs, risks, and benefits, prior to approving the issuance of the refunding bonds and is designed to provide consistent and comparable information for all local governments in Tennessee.

This report does not constitute approval or disapproval of the Plan or a determination that a refunding is advantageous or necessary nor that any of the refunded obligations should be refinanced or remain outstanding until their respective dates of maturity. This report does not address compliance with federal tax regulations and is not to be relied upon for that purpose. The County should discuss these issues with bond counsel. This report and the County’s Plan must be presented to the governing body prior to the adoption of a refunding bond resolution.

Refunding Analysis

At the request of the County Mayor, our office has reviewed the County’s Plan, as required by TCA § 9-21-903, and provides the following analysis based upon the assumptions outlined in the Plan. Our analysis is limited to the refunding portion of the proposed issuance.

The County intends to issue by competitive sale approximately $14,480,000 (refunding portion) General Obligation Improvement and Refunding Bonds, Series 2020A, (the “Series 2020A Refunding Bonds”) priced at a premium of $2,745,507 to current refund:

- $1,360,000 General Obligation Bonds, Series 2010C, (Federally Taxable Recovery Zone Economic Development Bonds) dated March 23, 2010, maturing March 1, 2022 through March 1, 2025;
- $10,725,000 General Obligation Bonds, Series 2011A, dated November 8, 2011, maturing January 1, 2026 through January 1, 2027; and

These are collectively known hereinafter as the “Refunded Bonds.” The total principal amount being refunded is $16,915,000.
• The County’s objective for the refunding is to achieve net present value debt service savings. The estimated net present value debt service savings is $2,388,107 or 14.1% of the refunded principal amount of $16,915,000.
• The final maturity of the Series 2020A Refunding Bonds does not extend beyond the final maturity of the Refunded Bonds.
• The County’s current rating of AAA from S&P on its general obligation debt exempts the County from T.C.A. § 9-21-134 regarding balloon indebtedness.
• Estimated costs of issuance are summarized below and are based upon the par amount of $14,480,000 for the Series 2020A Refunding Bonds:

The listing is not all inclusive and you should work with your municipal advisor and bond counsel to ensure compliance with legal and regulatory requirements related to the proposed refunding.

Effective Date for this Report

This report is effective for a period of ninety (90) days from the date of the report. If the refunding transaction has not been priced during this ninety (90) day period, a new plan of refunding, with new analysis and estimates based on market conditions at that time, must be submitted to our office. We will then issue a report on the new plan for the County Commission to review prior to adopting a new refunding bond authorizing resolution.
